\$800,000

```
graph LR; A[US Federal Government (ARPA)] -- "$800,000" --> C[City of New Haven]; B[CT DEEP];
```

The diagram illustrates a funding flow. It features three light green, rounded rectangular nodes arranged horizontally. The first node on the left contains the text 'US Federal Government (ARPA)'. The middle node contains 'CT DEEP'. The third node on the right contains 'City of New Haven'. A large, white, right-pointing arrow originates from the first node and terminates at the third node. The text '\$800,000' is centered within this arrow, indicating the amount of funding transferred from the US Federal Government (ARPA) to the City of New Haven via the CT DEEP.

The background features a light gray base with large, organic, overlapping shapes in muted olive green and dusty rose. In the top left corner, there are stylized, layered patterns of thin, needle-like shapes in light and dark gray, resembling foliage or a pine branch. A thin, white, wavy line curves across the bottom right portion of the image.

next steps

A high-angle, top-down photograph of two tennis players on a blue court, shaking hands over the net. Both players are wearing white athletic gear. The player on the left holds a red and black tennis racket, while the player on the right holds a blue and black one. Their shadows are cast long and dark on the court surface. The net is a black chain-link fence running diagonally across the frame.
