The following provisions are guidelines only and are not to be construed as an express or implied contract of employment, a promise of employment for any specified time, or a guarantee of benefits or working conditions between any employee and the City. The City expressly reserves the right to change, delete, suspend or discontinue any part or parts of this Manual or any benefit at any time, and any such action should apply to existing as well as future employees, except as prohibited by law.

If the Total Pension Liability exceeds seventy-five thousand dollars (\$75,000), the CERF Retirement Board shall adjust the Maximum Period downward from ten (10) years of past service credit until the Total Pension Liability does not exceed seventy-five thousand dollars (\$75,000).

Article 19 – Key Employees

In certain instances to enable the City to hire the preferred candidate and where the terms of this manual would otherwise prevent the City from hiring an appropriate candidate, the City may elect to enter into a written employment agreement to cover all benefits, salaries and working conditions. Such agreement shall be approved by the Board of Alderman.

Article 20 Severability

The provisions of this Manual shall be severable, and the illegality, invalidity or unenforceability of any provision hereof shall not affect the validity or impair the enforceability of any other provision of the Manual.

All amounts not claimed within said period shall remain absolutely a part of said Fund.

Section 8 - Effect of Workers Compensation

Any member receiving payments under the Worker's Compensation Act shall not, at the same time, receive an annuity provided by the Retirement Fund, except to the extent that such annuity for each month exceeds the Worker's Compensation benefit payable for the same month. If payment of an award or stipulation under the Worker's Compensation Act has been made and the time covered by such award or stipulation has ended, the member may thereafter receive annuities under the Retirement Fund to the extent that he is otherwise qualified to participate in the Retirement Fund at the time.

Section 9 - Accounts & Reserves

The Retirement Board shall maintain proper accounts and actuarial reserves for all benefits provided by this plan. These actuarial reserves shall include the following items:

- (1) A reserve to cover future payments on retirement annuities granted due to age and service;
- (2) A reserve to cover future payments on annuities granted due to disability;
- (3) A reserve to cover future payments of benefits granted to survivors; and

- (4) The balance representing the remainder of the accumulated contributions made by the members and by the City, to be held as a reserve for benefits accruing in future years in accordance with the provisions of this plan.

Section 10 - Actuarial Valuation

A complete valuation shall be made periodically (but at least bi-annually) by a qualified actuary in order to determine the amount of the reserve prescribed in Section 9 of this Article and the City's contributions prescribed in Sections 2 and 4 of this Article.

Section 11 - Membership Classification

Excluding sworn members of the protective services, when a member's status changes from one Bargaining Unit to another he will automatically become covered by the provisions of the Bargaining Unit which covers his new classification and his years of Credited Service will not be broken or diminished by reason of such change.

Sworn members who become members of executive management shall have the right to remain in the P&F fund.

Section 12 - Optional Transfer of Pension Credits In Event A Member Changes To, Or From, Permanent Employment Covered by the Policemen and Firemen's Pension Fund

In the event of such change of employment within the City of New Haven the member can elect that the period of prior service for which he made contributions to the first Fund shall be included in determining the amount of his pension benefits under the second Fund to which he has transferred his participation. Such transfer of credits shall be contingent on a transfer of cash between the Funds equal to the actuarial reserve for his participating service in the first Fund, including both the employee's and the City's contributions therefor, and all rights to pension or other benefits under the first Fund will be terminated by such transfer.

Section 13 - Miscellaneous

- (a) In the event the Fund merges or consolidates with, or there is a transfer of assets or liabilities to any other Plan or Trust, each member would (if the Fund then terminated) receive a benefit immediately after the merger, consolidation or transfer which is equal to or greater than the benefit he would have been entitled to receive immediately before the merger, consolidation or transfer (if the Fund had then terminated).
- (b) Participation under the Fund will not give any member any right or claim except to the extent such right is specifically fixed under the terms of the Fund and there are funds available therefor.
- (c) If the Fund is terminated or if there shall be a complete discontinuance of the contributions under the Fund, the assets held in the Fund available for payment after provision for payment of all expenses of final liquidation or termination shall be

allocated pursuant to the direction of the Board on the basis of actuarial valuations to the extent of the sufficiency of such assets for the purpose of providing retirement benefits determined by the Fund to have accrued under the Fund to the date of termination of the Fund. The allocation of the available assets in the Fund shall be in the manner and order described in the following paragraphs. If the amounts available shall be insufficient for a complete allocation in accordance with any paragraph, such amounts shall be allocated in a uniform manner to all persons in the group mentioned in such paragraph and no allocation shall be made under any subsequent paragraph.

- (1) First, toward the payment of that portion of a member's benefit earned to date derived from his contributions (after reduction for annuity payments), whether to the contributing members, their survivors or beneficiaries.
- (2) Second, an amount shall be allocated, which when added to the amount indicated in Paragraph 1, will be sufficient to provide retirement benefits to all persons who were receiving benefits on the date of termination of the Fund and members remaining in the employ of the City who have reached their normal retirement date.
- (3) Third, an amount shall be allocated, which when added to the amount indicated in Paragraph 1, will be sufficient to provide retirement benefits for members still in the service of the City who were eligible to retire on an early retirement date.
- (4) Fourth, an amount shall be allocated, which when added to the amount indicated in Paragraph 1, will be sufficient to provide benefits earned to date by those members who have earned 10 years Credited Service (but are not identified in Paragraphs 2 or 3).
- (5) Fifth, amounts then remaining shall be allocated to provide benefits for all members not provided for above.

Amounts allocated in accordance with (1) through (5) above, may be applied in the discretion of the Board to provide benefits through the purchase of paid up annuities on an individual or group basis, through allocation of reserves within the then existing Fund and/or under a separate trust instrument or through participation in any other retirement plan or by any combination of these media or other means.

ARTICLE II PROVISIONS OF THE RETIREMENT PLAN APPLICABLE TO EMPLOYEES REPRESENTED BY THE EXECUTIVE MANAGEMENT MANUAL

Section 1 - Definitions

As used in this Article, the following terms shall have the following meanings:

Eligible employees holding positions which shall come under the category of Executive Management shall accrue the terms and benefits of this Article.

Section 2 - Determination of Contributions of Participating Members

The rate of contributions shall be 6.5 % of pay, said percentage to be deducted from each eligible participating member's pay and transmitted to said Board. Computation of the average rate for use in determining benefits under this Article shall be based on such member's basic rate of pay except that total earnings including overtime, if greater, will be used for any year when such member's contributions were based on such larger amount.

Section 3 - Provision for Refund of Contributions or Deferred Pensions for Members Withdrawing From Service; Provision for Refund of Contributions upon Death of Member with No Qualified Survivors; Recovery from Disability

Withdrawal of contributions of a member shall not be permitted except in the event of discontinuance of employment. In the event of such discontinuance, the Retirement Board shall pay, upon request, to the member or to his representative, designated or otherwise, an amount equal to his total contributions to the Retirement Fund. Even if no such request is made, in the event of such discontinuance before the member has earned ten (10) or more years of Credited Service, the Retirement Board, in its sole discretion, may pay to the member, or to his representative, designated or otherwise, an amount equal to his total contributions to the Retirement Fund.

In the event of such discontinuance after ten (10) or more years of Credited Service, and provided he does not qualify for greater benefits under the provisions of Section 6, any terminating member who does not request a refund of his contributions will be retained as a conditional member and will be eligible for a deferred pension commencing when he attains age sixty five (65) or upon such earlier date as may be elected by the member pursuant to Section 6 (g). Such deferred pension shall be for an amount determined as two percent (2%) of the conditional member's average rate of pay averaged over those five (5) years of service producing the highest average, for each year of Credited Service, subject to a maximum of seventy percent (70%) of such average rate of pay and reduced as provided in Section 6 (g), if applicable. Such conditional member and his survivors will not be eligible for any disability, survivorship or other benefits which are provided for non-conditional members by other Sections of this Article. Any changes in his benefits and/or eligibility requirements for such benefits prescribed in this paragraph which are adopted after a conditional member has discontinued his employment with the City shall not apply to such conditional member.

In the event of a member's or a conditional member's death, the Retirement Board shall pay to his beneficiary, or to his estate if no named beneficiary is surviving, an amount equal to the excess, if any, of his total contributions over the total of any annuity payments made to him.

In the event that a member is survived by a widow, widower or child or children under age eighteen (18), the Retirement Board shall, in lieu of such repayment of contributions, pay the survivorship benefits provided in Section 8 of this Division. If the total benefit payments to such member and his surviving widow or widower and children shall be less than the amount of his total contributions, the amount of any excess shall be paid to the legal representative of the last survivor who received benefits.

A member whose disability benefits are terminated by reason of the member's recovery shall be entitled to the benefit of this Section, without regard to the amount of his Credited Service. Notwithstanding anything in this Section to the contrary, the Retirement Board shall not have the authority to pay any such member the amount of his total contributions to the Retirement Fund except upon such member's request.

Section 4 - Eligibility for Retirement

- (a) Any member who has completed ten (10) years of Credited Service for the City shall be eligible for retirement according to the provisions of this Article at the age of sixty five (65) years (sixty [60] years if he became a participating member before July 1, 1974).
- (b) After June 30, 1980 any member the sum of whose age and years of Credited Service for the City equals or exceeds eighty (80) shall be eligible for retirement according to the provisions of this Article.
- (c) Any member who has completed ten (10) years of Credited Service for the City shall be eligible for retirement on account of disability according to the provisions of Section 5.
- (d) "Credited Service" for the purposes of this Article, shall mean that number of full and fractional years (calculated on a daily basis) with respect to which a member's pay is reduced by the amounts provided in Section 2.
- (e) Notwithstanding anything contained herein to the contrary, in the event a member separates from the City's service and receives a refund of his contributions pursuant to Section 3, the member's Credited Service shall include only those full and fractional years (calculated on a daily basis) occurring after the latest such refund, with respect to which the member's pay is reduced by the amounts provided in Section 2, unless:
 - (1) The member, within six (6) months of his return to the City's service, requests a reinstatement of his Prior Credited Service, if any;
 - (2) The members Prior Credited Service calculated as of the date of the latest refund exceeds the number of full and fractional years (calculated on a daily basis) falling between the date the member last separated from the City's service and the date first following such separation on which the member contributed to the Fund pursuant to Section 2;
 - (3) The member repays the latest refund together with three percent (3%) interest compounded annually; and

- (4) The member passes such medical examination as the Retirement Board, in its sole discretion, shall prescribe. The Retirement Board shall have the sole discretion to determine whether the member has passed such medical examinations, and its decision shall be final and conclusive on all parties.

In the event a member satisfies all of the foregoing conditions, his Credited Service shall consist of those full and fractional years (calculated on a daily basis) occurring after the latest such refund with respect to which the member's pay is reduced by the amounts provided in Section 2 plus his Prior Credited Service.

For purposes of this Section, the term Prior Credited Service shall mean those full and fractional years (calculated on a daily basis) with respect to which the latest refund was made.

- (f) "Credited Service" shall also include those full and fractional years (calculated on a daily basis) during which a member received a disability benefit, provided such member recovers from such disability, is rehired by the City and thereafter earns at least five (5) years of Credited Service.

Section 5 - Disability Annuities

Any member of the Retirement Fund who, after ten (10) years of Credited Service for the City, is permanently disabled from performing duties of the nature required by his job; or, irrespective of the duration of his employment, suffers such a disability which is shown to the satisfaction of the Board to have arisen out of or in the course of his employment by the City, as defined in the Worker's Compensation Act, shall be entitled to an annuity in an amount determined in Section 6; provided satisfactory proof of such disability shall be submitted to the Retirement Board.

The Retirement Board shall cause examinations to be made by at least two (2) impartial medical examiners to initially verify the existence of such disability.

The Retirement Board may, from time to time, call for similar medical evidence that the member continues to be permanently disabled. Such member shall be required to submit himself to any medical examination requested by the Retirement Board. If the Retirement Board, upon competent medical evidence, concludes that the disability for which the member is receiving an annuity no longer exists, such Board shall thereupon order a discontinuance of all such annuities payable to such member, effective on the date which is ninety (90) days after the Board concludes that the disability no longer exists. Each member whose benefits are terminated in accordance with this paragraph shall, regardless of the number of his years of Credited Service, thereafter be entitled to those benefits provided in the second paragraph of Section 3.

Disability annuity benefits shall be subject to the conditions set forth in Section 7.

Section 6 - Retirement and Disability Benefits

- (a) For employees retiring by reason of age and service, the Retirement Board shall pay to each eligible member an annuity for life in an amount determined as two percent (2%) of the member's average annual rate of pay averaged over those five (5) years of service producing the highest average, for each year (or fraction) of Credited Service; provided

such annuity shall not exceed seventy percent (70%) of his average annual rate of pay averaged over those five (5) years of service producing the highest average. Such annuity shall be paid monthly at the rate of one-twelfth of the annual amount so determined. A minimum annual pension of two thousand dollars (\$2,000.00) or eighty percent (80%) of the employee's annual rate of pay at the time of his retirement, whichever is smaller, is hereby established for present and future annuities.

- (b) For employees retiring by reason of disability arising out of and in the course of employment as defined in the Worker's Compensation Act, the Retirement Board shall pay to each eligible member an annuity for life in an amount determined as two percent (2%) of the member's average annual rate of pay averaged over those five (5) years of service producing the highest average, for each year (or fraction) of Credited Service; provided such annuity shall not exceed seventy percent (70%) of his average annual rate of pay averaged over those five (5) years of service producing the highest average. Such annuity shall be paid monthly at the rate of one-twelfth of the annual amount so determined. A minimum annual pension of two thousand dollars (\$2,000.00) or eighty percent (80%) of the employee's annual rate of pay at the time of his retirement, whichever is smaller, is hereby established for present and future annuities. This disability annuity benefit shall be subject to the conditions set forth in Section 7.
- (c) For employees retiring by reason of disability arising after the completion of ten (10) years Credited Service which is not a result of any pre-existing medical condition at date of employment, provided such disability was not incurred as a result of any other gainful employment, the Retirement Board shall pay to each eligible member an annuity for life in an amount determined as two percent (2%) of the member's average annual rate of pay averaged over those five (5) years of service producing the highest average, for each year (or fraction) of Credited Service; provided such annuity shall not exceed seventy percent (70%) of his average annual rate of pay averaged over those five (5) years of service producing the highest average. Such annuity shall be paid monthly at the rate of one-twelfth of the annual amount so determined. A minimum annual pension of two thousand dollars (\$2,000.00) or eighty percent (80%) of the employee's annual rate of pay at the time of his retirement, whichever is smaller, is hereby established for present and future annuities. Any pension payable by reason of such disability shall not be less than one-half of the member's annual rate of pay at the time of disability. This disability annuity benefit shall be subject to the conditions set forth in Section 7.
- (d) For employees retiring by reason of disability arising after completion of ten (10) years of Credited Service which is a result of a pre-existing medical condition at the date of employment, provided such disability was not incurred as a result of any other gainful employment, the Retirement Board shall pay to each eligible member an annuity for life in an amount determined as two percent (2%) of the member's average annual rate of pay averaged over those five (5) years of service producing the highest average, for each year (or fraction) of Credited Service; provided such annuity shall not exceed seventy percent (70%) of his average annual rate of pay averaged over those five (5) years of service producing the highest average. Such annuity shall be paid monthly at the rate of one-twelfth of the annual amount so determined. A minimum annual pension of two thousand dollars (\$2,000.00) or eighty percent (80%) of the employee's annual rate of pay at the time of his retirement, whichever is smaller, is hereby established for present and future annuities. This disability annuity benefit shall be subject to the conditions set forth in Section 7.

- (e) Any elected official whose period in office expires or elected official or appointed official whose service is terminated involuntarily, not due to malfeasance or misfeasance in office, or who resigns after completion of ten (10) years of service and upon attainment of the age of forty five (45) shall subsequently receive, commencing upon the attainment of the age of sixty (60) or upon qualification for disability annuity according to the provisions of this Article, an annuity for life equal to forty percent (40%) of his average annual rate of pay averaged over those five (5) years of service producing the highest average, plus two percent (2%) of such average annual rate of pay for each full year of service in excess of ten (10) years, provided such annuity shall not exceed seventy percent (70%) of his average annual rate of pay averaged over those five (5) years of service producing the highest average.
- (f) Any member who is not eligible to receive a normal retirement or disability benefit under the provisions of this Section and who, after reaching the age of fifty five years and being a member of the Retirement Fund at the time, and after at least fifteen (15) years of Credited Service, is obligated to retire involuntarily from such service, which involuntary retirement is not due to malfeasance or misfeasance in office, shall receive an annual retirement benefit equal to forty percent (40%) of his average annual rate of pay averaged over those five (5) years of service producing the highest average, plus two percent (2%) of his average annual rate of pay averaged over those five (5) years of his service producing the highest average, for each full or fractional year of Credited Service in excess of fifteen (15) years but in no event more than fifty percent (50%) of his average annual rate of pay for said five (5) years of his service. This provision shall apply to any person retired on or after July 1, 1997, provided such person makes written application to the Retirement Board within one year after such involuntary retirement.
- (g) Early retirement option: Any (i) active member, or (ii) conditional member having ten (10) or more years of Credited Service, or (iii) member whose disability benefits are terminated by reason of his recovery, may elect early retirement on any date which is ten (10) or fewer years prior to the date on which he would first become eligible for normal retirement as prescribed in subsections (a) or (b) of Section 4, or subsection (e) of this section 6, in the case of an active member; or would have become eligible for normal retirement as prescribed in subsection (a) of Section 4 in all other situations covered by this Section had he remained in the City's employ. In such event his annuity, as determined by subsection (a) of this Section or Section 3, as the case may be, shall be reduced in amount by two (2%) percent for each full year by which his early retirement date precedes the earliest eligibility date for normal retirement as prescribed in subsections (a) or (b) of Section 4, in the case of an active member, or subsection (a) of Section 4 in all other situations covered by this Section, with a further proportionate reduction for any fraction of a year.

Section 7 - Additional Conditions for All Disability Annuities

Any disability annuity which is approved by the Retirement Board shall be subject to adjustment on account of the member's earnings from employment or self-employment of any kind, and his pension shall be discontinued unless he files with the Retirement Board annually before April 30th, a sworn statement of such earnings for the preceding calendar year as shown in his federal income tax return. The reduction in his disability annuity shall equal fifty (50%) percent of

any excess of his earnings in the preceding calendar year over six thousand eight hundred dollars (\$6,800.00), but in no event shall such reduction exceed the amount of disability annuity paid for the period during which such excess earnings were earned. Such deduction shall be spread evenly over twelve (12) months, starting with the payment due on April 30th. No such adjustments for earnings shall be made after the disabled member attains the age of sixty five. For any one of these members whose period of credited membership shall have commenced after his fortieth birthday, the amount payable as a disability annuity (before adjustment for earnings) shall be limited to a percentage of his annual rate of pay at the time of disability; this percentage is to be determined by multiplying two percent (2%) by the number of years of membership which he could have accumulated up to his sixty fifth birthday if he were able to continue his employment for the City until that date.

Section 8 - Survivorship Benefits

- (a) Upon the death of a member who has participated in the Retirement Fund for a period of not less than six (6) months or who had been retired by reason of age and service, or by reason of disability, there shall be paid to or on account of his surviving child or children under eighteen years of age, and to his widow or widower, monthly benefits consistent with the following table:

MONTHLY BENEFIT						
Average Annual Pay	Widow Or Widower Only	Widow Or Widower And One Child	Widow Or Widower And Two Or More Children	One Child	Two Children	Three Or More Children
16,800.00	265.00	510.00	800.00	245.00	490.00	800.00

In the event that payments are made pursuant to this Section to surviving children under eighteen years of age who are represented by more than one legal guardian, such payments shall be apportioned among such guardians in proportion to the number of children represented by each guardian, respectively.

- (b) “Average Annual Pay” as used in computing survivorship benefits shall mean the average annual rate of pay received by the deceased member averaged over those five (5) years of service producing the highest average, or the duration of such service if less than five (5) years, subject to a maximum of sixteen thousand and eight hundred dollars (\$16,800.00) for such average annual pay.
- (c) Upon the death of a member who has completed ten (10) years of Credited Service for the City or who has qualified for a disability annuity or a retirement benefit by reason of age and service, a minimum monthly benefit will be paid to his qualified survivors if greater than the amount determined from the benefit table above. Said minimum monthly benefit shall be equal to fifty percent (50%) of the amount of the monthly annuity to which the member would have been entitled if he had been permanently disabled on the date of his death, or fifty percent (50%) of the amount of his actual monthly annuity in

the case of a member who has been receiving retirement or disability benefits from the Fund.

- (d) In order to qualify for benefits under this Section a widow or widower must have been married to the deceased member at the time of his death and if such member had been retired due to age and service or disability must have been married to him at the time of retirement. Proof of dates of birth of the children must be submitted before payments of benefits under this Section.
- (e) These benefits in Section 8 shall no longer apply should such widow or widower remarry. In such cases he shall receive only such benefits as are payable to his children alone.
- (f) Effective July 1, 1986, any employee who dies while still employed, the widow benefit shall be calculated by treating said deceased employee as if they had retired on the date of death and then giving the widow or widower 50% of what the pension would have been.

Section 9 - Requirements for Participation

- (a) Any person who becomes an eligible employee of the City shall be allowed to participate in the Retirement Fund.
- (b) Each eligible employee shall, upon entering service, submit to such medical examinations as the Retirement Board shall by regulation or by law provide in order to determine whether the eligible employee is then permanently disabled from performing duties of the nature required by his job and for use by the Retirement Board in evaluating future claims for disability. In the event any such employee refuses to submit to any such medical examination he shall bear the burden of proving by clear and convincing evidence that he is entitled to a disability benefit.

Section 10 - Benefits for Periods of Military Service

In determining benefits under Sections 6 and 7, credit shall be given for periods of military service in World War II, the Korean War or the Vietnam War subject to the following conditions: Any member who, after October 15, 1940, entered any branch of the armed forces of the United States or any service auxiliary thereto, or any civil emergency defense employment pursuant to requisition by the Federal or State Government, or any member who shall enter such services while the United States is at war, and who has been or shall be re-employed by the City within six (6) months after the termination of such military service, shall qualify for credit for his period of military service, provided he resumes his participation in the Retirement Fund, with an effective date antedating his entry into such service.

Section 11 - Preservation of Benefits Paid Under Previous Acts

The provisions of this Article shall not affect the benefits already in course of payment in accordance with the provisions of previous acts.

Section 12 - Future Cost-Of-Living Adjustments

Annually on each July 1, the monthly payments on those service annuities, disability annuities and survivors benefits on which at least eighteen (18) monthly payments have been made will be increased, or decreased, for changes in the cost-of-living as indicated by the Federal Consumer Price Index, Urban Wage Earners and Clerical Workers, All Cities, Revised (1967=100). For this purpose the Retirement Board will determine an adjustment percentage for each July 1, by relating such index for the full calendar year prior to such July 1 to that for the next preceding full calendar year, but such adjustment percentage shall be limited to a maximum of one hundred three percent (103%) and to a minimum of ninety seven percent (97%); further, no adjustment will be made where increase or decrease for the year is less than one-quarter (1/4) of one percent. However, the monthly benefit originally provided for a retired member or for a survivor shall never be reduced because of the accumulative effect of all cost-of-living adjustments.
