

NEW HAVEN CITY PLAN COMMISSION ADVISORY REPORT

RE: **RESOLUTION OF THE BOARD OF ALDERS** authorizing the City of New Haven to apply for and accept a grant from the US EPA through its Healthy Communities Grant Program in an amount not to exceed \$25,000.

REPORT: 1547-13
ADVICE: Approval

BACKGROUND

The goal of the City's proposed project is to improve the environmental quality of the industrial waterfront area. The City proposes to develop an inventory of existing and permitted uses along the waterfront, to evaluate sites of greatest concern, and to prepare a best practices report and recommendations to improve regulatory review of future development.

PLANNING CONSIDERATIONS

The grant will allow the City to review waterfront uses which may have an environmental impact on the health of neighbors. To this end, the grant will provide assistance for pro-actively planning for future use as well as assistance for mitigating existing uses which may be harmful.

ADVICE

The Commission finds the Order in the best interest of the City and recommends approval.
