**MAYOR JUSTIN M. ELICKER  
CITY OF NEW HAVEN**

March 1st, 2023

Dear Residents,

In accordance with the City Charter, I am submitting my proposal for the City of New Haven's Annual Budget for Fiscal Year 2023-2024.

This is the fourth budget I have tendered since taking office. Before getting into the proposal, I think it important to look at how far we have come these past few years. In 2020, as our city faced a daunting once-in-a-generation financial crisis, I reported to residents that the state of our city was precarious. In 2021, as our city was journeying through a once-in-a-century public health crisis with the COVID-19 pandemic, I reported to you that, due to the resiliency of our residents, the state of our city was hopeful. In 2022, as we began to see the fruits of the tough decisions we made during those challenging times, I reported to you the state of the city was strengthening and we were beginning to hit our stride. This year, in 2023, I reported that the state of our city was bright, and that New Haven is on the move forward.

This budget continues to build on this progress and maintains our commitment to the priorities we have set in advancing economic growth and opportunity, public safety, affordable housing, education, youth and community programming, and the delivery of city services that enhance our quality of life. I believe this proposed budget finds the right balance between providing the services that our residents expect and deserve while also keeping down the tax burden on our residents and homeowners.

**FY2023 – FY2024 Budget Highlights**

**The proposed \$662.7 million budget represents an increase of 4.66%, or \$29.5 million, over last year's budget.** The increase in the budget tracks closely to the inflationary impacts that many states, cities, and towns have experienced across the country.

On the expenditure side, the driver of cost increases are the usual suspects: fixed costs. The City's fixed cost increases include debt service, pensions, employee benefits, liability insurance, and utilities. This accounts for 27.99%, or \$8.2 million, of the budgetary increase.

On the revenue side, tax revenue has also increased with the implementation of the full valuation of new real estate property values, generating \$25.6 million, as we enact the second half of the phase-in from the state mandated revaluation that occurred in 2022. As such, for the second year in a row, **I am recommending a reduction in the mill rate, from last year's rate of 39.75 to 37.20, or a reduction of 6.42%**, which would lower property taxes than they otherwise would have been absent the increase in property values.

The budget also focuses on strengthening the delivery of city services, including a limited number of new positions and tools to improve the way we serve our residents. My budget includes the addition of **thirty-four (34) new positions** focused on public safety, parks maintenance, and audit regulatory compliance and inspections to ensure city resources are stewarded responsibly. The budget also aims to make our city more competitive to attract and retain the best workforce by including an **increased budget allocation for salary increases for civil servants, including both union and executive management employees.**

**The budget also builds on the work we have done in recent years to improve the long-term financial health of our city.** As we continue to work to address long-term pension liabilities by ensuring a healthy retirement fund, we have once again **reduced the assumed rate of return for both the City Employee, Police and Fire Retirement Funds from 7.25% to a more conservative 6.90%.** Dropping the rate means that we invest more in our pensions upfront to ensure we can meet our pension obligations down the road. While this is an added financial cost to the City in the short-term, it is both fiscally prudent and necessary to ensure the City's financial health and interests in the long-term. My budget also **limits the amount we borrow** to the lowest level in decades. This will allow us, over time, to reduce our annual debt payments, ensuring a more financially stable future. Finally, there are **no budget or accounting gimmicks,** like have been used in the past. **This is an honest and responsible budget so we can pass on a more stable city to our children.** The good news is we are already seeing the fruits of our work with last year's budget surplus and an upgrade in our credit rating.

The budget also includes two departmental organizational changes. The first change is **the creation of the Office of Policy, Management, and Grants.** The second is **moving the New Haven Free Public Library (NHFPL) from under the direction of the Chief Administrative Officer to the Community Services Administrator.**

Creating the Office of Policy, Management, and Grants is at no cost to taxpayers, as the staff will be extracted from within the Finance Department to help streamline work. The primary functions of the Office are to prepare and review the city budget, guide, and monitor performance of departments, oversee the implementation of operational efficiencies, prepare the multi-year financial plan and monthly financial reports, and guide the City through financial audits. The Office will also focus on how to streamline the City grant process and maximize the utilization of grants.

The FY23 - FY24 budget also moves the New Haven Free Public Library organizationally from the oversight of the Chief Administrative Officer (CAO) to the Community Services Administrator (CSA). More than ever, our libraries serve as community hubs and gathering places, functioning as community centers. They connect people to information and connect people to each other. The NHFPL system regularly interacts with a host of community services related to children, youth, families, elderly services, public health, and homelessness, all of which primarily fall under the auspices of the Community Service Administrator. Bringing the NHFPL under the CSA will allow us to continue to provide the same services that residents have come to expect from our local branches, but also allow for our libraries to grow as community hubs and strengthen those synergies across city services.

### **Public Safety:**

**Public safety, which includes Police, Fire, and the City's 911 Emergency Call Center, accounts for \$5.2 million of the \$29.5 million total budget increase.** This increase includes the addition of new sworn personnel to improve safety in our city. It also includes additional overtime for Police and Fire, contractual salary increases, additional non-personnel increases in the police department, and other fixed costs.

Overall, our police officers are doing extraordinary work under very challenging circumstances to keep our residents, streets, and city safe and to take illegal guns off the streets. However, New Haven like many other communities across the country are facing police shortages. To help address this challenge, this year we are adding more resources to our department. While we still have a way to go in addressing crime, we are making steady and significant progress:

- Violent Crime in 2022 is down by 11.9% compared to 2021, and down 24.1% overall since 2020.
- Property Crime in 2022 is down 7.3% compared to 2021, and down 19.5% overall since 2020.
- Other Crime in 2022 is down 17.7% compared to 2021, and down 27.6% overall since 2020.

We want to continue this downward trend, and this requires resources. To support our department and keep our neighborhoods safe, I am asking the Alders to **fund ten new positions of both sworn and civilian personnel** to supervise, patrol, close cases, and care for the animals in our shelter. Until we get more recruits through the academy and on the streets, I am also asking for Alders to support a request in the increase of overtime by \$1 million so we can keep officers on the street and increase the time officers are walking the beat.

For our 911 Emergency Call Center, my budget proposal includes **two new positions**. Our 911 operators are many times the first of the “first responders” that residents engage with when help is needed, and additional positions are needed to ensure the center is staffed accordingly.

#### **Parks, Recreation, and Youth:**

I have heard from many parents and kids in our city that they want more options and choices for fun, enriching, and positive activities and programs – and we’re doing just that by opening eight (8) new Youth and Community Centers across the City.

This past year we cut the ribbon at The Trowbridge Environmental Center in East Rock Park, where residents are now participating in programming seven days a week through several programs exploring nature, the arts, and music. Programming has also begun at Coogan Pavilion in Edgewood Park and at Barnard Nature Center in West River Memorial Park. This summer, we plan to open the doors at the Goffe Street Park Community Building at DeGale Field and at Salperto in East Shore Park. After that will begin work the West Rock Nature Center and expand the use of the Atwater Senior Center. We also plan to begin construction this spring at the old Barbell Club on Trowbridge Square in the Hill. We also just broke ground on the complete renovation of outdoor athletic fields at Wilbur Cross High School. Finally, through our Youth @ Work program, this summer we’ll once again be providing jobs to our youth so they can learn important skills, earn some money, and use their time productively.

To care for these new spaces and ensure improved maintenance in our parks, this year I am requesting the Board of Alders **approve seven (7) new positions** – parks caretakers and new parks rangers for youth, community, and environmental programs. Additionally, I am requesting \$100,000 in new youth, adult, and community programming for the Newhallville neighborhood, one of the city’s most historically underserved neighborhoods.

#### **Education:**

This has been difficult couple of years for our students, families, and educators who have had to navigate the unprecedented challenges of a multi-year pandemic, interrupted instruction, learning loss and other hardships.

Everyone is working hard – harder than we ever have before – and we are indebted to all our teachers giving it their all every day on behalf of our students. To this end, I am requesting the Alders approve **an increase of \$8 million for the New Haven Public Schools** to ensure our teachers are paid well and to provide more resources to our schools to educate our students.

#### **Retaining and Attracting the Best & Brightest:**

There has been much discussion on the critical need to fill personnel vacancies within our city government. These are the people that make our city function every day. They pick-up our garbage, they maintain our parks, they patrol our streets, and run into burning buildings. They are the best of us working here in the City and on the front lines of providing needed services to our residents.

They need increased salary compensation, and as such I am requesting an increase. To this end, I am requesting an **increase in the City's contract reserve to \$4.7 million** to cover the needed salary increases of our rank-and-file City employees covered by collective bargaining contracts.

As we work to negotiate the remaining open collective bargaining unit contracts, we also need to address the salaries of department heads. The last significant change to the salary ranges for department heads and coordinators was back in 2011 and pay raises have been infrequent. For the past twelve years, our pay scales have not kept pace with a very robust and changing labor market. Gone are the days where many city staff are paid in comparable rates to their counterparts in other cities, which has made recruiting and filling vacancies very difficult.

To this end, I am asking for the Board of Alders to do two things: 1) **adjust the salary ranges for the Executive Management employees** and 2) **increase the salaries of department heads and coordinators**. Reasonable pay increases will help retain currently filled positions by bringing them closer in-line with their counterparts in Hartford, Bridgeport, Waterbury, and Stamford, and enable us to keep our city staff here while we also recruit the best and brightest to fill vacancies.

Finally, on the topic of salary changes, the Charter Revision Committee is underway and among the questions they are reviewing for changes to the City's guiding legal document are stipend adjustments for Alders and salary adjustment for the Town Clerk. As these are pending issues before the Charter Commission which will not be solved before the deadline of adoption of the City Budget, I have included those changes in my proposed budget. Should those items be approved by the voters, they will already be accounted for within the City budget and will not require a mid-year amendment.

#### **Climate:**

This year we launched our Office of Climate and Sustainability, and we are already busy at work. The Climate Office is working closely with the Finance and Engineering Departments to gain a better picture of energy use. The City is working building by building on electrification efforts like those at the new Public Works facility at 424 Chapel Street. The Climate Office is also exploring ways to reduce residential waste, improve transportation options, and other important climate-related initiatives.

Since adopting the Safe Routes for All Plan, the City is in the process of building out **the largest ever expansion of its protected bike lane network**. In addition, as City departments retire their current gas-powered vehicles, we will be looking to **deploy new and used electric vehicles to replace those internal combustion cars and trucks**. To this end, I have requested capital funding and American Rescue Plan funds for use as we begin to transition the City fleet and facilities to prepare for the future through electrification.

A few years ago, I had made a commitment to ensure that a portion of the city budget expenditures would be allocated towards climate and sustainability and, in keeping with this commitment, I am proposing to allocate **\$2.25 million towards the fight for a cleaner and greener New Haven**.

While climate change is a global problem, we must act locally and do our part to ensure a sustainable future for ourselves and future generations. City expenditures can make a significant impact in reducing our own carbon footprint and transitioning towards a more sustainable city. These include investments in renewable energy, more EVs for the City fleet, and working towards better and more sustainable waste management systems. We must also work to educate our citizens and businesses about the importance of reducing their own carbon emissions. By making these investments, we are not only protecting our environment, but also promoting economic growth and creating a more livable city for all. I urge everyone to support these efforts and work together to make our city a leader in the fight against climate change.

#### **Conclusion:**

In conclusion, this proposal for the City's annual budget for fiscal year 2023-2024 maintains the City's commitment to improving our city and the quality of life of its residents, with a focus on economic growth and opportunity, public safety, affordable housing, education, youth and community programming, and enhancing city services. The proposed aggregate increase of \$29.5 million over last year, is primarily driven by fixed costs. However, I recommend that the mill rate be reduced from last year's rate, which will help provide some relief to homeowners as we complete the second and final year of the 2022 property revaluation phase-in. In the end, I believe this proposed budget finds the right balance between providing essential services and keeping the tax burden down on residents and homeowners, as we work toward a New Haven where everyone has the opportunity to thrive.

Sincerely,

## SECTION I - CITY FINANCIAL PROCEDURES

# CITY FINANCIAL PROCEDURES

## **FINANCIAL PROCEDURES**

Governmental Funds, which include the General Fund, Special Revenue Funds, Capital Funds, Debt Service and Expendable Trust and Agency Funds (Union Station Fund and others) are accounted for on the modified accrual basis. Under this method, revenues are recognized as they become both measurable and available. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except expenditures for debt service, prepaid expenditures, and other long-term obligations, which are recognized when paid.

Proprietary Funds (Golf Course Skating Rink, Carousel and other Enterprise Funds), Medical Self-Insurance Reserve Fund and Self-Insurance Fund) and Non-Expendable Trust Funds and Pension Trust Funds (OPEB Fund, Library Endowment Fund, City Employees' Retirement Fund, Policemen's and Firemen's Pension Fund and other funds) are accounted for on the accrual basis in which the revenues are recognized in the accounting period in which they are earned, and expenses are recognized at the time they are incurred. Pursuant to the Charter, encumbrances established in, and unliquidated at the end of any fiscal year, are considered in determining an operating surplus or deficit on a budgetary basis.

## **BUDGET PROCEDURE**

The mayor is responsible for developing the overall budget of the City. The City budget process normally begins in October and November as administered through the Office of Management and Budget. The Budget Director, a position which is appointed by the Mayor and serves at the pleasure of the Mayor, is the designee to work with City agencies on the annual expenditure and revenue estimates to present to the Mayor.

During the months of January and February, the Mayor works with the Office of Management and Budget and other appropriate staff to estimate both the amount of money necessary to be appropriated for the expenses of the city and the rate of taxation for the fiscal year which begins on the following July 1. The mayor, in proposing the rate of taxation, is required to estimate the receipts from taxes for the next fiscal year at not more than one percent less than the actual rate of collection for the preceding fiscal year. The mayor submits the recommended budget and tax rate to the Board of Alders by March 1.

The Board of Alders is required to hold two public hearings on the proposed budget, one in March following receipt and publication of the mayor's proposal, and the second prior to final action on the budget proposal in May. During the intervening two months, the Finance Committee of the Board meets with City officials to review the budget proposal. The Finance Committee transmits the amended budget proposal on the third Monday of May to the Board of Alders.

The Board of Alders may increase or decrease individual appropriations and revenue estimates. The Board may increase the total budget, and it may increase the tax rate above the levels proposed by the mayor, by a two-thirds vote of the entire Board. However, the Board of Alders may not reduce any amount proposed by the mayor for the payment of principal or interest on the municipal debt. The budget as adopted must be balanced. The

mayor, within ten days after the adoption of the budget by the Board of Alders, either may approve the budget as adopted or veto specific line items. If the Mayor does not act upon the budget within the ten-day period, it becomes operative and effective without his or her signature. Any veto by the mayor may be overridden by a two-thirds vote of the entire Board of Alders.

The annual budget serves as the foundation for the City of New Haven's financial planning and financial controls. Within the fiscal year as outlined by the City Charter and General Code of Ordinances, The City provides monthly financial reporting to the Board of Alders and published on the City website for public information.

#### Budget Schedule Summary

October: Begins Capital Budget

November: Begins General Fund and Special Funds Budget

December: General and Special Fund Budget is Due

March 1: Mayor Submits Budget to Board of Alders

March – June: Board of Alder Workshops and Final Approval of Budget

### **FINANCIAL ADMINISTRATION**

The City's accounting system maintains expenditure control at the budgetary appropriation level. Proposed expenditures require a purchase requisition and purchase order. Funds are encumbered when the purchase order is issued or when contracts are executed. Proposed commitments more than appropriations are not processed until additional appropriations are made available. The Board of Alders may establish by ordinance, from time to time, an amount of appropriation under the approved budget which the Controller, with the approval of the mayor, shall be authorized to transfer between line items within any department or from one department to another. No such transfer more than such authorized amount shall be implemented unless it shall be proposed by the mayor and approved by the Board of Alders, provided that an increase in the total appropriation shall be approved only by the vote of two-thirds of the entire Board of Alders. Budgetary revenues and expenditures are monitored by the Office of Management and Budget.

After the close of the fiscal year the unencumbered balance of each appropriation shall lapse except for capital and non-recurring expenditures, and the excess of cash receipts over expenditures plus encumbrances shall be used only for capital and non-recurring expenditures for financing the succeeding year's appropriations.

No later than 28 days after the end of each month of the fiscal year, the Mayor, through the Office of Management and Budget, submits to the Board of Alders and the Commission a report showing (i) budgeted and actual revenues up to the last day of the preceding month and an estimate of such revenues for the fiscal year (ii) budgeted and actual expenditures for each budgeted agency of the City up to the last day of the preceding month and an estimate of such expenses for the fiscal year, and (iii) the projected budget surplus or deficit for the fiscal year. Each monthly report is filed in the Office of the City Clerk where it is available for public inspection.

The Commission meets monthly to review the financial condition of the City as outlined in the monthly financial reports and in the audited financial statements and conduct such other business as may come before it.

## **FINANCIAL PROJECTIONS**

The City utilizes the "MUNIS" Financial System for the computerized monitoring of its budget and actual expenditures and revenues against the budget. The system employs rigorous encumbrance and posting requirements for all line items in the budget. A monthly distribution of the budget to actual performance status is made to all City departments and the Board of Alders.

## **INTERNAL CONTROLS AND CASH MANAGEMENT**

The city and the Board of Education maintain a comprehensive budgetary reporting system to monitor the results of budget operations and to ensure budgetary control and compliance with approved budgets. All annual budgets are recommended by the Mayor to the Board of Alders, which approves the final budget. Purchase orders are encumbered and considered as expenditures for budget reporting purposes to ensure the availability of budget appropriations. Purchase orders are not released unless funding is available. Open encumbrances, reflecting goods and services not received are shown as an assignment of fund balance in the financial statements under generally accepted accounting principles (GAAP).

All financial transactions are subject to pre-audit procedures as established by Finance policy. The City financial systems allow for workflow approval for invoices, purchases orders, and other relevant disbursements as stored in the MUNIS system. These centralized budgetary controls against budgets and appropriations are maintained by the Office of Management and Budget and Department of Finance within the appropriate divisions. The objective of the centralized budgetary controls are to ensure proper compliance within Federal, State, and Local laws as set forth.

The Board of Education has an established Business Office which is the general direction of the Chief Financial Officer (CFO). The Business Office maintains all relevant financial documentation for New Haven Public Schools expenditures. The Board of Education under City Charter is a department of the City and works in conjunction with the Office of Management and Budget of financial policy and budgetary controls.

The City Treasurer's Office is responsible for receiving, disbursing, depositing, and investing all public funds for the City and Board of Education. The City Treasurer's Office is also responsible for cash investments per applicable Federal, State and Local law on a short-term basis. The City Treasurer's Office works in conjunction with the Accounting division of the Department of Finance and the Office of Management and Budget to ensure the accuracy of deposits and accounting on the City general ledger.

## **INVESTMENT PRACTICES**

General Fund: In accordance with the City's investment policy, the City invests in certificates of deposits, repurchase agreements and money market instruments with qualified public depositories as defined in the Connecticut General Statutes Section 36-382. These qualified public depositories report to the city regularly about their capital ratios as well as the details of their posted collateral. City investment judgments are based on safety, liquidity, and yield.

The city keeps a roster of qualified banks that meet the above listed criteria. The roster is periodically reviewed and analyzed for safety of the whole financial institution. In addition, the City establishes limits of deposit investments on smaller and relatively weaker financial institutions. Each account with a specific purpose has FDIC Insurance of \$250,000. Safety is a primary criterion of investment decisions of this Fund.

The City invests excess cash with the State of Connecticut Short Term Investment Fund (STIF). STIF is an investment pool of high-quality, short-term money market instruments for state and local governments managed by the State Treasurer's Cash Management Division. The General Fund and other disbursement accounts, such as the Payroll Account, are also "swept" at an overnight market rate. The City attempts to keep its funds as liquid as possible to meet its operational requirements for the General Fund.

Special Revenue Funds: The City maintains numerous Special Revenue funds from many grantor sources. Where program activity is funded in advance and is permitted by the grantor, the City invests consistent with the criteria listed in the General Fund section of this report.

Capital Project Funds: The unexpended proceeds from the issuance of General Obligation debt are invested in a U.S. Treasury Money Market Fund. This investment fund is segregated into various sub accounts associated with each debt issuance for arbitrage purposes. Where interest income activity is unrestricted, the City maintains the investment policy outlined for the General Fund.

Pension Trust Funds: Most City employees (excluding Department of Education teachers and administrators) are covered by two major Pension Funds. The City Charter gives the responsibility for administering these funds to two Boards of Trustees consisting of mayoral appointed citizens, the City Controller and elected union employees (the "Retirement Boards"). These funds are named the City Employees' Retirement Fund and the Policemen's and Firemen's Pension Fund, respectively. The Retirement Boards independently retain professional fund managers, custodial banks, legal counsel, and performance monitor professionals to assist them in performing their fiduciary responsibilities.

## **INTERNAL CONTROLS**

An effective internal control system helps the City of New Haven ensure maintain internal controls in accordance with Generally accepted accounting principles (GAAP), Governmental Accounting Standards Board or GASB, and the City Charter and Code of Ordinance. The City of New Haven evaluates reasonable assurance and risk through Operations, Reporting, and Compliance with applicable laws and regulations.

The management of the City of New Haven is maintained through a control structure designed to ensure that the assets of the City are protected from loss, theft, or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements and other reports. The City of New Haven receives various funding from Federal, State, and local sources, which is maintained in the City's Financial system (Tyler Technologies MUNIS System).

The Office of Management and Budget and Finance Department are responsible for monitoring the various City departments in compliance with the City Charter, ordinances, and ensuring adequate internal control policies and procedures are in place to ensure and document compliance with applicable laws and regulations related to these programs. This internal control structure is subject to periodic evaluation by management as well. The Finance Department has an internal audit division in which functions includes financial and compliance audits including internal controls based on the direction of management.

## **LABOR RELATIONS**

Understanding that work force costs and performance are essential to the fiscal soundness and effectiveness of local government, New Haven has always focused on collective bargaining to contain costs and increase productivity, and on developing a partnership with each of its fourteen bargaining units to develop an appropriate methodology and to balance the City's ability to provide benefits to its employees on a level commensurate with its ability to pay. Key to the success in reducing benefit costs has been introducing a three-tiered premium cost sharing program in its self-insured medical benefit program, and then further negotiating reduced costs through less expensive medical benefit programs aimed at shifting from expensive indemnity plans to a managed care plan negotiated with a single Preferred Provider Organization. Most of the City's contracts with its unions are or will shortly be renegotiated. During this process the city plans to continue this strategy, by working with the unions to further reduce the number of available medical plans, or to arrive at other solutions for benefit programs that are advantageous to the city and the union members. In addition, the city has successfully negotiated the three-tiered co-pay program in its pharmaceutical program. The City hopes to maintain the same level of success in its current negotiations in its pursuit of more cost-effective health and benefit packages with its labor unions. Additionally, contract negotiations are expected to include the same level of review and analysis of operations within and across City departments to streamline efficient operations and reduce costs to the City as has been done in the past. The table below summarizes the City and Board of Education bargaining units, and their contract expiration dates:

## **WORKERS' COMPENSATION AND RISK MANAGEMENT**

The Workers' Compensation & Risk Management Division is organized under the Office of Management and Budget and reports directly to the Budget Director. The city has been an authorized Self Insurer by the State of Connecticut Workers' Compensation Commission since 1980, and this division supervises all aspects of the City's Self-Insured Workers' Compensation Program. The City is obligated to its sworn Police and Fire personnel under the terms of the Heart and Hypertension (H&H) Act. The liabilities under the H&H Act are not covered by the purchase of insurance and are self-funded. The city utilizes the services of PMA Companies to operate as its Third-Party Administrator for the day-to-day handling of its Workers' Compensation and H&H claims. Through the City's Health & Safety Committee meetings, this division supervises all Risk Management Program activities.

The City has maintained a Risk Management program to control expenditures in Workers' Compensation, Employee Benefits, Pensions, and overall General Liability, including auto, public official's liability, and other general litigation, risk, and benefits Management.

Protective Self Insurance Program: New Haven established its Protective Self Insurance Program (PSIP) to serve as a master insurance policy for umbrella coverage for claims incurred after July 1, 1998. The PSIP has self-insured retention of \$1.0 million and a total limit of \$20.0 million for auto, law enforcement, and general liability. The policy also provides property damage coverage for City-owned property and automobiles. Previously, all claims were paid out of a Public Liability account funded through the City's General Fund budget, placing the City without a cap on its exposure. In addition, the City has Public Officials' liability with a total limit of \$5.0 million.

Motor Vehicle Policy and Training: New Haven instituted a comprehensive policy to regulate who may operate a City vehicle and under what conditions to reduce costs associated with automobile-related claims. All employees will be required to attest that they understand the policy before using the vehicle. Police, Fire, Parks, and Public Works employees also participate in a six-point defensive driver training program, with refresher courses given as scheduled.

Occupational Health and Safety Administration Program (OSHA): The City has been aggressively organizing and implementing the core programs required by OSHA. As a municipality, we are governed by the State of Connecticut Department of OSHA, which has adopted and enforced the Federal OSHA standards. The city has utilized the services of PMA Risk Control to provide a welcomed enhancement to our strategic plan of incident loss reduction, regulatory compliance, and safety training. An effective safety/ risk control plan is a critical component of reducing employee injuries, thus directly decreasing workers' compensation claims.

Workers' Compensation: The City has completed two workers' compensation portfolio transfers. These portfolio transfers involved selling retired and terminated open workers' compensation and heart & hypertension claim files to a private insurance company.

## **BENEFITS MANAGEMENT**

The City of New Haven accounts for Medical Benefits through an established Medical Fund to account for and finance the retained risk of loss for medical benefits coverage. The city maintains a group health plan providing both insured and self-insured medical, prescription drug, dental and vision plan benefits. For the New Haven Public Schools, Cafeteria union, A third party medical plan is established through Unite Here.

The City of New Haven, Office of Human Resources maintains Medical Benefits for both the City and Board of Education active and retired employees as outlined through collective bargaining. City and Board of Education employees receive a diverse range of benefits, including inpatient care, outpatient care, home health and hospice services, emergency care, specialty provider services, maternity benefits, mental health/substance abuse services, prosthetic devices/medical equipment, and other outpatient services.

The City of New Haven, Office of Human Resources works with Anthem (City's current medical provider) and consultants to ensure adequate health coverage is provided.

## **BOARD OF EDUCATION**

The New Haven public school district is coterminous with City boundaries. Effective on January 1, 2016, the Board of Education shall consist of seven (7) members as follows: The Mayor, four (4) members appointed by the mayor, subject to approval by the Board of Alders; and two (2) elected by district, which districts shall be established as set forth in Article II of the City Charter. The Department is administered by a Superintendent of Schools who is appointed by the Board of Education. The Department is financed through the General Fund of the City and the State principally through the Education Cost Sharing Grant and its budget is prepared in the same manner as that of other City departments. Expenditures of the Department are audited by the City's auditor. Financial transactions vary from those of other City departments in that after adoption of the General Fund budget, the Board of Education has control over its budget.

The City issues debt on behalf of the Department of Education, and except for certain categorical State and Federal grants, all revenues and reimbursements are accounted for in the General Fund. The State reimburses the City for certain debt service costs associated with debt for eligible Board of Education projects.

Based on audited figures for Fiscal Years 2001 through 2022, the city has continued to meet the Minimum Expenditure Requirement of Section 10-262(j) of the Connecticut General Statutes.

## **DEBT OF THE CITY**

Procedure for Debt Authorization: City bonds are customarily authorized concurrent with the City's capital budget appropriations. The Charter provides that the authorization of bonds be specific as to the purpose of such issue and in no case shall the term of any bond issue be greater than the life of the public improvements therein provided for, as determined by the Board of Alders. In addition, State law authorizes the City to issue revenue bonds and to borrow in anticipation of the sale of bonds or the receipt of grants. The Code of Ordinances delegates responsibility with respect to the issuance and sale of bonds and notes to the Bond Sale Committee.

The Bond Sale Committee, consisting of the Mayor, the Controller, and the President, Majority Leader, and Minority Leader of the Board of Alders, supervise and approve all issuances and sales of bonds, notes, or other obligations of the city authorized by the Board of Alders pursuant to the statutes, Charter, or ordinances. The Bond Sale Committee determines the rates of interest, maturity schedules, and all other terms, details, and particulars pertaining to the issuance and sale of City bonds, notes, or other obligations.

Debt Limitation: The City is limited by State law to incurring indebtedness, in certain classes, in amounts which will not cause the aggregate indebtedness in each class to exceed the factors multiplied by total tax collections for the most recent audited fiscal year preceding the date of issuance. The computation of total tax collections includes current and back taxes, interest, penalties, and certain payments made by the State to the City in lieu of taxes as authorized under State law. Certain indebtedness is excluded in computing aggregate indebtedness as follows:

- a. Each bond, note and other evidence of indebtedness issued in anticipation of taxes or issued for the supply of water, for the supply of gas, for the supply of electricity, for the construction of subways for cables, wire, and pipes, for the construction of conduits for cables, wires, and pipes and for two or more of such purposes.
- b. Each bond, note or other evidence of indebtedness issued in anticipation of the receipt of proceeds from assessments which have been levied upon property benefited by a public improvement; and
- c. Each bond notes or other evidence of indebtedness issued in anticipation of the receipt of proceeds from any State or Federal grant.

City Debt Service: The following table outlines general obligation debt payments as a percentage of general fund expenditures. This table does not include reimbursements into the fund.

**Debt Management:** Over the past ten years, the city authorizations reflected the need to improve and maintain the City’s infrastructure and the quality of public services. Funding was authorized for new school facilities as well as improvements to existing schools. The city replaced aging or obsolete public safety equipment, improved City parks, and provided funding for economic and neighborhood development projects. Funds were also authorized for the renovations and replacement of bridges, solid waste management and sewer separation projects. For some of the projects, local funds supplemented grants from the State and Federal governments.

The table below displays the outstanding general obligation bonds of the city.

Short Term Indebtedness: Whenever any town or city in the State has authorized the issuance of general obligation bonds under the provisions of any public or special act, it may authorize the issuance of temporary notes in anticipation of the receipt of the proceeds from the sale of such bonds. The amount of such notes may equal but not exceed the amount of such bonds and can be renewed from time to time. Should the period between the date of the original notes and the maturity of the notes exceed two years, a payment of principal is required during the third and each subsequent year during which such temporary notes remain outstanding. Notes may not be renewed beyond ten years from the date of original issue. In addition, the General Statutes of Connecticut authorizes the city to borrow in anticipation of the receipt of State grants in aid.

School Construction Projects: For school construction projects approved by the State Legislature prior to July 1, 1996, the State of Connecticut will reimburse the City for principal and interest on bonds issued for eligible school construction costs over the life of outstanding school bonds.

For projects approved on or after July 1, 1996, Section 10-287(i) of the Connecticut General Statutes provides for proportional progress payments for eligible school construction costs. The City will only be required to issue bonds for costs net of such progress payments. The city is currently reimbursed at the rate of approximately 79 percent. This percentage is recalculated by the State annually. For certain Charter and Magnet Schools the

reimbursement rate is 90 percent. All the current school projects under construction were approved after July 1, 1996 and are subject to progress payments.

School construction projects that were approved by the State on or after July 1, 1996, are subject to progress payments which reimburse the city for costs during construction. To facilitate cash flow, the City of New Haven issued a general obligation note in anticipation of State grants for school construction projects under a tax-exempt revolving loan agreement. This general obligation note can accommodate the issuance of up to \$72,000,000 of grant anticipation notes under the revolving loan agreement, with an interest rate of  $(79\% \times (1 \text{ mo. LIBOR} + 30\text{bps}))$  (Indicative .3239%) (The product of (a) the sum of the LIBOR Index plus the Applicable Spread and (b) the Margin Rate Factor. -), which expires on May 25, 2023. As of June 30, 2021, the city has approximately \$69,000,000 of notes outstanding under the Agreement.

Authorized but Unissued Debt: As of June 30, 2021, the city had approximately \$226,255,187 in bonds authorized but unissued. This amount has been authorized solely for school construction bonds as of June 30, 2021.

Contingent liabilities of the City consist of New Haven Parking Authority revenue bonds and the Shubert Performing Arts Center management lease agreement which do not constitute a pledge of the full faith and credit of the City.

The Greater New Haven Water Pollution Control Authority: Pursuant to Section 22a-500 to 22a-519, inclusive, of the Connecticut General Statutes, as amended (the "Act"), and following the enactment of concurrent ordinances by the legislative bodies of the constituent municipalities of New Haven, East Haven, Hamden and Woodbridge (the "Constituent Municipalities") and the approval of a preliminary plan of operation by the Commissioner of Environmental Protection and the State Treasurer on July 28, 2005, the Greater New Haven Water Pollution Control Authority (the "Authority") was created as a public body politic and corporate of the State, and a political subdivision of the State established and created for the performance of an essential public and governmental function. The Authority was created to purchase the assets of the New Haven WPCA, including the East Shore Treatment Plant (the "Treatment Plant") which serves the Constituent Municipalities and to operate the Treatment Plant and to use, equip, re-equip, repair, maintain, supervise, manage, operate, and perform any act pertinent to the collection, transportation, treatment, and disposal of sewage with respect to the Constituent Municipalities.

Prior to the sale, operation and maintenance of the Treatment Plant had been performed under contract by Operations Management International, Inc. ("OMI") since 1997. This contract was assigned to the Authority and OMI has continued with its current responsibilities. OMI is also responsible for the operation and maintenance of the regional wastewater collection system, a role it performed previously with respect to the New Haven wastewater system. Similarly, the Authority assumed the contract with Synagro-CT, Inc. ("Synagro") to dispose of the sludge accumulated in the wastewater treatment process. Synagro has if service at the Treatment Plant since 1995.

The Authority issued \$91,290,000 Greater New Haven Water Pollution Control Authority Regional Wastewater System Revenue Bonds, 2005 Series A Bonds (the "2005 Series A Bonds") under and pursuant to the Act and an Indenture of Trust, dated as of August 1, 2005 between the Authority and U.S. Bank, National Association, as Trustee (the "Indenture"), to

finance (i) the acquisition from the Constituent Municipalities of their wastewater systems pursuant to an Asset Purchase Agreement, (ii) payments to the Constituent Municipalities for the purpose of providing funds to each such municipality sufficient to defease its outstanding general obligation debt issued for its wastewater system, (iii) deposits into a debt service reserve for the 2005 Series A Bonds and other reserves, and (iv) financing costs related to the issuance of the 2005 Series A Bonds. Simultaneously with the issuance of the 2005 Series A Bonds on August 29, 2005, the Authority received from the four Constituent Municipalities quitclaim deeds and other instruments of conveyance of their real property and personal tangible wastewater assets that comprise the regional wastewater system.

Upon the delivery of the 2005 Series A Bonds the City received \$34,332,000 from the Authority for its wastewater system, and \$28,433,383.93 to defease \$26,600,489.64 of its outstanding general obligation debt issued for its wastewater system. In addition, the Authority assumed \$33,306,979 of the City’s outstanding general obligation debt issued to the State of Connecticut under the State’s Clean Water Fund program (“Assumed Clean Water Fund Obligations”). The Assumed Clean Water Fund Obligations were replaced with Clean Water Fund Obligations of the Authority on June 14, 2007.

The Authority has assumed and continued the City’s original comprehensive program to separate storm and sanitary sewers in the City (“CSO Program”). CSO projects will be financed by loans and grants under the State’s Clean Water Fund which are eligible for 50% grants. The balance will be financed by loans bearing interest at a rate of 2% per annum. As specified in the CSO Agreement between the City and the Authority, the City will be responsible for payment to the Authority of 40% of the costs associated with Clean Water Fund Obligations issued pursuant to the CSO plan.

Tax anticipation notes: A Tax Anticipation Note (TAN) is a short-term debt security issued by a state or local government, in which payments (i.e., interest and principal payment) are secured by future tax revenue. State and local governments use tax anticipation notes to borrow money, typically for one year or less and at a low-interest rate

## **CAPITAL IMPROVEMENT PROGRAM**

The Capital Improvement Program of the City begins with departmental requests identifying the projects and providing an estimate of the cost and justification of the project. The departmental requests are transmitted to the Capital Projects Committee composed of the Controller, two members of the Board of Alders (not from the same political party) a member of the City Plan Commission appointed by the Mayor, the Planning Director, and four citizen members appointed by the mayor, whose terms run concurrently with the mayor's.

The Capital Projects Committee reviews and evaluates departmental requests and recommends a Capital Improvement Program to the Mayor not later than February 15<sup>th</sup> of each year. The mayor shall prepare and submit a capital budget to the Board of Alders as part of the annual budget submission. After a public hearing, the Board of Alders adopts an ordinance appropriating funds for capital projects. The capital budget is primarily used to finance improvements with an average life of five years or more as well as large scale permanent improvements. Regular capital improvement programs for the maintenance of City streets, sewers, parks and for purchases of major equipment are also financed through the capital budget. Capital budget funding comes from the following three primary sources: The City's general obligation bonds, State resources and Federal resources.

## **RELATED AUTHORITIES**

The New Haven Parking Authority was created and established in 1951 by the General Assembly of the State. The Parking Authority consists of the Traffic Engineer for the City and a Board of Commissioners with five members appointed by the mayor, not more than three of whom may be members of the same political party. The term of the appointed members of the Parking Authority is five years and one member's term expires on August 15 in each year. The term of the Traffic Engineer is indefinite. The daily operations of the Parking Authority are administered by its Executive Director.

The Parking Authority is authorized in the name of the City to acquire, construct, reconstruct, improve, operate, and maintain parking facilities at such locations as shall be approved by the Board of Alders. Subject to authorization and approval by the Board of Alders, the Parking Authority has the power to acquire real property or any interest therein for parking facilities by purchase, gift, devise, lease or by exercise of the power of eminent domain. The Parking Authority owns and operates or leases (as lessor) six major multi-level, drive-in parking garages primarily serving the downtown areas of the City. In addition, the Parking Authority owns or leases (as lessee) and operates sixteen surface parking lots serving the downtown and other areas of the City. The Parking Authority is also authorized, subject to authorization and approval of the Board of Alders, to finance its various projects through the issuance of general obligation bonds of the City, revenue bonds or bond anticipation notes, which may be secured using revenues from the following sources: ad valorem tax levies; parking fees and special charges from the use of parking facilities; appropriations duly authorized from the General Fund of the City; assessment of benefits against owners of real estate specifically benefited by any parking facility; gifts; bequests; devises; grants in aid or otherwise; and on-street parking revenues. The Board of Alders, in authorizing the issuance of revenue bonds, also fixes the initial schedule of rates, rentals, fees and other charges for the use of the parking facilities to be financed.

The Parking Authority is accounted for as a component unit in accordance with generally accepted accounting principles. By ordinance, annual audits must be conducted by an independent certified public accountant chosen by the Parking Authority.

The New Haven Solid Waste and Recycling Authority (NHSWRA) was created by Board of Alders vote on March 31, 2008. The NHSWRA is a municipal resource recovery authority whose responsibility is to provide the essential public and government function of furthering the health, safety, and welfare of its residents. The NHSWRA is specifically responsible for the operations and management of the New Haven transfer station and exercising supervision and control over administration of solid waste in the city.

New Haven Port Authority serves to enhance the economic competitiveness of the greater New Haven region and all of Connecticut through waterborne traffic.

The Port Authority was created by the New Haven Board of Aldermen in February of 2003 (Article II. Sec. 15-31) of the Code of Ordinances, in accordance with the General Statutes of the State of Connecticut CGS Sec. 7-329a. The Port of New Haven is the busiest port between New York and Boston and the largest deep-water port in the State of Connecticut. In the 2019 ranking by the U.S. Army Corps of Engineers of the top 150 ports in the United States, the port of New Haven placed fifty-second as measured by volume of cargo transiting the port.

Our Port is an integral component to the regional economy and represents a key connection in a comprehensive transportation network that includes water, rail, roads, and pipelines. It was created for the purposes of promoting the shipment of freight and commerce through the Port of New Haven. We work closely with the private terminal operators supporting businesses to advance that agenda.

Since our creation in 2003, we have collaborated with several City departments to secure funding to improve security and infrastructure at the port and will continue to seek funding opportunities to improve the port's infrastructure to promote a vibrant, secure, and environmentally sound port.

## **EMPLOYEE RETIREMENT SYSTEM**

The City maintains two single employer contributory, defined benefit pension plans, the City Employees' Retirement Fund (CERF) and the Policemen's and Firemen's Retirement Fund (PERF). These funds cover substantially all City employees, including non-certified Board of Education employees. The CERF was created in 1938. The PERF was created in 1958 as a replacement for separate police and fire pension funds. The former Policemen's Relief Fund and the Firemen's Relief Fund were merged into the combined fund in 1990. Retirement benefits for certified teachers are provided by the Connecticut State Teachers' Retirement System. The City does not contribute to this Plan.

The first pension system for City employees was established in 1937. The Special Act establishing that fund was repealed in 1939, when CERF was created. Separate pension funds for police officers and firefighters, respectively known as the Policemen's Relief Fund and a Firemen's Relief Fund (later collectively referred to as Police and Fire Plan No. 1), were established in 1899. Police and Fire Plan No. 2, which combined these formerly separate police and fire retirement funds for police officers and firefighters hired after December 31, 1957, was created by a Special Act in 1957. Police and Fire Plan No. 1 and Police and Fire Plan No. 2 were merged into a single pension fund, now known as, P&F in 1990 by means of an ordinance adopted on May 29, 1990.

Retirement benefits for school administrators and certified teachers are provided by the Connecticut State Teacher's Retirement Fund to which the City does not contribute.

Executive Management Employees (Coordinators and Department Heads) whose initial hire date into City service was on or after July 1, 2008 are not eligible to join CERF, and after December 27, 2011, rehired Executive Management Employees, elected officials, and Confidential Employees (General Fund non-bargaining unit General Fund employees who are not members of Executive Management) who are not members of CERF or P&F on the date of their hire, rehire or assumption of elected office, as the case may be, are covered by Social Security, and, in addition, the City contributes 7.5% of their base pay to a defined contribution plan.

Terms and conditions of CERF (with the exception of some terms applicable to Executive Management and Confidential Employees, who are not subject to collective bargaining) are subject to collective bargaining agreements between the City or the New Haven Board of Education and the following bargaining units: Unit 34 of United Public Service Employees Union Local 424, UE Local 222 CILU/CIPU, Local 71, Local 884 of the American Federation Of State, County and Municipal Employees, New Haven Management & Professional Management Union, Local 3144, Council 4, AFSCME, AFL-CIO, Unite Here Local 217, AFL-CIO, Board of Education Employees Local 287 of Council 4 AFSCME, AFL-CIO, United Brotherhood of Carpenters and Joiners of America, Local 24, Brotherhood of Painters and Allied Trades, District Council 11, International Brotherhood of Electrical Workers, Local 90, and United Association of Journeymen, Apprentices of the Plumbing and Pipefitting Industry of the United States and Canada Local 777, Local 1303-464 of Council 4, AFSCME, AFL-CIO, and Local 1303-467 of Council 4, AFSCME, AFL-CIO. For Executive Management and Confidential Employees who are members of CERF the terms and conditions of the CERF are set forth in the Executive Management and Confidential Employees Personnel and Procedures Manual which has been duly adopted by the City.

Terms and conditions of P&F are subject to the collective bargaining agreement between the City and the New Haven Police Union Elm City Local Inc. for police officers and the collective bargaining agreement between New Haven Fire Union, Local 825 International Association of Fire Fighters, AFL-CIO for firefighters.

In the more recent collective bargaining agreements, significant changes were agreed to for the purposes of enhancing the financial soundness of the Pension Funds and amortizing their unfunded accrued actuarial liability ("UAAL"). These changes include but are not limited to establishing a tier system which reduces the rate of annual Cost of Living Adjustments ("COLAs") to 2% for CERF and includes lifetime caps for some bargaining units and reducing the COLAs from 4% to 3% for certain firefighters and from 4% to 2% for police officers. In addition, COLAs for both the newest hires for police (hires after April 10, 2012) and fire (hires after August 28, 2013) have been reduced to 1.5%. Also, employee contribution percentages (12% for Police and 11% for Fire) have been increased as has the service years required for age retirement eligibility for P&F. Finally, overtime earnings have been eliminated from pension calculation totals for new P&F hires and in many CERF collective bargaining agreements as well.

In addition, the investment return assumption for both plans were reduced from 7.75% per year to 7.25% per year, net of investment expenses, which has had the effect of increasing the City's annual required contribution and the Entry Age Normal Method is now used to determine actuarial cost rather than the previous For FY 2023-2024, The City and pension boards agreed to lower the investment rate of return to 6.90% for each respective fund.

## **CITY NET OPEB LIABILITY**

GASB defines other post-employment benefits (OPEB) as benefits other than pensions that state and local governments provide their retired employees. These benefits principally involve retiree health care benefits, but they also can include life insurance, legal, disability, and other services. Under existing standards, governments are required to record an OPEB liability equal to their cumulative amount of unpaid annual required contributions.

GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (OPEB), was implemented on July 1, 2017 (FY 2018). This statement revised and established new financial reporting requirements for most governments that provide their employees with postemployment benefits other than pensions. Among other requirements, Statement No. 75 required governments to report a liability on the face of the financial statements for the OPEB that they provide:

1. Governments that are responsible only for OPEB liabilities related to their own employees and that provide OPEB through a defined benefit OPEB plan administered through a trust that meets specified criteria will report a net OPEB liability—the difference between the total OPEB liability and assets accumulated in the trust and restricted to making benefit payments.
2. Governments that participate in a cost-sharing OPEB plan that is administered through a trust that meets the specified criteria will report a liability equal to their proportionate share of the collective OPEB liability for all entities participating in the cost-sharing plan.
3. Governments that do not provide OPEB through a trust that meets specified criteria will report the total OPEB liability related to their employees.

The Narrative Section of the Budget provides a snapshot of each Department, including its mission/objective, current year highlights and goals for the next fiscal year.

## **Capital Budget:**

The Capital Budget contains the descriptions of the major projects that the City will issue Bonds (debt) to finance over the next fiscal year. This section also includes any additional funds from State and Federal resources that will contribute to each project. In addition, the Budget reflects anticipated future projects.

### **Special Funds Revenue Budget:**

This section of the Budget includes anticipated revenues and expenditures of Federal, State and Private Grants. The Community Development Block Grant (CDBG), Home investment Partnership (HOME), Housing Opportunities for Persons with HIV/AIDS (HOPWA) and the Emergency Solutions Grants (ESG) are statutory entitlement grants from the Federal Government.

### **Enterprise Fund Budget:**

The City has four existing Enterprise Funds. These Budgets are approved by the Board of Alders and reflect functional activities that are self-sustaining. These funds include: The Alling Memorial Golf Course, Ralph Walker Skating Rink, East Rock Park Communications Tower, and the Lighthouse Park Carousel Fund.

### **Licenses Permits and Fees:**

The annual update to the License, Permits and Fee Schedules are included as a companion to the Budget document. This section enables the City to keep pace with rising costs associated with delivering these services that entitle recipients to either an exclusive use or a service that not everyone benefits from. If fees did not keep pace with rising costs, this burden would be shifted toward the taxpayer, who may not benefit from these specialized services. Changes this year are recommended by the Fire, OBIE, Transportation, Traffic and Parking and the Parks Department.

### **Budget Summary & Financial Summary:**

This section contains a summary of the City Budget, City financial procedures and recent performance along with many supporting charts and graphs.

### **Historic Trends:**

This section contains information including the mill rate, tax collection rate, position counts and bond ratings.

***TAX LEVY AND REVENUE APPROPRIATING ORDINANCE #2 AN ORDINANCE MAKING TAX LEVY AND REVENUE ASSUMPTIONS FOR THE FISCAL YEAR JULY 1, 2023 THROUGH JUNE 30, 2024***

**WHEREAS:** The Mayor of the City of New Haven has made estimates of the amount of money necessary to appropriate for the expenses of the City during the next fiscal year, beginning July 1, 2023 through June 30, 2024, and has classified such expenses under appropriate heads and Departments, as more fully appears in "Appropriating Ordinance #1", An Ordinance Making Appropriations for Operating Departments of the City of New Haven for the Fiscal Year July 1, 2023 through June 30, 2024, and

**WHEREAS:** said Appropriating Ordinance #1, after publication and due hearing and consideration thereof pursuant to the provisions of the Charter of the City, has been enacted by the New Haven Board of Alders; and

**WHEREAS:** the overall Net Taxable Grand List of October 1, 2022 is estimated at \$9,074,490,724 of property in Wards 1-30, inclusive as submitted by the Assessor; and

**WHEREAS:** by utilizing such authorization for real estate and personal property, with such authorization, the Net Taxable Grand List of October 1, 2022 to be utilized is estimated at \$9,074,490,724 of property in Wards 1-30, inclusive, and it is estimated that 97.61% will be collected on real estate, 96.89% on personal property and 86.40% on motor vehicles.

**NOW, THEREFORE, BE IT ORDAINED BY THE NEW HAVEN BOARD OF ALDERS THAT:**

The taxes for said next fiscal year shall be based upon the rate of taxation recommended to this Board by the Mayor, of which for real estate, personal property and motor vehicle shall be at a rate of **37.20 mills** for Real Estate and Personal property and **32.46 mills** for motor vehicle, upon the ratable estimates within the limits of the City of New Haven to meet said expenses as enumerated in appropriating ordinance #1.

- I. Said taxes shall become due on July 1, 2023 and shall be payable in two semi-annual installments from that date: namely, July 1, 2023 and January 1, 2024. However, any tax of less than one hundred dollars (\$100) shall be due and payable in a single installment on July 1, 2023. Further, the tax on any motor vehicles registered with the Commissioner of Motor Vehicles after October 1, 2022, shall be due and payable in a single installment on January 1, 2024 as provided in Section 12-71b of the General Statutes of Connecticut, Revision of 1958 as amended.
- II. Pursuant 12-144c of the general Statutes of Connecticut, Revision of 1958 as amended; (a) any property tax due in an amount less than five dollars (\$5) is waived, and (b) any property tax that remains due on an account after the receipt of payment and that is less than two dollars (\$2) is waived.
- III. The receipts from taxes levied to meet the expenses of the City for the next fiscal year beginning July 1, 2023, through June 30, 2024, and such miscellaneous revenues received by the City in said year, and not designated by law or regulation to be appropriated to other purposes, shall be and the same hereby are appropriated to meet the estimated general expenses of the City as contained in said Appropriating Ordinance #1 as approved by this Board.
- IV. Revenues received by the City for the next fiscal year beginning July 1, 2023, through June 30, 2024, more than the total appropriations for the general expenses of the City as contained in said Appropriating Ordinance #1, shall not be expended or encumbered without approval by the Mayor and Board of Alders.

# **REVENUE EXPLANATIONS**

## **CURRENT CITY TAXES**

Real and personal property taxes are levied on real estate and personal property of businesses on July 1 of each fiscal year and is payable in semi-annual installments on July 1 and January 1. Motor vehicle taxes are levied and are payable in 2 installments on July 1 and January 1.

The Fiscal Year 2023-2024 budget **for REAL AND PERSONAL PROPERTY TAXES** is based on the October 1, 2022, Net Taxable Grand List of \$9,074,490,724.

The City Charter requires budgeted revenues to reflect a tax collection rate of at least 1% below the actual collection rate of the last completed fiscal year. Actual tax collections were 97.91% in FY 2021-22, 98.61% for real estate, 97.89% for personal property and 87.40% for motor vehicles. Based on this requirement and tax collections of the current year, a collection rate of 1% less for each category has been used for budgeted tax revenue for FY 2023-2024.

**The mill rate for FY 2023-2024 Mayors proposed budget is 37.20 for Real Estate, Personal Property, and 32.46 for Motor Vehicle.**

**SUPPLEMENTAL MOTOR VEHICLE TAXES** are budgeted separately from the regular July 1 tax levy. These taxes will be levied on January 1, 2024 on motor vehicles acquired after the October 1, 2022 assessment date. For 2023-2024, the budget assumes that the Supplemental Motor Vehicle Tax collections will be like those of the current year.

Supplemental motor vehicles are vehicles which were not registered on October 1st but are registered after October 1st and prior to August 1st. Motor vehicles taxes are prorated from the month registered through September at the following percentages of assessed value:

October.....	100%
November....	91.7%
December....	83.3%
January.....	75.0%
February.....	66.7%
March.....	58.3%
April.....	50.0%
May.....	41.7%
June.....	33.3%
July.....	25.0%

**CURRENT INTEREST** is budgeted for interest charged on current taxes not received within 30 days of the July 1 and January 1 due dates, at the rate of 1.5% per month.

### **DELINQUENT CITY TAXES**

Pursuant to State Statutes, property taxes are subject to a fifteen-year statute of limitations. All taxes collected in this category are budgeted in DELINQUENT REAL AND PERSONAL PROPERTY TAXES. Collection of delinquent taxes are also enforced through foreclosure and tax warrants. The interest rate on delinquent taxes is 1.5% per month or 18% per annum.

## STATE GRANTS FOR EDUCATION

The **EDUCATION COST SHARING (ECS) GRANT** Program, authorized by State legislation in 1988, and effective beginning July 1, 1989, replaced the Guaranteed Tax Base (GTB) Grant and the Education Enhancement Aid (EEA) Grant programs (minimum salary aid, teacher salary aid, general education aid and teacher-pupil ratio aid). The ECS grant formula calculates State aid using a formula which considers a student poverty measure to determine student need and a State aid percentage based on the City's wealth as compared to the State guaranteed town wealth level.

The Department of Education administers the Education Equalization Grants pursuant to C.G.S. section 10-262f, section 10-262g, section 10-262h, section 10-262i, and section 10-262j. Until FY 2030, there is a process in statute by which districts are being phased-in towards their fully funded ECS grant. This process is intended to gradually increase the grants of some districts, while gradually decreasing the grants of other districts, until all districts are receiving their fully funded ECS grant as determined by the statutory formula. As currently structured, this phase-in process results in an anomaly that applies the phase-in process differently for 31 districts.

ECS continues to be Connecticut's primary education equalization aid program and accounts for well over 50 percent of the total state contribution to public elementary and secondary education. Pursuant to Section 10-262f (26) of the Connecticut General Statutes, ECS Town Wealth is determined based on a town's property tax base and the income of its residents.

New Haven is an Alliance district. Alliance Districts are school districts with among the lowest Accountability Index measures in the state or those previously designated as Alliance Districts for the fiscal years ending June 30, 2013 through June 30, 2017. The Alliance District program was initiated in 2012-13 in accordance with C.G.S. 10-262u. The initial cohort of 30 districts were identified for a period of five years. Beginning in 2017-18 there are 33 Alliance Districts. The steps used for identification are included below:

**Pursuant to State statute, any increase in ECS goes toward the alliance portion of Education Cost Sharing.** Connecticut General Statute Section 10-262u establishes a process for identifying Alliance Districts and allocating increased Education Cost Sharing (ECS) funding to support district strategies to dramatically increase student outcomes and close achievement gaps by pursuing bold and innovative reforms. Pursuant to C.G.S. § 262u, each Alliance District's receipt of its designated ECS funding is conditioned upon district submission and the Commissioner of Education's approval of a plan, district progress and performance relative to that plan, and subsequent annual amendments, in the context of the district's overall strategy to improve academic achievement.

**STATE AID FOR CONSTRUCTION AND RECONSTRUCTION:** The State reimburses local governments for debt payments for old school construction projects based upon the principal and interest debt schedules.

**HEALTH SERVICES-NON-PUBLIC SCHOOLS** program provides reimbursement according to a sliding scale ranging from 45% to 90%, for the costs of eligible health related services provided by the City to children who attend non-public schools.

**LOCAL AND DISTRICT HEALTH DEPARTMENTS** A statutory per capita grant is paid by the Department of Public Health to eligible local health authorities, pursuant to C.G.S. section 19a-202 and section 19a-245. Upon application:

Each health district that has a population of at least 50,000 or serves at least three municipalities receives \$2.60 per capita for each town, city, and borough of such district, provided (1) the commissioner approves the district's public health program and budget, and (2) the towns, cities, and boroughs of such district appropriate from annual tax receipts for the maintenance of the health district not less than \$1 per capita.

Each municipal health department receives \$1.93 per capita, provided the municipality (1) employs a fulltime director of health, (2) submits a public health program and budget which is approved by the commissioner, (3) appropriates not less than \$1 per capita from annual tax receipts for health department services, and (4) has a population of at least 50,000. By law, every city or town having a population over 40,000 for a period of five consecutive years must hire a full-time local director of health.

Pursuant to C.G.S. section 19a-202(b) and section 19a-245(b), the commissioner of public health shall reduce payments to local health authorities proportionally in any fiscal year in which the amount appropriated for such purpose is less than the aggregate statutory per capita grant amounts.

**SPECIAL EDUCATION: EXCESS COSTS - STUDENT BASED** The State Department of Education administers the Excess Costs-Student Based grant pursuant to C.G.S. section 10-76d, section 10-76g and section 10-253. Costs more than four and one-half times a town's average cost per pupil for the prior year are paid for students placed in a special education program by a school district, pursuant to C.G.S. section 10-76g(b). For placements initiated by a state agency, a Superior Court or a federally recognized Native American tribe (rather than by a local school district), this program provides 100% reimbursement of costs more than the District's prior year Net Current Expenditure Per Pupil (NCEP), pursuant to C.G.S. section 10-76d(e)(3) and section 10-76g(a)(1).

For certain no-nexus students and special education students who reside on state property, 100% of the current year cost is covered, pursuant to C.G.S. section 10-76g(a)(1) and section 10-76d(e)(3).

Beginning in FY 2023, if the sum of the statewide district by district entitlements is larger than the appropriation, districts are sorted into three tiers based on community wealth. Each tier receives a grant of a different percentage of their uncapped grant. The neediest tier receives 76.25% of their uncapped grant, the middle tier receives 73.25% of their uncapped grant, and the wealthiest tier receives 70% of their uncapped grant. Under current law, there is no

mechanism in statute to distribute remaining funds if the amount appropriated exceeds the statewide sum of districts' entitlements. To enable the State Department of Education (SDE) to expend the entire FY 2023 Excess Cost appropriation, the Governor is recommending the following changes to the Excess Cost Grant: (1) Revising the enabling legislation to change the reimbursement percentages to 91%, 88% and 85%; and (2) Allowing SDE to distribute the remainder of the appropriation to recipients proportionally. Grantees receive 75% of their payments in February and the balance in May. This schedule is unchanged by the Governor's recommended technical changes to current law.

## **TIERED PAYMENT-IN-LIEU OF TAXES (PILOT) PROGRAM**

The CT Office of Policy and Management (OPM) administers Payment-in-Lieu of Taxes (PILOT) programs for: (1) state-owned property, and (2) certain private, tax-exempt property. Prior to FY 2022, each grant program was funded distinctly via separate General Fund appropriations to OPM. The formula for each grant program is described below.

### **1. State Owned PILOT**

- a. This program provides payments for real property tax losses due to exemptions applicable to state-owned real property, certain real property that is the subject of a state lease or long-term financing contract, municipally owned airports and certain land held in trust by the federal government. A property's use and the amount of state-owned real property in a town have historically determined the percentage of property tax exemptions reimbursed by PILOT, which are:
  - i. 100% for state prison facilities used for purposes of incarceration in the prior fiscal year, any portion of the John Dempsey Hospital used as a permanent medical ward for prisoners, property and facilities owned by the Connecticut Port Authority, land designated under the 1983 settlement boundary and taken into trust by the federal government for the Mashantucket Pequot Tribal Nation, and all state-owned property in a town in which the State of Connecticut owns more than 50% of the property within the town's boundaries.
  - ii. 65% for the Connecticut Valley Hospital and Whiting Forensic Hospital.
  - iii. 45% for all other state-owned real property, certain real property leased by the state as described in section 4b-39, municipally owned airports and certain other real property owned or controlled by the federal government.
- b. A grantee's payment in any year may reflect a modification due to an audit of an amount previously paid. Since FY 2015, the four towns of Windsor Locks, Suffield, East Granby, and Windsor receive a total of \$4,678,571.79 directly from the Connecticut Airport Authority, for the Bradley International Airport property, regardless of actual property tax loss. This payment is not part of the State-Owned PILOT payment.

### **2. Private Colleges and Hospitals PILOT**

- a. This program provides payments for real property tax losses due to exemptions applicable to eligible private colleges and general and free-standing chronic disease hospitals. The calculation of the full PILOT for towns and certain fire

districts reflects 77% of their tax losses for the appropriate grand list. Exceptions to this calculation include the campuses of the Connecticut Healthcare Systems located in Newington and West Haven and owned by the United States Municipal Aid E – 5 Department of Veterans’ Affairs. Additionally, the following payments are specified in statute: \$5,000,000 to Bridgeport for non-specific PILOT support; \$100,000 for the Connecticut Hospice in Branford; \$1,000,000 for the United States Coast Guard Academy in New London; and \$60,000 for the state-owned forest in Voluntown. A municipality’s payment in any year may reflect a modification due to an audit of an amount previously paid. There is also a proportionate reduction of PILOT totals to the amount of the appropriation in any year in which funding is insufficient.

- b. Notwithstanding the statutory formulas, town-by-town payment lists were established for both PILOT programs from FY 2016 through FY 2021. Beginning in FY 2022, Municipalities and districts receive a percentage of their full PILOT calculations based on the qualifications established in P.A. 21-3. The new Tiered PILOT approach divides grantees into three separate tiers:
  - c. Grants paid to districts are calculated using the tier of the municipality in which the district is located as follows:
    - i. Tier 1 grantees receive 50% of the total PILOT formula calculations described above
    - ii. Tier 2 grantees receive 40%
    - iii. Tier 3 grantees receive 30%
  - d. Additionally, every grantee must receive at least the same amount as the sum of State-Owned PILOT and College & Hospital PILOT grants that they received in FY 2021.
  - e. In S.A. 21-15, a total of \$230.3 million was appropriated in FY 2022 and \$243.9 million in FY 2023 to support PILOT grants. Pursuant to section 448(a)(2) of P.A. 21-2, J.S.S., the balance of Tiered PILOT grants payable after General Fund appropriations are exhausted is funded by MRSA in FY 2023.
3. Beginning in FY 2024, the Governor’s recommended budget appropriates \$317.1 million from the Municipal Revenue Sharing Fund for Tiered PILOT.

**MUNICIPAL VEHICLE TAX PAYMENT** C.G.S. Section 4-66l provides for motor vehicle property tax grants, also known as municipal transition grants. Pursuant to C.G.S. section 12-71e, municipalities may not impose mill rates higher than 32.46 mills on motor vehicles. The municipal transition grant reimburses local governments for the foregone tax revenue resulting from this motor vehicle property tax cap.

P.A. 22-118 lowered the mill rate cap on motor vehicles from 45 mills to 32.46 mills beginning in FY 2023. The midterm budget adjustments include an additional \$100 million to reimburse municipalities due to the lower cap, with grant reimbursements based on grand list data from the prior year. This expanded grant program also reimburses districts directly for revenue impacts resulting from the proposed new mill rate cap if the combined mill rate of the district and the municipality in which it is located exceeds 32.46 mills.

**Beginning in FY 2024, the Governor’s recommended budget appropriates \$155.3 million from the Municipal Revenue Sharing Fund for motor vehicle tax payments.**

**MUNICIPAL STABILIZATION GRANT:** Municipal Stabilization grants are paid to municipalities based on statutory payment lists. Grants are paid on or before October 31st. Town-by-town payment lists for FY 2022 and FY 2023 were established in Section 34 of S.A. 21-15.

Beginning in FY 2024, the Governor’s recommended budget combines the payment lists for Municipal Revenue Sharing and Municipal Stabilization and distributes the combined payments as Supplemental Revenue Sharing grants from the Municipal Revenue Sharing Fund.

**SUPPLEMENTAL REVENUE SHARING GRANTS** Beginning in FY 2024, the Governor’s recommended budget combines the payment lists for Municipal Revenue Sharing and Municipal Stabilization and distributes the combined payments as Supplemental Revenue Sharing grants from the Municipal Revenue Sharing Fund. These payments are equal to the sum of payments each municipality received under the payment lists in sections 34 and 35 of S.A. 21-15.

**MUNICIPAL REVENUE SHARING GRANT GENERAL FUND:** Municipal Revenue Sharing Grants from the General Fund are historically made pursuant to payment lists in the budget act for each biennium. For FY 2022 and FY 2023, a payment list was established in Section 35 of S.A. 21-5, JSS that maintains the same funding that each of the five grantees received in FY 2021.

**Beginning in FY 2024, the Governor’s recommended budget combines the payment lists for Municipal Revenue Sharing and Municipal Stabilization and distributes the total combined payments as supplemental revenue sharing grants from the Municipal Revenue Sharing Fund.**

**MUNICIPAL REVENUE SHARING GRANT:** Pursuant to subsection (b)(4) of section 4-66l as amended by P.A. 21-2, J.S.S. and section 448(b)(2) of P.A. 21-2, J.S.S., after the requirements in subsections (a) and (b) of section 448 of P.A. 21-2, J.S.S. are satisfied, moneys remaining in the Municipal Revenue Sharing Account (MRSA) will be distributed to municipalities according to the formula in subsection (e) of section 4-66l as amended by P.A. 21-2, J.S.S and P.A. 22-118.

Each municipality's grant is calculated based on factors including mill rate and population. Grants to municipalities that exceed the spending cap or rate of inflation as defined in section 4-66l are reduced according to the provisions of that section. Pursuant to P.A. 22-118, grants are made by October 1st following the fiscal year in which revenue accrued in the account. As a result, sales tax revenue deposited into the account for FY 2023 will be distributed to municipalities by October 1st in FY 2024.

**Beginning in FY 2024, the Governor's recommended budget redirects sales and use tax deposits from MRSA to the Municipal Revenue Sharing Fund to fund specific programs.**

**TELECOMMUNICATION PROPERTY TAX:** This program was enacted in 1989 to replace the Telephone Access Line Tax Share Grant which was repealed. Under this program, telecommunication companies are required to make payments directly to the municipality based on the companies' assessed personal property value located in each municipality based on a mill rate of 47. This payment is made by Sprint, Verizon, and AT&T. The State reviews all assessment data and permits accelerated depreciation schedules that are not allowed under municipal assessment statutes.

**OFF-TRACK BETTING** facilities located here, at the rate of one percent of the total money wagered.

**MASHANTUCKET PEQUOT FUND** The Office of Policy and Management administers this program under which payments from the proceeds of the Mashantucket Pequot and Mohegan Fund are determined pursuant to C.G.S. section 3-55i, section 3-55j, section 3-55k, and section 96 of P.A. 06-187, which is not codified but remains in effect. The formula in statute has not been in effect since FY 2017, and payments in each year have instead been issued according to a payment list established in each biennial budget act.

A town's grant statutory formula grant amount is reduced proportionately to the program's annual appropriation, although certain provisions of the formula are not subject to this provision. Pursuant to C.G.S. section 22a-27j, a town's first grant payment in any year may reflect a deduction of up to \$4,000 if the town has failed to make required payments to the Environmental Quality Fund. The estimates shown in this publication do not reflect these deductions, nor do they separately reflect that portion of the grant based on the PILOT formulas described above in (1) and (2) that certain towns must share with an eligible special services district located within their boundaries.

As noted above, town-by-town payment lists for Mashantucket Pequot and Mohegan Fund grants have been established each year since FY 2018. For FY 2022 and FY 2023, the town-by-town payment list in section 36 of S.A. 21-15 reflects the same distribution as in FY 2021. In FY 2023, P.A. 22-118 requires a distribution of \$3,000 per tribe payment to the Schaghticoke, the Paucantuck Eastern Pequot and the Golden Hill Paugussett. C.G.S. section 12-62 governs real property revaluation requirements for Connecticut towns.

A town's failure to implement a revaluation in accordance with statutory requirements could result in the imposition of a penalty equal to the forfeiture of 50% of its Mashantucket Pequot and Mohegan Grant and the loss of the amount otherwise allocable under the Local Capital Improvement Program (LoCIP). The Secretary of the Office of Policy and Management may waive the penalty for a reason set forth in C.G.S. section 12-62(d). Pursuant to section 63 of P.A. 21-2, J.S.S., any municipality in which a school uses a Native American name, symbol, or other reference as the mascot, nickname, logo, or team name for its athletic team shall not receive a grant under this program in FY 2023 or thereafter. Exceptions are made in certain circumstances specified in the same section. Grantees receive payments in three installments on or before January 1st, April 1st, and June 30th.

Beginning in FY 2024, the Governor's recommended budget appropriates \$51.5 million from the Municipal Revenue Sharing Fund to replace the Mashantucket Pequot and Mohegan Fund as the funding source for the program. Grants are distributed according to a payment list with each municipality's payment equal to the one received in FY 2023 under S.A. 21-15.

**MUNICIPAL TRANSITION GRANT** C.G.S. section 4-66l(c), as amended by sections 23 and 24 of P.A. 18-81, provides for motor vehicle property tax grants. Pursuant to section 12-71e of the general statutes as amended by section 699 of P.A. 17-2 (JSS), municipalities may not impose mill rates higher than 45 mills on motor vehicles. The municipal transition grant reimburses local governments for the foregone tax revenue resulting from this motor vehicle property tax cap.

**Trust by the federal government.** The State enacted the **DISTRESSED CITIES EXEMPTION** program to allow manufacturing facilities in certain municipalities to receive an 80% exemption from their property taxes if they acquire, construct, or substantially renovate their facilities after July 1, 1978. The State reimburses the City for 50%, and the City experiences a tax loss for the remaining 50%.

The State provides grants to the City for various State-mandated property tax relief programs for the elderly, disabled and veterans who meet certain income criteria. These programs include: TAX RELIEF FOR THE ELDERLY-FREEZE; TAX RELIEF ELDERLY CIRCUIT BREAKER; AND REIMBURSEMENT FOR LOW INCOME VETERANS AND REIMBURSEMENT FOR TOTALLY DISABLED.

**The PILOT: BOATS** program began in 1982 when the State removed the local property tax on boats and increased the State boat registration fees. The PILOT reimburses the City for partial tax loss, frozen at the 1978 Grand List Assessment. The Governor's budget does not continue the funding of this program.

**MOTOR VEHICLE PROPERTY TAX GRANTS: BOATS** Pursuant to section 12-71e of the general statutes, municipalities may not impose mill rates higher than 45 mills on motor vehicles. This grant, previously referred to as the Municipal Transition grant, reimburses local governments for the foregone tax revenue resulting from this motor vehicle property tax cap.

Notwithstanding the statutory formula in section 4-66l(c), a formula was established in Section 70 of P.A. 19-117 for Municipal Transition grants in FY 2020 and FY 2021. According to the formula, grants to municipalities in FY 2021 represent the difference between their motor vehicle property tax revenue at 45 mills and their motor vehicle tax revenue if their motor vehicle mill rate had been the same as their real and personal property mill rate,

based on each town's grand list in the assessment year commencing in October 2017.

Grantees receive payments by August 1st.

**TOWN AID: ROADS** The Department of Transportation administers the Town Aid Road Fund grant pursuant to C.G.S. section 13a-175a through section 13a-175e, inclusive, and section 13a-175i. Towns and boroughs use these grants for various purposes, including the construction and maintenance of public highways, roads, and bridges. The Secretary of the Office of Policy and Management may approve the use of funds for other purposes. Grant calculations depend upon factors that include population data and the number of a municipality's improved and unimproved road miles. There is an allocation to the amounts the statutes specify for each formula calculation. Additionally, there is a proportionate adjustment of grant totals, as calculated, to the amount of funding available. Municipalities receive 50% of this grant in July and the balance in January.

Beginning in FY 2024, the Governor's recommended budget appropriates \$60 million from the Special Transportation Fund to replace bond authorizations as the funding source for the program.

**LOCAL CAPITAL IMPROVEMENT PROGRAM (LoCIP):** LoCIP grants are administered pursuant to C.G.S. section 7-535 through section 7-538, inclusive. The Office of Policy and Management must approve LoCIP projects; eligibility parameters and expanded uses and time frames are described in C.G.S. section 7-536. Towns and boroughs must request an authorization for a project. Reimbursement requests for an approved project must be made within seven years of its approval date although there may be a waiver of this provision if appropriate terms and conditions are met. Reimbursement cannot exceed the total of a grantee's unused entitlement. This includes the formula-generated amount for the current fiscal year (which is available on March 1) and the unused portion of all previous entitlements. Grantees receive payments after expenses have been incurred and local funds have been expended for an approved project by submitting a certified reimbursement request and providing required expenditure information. Payments are issued once the reimbursement request has been approved and after funds become available following the allotment of funds from state bond proceeds.

**GRANTS FOR MUNICIPAL PROJECTS:** The Office of Policy and Management administers this program, also known as municipal grants-in-aid, pursuant to p.a. 13-239 section 55, p.a. 13-247 section 128, and p.a. 15-1 (jss) section 55 and section 432 of p.a. 17-2 (jss) for the construction and maintenance of public highways, roads, and bridges pursuant to c.g.s. Section 13a-175a(b). Pursuant to section 57 of p.a. 20-1, total bond authorizations in fy 2020 and fy 2021 were \$76 million. Recommended bond authorizations for fy 2022 and fy 2023 are maintained at \$76 million per fiscal year.

**MUNICIPAL GRANTS IN AID:** The Office of Policy and Management administers this program for the construction and maintenance of public highways, roads, and bridges pursuant to C.G.S. section 13a-175a. Total bond authorizations in FY 2021 were \$76 million.

For FY 2022 and FY 2023, total bond authorizations were increased to \$91 million in section 55 of P.A. 21-111. No payment date is specified.

## **RECEIVED FROM LICENSES, PERMITS, SERVICES AND FEES**

This revenue category encompasses a broad range of user charges, most of which the City has the power to establish and the remainder of which are set by Connecticut General Statutes. These estimates are based upon increasing fees to reflect the rate of inflation and the rising cost of doing business.

**BUILDING INSPECTIONS:** Revenues are generated from the issuance of building permits and zoning fees. The FY 2023-2024 estimate is based on the current level of permit applications for major projects as well as routine permits for alterations and repairs.

**CITY/TOWN CLERK:** These revenues include recording or copying land records, dog licenses, ferret licenses, liquor permits, majority cards, and purchasing copies of City ordinances and documents. All such fees are established by State statute.

**FIRE SERVICE:** Various permits and licenses including hydrant permits, explosive permits, cutting and welding permits and flammable liquid licenses, in addition to the new fee for medical services performed by our EMS personnel.

**FIRE PREVENTION SERVICES:** Non-Life Hazard Use Buildings and Vacant Buildings pose additional risks to the public and first responders. Preplan, Registration and Inspections of these buildings assist the public and fire fighters in identifying hazards and ensure all protective systems are in place and are in working order. Vacant building requires preplanning, risk identification and placarding.

**FIRE SERVICE NON-LIFE HARD FEE:** In addition to the registrations required by the Chapter 541 of the Connecticut General Statute, the following non-life hazard uses shall be preplanned and registered by the New Haven Fire Department, and inspected once per year under the standards established by the Chapter 541 of the Connecticut General Statute, and shall pay an annual fee as set forth below:

**HEALTH SERVICES:** Restaurant and other licenses including pools, sand blasting permits and daycare inspections.

**HEALTH SERVICES SCHOOL BASED CLINIC FEE:** The City of New Haven collects a fee administered by the Health Department to collect a fee from the school-based health centers that operate in the New Haven Public Schools.

**PARKS DEPARTMENT:** Fees recover some of the costs of operating various recreational facilities and sponsoring programs.

**POLICE SERVICE:** Fees for copies of Police reports and various licenses and permits. Fees for the sale and reclaiming of stray animals.

**POLICE FINGERPRINTING:** Fingerprinting revenue is from the fingerprinting fee charged to residents who come to the Police Department voluntarily to be fingerprinted for job applications, pistol permits, etc. This service is currently being provided by a third-party that does charge a fee but does not share a portion of that fee with the City of New Haven. The Police Department was hoping to take back the fingerprinting responsibilities in July 2018, but the contract and fingerprinting machines were not in place.

**POLICE FALSE ALARMS:** Police Administration Fines/False Alarms revenue is from the collection of resident and commercial burglar fees that are in the City's Alarm Ordinance which consist of a failure to register fee and fees for false alarms. A third-party is currently enforcing the Alarm Ordinance and the City shares the revenue with this company.

**POLICE TOWING:** Police Administration Fines/False Alarms revenue is from the collection of resident and commercial burglar fees that are in the City's Alarm Ordinance, which consist of a failure to register fee and fees for false alarms. A third party is currently enforcing the Alarm Ordinance and the City shares the revenue with this company.

**PUBLIC WORKS:** Various licenses and permits, including excavation licenses and permits, sidewalk licenses and permits and obstruction permits. These permits are issued at the OBIE Licensing Center.

**REGISTRAR OF VITAL STATISTICS:** Purchasing copies of birth, marriage, and death certificates. Fees for these services are established by State statute.

**TRANSPORTATION, TRAFFIC AND PARKING - METER RECEIPTS:** Parking meter receipts is revenue generated from parking, estimates are based upon the sun setting of Saturday parking and the extension of hours of enforcement pending approval of the Traffic Authority as required by Sec. 29-64(a) of the New Haven Code of Ordinances.

**TRANSPORTATION, TRAFFIC AND PARKING - PERMITS:** Represents the efforts of the Traffic & Parking Department in various permitting revenue operations. No Parking sign postings, Pedal Cab Operators, Parking Lots, Street Banner, and Low speed vehicles.

**TRANSPORTATION, TRAFFIC AND PARKING – RESIDENTIAL PARKING:** This line item covers the revenue collected from the sale of residential parking zone permits and Green Park permits. The revenue for this line is from sale of monthly or weekly passes sold to non-residents to override the residential parking zone ordinance per section 29-55(b). The Department has sought to clarify ordinances which were not yet reflected in the fee schedules, including addition of new duration of business permits (daily, weekly, monthly) based on feedback from the business community.

**PARKS EMPLOYEES RENT:** Rental income from employees who utilize City owned houses on park property.

**PARKING SPACE RENTAL:** As a result of an agreement with the Federal Government Services Administration, the City receives revenue for nine spaces within the circulation easement under the Hall of Records.

**SUPERIOR COURT:** Revenue from fines collected by the court for parking and other motor vehicle violations.

**PARKING TAGS:** Represents the efforts of the Traffic & Parking Department in enforcing various parking ordinance. The increased projection is due to year-to-date trends from the expanded enforcement resulting from the addition of a part-time crew.

**PUBLIC SPACE VIOLATIONS:** Revenue collections are anticipated with the enforcement of numerous public space ordinances. A fine of \$100 per day has been established.

**INTEREST INCOME** is derived from the short-term investment of idle funds. These funds are invested in accordance with the City's investment policy which was adopted by the Board of Alders in August 1995.

**REAL ESTATE CONVEYANCE TAX** is collected on real estate transactions at the rate of .5000 for each \$1,000 of the purchase price of any real property conveyed.

**COMMISSION ON EQUAL OPPORUNITY** is responsible to promote mutual understanding and respect among, and encourage equality of opportunity, for all the people of New Haven without regard for their race, color, religion, creed, national origin, age, sex, marital status, ancestry, sexual orientation, familial status, and physical disability.

The Equal Opportunities Ordinance of the City of New Haven, Chapter 12 ½ et seq., authorizes and empowers the New Haven Commission on Equal Opportunities to remedy discrimination complaints, and actively pursue and promote affirmative action and contract compliance within the City of New Haven. The Commission, in addition to its regulatory activities, provides educational, informational, and referral services to New Haven residents. To further these goals and objectives, the Equal Opportunities Ordinance is divided into five specific Articles.

**YALE PAYMENT-FIRE SERVICES:** A 1990 Memorandum of Understanding between the City of New Haven and Yale University provides that Yale will make an annual voluntary contribution to the City in recognition of City fire services provided to university owned tax-exempt properties. The payment is equal to 5.68% of the City's general operating budget allocation (including benefits) for Fire Services.

**AIR RIGHTS GARAGE:** Monthly payment pursuant to an agreement between the City, Yale-New Haven Hospital, and the Parking Authority, related to the 1991 Air Rights Parking Facility Revenue Bonds.

**SOUTH CENTRAL REGIONAL WATER AUTHORITY:** The Water Authority P.I.L.O.T is imposed pursuant to a Special Act of the Connecticut General Assembly. In 1977, the South-Central Regional Water Authority was created, replacing a private water company. To protect the area's 17 towns against property tax losses resulting from the change from a private taxable company to a tax-exempt Public Authority, the State required that the Authority to make a Payment-in-Lieu-of-Tax based on the assessed value of its properties and the current tax rate.

**AIR RIGHTS GARAGE:** Pursuant to a 1984 lease agreement between the New Haven Parking Authority and Air Rights Development Associates a P.I.L.O.T is due the City of New Haven for commercial space at the Air Rights Garage, 60 York Street. Pursuant to Section 2 of the Special Act #575 payment is based on the assessed value at the rate of tax set by the Board of Alders for that year.

**PARKING AUTHORITY PILOTS:** Pursuant to Lease Agreements between the New Haven Parking Authority and their tenants, the P.I.L.O.T is due the City of New Haven for commercial space under the Temple Street and Crown Street Garages. Pursuant to Section 2 of the Special Act #575 payment is based on the assessed value at the rate of tax set by the Board of Alders for that year.

**TRINITY HOUSING P.I.L.O.T:** The City receives a P.I.L.O.T payment from Trinity Housing on a per-unit basis for the newly constructed Quinipiac Terrace.

**EASTVIEW HOUSING P.I.L.O.T:** The City receives a P.I.L.O.T payment from Trinity Housing on a per-unit basis for the newly constructed Eastview Terrace.

**HOWE ST. LIMITED PARTNERSHIP:** The City receives a P.I.L.O.T payment from Howe St. Limited Partnership because of the redevelopment of the 52 Howe St. site.

**PUBLIC HEALTH, ECONOMIC STABILIZATION AND RECOVERY:** The City of New Haven has utilized \$10 million of Coronavirus State and Local Fiscal Recovery Funds (SLFRF) as a revenue replacement line item for much needed fiscal relief for revenue loss since the onset of the COVID-19 public health emergency. SLFRF funding may be used to pay for “government services” in an amount equal to the revenue loss experienced by the City due to the COVID-19 public health emergency. Government services include any service traditionally provided by a government, including construction of roads and other infrastructure, provision of public safety and other services, and health and educational services and other administrative services.

Treasury allows the use of two options for how to determine the amount of revenue loss. A standard allowance of \$10 million or based on a calculation of actual revenue loss. Under the calculation option, the City calculates its revenue loss at four distinct points in time, either at the end of each calendar year (e.g., December 31 for years 2020, 2021, 2022, and 2023) or the end of each fiscal year of the recipient.

The city has calculated an estimated revenue loss of over \$44 million.

The City can use SLFRF funds on government services up to the revenue loss amount calculated. Government services generally include any service traditionally provided by a government unless Treasury has stated otherwise. Here are some common examples of eligible government services:

- Construction of schools and hospitals.
- Road building and maintenance, and other infrastructure.
- Health services.
- General government administration, staff, and administrative facilities.
- Environmental remediation.
- Provision of police, fire, and other public safety services (including purchase of fire trucks and police vehicles).

Government services is the most flexible eligible use category under the SLFRF program, and funds are subject to streamlined reporting and compliance requirements.

Employees who are assigned City cars on a 24-hour basis are required to pay a **PERSONAL MOTOR VEHICLE REIMBURSEMENT** for personal use not related to their jobs.

The City collects repayments of loans made prior to July 1, 1984 for **NEIGHBORHOOD PRESERVATION** purposes. Loans made after July 1, 1984 are accounted for in an Economic Development revolving fund, pursuant to City ordinance. These payments stopped in FY 10/11 as the property transitioned to the taxable Grand List.

**NHPA PILOT:** Represents efforts that begun in FY 08-09 to secure funding from New Haven Parking Authority based upon payments made by other nonprofits.

**GREATER NEW HAVEN WPCA P.I.L.O.T:** Upon the formation of the regional WPCA, the new entity will be required to make PILOT payments to the constituent towns based on comparable P.I.L.O.T payments in the region, a schedule agreed to upon incorporation.

**NON-PROFITS:** Represents efforts begun in FY 04-05 to secure funding from local Non-Profits and currently includes contributions from Yale University, Yale/New Haven Hospital, and several smaller organizations.

**YALE UNIVERSITY VOLUNTARY:** Represents efforts begun in FY 04-05 to secure funding from local Non-Profits and currently includes contributions from Yale University, Yale/New Haven Hospital, and several smaller organizations.

# **Mayors Proposed Budget Summary**

The Mayors proposed budget increased by 4.66% or \$29.5M. The increase in the budget is close to inflationary amounts that many states, cities, and towns have seen across the country. City fixed cost which includes pensions, employee benefits, liability insurance, debt service and utilities account for 42.36%, or \$280.9 million, of the proposed budget. The Mayors proposed budget also includes an expenditure increase of \$8.0M for the Board of Education.

Public safety, which includes Police, Fire, and the City's 911 Emergency Call Center, accounts for \$5.2 million of the \$29.5 million total budget increase. This increase includes the addition of new sworn personnel to improve safety in our city. It also includes additional overtime for Police and Fire, contractual salary increases, additional non-personnel increase in the police department, and other fixed costs.

The budget also includes two departmental organizational changes. The first change is the creation of the Office of Policy, Management, and Grants. The second is moving the New Haven Free Public Library (NHFPL) from under the direction of the Chief Administrative Officer to the Community Services Administrator.

Creating the Office of Policy, Management, and Grants is at no cost to taxpayers, as the staff will be extracted from within the Finance Department to help streamline work. The primary functions of the Office are to prepare and review the city budget, guide, and monitor performance of departments, oversee the implementation of operational efficiencies, prepare the multi-year financial plan and monthly financial reports, and guide the City through financial audits. The Office will also focus on how to streamline the City grant process and maximize the utilization of grants.

The FY23 - FY24 budget also moves the New Haven Free Public Library organizationally from the oversight of the Chief Administrative Officer (CAO) to the Community Services Administrator (CSA). More than ever, our libraries serve as community hubs and gathering places, functioning as community centers. They connect people to information and connect people to each other. The NHFPL system regularly interacts with a host of community services related to children, youth, families, elderly services, public health, and homelessness, all of which primarily fall under the auspices of the Community Service Administrator. Bringing the NHFPL under the CSA will allow us to continue to provide the same services that residents have come to expect from our local branches, but also allow for our libraries to grow as community hubs and strengthen those synergies across city services.

The budget also focuses on strengthening the delivery of city services, including a limited number of new positions and tools to improve the way we serve our residents. The proposed budget includes the addition of thirty-four (34) new positions focused on public safety, parks maintenance, and audit regulatory compliance and inspections to ensure city resources are stewarded responsibly.

They need increased salary compensation, and as such I am requesting an increase. To this end, I am requesting an increase in the City's contract reserve to \$4.7 million to cover the needed salary increases of our rank-and-file City employees covered by collective bargaining contracts.

As we work to negotiate the remaining open collective bargaining unit contracts, we also need to address the salaries of department heads. The last significant change to the salary ranges for department heads and coordinators was back in 2011 and pay raises have been infrequent. For the past twelve years, our pay scales have not kept pace with a very robust and changing labor market. Gone are the days where many city staff are paid in comparable rates to their counterparts in other cities, which has made recruiting and filling vacancies very difficult.

To this end, the budget is accomplishing two areas within City agencies 1) adjust the salary ranges for the Executive Management employees and 2) increase the salaries of department heads and coordinators.

The budget also builds on the work we have done in recent years to improve the long-term financial health of our city. As we continue to work to address long-term pension liabilities by ensuring a healthy retirement fund, we have once again reduced the assumed rate of return for both the City Employee, Police and Fire Retirement Funds from 7.25% to a more conservative 6.90%. Dropping the rate means that we invest more in our pensions upfront to ensure we can meet our pension obligations down the road. While this is an added financial cost to the City in the short-term, it is both fiscally prudent and necessary to ensure the City's financial health and interests in the long-term.

This proposed budget focuses on priorities of Public Safety, Education, Parks, Climate, and recruitment and retention. The proposed budget finds the right balance between providing essential services and keeping the tax burden down on homeowners, which will enable New Haven to continue moving forward.

**131 MAYOR'S OFFICE**  
JUSTIN ELICKER – MAYOR  
165 CHURCH STREET – 2ND FLOOR  
203-946-8200

**MISSION / OVERVIEW**

The Office of the Mayor, accountable to Electors and the City’s Chief Elected Official, accepts and administers executive responsibility for all aspects of City government, including City departments, bureaus, agencies, and commissions. Beyond that, its staff is responsible for established liaisons between City government and quasi-public entities doing business in the City.

In compliance with provisions of state law and the Charter of the City of New Haven, the City’s executive branch, administered by the Office of the Mayor, performs the following duties:

- Causes laws and ordinances to be executed and enforced;
- Fills by appointment the vacancies in positions for which the Mayor is the appointing authority;
- Is authorized to call meetings of the legislative branch: The New Haven Board of Alders;
- Administers an oath of office to duly elected or appointed City officials;
- Ensures that all contracts and agreements with the City are faithfully kept and performed;
- Informs the public about government initiatives and programs;
- Provides frontline responses to resident requests; and
- Exercises all other executive and administrative powers conferred upon any municipal chief elected official by virtue of state law.

**FY 2022-2023 HIGHLIGHTS**

- Worked with Sen. Looney and other members of our state delegation to secure additional funding from the state, doubling our annual **PILOT (Payment In-Lieu of Taxes)** funding from \$41 million to \$91 million for Fy22-Fy23.
- Worked to raise **Yale University’s** annual voluntary contribution from \$13 million to \$23 million.
- Continued to lower the expected return on investment rate for **Police & Fire Retirement Fund** from 7.25% to 6.9 %
- The **I’m Home** program, for renters which provides security deposit and utility assistance of up to \$5,000 to low-to-middle residents to help get folks over that steep financial hurdle of getting into a new apartment.

- Became the first municipality in the state to recognize and empower tenants to form **tenants' unions** to collectively organize against potential unfair rent increases and ensure safer and healthier living conditions at their residences.
- Violent Crime, in 2022, is **down by 11.9%** compared to 2021, and down 24.1% overall since 2020.
- Property Crime, in 2022, is **down 7.3%** compared to 2021, and down 19.5% overall since 2020.
- Other Crime, in 2022, is **down 17.7%** compared to 2021, and down 27.6% overall since 2020.
- Launched **Elm City COMPASS**, which stands for “Compassionate Allies Serving Our Streets.” The response team is designed to complement and support the work of police, fire, and emergency medical personnel by responding to 9-1-1 calls where New Haven residents are experiencing mental health, drug, alcohol, or housing crises.
- Adopted the comprehensive **Safe Routes for All** plan. It’s the City’s first active transportation plan and a bold initiative to reorient New Haven’s transportation system away from an outdated car-centric model to one that is more inclusive of walking, biking, riding public transportation, and other active modes of transportation, resulting in safer, healthier, greener, and more equitable options for residents.
- Launched the new **Office of Climate and Sustainability** – so that have we can be smarter, greener, and more resilient than before.

#### **FY 2023-2024 GOALS AND OBJECTIVES:**

- Advancing a transformational plan for **Long Wharf** aided by the nearly \$200 million in resiliency funding already secured – a historic investment that will protect and enhance our shoreline and transit assets for decades to come.
- New fields at **Wilbur Cross Athletic Center**, which will be a facility that reflects the value we place on our young people.
- Eight new **Youth and Community Centers** across the city.
- Continue the work on the **Career Pathways** school.
- Launch the new **Citywide Literacy and Math Initiative** that will leverage trained staff and volunteers to provide additional weekly tutoring to our most struggling students in grades 1 to 5.
- Work with Board of Education to identify a new **Superintendent** of schools.
- Starting construction at **Square 10**, the former Coliseum site.
- Starting construction on the State Street project under the **Challenge Grant** from the state.
- Working to upgrade bond rating from BBB+ to ensure a healthy financial future for the City.
- Acquire the first **EVs** for the New Haven Police Department as electrification of the City fleet moves forward.
- Work to secure funding for Downtown public bathroom, and playground.

**152 NEW HAVEN FREE PUBLIC LIBRARY**  
**MAUREEN SULLIVAN, INTERIM CITY LIBRARIAN & DIRECTOR**  
**133 ELM STREET**  
**203-946-8124**

**MISSION / OVERVIEW:**

The New Haven Free Public Library (NHFPL) fosters lifelong learning, inspires curiosity, and builds community through shared access to resources, experiences, and opportunities for all. Now and tomorrow, the New Haven Free Public Library will transform lives and contribute to the creation of a strong, resilient, and informed community where everyone will thrive.

The NHFPL system has five facilities: Ives Memorial Library, the Fair Haven Branch, the Donald G. Mitchell Branch, the Willis K. Stetson Branch and the Courtland S. Wilson Branch. In addition, NHFPL operates a Readmobile and Book Bike that travel to early childhood learning centers, school and after-school sites, Elm City Community’s locations, summer camps and numerous community events. The constellation of NHFPL libraries is open a total of 205 physical hours a week. Its digital branch –

NHFPL.org, which offers e-books, online magazines, reference works and databases, is open 24/7. With almost 800,000 in-person and online visitors annually, NHFPL is a major destination for the community and contributes to keeping its residents safe, secure, healthy, and mindfully engaged in respectful, educational and creative spaces.

In 2018, the NHFPL released its new Strategic Framework 2018-2023, *Growing Together: One City. One Future.*, outlining the Library's annual operational plans. The next iteration, Strategic Framework 2024-2029, will be a major opportunity for the new City Librarian.

The annual report is available at the NHFPL website, <http://nhfpl.org/annual-reports/>

### **FY 2022-2023 HIGHLIGHTS:**

NHFPL supported New Haven youth of all ages through childhood learning programs, homework help, our designated Teen Center as well as class visits at every grade level. In FY22, 8294 New Haven youth attended programs at one of our five locations. Additionally, 77,772 physical books were checked out from our libraries by children and teens between the ages 0-18.

NHFPL completed its ninth successful summer running the award-winning READy for the Grade program. The New Alliance Foundation's grant funded reading program supported 21 children from New Haven during Summer 2022. This reading readiness program is aimed at preventing the summer slide for rising 1<sup>st</sup>, 2<sup>nd</sup> and 3<sup>rd</sup> graders from low-income families to improve grade-level reading. This six-week program was hosted at the Wilson branch and additionally expanded to the Stetson Branch for the first time in its pilot year. We anticipate applying to participate for our 10<sup>th</sup> year to help students in New Haven continue to build reading readiness.

Library staff attended community outreach events ranging from Arts & Ideas festivals, to the NHPS Back to School events, social service organizations, summer meals for kids, F.A.M.E STREAM carnival, PRIDEfest, Riverfest and the first annual Gather New Haven Festival where hundreds of stories were shared and free resources like books, backpacks and flyers were provided to the community.

In the Spring of 2022, Young Minds and Family Learning (YMFL) coordinated two virtual author visits with New Haven Public Schools to generate excitement about summer reading and promote literacy with students of Conte/West, Clinton Avenue, Jepson, Ross Woodward, Clinton Avenue and Mauro Sheridan schools. Janae Marks, author of *From the Desk of Zoe Washington*, and Juana Martinez-Neal, author of *Fry Bread: A Native American Family story*, talked about their books and their journey to becoming award-winning authors. 533 students from 31 classes participated in the author event, and even had an opportunity for a Q & A session with Janae and Juana to ask questions about the authors, their books and the path to becoming a writer.

In celebration of Juneteenth, the Stetson branch hosted "Africa Is Me", a family interactive program that teaches African history, dancing and drumming in June 2022. This was in collaboration with Artsucation Academy, a community partner for over 7 years. Included in the festivities was a presentation from Ben Haith, the designer of the original Juneteenth Flag that is recognized nationally.

The Stetson branch, a Q House partner, tabled weekly during the inaugural season of City Seed Farmer's Market on the plaza. Each week Stetson joined City seed and Q House partners to connect with patrons of all ages for giveaways including books, bookmarks, pencils and more. The community enjoyed being able to sign-up for a library card, track their progress for NHFPL's Summer Reading program, and even register for our grant funded READy for the Grade, reading intervention support program, all while out on the plaza browsing through the Farmer's Market.

The Wilson Branch continued its annual Three Kings Day celebration with educational toys for the community and a special musical program by Movimiento Cultural Afro-Continental drummers to teach families the traditions of bomba.

The Fair Haven branch welcomed Elba Llantín's "Cantando y Jugando" a bilingual program that excitedly engages, educates and celebrates Hispanic culture this past summer 2022 and again in September 2022 for Hispanic Heritage Month. Elba is an educator who brings culture and language to life for small children with music and games.

The Wilson Branch continued its annual Three Kings Day celebration with educational toys for the community and a special musical program by Movimiento Cultural Afro-Continental drummers to teach families the traditions of bomba.

The Mitchell Branch maintained its tradition of hands-on STEAM and reading fun with its annual LadyBug Festival. This popular Summer Reading Kickoff in the Westville neighborhood for ladybug release party brought 200 community members of all ages together for a closer look at flowers, bee education and ladybug crafts.

Popular children's author Lizzy Rockwell visited the Mitchell library for a special author program. Over 100 students in Kindergarten and Second grade from the Brennan Rogers school enjoyed a field trip to the library to learn more about Lizzy's stories.

The Winter Job Fair hosted at Ives Main Library was a great success with over one hundred applicants and 8 local employers taking part. With Library staff on hand to assist with resumes and applications and employers conducting interviews on-site, several participants were hired on the spot. It was a bustling day supporting the employment needs of our patrons and our local businesses. Supporting job seekers and those in need is a core element of what the Library provides the community.

The Volunteer Income and Tax Assistance (VITA) program returned for in-person service this year! With IRS-trained volunteers, VITA provides free tax preparation services to low and moderate-income individuals and families. With sites at Ives Main Library and the Wilson Branch, their services helped to file 1057 tax returns in 2022, totaling \$2,289,858 refunded to filers.

With grant support from the Institute of Museum and Library Science, the Library was able to dedicate over \$45,000 in new funds to our critical partnership with Liberty Community Services. Liberty specializes in housing and social support services for New Haven's most vulnerable populations and

provides nearly 500 people a year at Ives Main Library. This grant secured a full-time social worker at Ives and expanded the program to provide a part-time social worker at our Wilson and Fair Haven Branches. Plans are currently in progress to expand services to the Dixwell/Newhallville neighborhoods with a part-time social worker at Stetson Branch.

The Library was proud to partner with the International Festival of Arts and Ideas and the Yale Schwarzman Center on the citywide One City, One Read celebration. Bringing together community partners from every neighborhood in the city, the One City, One Read celebration explored the timely themes of Octavia Butler’s novel *Parable of the Sower*. Through book discussions, film festivals, concerts, and performances of the operatic adaptation by Toshi Reagon, New Haven residents discussed the prophetic nature of this work and the related challenges of our society today. As part of the celebration, it was also our privilege to host an author talk with Tochi Onyebuchi. Onyebuchi is a local, bestselling, and award-winning author. He was joined by NHFPL Board President, Lauren Anderson in a conversation centering around his works with highlights from his latest book, *Goliath*, set in the future of New Haven and exploring themes related to current challenges in the city

Ives Squared continues to put out impressive numbers, with 92 programs to-date from July 2022-January 2023, totaling 1,093 participants.

The Make-to-Sell program was created with the idea of helping local entrepreneurs who had an idea for an online business get them off the ground. A specially crafted series of programming was taught by Ives Squared staff and local experts. Each participant was assigned a personal “coach” to assist them through the process and connect them with resources within the New Haven economic ecosystem as needed. Two cohorts completed the four-month process in the past year and each session concluded with an opportunity for participants to sell and showcase their products in an onsite bazaar. With products ranging from baked goods to apparel, and specialty greeting cards to lotions and candles, there was something for everyone.

The Creative-In-Residence (CIR) consultant and the (Entrepreneur-In-Residence) EIR consultant both worked for 16 weeks. Their work included offering office hours and a total of eight programs. Due to a large volume of requests from patrons who wanted to keep working with the EIR, we continued to engage her services.

### **FY 2023-24 GOALS**

- Hire the new City Librarian. This is an essential and primary goal for the coming year.
- Develop and implement the Facilities Master Plan. This includes a state-of-the-art Ives’ Young Minds & Family Learning department; a teen tech media space at Wilson; 21st-century tutoring, program and maker spaces at Ives, Fair Haven, and Mitchell. This work also will include assurance of ADA compliance in all five facilities, environmental controls, lighting upgrades, basic cleanliness, signage, and security measures.
- Replace and upgrade computers, software, and related equipment across the system. This replacement and upgrade of the technological support system is long overdue and will result in a more efficient and easier to maintain the Library’s technological infrastructure.

- Upgrade and replace the VOIP phone system. The phone system also is long overdue for this replacement and upgrade.
- Make the repairs necessary to ensure safe and ambient spaces for Library customers and staff.
- Create and implement a staff development program that will offer training and education to staff in job skills, effective interpersonal communication, customer service, technology and problem-solving.
- Develop a strong customer experience program across the five locations.
- Review the current plan for hours of service; make changes to align the hours of service with customer needs and expectations. Develop a plan for a sustainable schedule to offer hours of service on Sundays.
- Create the next Strategic Framework; build upon the current one.
- Continue to provide education and training to managers to ensure that they provide leadership, guidance, and coaching to Library staff.
- Review the set of partnerships with other City and local organizations to identify partnerships that benefit the residents of New Haven.
- Continue to offer a range of effective programs targeted to the different needs and interests of City residents, taking care to offer something for everyone.
- Develop a program to create a more inclusive workplace culture. This will include learning experiences focused on the behaviors that support diversity, equity, inclusion, and belonging.

- Instituted new policy to streamline the lateral hiring process which enhances the Department's ability to attract certified officers.
- Began to update ALL general orders to be accredited. Updating the Department's Property Room and other facilities to attempt to be accredited on the state level.

### **FY 2023 - 2024 GOALS / INITIATIVES:**

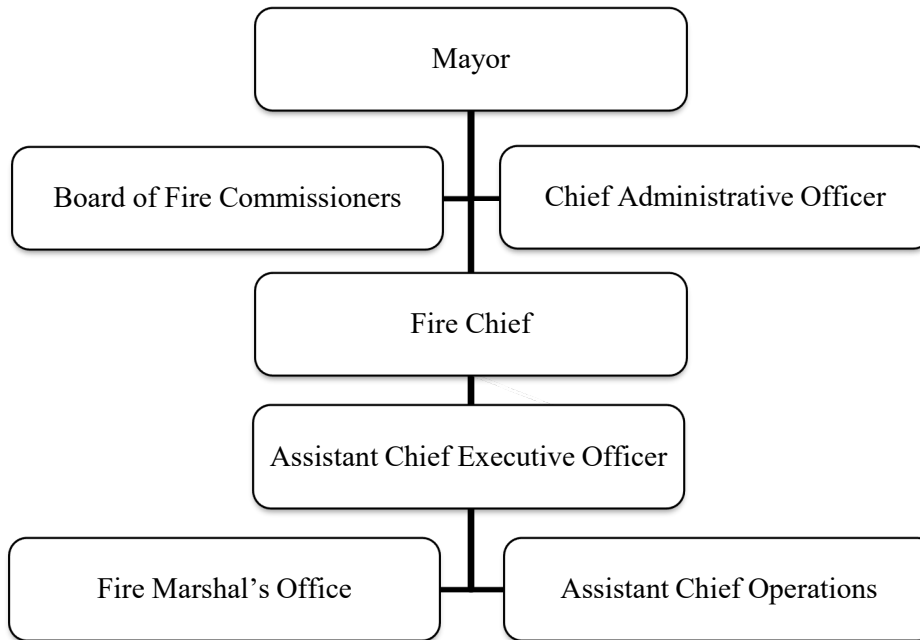

- Continue to enhance recruitment efforts to hire from the community and make efforts to hire minority officers, women and members of the New Haven community. We need to hire for all positions. We will attempt to run dual academies to get back to full staffing.
- Have promotions of Detectives, Sergeants and Lieutenants which will allow us to expand the Detective Bureau to create a cold case unit capable of addressing cold case murders. Sergeants and Lieutenants will expand the number of supervisors per officer which is needed in our young department.
- WE MUST pass state accreditation by November 2023. This is mandated by house bill 6004. We have assigned a Captain and two Lieutenants to lead this project.
- Continue with ALL community policing efforts. Continue to have walking beats, and at some point, set walking beats in every district. We must also make District Managers for each district. Currently some of the District Managers have more than one district. We will promote more Lieutenants and Sergeants to fill the vacant District Manager positions which are key components of the community policing model.
- Continue to train at a higher level with more trainings available to officers . We will continue with three forms of de-escalation which include ICAT-integrated communications assessment and tactics, Kingian training which is de-escalation and conflict resolution taught by community members of color, and the African American Museum and history of policing and communities of color.
- Expand the officer wellness program to include more mental health checks besides the mandated mental health checks.
- The technology advances will continue to include; more cameras, more license plate readers and the creation of a real-time intelligence center which will be able to monitor all technology in one place. Setup NIBIN National Integrated Ballistic Information Network and our new DNA machine which will streamline cases and allow us to solve shootings and murders at a faster pace.
- Replace our outdated records management system with ProPhoenix which is a new, innovative, and collaborative records management system which will help continue our technology advances in the Police Department, and allow online reporting which will free up officers for more proactive activities and a focus on violent crime. This will also allow us to have e-tickets which will be printed from the officers' laptops.
- Continue improvements in the Department's Detention Center to include two suicide prevention cells and an ADA certified accessible cell and area. Improve cameras and sound in Detention to encompass all areas.
- Build on the fleet of vehicles and continue to provide equipment such as StarChase and Stop Sticks to better equip officers to stop violent fleeing felons. Add more energy efficient vehicles to the fleet such as hybrids and electric vehicles.
- Assist with the union contract and make our police positions more competitive and attractive.
- Expand our PAL program and SRO program by adding a Lieutenant and two Sergeants as well as full-time PAL officers to assist with the creation of a cadet program which will also act as a recruitment tool for future New Haven police officers.

- Continue to update ALL general orders to work towards becoming accredited. Updating the Department’s Property Room and other facilities to attempt to be accredited on the state level.
- Expand the Motor Unit for enhanced motor vehicle enforcement/accident reduction throughout the city.
- Continue to align efforts with the COMPASS team to enhance community services to city residents.

**MISSION / OVERVIEW:**

We, the proud men and women of the New Haven Fire Department are committed to providing the highest quality and level of courteous and responsive services to the citizens of New Haven. This is accomplished by implementing comprehensive strategies and training in fire prevention, fire suppression, emergency medical services, and all risk mitigation and all-hazard response, including: human-caused and natural disasters, emergency preparedness, 9-1-1 services and community-based fire services.

The New Haven Fire Department will provide protection of life, property, and the environment from the effects of fires, medical emergencies, and hazards; we will engage the community in our mission through progressive community outreach and the use of technology.

The members of the New Haven Fire Department take pride in our commitment to professional service by maintaining our skills, knowledge and abilities. All members of the Department will conduct themselves in an ethical manner conforming to a moral standard of right versus wrong by treating each other and the people we serve humanely, decently, and honestly.

This is accomplished through the following:

- Fire Suppression;
- Fire Prevention;
- Emergency medical service and rescue;
- Emergency communications, special services and emergency management;
- Effective training for and administration of these activities; and
- Responding to terrorist threats and attacks

**FY 2022-2023 HIGHLIGHTS:**

**301 PUBLIC HEALTH DEPARTMENT**  
MARITZA BOND, DIRECTOR  
54 MEADOW STREET, 9<sup>TH</sup> FLOOR  
203-946-6999

**MISSION/VISION:**

Mission: To advocate for and ensure the health and wellbeing of all New Haven residents.

Vision: Advocating and ensuring health equity for all New Haven residents.

**FY 2022-2023 HIGHLIGHTS:**

- Hired and trained three new staff in the Vital Statistics office.
- Started accepting credit card payments in the Vital Statistics office.
- Started online & mail order system VitalChek for Birth and Death certificate orders.

- Connecticut Department of Public Health implemented a new Death Database system for ease of registering with Funeral Homes. All new staff is fully trained to use.
- Developed a system to review and improve students' immunization and health/physical exam compliance in NHPS schools. Schoolwide non-compliance is less than 3%
- Developed multiple dashboards including a Lead Case Monitoring which is public facing, HUD Tracking, Food Service Establishment Inspections, Weights & Measures Dashboard, as well as many public health issues including Flu & RSV and Domestic Violence
- The Ryan White Part A Office presented Equip+Edify+Engage, a series of virtual meetings to support Black faith leaders to develop an initial one-year plan to implement faith-inclusive HIV education, awareness, and stigma reduction initiatives. It collaborated with Tenesha Lewis of the Black AIDS Institute (BAI) to begin each session with a presentation on the history of HIV and the Black community, followed by facilitated conversations and planning activities.
- During its process to develop capacity to end HIV in the Ryan White jurisdiction, we found that people who were in non-leadership roles in programs and agencies and PWH had lesser knowledge of high impact initiatives such as rapid linkage to care models, viral suppression as HIV prevention, and initiatives to expand use of Pre-Exposure Prophylaxis. To address this inequity of knowledge, The Ryan White Part A Office planned and presented a jurisdiction-wide virtual training series to share best practices in HIV care and prevention and ignite conversation about local issues that impede progress toward ending the jurisdiction's HIV epidemic.
- Awarded a new grant from National Association of County and City Health Officials (NACCHO), Implementing Overdose Prevention Strategies at the Local Level (IOPSSL), to expand our overdose prevention work.
- Distributed over 2,900 COVID at-home test kits to residents.

**FY 2023-2024 GOALS/INITIATIVES:**

- Goal 1: To monitor community health status to achieve health equity.
- Goal 2: To diagnose and investigate health problems and hazards in the community.
- Goal 3: To educate, empower, and inform people in the community about health issues.
- Goal 4: To mobilize community partnerships and action to identify and solve health problems for residents.
- Goal 5: To develop plans and policies that support community and individual health efforts.
- Goal 6: To enforce laws and regulations that protect health and ensure safety.
- Goal 7: To connect people to needed personal health services and to assure the provision of health care.
- Goal 8: To assure a competent public health and personal care workforce.
- Goal 9: To evaluate accessibility, effectiveness, and the quality of personal and population-based health services; and
- Goal 10: To research innovative solutions to health problems.
- Goal 11: To increase rates of oral health screening, sexually transmitted infection screening, cervical cancer screening and completion of hepatitis B vaccination series for persons living with HIV across the two-county jurisdiction.
- Goal 12: To offer naloxone trainings to community members in Spanish.

**303 ELDERLY SERVICES**  
TOMI VEALE, DIRECTOR  
165 CHURCH STREET, 1ST FLOOR  
203-946-7854

**MISSION / OVERVIEW:**

**Mission:** To assist all seniors ages 55 and older to live independently and age in place with dignity, staying connected with family and community, and to maintain a lifestyle of health and wellness in which they obtain services and financial assistance to which they are entitled and to advocate for themselves.

**Vision:** To engage all seniors in productive, positive, and healthy activities throughout the City.

According to the website [census.gov](https://www.census.gov) the population estimates of New Haven, as of 2021 was 135,081. From that total the senior population, 65 years and above, is as 10.5%.

The Department of Elderly Services makes sure that the seniors in New Haven are aware of programs, services, and protective measures available to them. The Department strives to fulfill the Mission stated above. Under normal circumstances the Department conducts the following programs for the seniors throughout the community. We remain diligent in our efforts to keep our seniors informed as we continue to operate daily programming in the midst of combating a worldwide pandemic that has had a major impact on the way that Elderly Services conducts business.

When the City essentially shut down in March of 2020 Elderly Services brainstormed and planned on the best way to proceed to not only keep seniors safe but staff as well. Together with staff, partners and volunteers, Elderly Services has continued to provide services and a successful program of food distribution and congregate meals.

Elderly Services administers the State of Connecticut Renter’s Rebate program for the City of New Haven. In the past staff would be stationed at various locations throughout the city to take applications from those seniors and disabled citizens that qualify for the program. Applications are also taken at various senior housing facilities throughout the city as well as Elm City Communities. Each community partner devised a plan as to how applications would be processed in the different senior/disabled buildings throughout the

city. Elderly Services staffs no longer conducts face-to-face interviews in community spaces. This alteration has presented some challenges and the department devised a plan that qualified applicants would have the rebate paperwork processed at one of the three senior centers. It was decided that secure lock boxes would be placed outside each senior center. Eligible applicants can drop off paperwork into the box and staff would retrieve it and process applications by the stated deadline. A massive information program was developed to inform applicants how the program would work.

Elderly Services Department has assisted the City Assessors Office by processing Senior Homeowner Property Tax Relief applications. Eligible seniors are able to meet with staff at one of the three senior centers to have their applications processed and the staff submits the completed application to the Assessor's Office for final review and submission.

The City of New Haven operates three (3) senior centers Monday through Friday from 8:30AM through 4:00PM. These centers provide hot nutritious meals, health and wellness activities, exercise programs, speakers, local trips, educational and recreational outings, arts and crafts, games, computer and internet access and volunteer opportunities. Two staff persons operates each center. The Elderly Specialists on site takes applications for public benefit programs and assists people with requested information regarding services available and referrals as needed. Part-time staff, instructors teach movement, ceramics and sewing. Elderly Services Contracts Yoga instructors paid by CDBG funds to teach at the three senior centers. Lifebridge Community Services, a non-profit based in Bridgeport, CT, provides a site manager to run the lunch program at two of the three senior centers. Yale New Haven Hospital/St. Raphael Campus provides wellness checks. Volunteers at the centers are an essential and each year many of the volunteers are honored at the Elderly Services and Commission on Aging Volunteer of the Year Luncheon. To accommodate all, the City provides free wheelchair-accessible transportation weekdays to the senior centers residing in New Haven via contracted Transportation services.

Elderly Services administers the distribution of the State of Connecticut Farmer's Market Vouchers for seniors. Distribution has been done in person. We partner with senior housing facilities, CSA and the three centers to ensure the vouchers reach the eligible seniors. Eligible seniors are those who are at least 60 years old or persons with permanent disabilities (under 60) who reside in subsidized elderly housing that participate in the congregated meal program, and single adults whose income is not greater than \$1,986 per month or \$23,828 per year or couples whose income is not greater than \$2,686 or \$32,227 per year.

Elderly Services was able to provide personal care items to a number of seniors throughout the city. These items included incontinence products, gloves, masks, hand sanitizer, paper products, etc.

### **FY 2022-2023 HIGHLIGHTS:**

- Senior Centers re-opened to 5 days per week following 2-year COVID-19 shut down
- Average weekly attendance rose to 165 unduplicated seniors

**305 SERVICES FOR PERSONS WITH DISABILITIES**  
GRETCHEN KNAUFF, DIRECTOR  
165 CHURCH STREET, 1<sup>ST</sup> FLOOR  
203-946-7651

**MISSION/OVERVIEW:**

The mission of the Department of Services for Persons with Disabilities (“Disability Services”) is to promote the effective coordination of resources for persons with disabilities and to monitor and take appropriate action to ensure that federal, state, and local regulations pertaining to persons with disabilities are compliant within New Haven.

According to a study of 2019 disability data compiled by the New England ADA Center, nearly 26% of New Haven’s residents have one or more disabilities. Of these residents, 14.2 % have significant disabilities and 10.2% have some type of mental illness. The prevalence of disability in New Haven and in our society in general, requires New Haven to continuously work toward becoming a better place for persons with disabilities to live, work, acquire affordable housing, and have accessible transportation, education, and recreation. The City has a critical role in ensuring and demonstrating equal opportunity for all its citizens including people with disabilities. Therefore, the need for Disability Services to support and actively ensure that City programs and services are accessible for persons with disabilities, is crucial.

**FY 2022-2023 HIGHLIGHTS**

- Advised City departments and the Board of Education of their legal obligations under the Americans with Disabilities Act (ADA).
- Responded to ADA accommodation requests from City staff.
- Collaborated with Commission on Disabilities to successfully submit ordinance amendments that “Modernize City Ordinances to Reflect Language That Is Respectful to People with Disabilities.”
- Participated on various City committees to address City compliance with the ADA, Fair Housing Act, and other local, state, and federal disability laws.
- Worked with Big Read Planning Committee to Plan for 2023 disability related events.
- Assisted the Commission on Disabilities to address disability related issues for New Haven residents including, but not limited to, elevator access and effective communication.
- Worked with outside entities and individuals to address ADA complaints.
- Worked to assure compliance with ADA in City’s response to Covid-19 pandemic.
- Responded to disability-related issues brought to the Department by the Alders and the public.
- Represented City’s disability community on statewide initiatives, councils, and meetings that focus on improving the lives of people with disabilities.

**FY 2023-2024 GOALS/INITIATIVES:**

- Work with local and statewide disability organizations to protect programs utilized by people with disabilities and programs and services that promote community inclusion.
- Collaborate on Citywide Big Read 2023 events, all focusing on disability issues and ideas to promote equal opportunity and independent living for people with disabilities.
- Provide information and training to City staff on ADA compliance and address requests for ADA related accommodations from City employees.
- Work on improving employment opportunities for people with disabilities in New Haven through collaboration with local and statewide organizations that promote employment of people with disabilities.
- Work with alders to better address their constituents’ needs based on disability.
- Work with the Commission on Disabilities to effectively address ADA and other disability issues for City residents and visitors.

**MISSION/OVERVIEW:**

The City Plan Department is responsible for all matters pertaining to planning functions of the City. City Plan works to improve the well-being of all residents in our community by creating safe, equitable, healthful, economically vibrant and attractive places. Planners engage with residents, community leaders, and elected officials to guide the development of physical spaces and develop frameworks for the long-term sustainable growth and development of the City. To achieve this, City Plan works closely with other City Departments, organizations and agencies to plan, design, and manage parks, trails, schools, roadways, streetscapes, housing, and provide leadership on zoning initiatives and ordinances impacting land use.

City Plan also provides important regulatory functions to ensure the City’s compliance with local, state and federal regulations by providing technical staff to the City Plan Commission, the Board of Zoning Appeals, and the Historic District Commission, overseeing the City Plan Commission’s function as the Municipal Inland Wetlands Agency, and administering Coastal Area Management regulations. City Plan is also responsible for maintaining the City’s Zoning Ordinance, leading the development of the Plan of Conservation and Development, as well as providing NEPA compliance review and maintaining an environmental clearance record for all HUD funded projects in the City.

- **Initiate the 2025 Comprehensive Plan update with a focus on resiliency, equity, and neighborhood planning**
- **Support ongoing coastal and resilience planning on Long Wharf and throughout the City**
  - Project manage Long Wharf Boathouse fit out with the University of New Haven
  - Maintain the City's CRS Community Rating System status
  - Support efforts identified in the Regional Hazard Mitigation Plan
  - Support the Resilient Fair Haven Initiative
- **Support interdepartmental planning efforts related to current and emerging issues including**
  - Affordable housing
  - Waste management issues due to Hartford facility closure
  - Transportation planning efforts including Bus Rapid Transit, Safe Routes, Vision Zero
  - Trails, parks and greenway development through city-wide mapping, trails project implementation

### Land Use Policy and Regulation

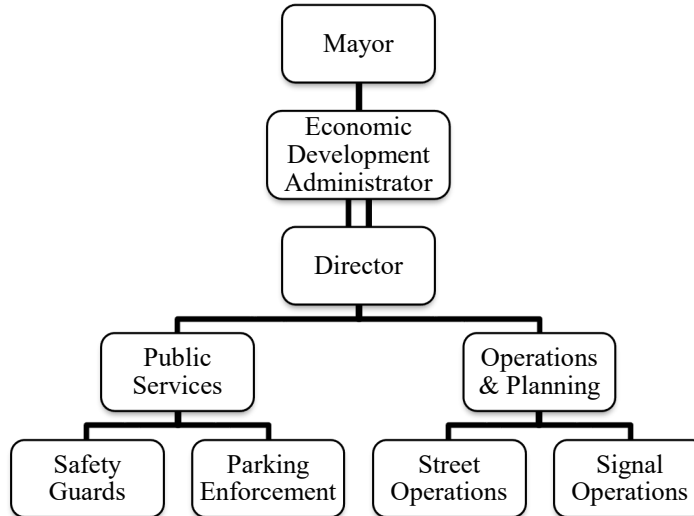

#### Key Goals

- **Identify and implement implementable changes to the zoning ordinance to improve efficiency, transparency and consistency**
  - Assess and update current zoning and dimensional to better align with the City's goals related to sustainability and housing
  - Provide leadership for zoning projects including Union Station Zoning and the Long Wharf Zoning Overlay Improve regulatory zoning information available to the public
  - Launch ADU website and update Inclusionary Zoning page
  - Ensure Online maps are consistent with current ordinance
  - Update historic district databases and online mapping tools
- **Support administrative and regulatory processes for the City Plan Commission, Board of Zoning Appeals, Historic District Commission, and Environmental Review process**
  - Facilitate weekly check-ins with interdepartmental staff

### Project Management/Development

- **Provide project management and development for ongoing City initiatives including**
  - Phase IV DTX, High Street Road Closure. Long Wharf – Boathouse fit out, Marginal Way

**704 TRANSPORTATION, TRAFFIC AND PARKING**  
SANDEEP AYSOLA, DIRECTOR  
200 ORANGE STREET, GROUND FLOOR  
203 946-8067

**MISSION / OVERVIEW:**

The Department of Transportation, Traffic and Parking is responsible for all aspects of traffic safety and control as well as management of all on-street parking in the City. These responsibilities include traffic planning and analysis; installation and maintenance of traffic control devices, signs, signals and markings; parking planning, meter distribution, operation, and parking enforcement; public transportation and active transportation planning. As the City enters the third decade of the 21<sup>st</sup> Century, the Department is working to grow into a leaner and more responsive multimodal transportation agency. To accomplish this the Department works in partnership with fellow Departments under the Economic Development Administration and operations and public safety agencies under the Chief Administrative Officer, as well as with state and outside agencies.

Our mission is to deliver a safe, efficient and sustainable transportation system which supports the City's quality of life and economic standing. As the City continues to grow as a regional center of global significance, the depth of our transit and non-motorized systems become even more vital to our overall environmental performance and economic growth. The Department therefore strives to develop an integrated transportation system which connects housing to jobs and people to their community— a system that is built for all users and made safe for all ages. By division, some of the Department's specific responsibilities are noted below.

The Department works closely with the Economic Development and Public Service groups on major transportation initiatives including road/highway improvements, pedestrian/bicycle initiatives, and transit programs. The Department assists the New Haven Port Authority and the Tweed-New Haven Airport Authority, and the Department head serves in an ex-officio capacity on the New Haven Parking Authority's Board of Directors.

Traffic Control responsibilities include sign/signal improvement and maintenance programs, pavement markings, regulation of activities within the public right-of-way, bus shelter maintenance/construction, construction staging, and new development reviews. The Traffic Control division also provides staff support to the New Haven Traffic Authority and interacts on a daily basis with the Connecticut Department of Transportation (CTDOT), the Office of the State Traffic Administration (OSTA, formerly State Traffic Commission), the Greater New Haven Transit District (GNHTD), the South Central Regional Council of Governments (SCRCOG), Elm City Communities/Housing Authority of New Haven (HANH), and CT Transit on various partnerships and inter-agency transportation issues.

Parking Operations responsibilities include: the management and enhancement of the on-street parking system, which encompasses parking meters, prepaid vouchers, credit card transactions, coin transactions, mobile payment applications, meter bag payments and management, and the design and management of neighborhood residential parking zones. Additionally, the parking operations group is responsible for the enforcement of on-street parking regulations (parking citations) and the adjudication and review of contested parking citations. In recent years, the Department has also worked on supporting other uses of the parking lane, including dining decks and special events like Park(ing) Day.

The Department took over maintenance responsibility for the City's Street Light division from the Engineering Department. The move has enabled more repair visits, and maintenance of the newly upgraded system, and the replacement of poles in house for higher performance and better cost savings. After clearing a lengthy backlog, the Department is now nearly current on street light repair issues.

The Safety Guards provide traffic control assistance at many City schools during the morning school arrival and afternoon dismissal periods. In addition, safety guards are deployed to support pedestrian safety at several special events throughout the year, including the St. Patrick's Day Parade, the Labor Day Road Race, farmers' markets, the Holiday Tree Lighting Ceremony and other City sponsored events.

### **2022-2023 HIGHLIGHTS:**

- Completed final report for the Citywide Active Transportation Plan (Safe Routes for All). Draft version of the final report was approved and adopted by the Board of Alders. Using the approved plan as a foundational document, the Department was able to procure \$400,000 in funding as part of the Safe Streets For All (SS4A) discretionary grant for Quick Build "Tactical Urbanism" projects, especially in the "equity" neighborhoods identified in the plan.
- Tactical Urbanism Projects
  - Completed installation of the West River Quick Build project at the intersection of Derby/George/Norton. The project included conducting extensive public outreach, walk-audit, conceptual design, material procurement and installation of traffic control elements and street paint to improve safety of and access for pedestrians, reduce automobile speeds and enhance the intersection from a placemaking perspective.
- Active Transportation Projects
  - Started construction on Edgewood Avenue Cycle Track. Civil and Traffic signal work construction began in Fall 2021. Work on-going.
  - Completed design and implementation of the Wall Street Contra-flow bike lane.
  - Upgraded existing bike lane along Elm Street between Church Street and Orange Street to include a buffer.

- Orange Street- conducted a crash analysis, preliminary conceptual design and collected parking utilization counts to evaluate the feasibility of improving bicycle infrastructure to accommodate safer bike lanes. Work is on-going.
- Programmatic initiatives and events
  - Open Streets- conducted two open streets on S. Water Street in City Point and during the Grand Prix bicycle race in Downtown.
  - Supported and sponsored the Bike to Work Week event at the State Street Union Station and the Farmington Canal 200<sup>th</sup> Anniversary Celebration.
- Signal Design Projects
  - Completed signal design of the Water Street Cycle Track project.
  - 92-682 West River Traffic Signals upgrade (Congestion Mitigation and Air Quality Improvement Program (“CMAQ”)-funded project) – submitted final signal design plans for two intersections at MLK Jr. Blvd. and Sherman Avenue and S Frontage Road and Sherman Avenue to CTDOT for final review in preparation for the construction Bid Package preparation. TT&P anticipates placing the project to bid in Q3 of 2023.
  - 92-666 Church Street two-way signal project (CMAQ-funded project)- Submitted final signal design plans for four intersections in Downtown at Church Street and Chapel Street, Church Street and Midblock crosswalk between Chapel Street and Elm Street, Church Street and Elm Street and Church Street and Wall Street to CTDOT for final review in preparation for the construction Bid Package. TT&P anticipates placing the project to bid in Q2/Q3 of 2023.
  - Townsend Signal Upgrades- Final signal design plan review by CTDOT for the intersection of Townsend Avenue and Main Street is complete and bid package has been created. TT&P anticipates putting the project out to bid in Q2/Q3 of 2023.
  - York Street 2-way conversion- Final signal design plan review by CTDOT for the intersection of York Street and MLK Jr. Blvd (2-way conversion of York Street to a 2-way between MLK Jr. Blvd. and S. Frontage Road) is complete and bid package has been created. TT&P anticipates putting the project out to bid in Q2/Q3 of 2023.
  - Downtown Crossing Project Phase 3- initiated a project to improve signal co-ordination and communication along S Frontage Rd and MLK Jr. Blvd. This project will reduce congestion, improve travel times and safety for commuters along the corridors. Design is complete.
  - YNH St. Raphael’s Campus Neuroscience Center Signal Upgrade project- TT&P in coordination with Yale New Haven Health initiated the design for new traffic control signals at George Street at Sherman Avenue, George Street at Orchard Street, Chapel Street at Sherman Avenue and Chapel Street at Orchard Street. Additionally, pedestrian safety and ADA upgrades for traffic control signals will be made at the intersection of George Street and Day Street. Finally, improvements will also be made at the intersection of Ella T. Grasso Blvd. and Derby Avenue. Construction of signals and other improvements are on-going.
- Pavement Markings and Signs Improvement Projects
  - Downtown Traffic Signal Improvement Project signage- installed additional signage to enhance safety of pedestrian crossing at the following intersections: Crown Street at York Street, Crown Street at Park Street, Crown Street at Howe Street, Chapel Street at High Street, Chapel Street at Dwight Street, Chapel Street at Park Street, George Street at Howe Street, George Street at Dwight Street, George Street at Park Street, as part of the Downtown Traffic Signal Improvement project completed in FY 2021-2022.

- High-visibility crosswalks- installed high-visibility crosswalks at the intersections of Chapel Street and Orange Street, Chapel Street and Church Street, Chapel Street and Temple Street, Chapel Street and College Street and Chapel Street and High Street. Additional crosswalks were also installed at the intersection of Church Street and Elm Street, as part of the annual re-pavement projects by DPPW.
- Installed new signage to improve pedestrian safety at the intersection of Elm Street and Orange Street.
- Installed new pedestrian crossing signs to improve pedestrian safety at the intersection of Lincoln Street and Bradley Street and Grove Street and Hillhouse Avenue.
- Corridor and Intersection Safety Projects
  - State Street- technical support to the Engineering Department in the traffic analysis and design of the State Street Realignment project. TT&P completed review of the traffic analysis of the corridor study and is providing on-going coordinating on the signal design as part of the implementation phase.
  - Whitney Avenue- technical support to the Engineering Department in the traffic analysis and design of the Whitney Avenue project. TT&P completed review of the traffic analysis of the corridor study and is providing on-going coordinating on the signal design as part of the implementation phase.
  - South Frontage Road- technical support to the Engineering Department in the traffic analysis and design of the S. Frontage Road project. Review of the traffic analysis and public engagement of the corridor study is on-going.
  - Edgewood Avenue and Ellsworth Avenue- conducted a traffic analysis to determine the need for traffic control improvements at the intersection of Edgewood Avenue at Ellsworth Avenue. Based on the analysis, the Department installed STOP signs along Edgewood Avenue to improve safety and reduce crashes.
- Safe Routes to Schools Projects
  - Common Ground High School- in co-ordination with the Engineering Department initiated a project to improve school safety at the request of Common Ground. The project includes installing traffic calming elements such as speed humps, improved signage, and interventions to improve safe pedestrian crossing.
  - City-wide School Needs and Deficiencies Safety Study (Phase 1)- TT&P initiated a project to identify the needs and deficiencies at all schools that are part of the New Haven Public Schools. As part of the study, TT&P conducted a comprehensive safety analysis to evaluate the crash patterns and trends near schools. Work is on-going to identify potential improvements required.
- Transportation Planning and Traffic Engineering Studies
  - One-way to Two-way Street Conversion- Initiated a project to evaluate the feasibility of converting George Street, Chapel Street and York Street from one-way to two-way condition. The project includes collecting extensive data to measure traffic counts, parking utilization data and conducting a detailed traffic analysis to evaluate delay and congestion at intersections. Work is on-going.
  - Traffic Signal Inventory Conditions Assessment- Initiated a project to evaluate the structural condition of all traffic signal owned and operated by the City. The project includes conducting a conditions assessment of the signals include the type of signal, cabinet

controllers, age of the signals etc. and inputting the information into a database for visualization in GIS.

- Union Station
  - TT&P was part of on-going discussions to reimagine the marketing and design efforts related to the Union Station Transportation Center and transportation planning related to Union Avenue.
  - TT&P Director is member of the newly-formed Union Station Operating Committee which is comprised of City and CTDOT staff. The Committee, formed as part of the landmark Union Station Partnership agreement that maintains City control of Union Station for the next several decades, meets monthly and wields decision-making ability on all Union Station operations.
- Tweed Airport- department provided significant oversight of Tweed on-site parking expansion throughout the year as well as enhanced enforcement of illegal parking in the areas directly adjacent to the airport. Department also worked closely with local Alder to create new residential parking zone on several streets directly affected by illegal parking due to Tweed's expanded air service

### **FY 2023-2024 GOALS/INITIATIVES:**

- Safe Routes for All Corridor Quick Build/Preliminary Design Projects- the City anticipates implementing various Quick Build projects as part of the Safe Routes for All Active Transportation Plan. This includes but is not limited to corridor improvements projects along Bassett Street, Blatchley Avenue, Kimberly Avenue, Goffe Street and Sherman Avenue. This also includes conducting extensive public outreach, developing conceptual design, and implementation of improvements.
- Safe Routes to Schools Projects (Phase II)- the Department anticipates developing preliminary design plans and cost estimates for improvements for various schools across the city. This includes identifying traffic calming and signage improvements, installing new signalization around schools to reduce safety and provide advance warning to motorists and recommending striping and crosswalk improvements.
- Streetlight Improvement projects- development of a multi-year strategic plan to replace and enhance more than 12,000 streetlights across the city. Priority will be given to locations with high crash and crime incidents to improve roadway and public safety.
- Active Transportation Projects
  - Orange Street- complete the feasibility study to improve existing bicycle infrastructure to accommodate safer bike lanes and initiate implementation.
  - Downtown Bike lanes- evaluate feasibility of adding bike lanes on Grove Street, Upper State Street, Orange Street in Ward 7.
  - College Street- evaluate feasibility of upgrading/adding dedicated bike lanes on College street between Elm Street and Crown Street including adding a contra-flow bike lane.
  - E-Bike Share- develop an RFP to solicit applications and select operators for implementation of e-bike share in the city.
- Programmatic Initiatives and Events

- Open Streets- continue leveraging annual events such as the Grand Prix bicycle race in Downtown to organize open streets events. The Department also anticipates organizing stand-alone events in Summer and Fall of 2023.
- Continue support and sponsorship of Bike to Work Week events to raise awareness of bike safety and sustainability benefits.
- Signal Design Projects
  - 92-682 West River Traffic Signals upgrade (CMAQ-funded project) – once final design is complete and approved by CTDOT, TT&P anticipates placing the project to bid in Q3 of 2023 and initiating construction thereafter.
  - 92-666 Church Street two-way signal project (CMAQ-funded project)- once final design is approved by CTDOT, TT&P anticipates placing the project to bid in Q2/Q3 of 2023 and initiating construction thereafter after the bids have been successfully accepted.
  - 92-666 Phases II and III – the Department anticipates developing a project to move the remaining 11 intersections that were part of the original 92-666 project- currently in various design stages- to near-final (90%) design.
  - Townsend Signal Upgrades- Once the bids have been successfully accepted TT&P anticipates beginning construction in late 2023.
  - York Street 2-Way Conversion- Once the bids have been successfully accepted TT&P anticipates beginning construction in late 2023.
  - Downtown Crossing Project Phase 3 Signal Co-ordination Project- initiating implementation to improve signal co-ordination and communication design (including installing Adaptive Signal Programming) along S Frontage Rd and MLK Jr. Blvd. to reduce congestion and improve travel times.
  - City-wide implementation of Leading Pedestrian Implementation (LPI)- initiate a project to identify corridors and intersection for expansion of LPI city-wide based on recommendations made in the SRFA plan. This will also include conducting extensive public outreach on the system operations and benefits.
- Pavement Markings and Signs Improvement Projects
  - High-Visibility Crosswalks- Install high-visibility crosswalks at up to 20 intersections city-wide in addition to leveraging on-going and future projects such as the State Street, Whitney Avenue and Howard Avenue projects. Additional crosswalks will also be installed city-wide as part of the Annual Fall Re-Pavement Projects by DPPW.
  - Midblock Crossing Safety- initiating a project to conduct an assessment of all city-wide midblock crossing to improve signage and crosswalk markings.
- Corridor and Intersection Safety Projects
  - State Street Realignment Project- on-going technical support to the Engineering Department design of the State Street Realignment Project including design of traffic signals
  - Whitney Avenue- on-going technical support to the Engineering Department design of the Whitney Avenue project including design of traffic signals
  - South Frontage Road- on-going technical support to the Engineering Department design of the South Frontage Road project.
  - Signal Warrant Analysis- safety analysis of various intersections city-wide including at Peck Street and Blatchley Avenue, Clay Street and Blatchley Avenue to evaluate the feasibility of adding additional STOP signs.
- Safe Routes to Schools Projects

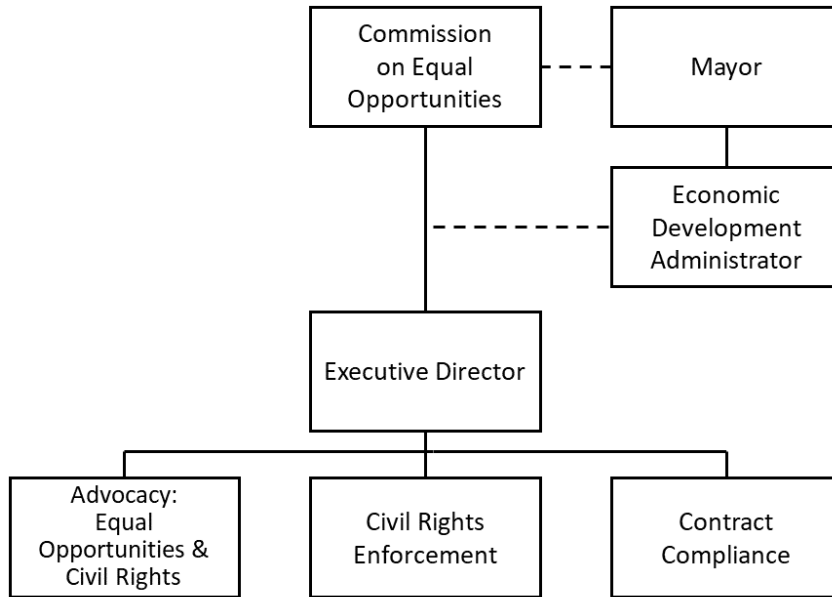

- Common Ground High School- installation of signage to improve safety.
- City-wide School Needs and Deficiencies Safety Study (Phase II)- identify safety improvements in the vicinity of schools and complete design.
- Transportation Planning and Traffic Engineering Studies
  - One-way to Two-way Street Conversion- completion of project to evaluate the feasibility of converting George Street, Chapel Street and York Street from one-way to two-way condition.
  - Trumbull Street signal co-ordination and safety project- complete traffic study to improve signal co-ordination along Trumbull Street between Prospect Street and I-91 Exit 3 (Orange Street and Trumbull Street intersection).
  - Traffic Signal Inventory Conditions Assessment- complete structural condition evaluation of all traffic signals owned and operated by the City.
  - Long Wharf- participate in implementation activities related to Long Wharf Responsible Growth Plan, including roadway / resiliency design.
  - Union Station- further development plan for Union Avenue and Water Street, as related to Union Station transit-oriented development plan.
- Parking Studies and Initiatives
  - Downtown Day-Lighting Project- project to evaluate the feasibility of improving safety in no-parking zones including reallocating spaces for additional bike corrals.
  - Parking Meters Conditions Assessment- Survey to evaluate the condition of 1800+ meters city-wide in order to develop a strategy to maintain and replace them.
  - Mobile-Pay Marketing- project to identify strategies and opportunities to increase mobile-pay usage for increased revenue.
  - Contracts- develop RFPs for renewal of contracts for parking enforcement and payment systems.
- Transit Studies
  - MoveNH BRT- the Department will co-ordinate with CTDOT, City staff and consultants on implementation of Bus Rapid Transit (“BRT”) in New Haven. This will include support and review of analysis, design, public engagement, construction and maintenance of the project.
  - Micro-Transit- evaluate the feasibility of implementing micro-transit to reduce gaps in transit coverage. This on-going effort will also include identifying grant opportunities for implementation.

**705 COMMISSION ON EQUAL OPPORTUNITIES**  
 NICHOLE JEFFERSON, EXECUTIVE DIRECTOR  
 200 Orange Street, Room 400  
 Hall of Records  
 203-946-7727

**OVERVIEW:**

The Commission on Equal Opportunities (Commission) is a semi-autonomous civil rights agency, and the Commission is the oldest civil rights agency in the United States. The Commission's official local action is to promote and assure equality of opportunity for all residents of the City, correct past denials of equal opportunities, and prevent such rejections in the future. It was established in 1964 by City Ordinance Chapter 12½.

The Commission promotes and assures equal opportunities for individuals by monitoring and enforcing contractor and vendor equal employment/affirmative action policies, including the City's Living Wage ordinance. The Commission is mandated to enforce compliance with related state and federal laws, including enforcing state and federal prevailing wage requirements.

City Ordinance 12 ½ and related state and federal laws and policies require that the Commission focus on ensuring that City-related construction projects meet minority and female employment representation goals and onsite workforce training goals.

Section 12 ½-5 The Commission shall have the power and duty: To work with federal, state, and City agencies as well as private, civic, religious, business, industrial, labor, and other organizations, groups, and persons to achieve harmonious intergroup relations in the community as well as to develop and establish positive programs which will help all members of the community enjoy equality of opportunity in all phases of community life.

In addition to its regular enforcement responsibilities, the department is responsible for sponsoring educational programs, providing resources, appropriately expanding outreach efforts in all segments of society, and effectively eliminating discrimination within the City of New Haven.

### **FY 2022-2023 HIGHLIGHTS**

- Inspected **792** contractors for compliance with Code of Ordinance Section 12 ½
- Conducted **307** In person Pre-Construction Meetings
- Conducted **10** BOC training sessions for Federal, State, and Local hiring laws
- Streamlined **EEO** document data systems and processes for contractors
- Developed Enforcement Plan & Operational Manuals for staff and BOC review
- Developed departmental Policies unanimously approved by BOC
- Collected over **\$40,000.00** of fines and penalties deposited to the city general fund
- July 1-Dec 31, 2022, ten (**10**) contractors were found in violation of the City of New Haven Code
- Developed Inspector Site Visits Protocol System (SVPS)
- Collected **\$8,487.38** wage restitution for eight (8) employees.
- Secured hiring three (**3**) additional staff for a team of four(4)
- Conducted one (**1**) Departmental training session for the Engineering Department
- Completed Section 3 Narrative for CAPER
- Established temporary standardized electronic payroll collection from contractors
- Re-established Board of Commissioners regularly scheduled meetings
- Establish policies, procedures, and reporting system for the Board of Commissioners
- Restored HUD Section 3 regulations are found in 24 CFR part 75, and HUD for reporting to promote sustained employment and career development. Focused on labor hours instead of new hires creating incentives for employers to invest in and retain newly hired low-income workers for all projects exceeding \$200,000.00 and projects funded with Lead & Hazard Control and Healthy Home Program that exceed \$100,000.00.
- Developed New Section 3 City of New Haven Plan with Employment, Training & Contracting Goals mandated by 24 CFR part 75
- Establishing Section 3 training partners
- Establish Section 3 Work Certification process mandated by HUD for LCI projects
- Re-establish Purchasing Department Process & Procedures

**FY 2023-2024 GOALS / INITIATIVES:**

- Effectively leveraging CEO local hire mechanisms, striking the right balance of being an enforcement official and becoming a workforce partner.
- Enforcing the hiring language in Development Land Disposition Agreements (DLAD) under the "Workforce Requirements During Construction Section 5.2" that bind upon each contractor and subcontractor
- Standardize DLAD Workforce Requirements for 25% workforce hours for residents
- Secure legal counsel for the BOC
- Empowering residents to secure and maintain employment will ultimately lead to their economic growth.
- Inspect 1000 contractors
- Conduct 500 In-person Pre-Construction meetings
- Prioritize efforts for Section 3 workers
- Acquire a cumulative payroll database reporting system with “On Base Application” software.
- Provide expanded economic opportunities for low to very-low-income persons
- Initiate partnerships focusing on outreach, soft skills workshops, math skills workshops, certification in safety training, and hard skills training with wrap-around services and life coaching.
- Departmental Meet & Greet for workforce hiring
- Annual Developer Prime Contractor training session for Spring
- Collect \$100,000 fines and penalties from non-compliant contractors
- Securing office space for staff
- Securing four (4) positions
- Staff attend several Pryor Learning workshops

Requested from purchasing to increase Livable Wage rate to over the HUD poverty level. Requested to Corporation to have all DLDA to include a formal letter from CT/DOL Letter of Determination to establish the Commission to enforce prevailing wages on DLDA projects and to include resident hiring of 25% total hours worked.

The Commission is mandated to oversee the HUD Section 3 program. It requires that recipients of certain HUD financial assistance, to the greatest extent possible, provide training, employment, contracting, and other economic opportunities to low- and very low-income persons, especially recipients of government assistance for housing and businesses that provide economic opportunities to low- and very low-income persons.

Section 3 requirements apply to housing rehabilitation, housing construction, and other public construction projects assisted under HUD programs that provide financial housing and community development assistance when the project's total amount of aid exceeds a threshold of \$200,000. The project site with any building(s) and improvements located on the site(s) under common ownership, management, and financing. The threshold is \$100,000, where the assistance is from the Lead Hazard Control and Healthy Homes programs.

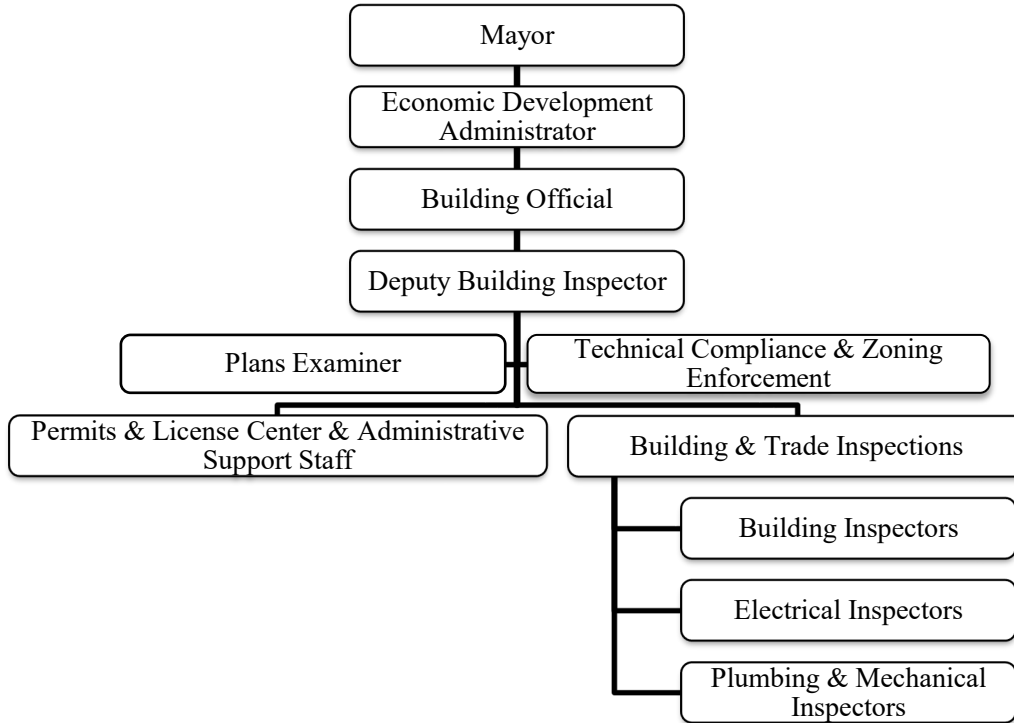

HUD regulation at 24 CFR §§ 75.15 and 75.25, including engagement in outreach efforts to generate job applicants targeting Section 3 workers, providing training or apprenticeship opportunities, and providing technical assistance to help Section 3 workers compete for jobs (e.g., resume service, coaching).

Such qualitative efforts include but are not limited to the following:

- Engaged in outreach efforts to generate job applicants targeting Section 3 workers.
- Providing training or apprenticeship opportunities.
- Provided technical assistance to help Section 3 workers compete for jobs (e.g., resume service, coaching).
- Assist Section 3 workers in obtaining financial literacy training and coaching.
- Provided or connected Section 3 workers with assistance in seeking employment, including drafting, resumes, preparing for interviews, finding job opportunities connecting residents to job placement services.
- Holding one or more job fairs.
- Providing or referring Section 3 workers to services supporting work readiness and retention (e.g., work readiness activities, interview clothing, test fees, transportation, childcare).
- Assisted in applying for/or attending community college, a four-year educational institution, or vocational/technical training

**721 OFFICE OF BUILDING INSPECTION AND ENFORCEMENT**

JAMES TURCIO, DIRECTOR  
200 ORANGE STREET, 5<sup>TH</sup> FLOOR  
203-946-8046

**MISSION / OVERVIEW:**

The Building Department continues to provide a high level of services through the issuance of building, electrical and mechanical permits; zoning compliance, and inspections of all phases of construction and reconstruction by enforcing City ordinance and State statutes as they pertain to the public safety and welfare. Individuals cited for working without permits are issued “stop work” orders; abandoned structures open to trespassing are ordered to be secured and, when necessary, ordered to be demolished. Building and demolition permits are withheld on tax delinquent properties. An ordinance amendment requiring fines up to \$1,000 for projects that start without a valid permit has been successful in reducing the projects that are not permitted and has increased permit revenues.

The Permit & License Center housed within the Building Department is comprised of two divisions; Contractor and Vending. Both divisions issue various permits and licenses for individuals and businesses who wish to conduct business or provide services in the right-of-way and/or rooming house use.

Municipality is the new permitting and licensing program that will be utilized citywide. Similar to its predecessor it facilitates the online permitting and allows interdepartmental review of permits and licenses. The program assists the department in its paperless goal that has been implemented, which includes but is not limited to, a paperless plan review.

A paperless plan review will consist of purchasing three smart screens to allow the plan reviewers, to review, make notes and sign off on plans electronically, which will store them electronically through the permit program software. This will save the department an average of over 160,000 pieces of paper a year.

**724 ECONOMIC DEVELOPMENT ADMINISTRATION**  
**MICHAEL PISCITELLI, ECONOMIC DEVELOPMENT ADMINISTRATOR**  
 165 CHURCH STREET, FLOORS 4R & 6  
 203-946-2366

**MISSION/OVERVIEW:**

The Economic Development Administration (EDA) contributes to New Haven’s socio-economic wellbeing by facilitating commercial development and other taxpaying investment, attracting quality companies, supporting local business and entrepreneurial growth, and expanding the breadth of overall employment and economic activity in an inclusive manner that offers all residents access to high-quality jobs. The “Together, We Grow” inclusive growth initiative creates avenues to address systemic racism and provide greater access to opportunity across the division’s work plan.

EDA coordinates the operation of seven departments as well as more direct responsibility for the general administration, economic development, small contractor and small business assistance and cultural affairs. Its key objectives include:

- **Attracting and retaining quality investment:** Securing public-sector support and private-sector investment for development that bolsters New Haven’s advanced manufacturing, high technology, food processing, health care, and life science industry clusters.
- **Developing local jobs and businesses:** Providing small businesses, particularly minority-, woman-, and locally-owned small businesses, and aspiring entrepreneurs with access to resources to locate and grow in New Haven and connecting City residents of all backgrounds to sustainable employment opportunities.
- **Revitalizing New Haven’s neighborhoods:** Fostering mixed-use development that helps to enhance distinctive, welcoming communities throughout the city, partnering with neighborhood stakeholders and accomplished developers to offer residents of all circumstances high-quality

housing and retail options, and promoting the growth of diverse educational, artistic, and cultural amenities to support New Haven's status as a leading recreational and entertainment destination.

- **Improving New Haven's global competitiveness:** Bolstering New Haven's competitive stature regionally, nationally, and internationally, and means of access to the world, by increasing its global connectivity through Union Station, State Street Station, Tweed-New Haven Airport, and new transit alternatives that align closely with the city's essential quality of life.
- **Connecting residents to opportunity:** Ensuring that new growth is a pathway to economic wellbeing for all New Haven residents in part through collaborations with workforce development partners, small business programs and academic institutions.

## **FY 2022-2023 HIGHLIGHTS**

### **A. Attracting and Retaining Quality Investment**

**Downtown Crossing:** A citywide long-term initiative continues with federal and state partners to remove the last remains of the former Route 34 corridor and replace it with two urban boulevards, reconnect Orange Street, and connect Temple Street to Congress Avenue:

- Phase 1 College Street & 100 College Street Development Agreement: complete
- Phase 2 Orange Street & Former Coliseum Site Development: underway
  - Orange Street reconnection: complete
  - Former Coliseum Site: As per the Development Agreement, LWLP New Haven LLC began construction on Phase 1A (200 residential units/20% affordable), a Retail Laneway, and a public-space component in late 2022, and secured approvals to begin construction on Phase 1B (a 650-space parking structure with an additional 75-100 residential units/20% affordable) and Phase 1C (a 250,000-square-foot lab/science building, through its partner Ancora) in late 2023.
- Phase 3: South Frontage Road/101 College Street Development Agreement: underway
  - Phase 3 design integrated with Phase 2 through design/build planning process; ongoing selection of Phase 3 design/build team in 2020; South Frontage Road completed in 2022.
  - 101 College Street: Construction underway for new 500,000 sf med/lab office building with biolabs incubator. Core and shell, public improvements including outdoor plaza all scheduled to be completed for tenant fit out in late 2023.
- Phase 4: MLK Boulevard & Temple Street, Parcel B: underway
  - Design of MLK Boulevard and Temple Street 70% complete, grant applications filed for state and federal financial assistance.
  - Parcel B Development: Conceptual layout of new development in process.

**Cannabis:** Due to changes in state law, Connecticut adults began to be able to purchase cannabis for recreational purposes on January 10, 2023. Leading up to opening day, the City's new zoning ordinance, passed in the summer of 2022, allows for the cultivation and dispensation of cannabis among other license types in Connecticut. Affinity Health & Wellness, which previously received approvals to sell cannabis for medicinal purposes, received a City special permit to sell cannabis for recreational purposes in 2022, and began doing so in 2023. Insa, an established Massachusetts-based cannabis business, expressed its intent to secure a City permit to dispense cannabis for medicinal and recreational purposes in a portion of the former Long Wharf Theatre in late 2023.

**Multi-Family Residential Development:** EDA’s Office of Business Development (OBD) worked with many developers to facilitate their investments in residential or mixed-use projects, by guiding them through regulatory and community outreach processes. Projects during the past fiscal year include:

Project	Units	Developer	Stage	Status

**Hotels:** Despite COVID-19, the growth of Yale University, Yale-New Haven Health, biotech companies, and tourism has driven interest to create new hotels in New Haven. In the fall of 2022, the Cambria, a 132-room upscale hotel opened at 20 Dwight Street. This project is the latest development made possible by the 243 Legion Avenue Development Agreement.

**Mill River District:** OBD continues to implement key recommendations of the Mill River Planning Study with a proposed new Mill River Municipal Development Plan (MDP). The new plan, which will be communicated to the Board of Alders in 2023, will include properties encompassed by I-91, I-95, the Mill River, and James Street. The expanded MDP will assist in expediting the redevelopment of long-vacant properties such as English Station. Several new businesses have opened in the district including LULAC (City DLDA), Weee! Grocery, Lyman Orchards, and Laydon Construction. OBD worked closely with the developer of the former Allegion property at 50 Ives Place, and the first of two new distribution facilities onsite is now complete and leased.

**River Street (Fair Haven):** OBD and its development partner, Bigelow Square, continued to develop a plan for the 198 River Street building and surroundings which were significantly damaged in recent coastal storms. OBD secured a DECD Brownfields Municipal Development Cleanup Grant in 2021 and plans to communicate a new agreement to the Board of Alders in 2023. Environmental assessments conducted and initial Remedial Action Plans drafted for the properties located at 112 Chapel Street, 142 River Street, and 69 Poplar/53 River Street under an EPA Assessment Grant were completed. Armada Brewing opened its brewpub at the renovated and remediated property at 190 River Street.

**Social Media:** OBD established and actively began managing social-media accounts on Facebook, Twitter, Instagram, LinkedIn, and YouTube to market our efforts to support business development, promote New Haven businesses, and enhance our profile as a world class-business destination. The accounts have 6,114 combined followers as of February 2023, and readers had viewed their content more than 60,000 times over the past year.

## **B. Developing Local Jobs and Businesses**

OBD staff routinely provide advice, counseling, and technical assistance to walk-in current or would-be entrepreneurs. Services include:

- Information on how to start a business (including registration, licensing, and permit information);
- Qualifying for loans and other financial assistance from various local, state, and federal sources;
- Local, state, and federal business incentives and credit counseling; and
- Information on city regulatory pathways and site planning.

Historically, approximately 10% of these prospective business owners go on to establish businesses (typically home-based, with 1-2 employees) within the city.

### **1. Small Business Resource Center**

The Small Business Resource Center (SBRC) continued to provide New Haven entrepreneurs with technical assistance, training, access to capital, networking, and mentorship. During FY22, COVID-19 continued to consume our outreach and support efforts. When COVID-19 arrived, SBRC pivoted programming immediately and began to deliver programming online. Online programming will remain an integral part of how SBRC supports the community for the duration of the pandemic. It has been easier for the community to access SBRC programming plus online programming will enable easier expansion of these services.

SBRC provides New Haven entrepreneurs with access to learn business fundamentals; to examine in a comprehensive way the benefits, responsibilities and challenges associated with owning a business; to connect entrepreneurs with existing businesses with support to grow their businesses; to sponsor and create opportunities to showcase New Haven's minority business community; and, to connect all entrepreneurs with the support and resources they need to take next steps in their entrepreneurial pursuits.

FY23 highlights:

- 94 training and credit assessments for new businesses
- 41 graduates of DNA of which 7 started new businesses
- 10 inmates from two prisons in the area
- 6 partnership loans to existing businesses
- 48 jobs retained

With support from the federal CARES Act, the City launched a Partnership Loan Program in collaboration with the Community Foundation for Greater New Haven and HEDCO. This Program provides low-interest, partially-forgivable loans, in amounts up to \$25,000, to minority- and woman-owned small businesses that have experienced negative impacts from the pandemic. SBRC and OBD staff support the program, which yielded \$150,000 in loans to 6 small businesses and saved 11 jobs. This program was designed specifically to target area entrepreneurs that SBA's EIDL and PPP were unable to serve.

SBRC hosts a nine-week training program called DNA of an Entrepreneur ("DNA"), which has been recognized by the State of Connecticut Small Business Development Center as the best of its kind in the state. Potential participants come to SBRC by word-of-mouth and through their own searches. Looking forward, SBRC intends to invest in software to deliver services better and more efficiently.

DNA sessions are taught primarily by volunteers and, due to the pandemic, were taught entirely online. To participate, aspiring entrepreneurs are subject to a needs assessment and credit screening. A third party provides credit counseling if those whose scores fall under 600. Credit screening helps ensure that every potential participant has a path to financing if they complete the program and allows our third-party credit counselor time to work with the individual to improve their credit when necessary.

In FY22, 42 participants completed DNA cohorts. SBRC served over 150 clients, 94 approached SBRC to start a new business, and 7 started new businesses. In addition to the credit counseling, graduates were required to submit at least a first draft of their business plan and could miss no more than two classes to graduate.

Participation in the DNA program has had many direct and indirect community benefits. Direct benefits include the creation of new businesses and creation of associated jobs. However, in addition to community benefits from more businesses and more jobs, examples of ways the community benefits indirectly from SBRC programming include reduced joblessness in the community, funds spent locally, and increases in individual self-esteem associated with creating something of value.

SBRC launched a ground-breaking and widely acclaimed partnership in the FY21 with the State of Connecticut Department of Corrections to deliver DNA programming to currently incarcerated people with six or fewer months left to their sentence. Inmates participated virtually in the fall and spring DNA cohorts. In FY22, 10 inmates from McDougal Walker and Cheshire Correctional participated and graduated.

While DNA's participation has remained steady, the wait list to participate decreased. This is due, in part, to the suspension of walk-in meetings with SBRC professionals. In the past, appointments were not necessary, a potential participant could drop in at any time, be assessed immediately by a team member, and be directed to whatever resource they needed. SBRC hopes to see these numbers improve with the easing of COVID-19.

SBRC has established a robust relationship with Goldman Sachs' 10,000 Small Businesses Program ("10KSB"). 10KSB is an MBA-like program offered for free to business owners whose businesses meet certain criteria. SBRC's liaison at the program refers to New Haven as their "favorite municipal partnership." As with DNA, in-person introductory sessions offered occasionally have given way to regular lunchtime virtual presentations called, "Strategies to Accelerate Revenue." In the current fiscal year, SBRC's has pivoted to monthly on-line workshops which has resulted in an increase in businesses registered and attended.

COVID-19 prompted SBRC leadership to explore unconventional ways to feature and support New Haven's small businesses. Pre-COVID, SBRC struck new ground with the Proprietors of New Haven's Historic Green. In recognition of SBRC's work with small businesses, Proprietors for the first time in centuries permitted commerce on the Green and approved SBRC to host a holiday bazaar called Holiday

Village ("HV"). SBRC invites vendors who do not have brick and mortar retail space to sell their hand-crafted goods at the event.

COVID-19 restrictions prevented SBRC from hosting the bazaar again in Winter 2020. Timed to coincide with the tree lighting ceremony, in December 2021 HV returned to the Green, and 15 New Haven-based vendors sold everything from donuts to shower steamers to high end jewelry. An informal poll of these vendors revealed average gross sales of approximately \$1,750 per vendor over the three-day event. The event provided New Haven vendors with exposure and sales that they would not have had otherwise.

Finally, SBRC continues to institute outreach efforts to link entrepreneurs, service providers, elite customers, and financiers together. Moving forward, SBRC sees this area as an opportunity for improvement, especially if SBRC can secure additional resources to do so.

## **2. Small Contractor Development**

Small Contractor Development (SCD), which administers Section 12¼ of the City's ordinances, is responsible for building a broad base of emerging business enterprises that can perform high-quality construction at competitive prices. Businesses need information and know-how to succeed, and SCD aims to provide them with opportunities to grow from emerging startups into profitable, sustainable, and competitive companies.

The SCD focuses on these primary goals:

- Supporting the utilization of small, minority-, and woman-owned construction and construction-related firms and expanding their capacity to undertake contracts of increasing size and complexity.
- Foster the growth and sustainability of small, minority, and women owned construction businesses
- Support job creation and retention
- Work to eliminate challenges often faced by small, minority, and women businesses
- Increasing the number, size, and range of contracts awarded to participating businesses.
- Strengthening the regional construction industry, by promoting policies and practices that improve the competitive positions of small, minority-, and women-owned construction businesses.
- Managing contract compliance provisions that promote the representation of minorities and women in the ownership and management of businesses and in the workforce.
- Conducting outreach initiatives and providing marketing, networking, and business development opportunities with private- and public-sector firms.

To address these goals, SCD performs several crucial functions to assist small construction contractors:

- Increases access to information that will make it easier for S/MBE/WBE subcontractors to connect with prime contractors early in the procurement process.
- Oversees and monitors the Sheltered market program where similarly sized businesses compete for under \$150,000 City of New Haven contracts
- Markets and recruits New Haven County small, minority and women owned construction businesses to participate in the Program.
- Measures SBE/MBE construction spending by city agencies and DLDA agreements

- Monitors MBE subcontracting compliance and reports on projects progress.
- Issues weekly email blasts of City of New Haven bidding opportunities
- Sends project-specific emails with contact information, pre-bid meeting dates and contact information
- Ensures all projects comply via real-time S/MBE/WBE monitoring and enforcement
- Conducts networking events and information sessions to give small contractors face-to-face interactive opportunities to build relationships with prime contractors on projects in the City of New Haven
- Holds workshops and seminars aimed at empowering small, minority-, and women-owned construction businesses to make the best decisions for their business on various topics (business accounting, bidding, marketing, taxes, man-hour calculation, and cash flow analysis)
- Assists small contractors by working directly with them, providing one-on-one technical assistance in a variety of fields (contracts, payments, safety programs, cash flow, insurance, labor, taxes, and bidding)
- Works with owners, developers, construction managers and prime contractors to identify subcontractor opportunities and assist with scope review
- The SCD Free Prompt Payment Program provides SCD registered contractors the ability to receive payment on invoices within twenty days without any fees incurred

In Calendar Year 2022, SCD:

- Continued to expand methods of virtual service delivery: webinars, WebEx, online, Zoom, Teams meetings. As well as the slow but steady return to in person events
- Continued to collaborate with Purchasing and Finance on modifying insurance requirements to allow for greater SBE/ MBE participation, resulting in an increase in SBE/MBE bidding participation
- Provided in-person and virtual technical assistance to more than 390 small, women, and minority contractors, and to an additional 300 contractors through phone calls and emails
- Tracked the following results for small, minority-, and women-owned construction contractors:
  - New Haven construction businesses received \$10.7 million in prime contracts, or 62% of the total construction spend
  - Minority-owned construction businesses received \$3,902,000 in prime contracts, or 22% of the total construction spend
  - Woman-owned construction businesses received \$3,432,000 in prime contracts, or 20% of the total construction spend
  - SCD contractors received \$8.0 million, or 45% of the total construction spend
- Organized and designed the following basic workshops for all SCD contractors: Basic Estimating, Insurance Requirements for City of New Haven Projects, Construction Site Safety Basics, Know What Wage Rates You Have to Pay, Bidding Public Projects
- Leveraged services and resources available through Economic Development to help grow small, minority-, and woman-owned construction businesses. Through these efforts:
  - Collaborated with Façade Grant Program to offer and monitor MBE subcontracting opportunities
  - Tax Abatement Agreements are monitored for providing opportunities to MBE contractors

- 101 College Street: City Development Agreement with Winstanley, core and shell phase offered mentoring opportunities in welding, HVAC, and plumbing. The project has awarded \$12.0 million to date to MBE/WBE contractors.
- 340 Dixwell: City Development Agreement with Beulah Land Development using “mass timber” construction materials achieved 20% MBE contractor participation to date.
- Kensington Square has achieved 23% MBE contractor participation (TCB) to date.

To comply with the Times Up Act (Public Acts 19-16 and 19-93), which enacted new requirements for diversity and sexual harassment education and training, SCD held two workshops in 2022.

Effective October 1, 2021, the State of Connecticut enacted a new requirement for businesses to bid and get paid on State and State-funded projects. All businesses now must register in the Federal System for Award Management (SAMS). The Dept. of Administrative Services (“DAS”) also now requires the SAMS registration for SBE/MBE certification. SCD collaborated with DAS to hold a virtual workshop explaining the new regulations, and registration process. SCD provides assistance with the SAMS registration process as well as with DAS.

2022 saw an increase in the transition to a greener construction industry. Buildings being the single largest energy users and producers of greenhouse gases. SCD developed a Climate Conscience Contractor Training Series aimed at providing small businesses with the training opportunities to participate in the local green building market. Industry certifications: Fundamentals of Building Green and Building Science Principals were earned by 15 small, minority contractors and over 20 small, minority contractors participated in the technical skill training.

### 3. Small Business Incentives & Technical Assistance

**Technical Assistance:** OBD strives to enhance the city's tax base and support business, community, and resident employment by using public resources to leverage private-sector investment. Staff provide businesses and developers with help finding space to relocate or expand, as well as help navigating state and local incentive programs, such as:

The City of New Haven's Assessment Deferral Program (amended and approved by BOA to include Mixed Income projects);  
 The City of New Haven's City and Town Development Act (renewed by the BOA as of January 1, 2020);  
 The State of Connecticut's Enterprise Zone & Urban Jobs Tax Abatement Program;  
 The State of Connecticut's Urban Site Tax Credit Program;  
 The State of Connecticut's Research & Development (R & D) Tax Credits;  
 The State of Connecticut's Small Business Express Program;  
 The State of Connecticut's Job Creation Tax Credit Program; and  
 The State of Connecticut's Public Utility Incentives, including C-PACE and the Connecticut Green Bank.

Support is also provided to the Connecticut Department of Economic and Community Development on the statewide Opportunity Zone program with designated census tracts within New Haven.

**Façade Improvement:** OBD uses the Façade Improvement Grant Program to fight blight in New Haven neighborhoods, stimulate economic growth, promote citizens’ welfare, and strengthen local communities through a combination of redevelopment and rehabilitation. Grant funds provide funding for eligible

façade improvements at eligible properties within the city's neighborhoods and commercial districts that include, but are not limited to, doors, signage, lighting, landscaping, and security items.

Despite ongoing COVID-19 challenges, supply chain issues, and labor shortages, the Program provided two Façade grants, totaling \$126,000, that leveraged \$1,050,000 in Grantee investment on their projects, t, thereby supporting \$8.33 in private investment for each façade dollar, on the following projects:

**Environmental Assessment Assistance:** To help property owners and prospective developers to understand potential environmental contamination on former industrial/commercial sites, OBD’s Environmental Assessment Assistance Program covers up to 50% or \$25,000, whichever is less, of environmental assessment costs on eligible, small, neighborhood-based industrial/commercial properties, and up to 50% or \$50,000, whichever is less, of the costs of environmental assessments on eligible, large industrial/commercial properties. The City has participated in projects under the program in neighborhoods from Mill River, to Westville, to Fair Haven, to the East Shore, which have resulted in six completed or planned cleanup and redevelopment projects and new applications approved in 2022 will facilitate projects in the Hill and upper Grand Avenue.

**Industrial Expansion Assistance:** OBD established the Industrial Expansion Assistance Program in 2020 to help manufacturers planning facility improvements to increase their operations and create additional job opportunities for New Haven residents. The program provides up to \$99,000 in grant funds, or 50% of the project cost, whichever is less, to offset required capital improvement costs. Three

manufacturers have received assistance under the program, one located in Fair Haven, one in the Hill and one in Mill River resulting in the creation of many new jobs and the improvement of three commercial/industrial properties.

#### 4. Other Jobs & Small Business Initiatives

**Small Business Support:** Media and special events bolster efforts to support locally-owned small businesses, particularly restaurants, that rely on a retail business model by expanding on existing initiatives and creating new initiatives to assist in promoting dining, retail, and other user experiences in New Haven:

- In February, the City leads a Valentine’s Day promotion “Shop and Love Local” for stores and restaurants. This year, Mae’s Flowers and Dope and Delicious were featured in part for the leadership and role in support of the revitalization of the Dixwell corridor.
- In February and March OBD coordinated virtual sessions with merchant groups, by neighborhood and more broadly with restaurants, to prepare for outdoor dining. Programs with partner organizations like the EDC, and NHIC provided support as well in 2022. As a result, outdoor dining opportunities in New Haven increased to 32.
- In early spring, OBD successfully worked with TTP, OBIE, DPW, the Fire Marshal’s Office, and the Town Green Special Services District (TGSSD) to again close a lane of traffic on College Street and one block of Orange Street, to provide pedestrian throughfare with contiguous outdoor dining “parklettes” along these corridors.
- OBD provided heavy support and coordination with local businesses to ensure a smooth New Haven Grand Prix bike race and Apizza Feast event after a two-year hiatus.
- Continued participation in monthly/quarterly merchant meetings such as Ninth Square, College/Chapel, etc. to provide updates, answer questions, and make referrals.

In addition, OBD continued to support local shops and restaurants by conducting an ongoing series of television, print, and social-media events to celebrate small-business grand openings (which again outnumbered closures). Marketing efforts take many forms, and with our partners at EDC and neighborhood districts, the City focuses on events which both celebrate current activities and look toward our future.

- Ribbon cuttings to celebrate many new businesses citywide, for businesses including J. Press, Valentino Tailors, The Luke, Raw Juicescape, Tinaliah Designs, and Elm City Bioscience Center, as well as the opening of mixed use/residential apartment developments including 630 Chapel Street, 87 Union Street, 201 Munson Street, 340 Dixwell Avenue, 275 South Orange Street, 29 Audubon Street, and 335 Orange Street.
- Policy and Project Milestones celebrated include the 101 College Street Scholarship Fund for Hill and Dwight residents, as well as the Long Wharf community investment initiative and first cohort of ARPA-funded Career Pathway expansion grants to further align school to workforce programming for New Haven’s young people.
- Thematic press events related to celebrations and program initiatives, such as National Oyster Day, National Pizza Day, Small Business Saturday, Summer Outdoor Activities and Events, etc.

## C. Revitalizing Neighborhoods

### 1. Department of Cultural Affairs

The mission of the Department of Cultural Affairs (DCA) is to improve the quality of life for New Haven residents through celebration of the arts, culture, and tourism as catalysts for cultural equity, economic development, civic engagement, and spiritual uplift. We support, promote, and encourage artists, arts and cultural organizations, and events in New Haven, and serve as the steward for the municipal collection of globally-inspired public art.

**Public Art:** DCA continues to expand its public art thumb print in the city of New Haven. In 2022, it initiated the following projects, pursuant to its public art guidelines:

- Oversaw completion of underpass Murals in Fair Haven and West Rock with NuSpiral Collective
- Supported Community Public Art Murals
- Assisted in the selection of Yale Climate Artist-in-Residence
- Supported cleaning/maintenance on William Lanson Statue
- Updated the public art archives on [publicartarchive.org](http://publicartarchive.org)
- All other City of New Haven public art compliance

In 2023, DCA will continue to work with local artists, residents, other city departments such as OBD, City Plan, the Community Service Administration to increase public art projects by opening the door of support to our local artists, increasing the visual storytelling of community history, culture and ideas, contributing to the beatification of neighborhoods, and creating a pathway to cultural tourism with entryways and underpasses filled with visual expressions and reflections of our city. Provide logistical support to Yale Climate Artist-in-Residence mural. Examining the expansion of the public art maintenance fund with the Cultural Affairs Commission.

**Film:** DCA works with both local and visiting film makers and production companies to secure permits and assist with locations that will be adequate for production and meet client demands. It also expands its film services by supporting local film festivals through funding, educational, and training opportunities.

**Grants:** DCA supports the New Haven Creative Landscape, and health of its creative ecosystem, by providing funding support through programs such as the Creative Sector Relief Fund Expansion and Dollar-for-Dollar Match programs through EDA, and the Neighborhood Cultural Vitality grant program, Entrepreneur Decoded program, and the Cultural fund made possible through ARPA funding. The Neighborhood Cultural Vitality grant program was revised to align with the Cultural Equity Plan. We also awarded several community arts sponsorships for ad hoc community programs and events.

In 2023, DCA will expand on these efforts by continuing to allocate funding through an equity lens. Access to a free online grant writing series introduced in Fall 2022 will remain available. These programs directly respond to the needs of artists and small non-profit arts organizations that are still feeling the effects of the COVID-19 pandemic on sustainability.

**Special Projects:** DCA engages the broader community on various special projects, ranging from a focus on cultural equity, community wellbeing, and mental health, to working citywide with the Mayor and

other City departments on our mandate for racial justice. DCA looks to shift culture and norms to create a just and equitable environment for all residents, and currently has the following projects underway:

- CORE EQUITY Team, JEDI Program (Justice, equity, diversity inclusion) citywide anti-racism training (Living Cities, undoing racism, Government Alliance on Race Equity)
- Neighborhood pop-up virtual festivals (with the International Festival of Arts & Ideas)
- Permanent COVID memorial Art Park with the design brigade
- 2<sup>nd</sup> Black Wall Street Festival
- Cultural Infrastructure Initiatives

**Cultural Equity:** In January 2022, DCA released the city and state’s first ever cultural equity plan. Through partnerships with community partners, The Arts Council of Greater New Haven, and consultants Civic Impact lab and Hester street, we put together a 14-member community co-creation team to advise the process and to help write the plan. The Co-creation team are all New Haven residents from all pockets of the New Haven community. They represent different disciplines, socio-economic statuses, ethnicities, and artistic experiences. In addition to the co-creation, we held community town halls and several different focus groups and heard clearly from the community on the action steps they would like to see from our department, from the city and from other organizations and institutions throughout New Haven. Our next phase is to embark on a cultural equity tour to help deepen the work and the understanding of cultural equity.

- Undoing Racism Trainings with Long Wharf Theatre
- Arts for Anti-Racism programming
- Arts and Mental Health Symposium
- Cultural Heritage and Entertainment Districts in Dixwell
- 3<sup>rd</sup> Annual Unapologetically Radical Conference

Many of the programs listed above are a result of cultural equity programming initiatives, In 2023, the department will evaluate the steps necessary to and begin implementation of recommendations outlined in the plan.

## **2. Other Neighborhood Initiatives**

Essential to the City’s overall economic recovery strategy for inclusive growth is the need to allocate attention and investment into our City, specifically our 17 neighborhood commercial districts (“NCDs”). These neighborhood commercial districts serve both the basic needs of residents (particularly those with no access to a personal vehicle) as well as employment opportunities and the overall quality of place – a considerable right for all residents regardless of means and mobility.

The City will improve the physical aspects of neighborhood districts and work with neighborhood entities to implement a wrap-around Main Street model of economic vitality, design, market position, and organizational capacity to address racial equity and economic well-being in our neighborhoods. This model was first conceived by the National Trust for Historic Preservation and lends itself well to the urban setting.

New Haven’s “Main Streets,” or NCDs, face several economic challenges, such as the incapacity to keep up with current trends, such as the emergence of online retail and the need for touch-free tender methods in light of the COVID-19 Pandemic. Additional challenges include the deterioration of commercial areas and the income levels in New Haven, which are significantly lower than the region as a whole. As an older city, the public infrastructure is particularly challenging. A full streetscape improvement of Grand Avenue, by way of example, has not occurred in over 25 years. Over time, street furniture and sidewalks have deteriorated and are inconsistent with contemporary design approaches to facades, pedestrian orientation, and traffic safety.

The City plans to leverage ARPA investments in four districts over each of the next three years (consistent with the three program years for the American Rescue Plan). The target areas are:

- Dixwell/Newhallville (Dixwell Avenue)
  - Section A - approximately 3 blocks centered on the Henry Street and Munson Street intersections
  - Section B - approximately 3 blocks centered on the Bassett Street intersection
- Fair Haven (Grand Avenue)
  - Section A - approximately 7 blocks from State Street to East Street
  - Section B - approximately 5 blocks from Ferry Street to Front Street
- Dwight (Whalley Avenue)
  - Approximately 12 blocks in length from Ella T. Grasso Boulevard to Goffe Street.
- The Hill (Kimberly Square)
  - Approximately 5 blocks centered on the Lamberton Street intersection

The project areas proposed for improvement are highly diverse and have traditionally been overlooked for infrastructure improvements. Focusing on underserved communities, the City seeks to re-invest in urban areas, which historically have been plagued by economic disinvestment, blight, and racial inequality. Through the Together New Haven partnership, the City has created a system that covers planning, infrastructure, and small business development and can deliver positive impacts beyond any individual project. A critical part of the Main Street model is improving the physical infrastructure of neighborhood commercial districts, community centers, and gathering spaces. The proposed project rebuilds the physical infrastructure supporting neighborhood-scale commerce and community activity.

### **Neighborhood Commercial Revitalization Recap:**

- In August of 2022, EDA coordinated with community stakeholders to curate a coalition of business owners in Hill South (Kimberly Square), hoping to organize the business district and create an entity representing the neighborhood.
- In October 2022, EDA released an ARPA-funded RFP for Neighborhood Commercial Cleanup, where a vendor will clean commercial corridors for a minimum of an hour six days a week.
- In November 2022, EDA released an ARPA-funded RFP for planning, consultation, and architectural services to solicit the drafting of a Neighborhood Commercial “Playbook” that will guide the design and improvements of the 17 NCDs. This vendor will also provide in-house project management to organize and facilitate implementation in each district on the cohort-based schedule.

In late December 2022, EDA also collaborated with a firm to assist with the completion of two State of CT Community Investment Fund (CIF) Round 2 grants and one Urban Act grant (UAG), all of which were in support of commercial corridor redevelopment.

**Community Investment Fund (CIF) (Round 1):** Supported the applications of numerous CIF Round One (1) applicants, nine (9) of which received funding totaling \$19.5 million.

**Hill-to-Downtown:** OBD continued supporting LCI in its work with RMS Companies to complete the mixed-use redevelopment of various properties as part of the Hill-to-Downtown plan implementation including the recent ground-breaking on a new multi-family home on a vacant parcel on Howard Avenue.

**New Haven Grand Prix Race:** After a three-year absence, the City, in partnership with the CT Cycling Advancement Program, sponsored the return of the New Haven Grand Prix in mid-September. This free, public event featured bike races, music, vendors, entertainment, and an Apizza Feast.

**Holiday Tree Lighting and Village:** OBD and DCA collaborated to promote the annual Holiday Tree Lighting and support small New Haven entrepreneurs through a Holiday Village on the Green (see above).

#### **D. Improving New Haven's Global Competitiveness**

**Economic Development Strategy:** OBD pursues short- and long-term strategies to position New Haven for future growth. For example, to support development of the Yale-New Haven Health Neuroscience Campus, OBD partnered with EDC to commission a sector strategy to look at potential business opportunities in patient care, bioscience/pharma, and consumer markets. OBD also partners with the EDC and BioCT to support lab space development in New Haven.

**Tweed-New Haven Airport:** In 2022, the City renewed its lease with the Tweed New Haven Airport Authority, which in turn, enabled a landmark public/private partnership with Avports to move forward. As per the agreement, Avports will construct a new state-of-the-art passenger terminal, upgrade airfield infrastructure and recruit for new air service. Avelo Airlines now serves 14 destinations out of the existing terminal, demonstrating both market confidence and proof of concept for a small hub regional airport. Economic Development staff also assisted Avports with securing approvals for the expansion of temporary parking for Avelo customers on the westside of the airport over the course of several City Plan Commission hearings in 2022 as well as assisted with the search for a new Tweed Executive Director. In 2023, the City looks forward to release of the environmental assessment which is the next step in the implementation process for the Tweed Master Plan Update. As part of this process, City staff support the environmental stewardship committee and administration of the community benefits program.

**Union Station Transit-Oriented Development:** In September 2020, the State of CT signed a letter of intent with the City establishing a new partnership agreement designed to launch a new era in managing the two State of Connecticut-owned rail stations in New Haven. The terms of the partnership include operations at Union Station and State Street Station, capital improvements to the Union Station Campus, and other improvements contemplated for the station area. Under the letter of intent, a new lease and funding agreement will be established between the Connecticut Department of Transportation and the City to last 35 years, with two ten-year extension options, that will allow the city (through Park New Haven) to lease and operate the Union Station Transportation Campus and staff the partnership. OBD

provided staff and legal support on negotiating the new lease which was signed in late 2021. Significant progress on the design of the new garage and other capital improvements was made in 2022 with a request for information released that will lead to a request for proposals from developers in 2023. City staff also assisted with securing a \$17M bond allocation in late 2022 to enable this initiative to move forward in 2023.

**PERFORMANCE INDICATORS**

<b>Performance Indicators</b>	<b>Actual FY21-22</b>	<b>Projected FY22-23</b>	<b>Goal FY 23-24</b>

Rate of City construction contracts awarded to non-women-owned small-contractor MBEs	41.0%	25.0%	30.0%

**FY 2023-2024 GOALS/INITIATIVES**

In addition to ongoing responses to the pandemic and an important emphasis on the continuity of department programs and essential services, 2023 will focus specifically on economic recovery for small businesses. Key focus areas are incorporating social equity into EDA’s ongoing programs; adopting a climate awareness approach to new development through sustainable practices; and supporting efforts to build affordable housing throughout the city; and enhancing the value of places, cultural equity, outdoor experiences, and vibrant commercial districts.

**A. Attracting and Retaining Quality Investment**

Continue Mill River Planning Study implementation, including monitoring of United Illuminating’s English Station cleanup, Mill River Trail development and beautification efforts as well as development of new Mill River Municipal Development Plan

- Continue implementation of Wooster Square Planning Study though interim improvements on Olive Street to connect Farmington Canal Phase IV with Water Street and site designs for infill development associated with re-alignment of State Street (EDA staff successfully obtained \$5.35 in competitive state funding through the CT Communities Challenge Grant Program in Spring 2022 to complete this work).
- Pursue state and federal grants to continue and complete stabilization, environmental assessment, remediation, abatement, and redevelopment of River Street properties for potential redevelopment
- Assist LCI and City Plan with ongoing revitalization of Dixwell Avenue including landmark ConnCAT Place on Dixwell development proposed by ConnCORP for Dixwell Plaza
- Assist LCI with the management of DECD Municipal Brownfields Cleanup Grants for affordable housing projects at 149-169 Derby Avenue, 16 Miller Street, and ConnCAT Place on Dixwell

- Address longstanding dormant agreements at 433 Chapel Street, 80 Elm Street, 133 Hamilton Street, and 1198 Chapel Street
- Support developer's efforts to create apartment building/extended-stay hotel at 85 Elm Street
- Support redevelopment of former CAA building at 781 Whalley Avenue/50 Fitch Street
- Work with LCI and community stakeholders to move forward with long-term plans for Hill to Downtown Phase 2 (Church Street South) and Phase 3 (Meadow Street)
- Work with Shubert Theatre with next phase in financing capital improvements

## **B. Developing Local Jobs and Businesses**

- Small Contractor Development:
  - Introduce construction technology software, electronic bidding, and electronic invoicing
  - Launch Green and Sustainability workshops and initiatives
  - Develop and implement Health Care Facility construction training
  - Implement Patient Safety in Hospital construction training
  - Enhance and monitor vendor online registration for bidding
  - Establish user friendly "How To Bid" web page
  - Continue to hold project specific workshops and informational sessions
  - Connect small- to mid-sized minority-, resident-, and woman-owned business enterprises with opportunities to work on projects in New Haven
  - Continue collaborating with developers to create MBE/WBE project participation opportunities
  - Provide the latest information and training on safety regulations, labor laws, certifications, and project specific requirements
  - Increase community outreach
- Continue and expand SBRC efforts to assist New Haven small businesses and entrepreneurs to create, locate, and expand their businesses in the city
- Continue partnership with New Haven Works, Southern Connecticut State University on the bioscience career ladder and explore deeper articulations with Gateway Community College and New Haven Public Schools
- Partner with CitySeed as they leverage funding and secure necessary approvals to begin construction of a commercial kitchen business incubator in Mill River.
- Initiate a new buy-local source program supporting small start-ups and mid-size businesses using brokerage approach

## **C. Revitalizing New Haven's Neighborhoods**

- Relaunching a more intensive neighborhood commercial corridor strategy by deploying a \$1.5M allocation from the ARP local recovery fund. Focus districts in FY24 include Dixwell, Grand, Kimberly Square and Whalley Avenues with efforts to identify, design, and implement neighborhood economic revitalization projects.
- Collaborate with Newhallville stakeholders (and possibly the Town of Hamden) on a possible Upper Dixwell streetscape improvement and/or high-speed broadband internet project
- With LCI, advance a development agreement for the former Strong School at 69 Grand Avenue with Pennrose.

- Continue work with the Science Park Development Corporation on the future plan for Tract A and master planning for the existing campus including Twining / LMX2 Winchester Center redevelopment plan (mixed income housing and med/lab office).
- Continue implementation of the Long Wharf Responsible Growth Plan, including focus on redevelopment of former Gateway Community College, improvements to Long Wharf Park and coastal resiliency measures throughout the district.
- State Street: Continue implementation of Wooster Square Planning Study though interim improvements on Olive Street to connect Farmington Canal Phase IV with Water Street, site conceptual designs for re-alignment of State Street and conceptual design for RFP of three new development parcels to include at least 200 residential units and 20,000 Sf of retail space.
- Land Bank: Partner with LCI and the Board of Alders to establish an ARPA-funded Land Bank Authority for the City of New Haven.
- Broadband:
  - Partner with a broadband provider and apply for State and Federal funding to support the provision of high-speed internet to multi family dwelling units throughout New Haven
  - Partner with CfAL, New Haven Public Libraries, and Elm City Communities, as well as other City departments, to organize a sign-up event series in support of the Affordable Connectivity Program

#### **D. Improving New Haven’s Global Competitiveness**

- Continue efforts to grow the innovation centers at Downtown Crossing, Science Park and DISTRICT
- Support new investments in Downtown New Haven including bus rapid transit service, new public restrooms and café on the New Haven Green and new public open spaces (CIF Round 2 grant award currently pending)
- Support tech transfer and new development in key economic sectors: bioscience, food, health care/tech, and quantum science
- Establish a stronger presence at regional, national, and global trade expositions to both support Connecticut businesses and establish relationships with prospects in part through EDC and AdvanceCT
- Support Tweed-New Haven Airport on development of new master plan and related air service development initiatives

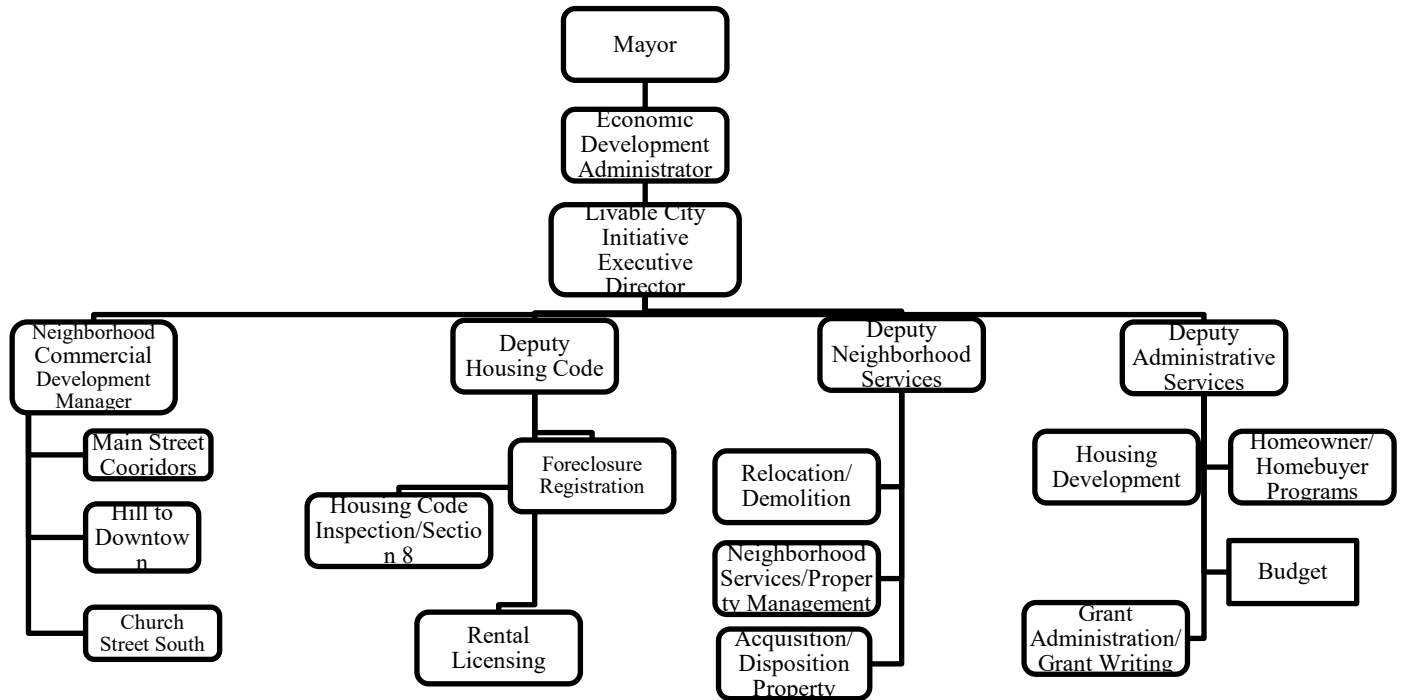

#### **E. Connecting Residents to Opportunity**

- Continue partnership to stand up MATCH program (manufacturing training hub aimed at Fair Haven residents) with Penn Globe and EDC (ARPA-funded Career Pathways expansion grant and CIF Round 1 funding secured)
- ARPA-funded Career Pathways initiative: 10 Career Pathways expansion grants to be disbursed to community partners to enhance school to workforce alignment; develop overall Career Pathways strategic plan including development of a New Haven-led workforce academy or school
- Implement Together We Grow 101 College Street initiatives per DLDA including build out and activation of 101 College Street Bioscience Classroom wholly dedicated to NHPS students; first cohort of awardees of \$2M 101 College Street Scholarship Fund to study bioscience or stem-

related fields at GWCC of SCSU (in partnership with NHPS, NH Works, and NH Scholarship Fund)

- Full rollout of State of CT/ARPA-funded New Haven Equitable Entrepreneurship Ecosystem (NHE3) program to New Haven small businesses and entrepreneurs, led by SBRC team; programming to include a full continuum of grants, business advisory, and technical services
- Development of Skiro Studios, a new arts and entertainment facility planned for downtown New Haven in conjunction with the Breed Entertainment, an award-winning music production company. The future facility is aimed at artists and entrepreneurs, particularly Black and POC creators, and aims to bridge the gaps in access now found in New Haven and Connecticut. The program of the future facility will include: shared workspaces, offices, recording and multimedia studios, and a performance venue.

## SECTION IV-CAPITAL PROJECTS

## City New Haven Capital Improvement Program

The Capital Improvement Program (CIP) is designed to identify and finance capital assets of the City, which have a significant value and a useful life greater than one year. City capital assets include acquisition or maintenance of fixed assets, such as land, buildings, and equipment, technology, rolling stock (i.e., vehicles, lawnmowers, etc.), furniture, capital leases and other capital expenditures under Governmental Accounting Standards Board (GASB) and Generally Accepted Accounting Principles (GAAP).

In fiscal year 2019-20, the City instituted a policy of bonding for two years of capital improvement projects. The City developed the two-year bonding policy to streamline services and reduce cost for taxpayers. In keeping with the current initiative, the City has continued to carefully evaluate CIP to reduce the City's debt service.

The mayors proposed capital budget spending plan for fiscal year 2023-2024 was approved by the capital projects committee on February 15, 2023, by unanimous vote (4-0).

### Two-Year -Capital Bonding

CIP has been reduced to operate within the City's financial constraints. Accepted projects in the FY2022 CIP were vetted to ensure that they are consistent with the City's goals and to maintain fiscal responsibility.

The City will maintain a lean CIP and demonstrate continued fiscal prudence. Existing authorizations will be utilized for projects that currently are underway and new authorizations will be limited to those that are required and can be afforded. The City will also utilize American Rescue Plan Funding for capital eligible projects. The City of New Haven will reallocate previously approved funding to help maintain an affordable capital budget.

The Mayors proposed borrowing for fiscal year 2023-2024 is \$55,000,000.

FY 2019-20	FY 2020-21	FY 2021-22	FY 2022-23	FY 2023-24
\$70.7M	\$0.00M	\$60.0M	\$0.00M	\$55.0M
	Off Year		Off Year	

The advantages to the City of a two-year bonding program for CIP are as follows:

- Savings of \$500,000 to \$700,000 in borrowing cost in the **off year**.
- Interest savings on the borrowing (\$100,000) to the general fund in **off-year**.

- Soft Cost Savings (280 hours to develop the Capital Budget by City Staff) and increased productivity of City Staff.
- Achieve a State of Good Repair (SOGR) in critical areas of the City (example: BOE IT) impacting operational cost and increased service to the residents.

**Off-Year** = Year City does not borrow money

### **Rolling Stock Committee**

- The City of New Haven established a vehicle purchasing committee to evaluate the purchase of Rolling Stock (vehicles, equipment, and capital repairs). The purpose of the committee is to maximize utilization of the current City fleet and use technology software and data to determine replacement schedules. Decisions are made based on conditions of the vehicles at time of purchase and may change based on equipment failures or another vehicle damage.

### **Capital Projects Budget Introduction**

The Capital Improvement Plan (CIP) of the City begins with departmental requests to Management & Budget identifying individual projects and providing an estimate of the cost and justification of the project. The departmental requests are transmitted to the Capital Projects Committee composed of the Controller, two members of the Board of Alders not from the same political party, a member of the City Plan Commission appointed by the Mayor, the City Planning Director and four members appointed by the Mayor whose terms run concurrently with the Mayor's.

The Capital Projects Committee reviews and evaluates departmental requests and recommends a Capital Improvement Plan to the Mayor not later than February 15th of each year. The Mayor shall prepare and submit a Capital Budget to the Board of Alders as part of the annual budget submission. After a public hearing, the Board of Alders adopts an ordinance appropriating funds for projects. The Capital Budget is primarily used to finance improvements with an average life of five years or more as well as large-scale permanent improvements. Regular capital improvement programs for the maintenance of City streets, sewers, parks and for purchases of major equipment are also financed through the Capital Budget. Capital Budget funding comes from three primary sources: City general obligation bonds/notes, State grants and Federal grants.

In compliance with the requirements listed in the City ordinances and the City Charter, the Fiscal Year 2023-2024 Capital Projects Budget consists of the following:

- I. FY 2024-2028 Capital Improvement Program. The FY 2023-2024 Capital Budget request is the first year of the 2024-2028 Capital Improvement Program. Years 2024-2025 through 2027-2028 of the Capital Improvement Program represent planned budgetary authorizations only. Annually the five-year improvement program is revised, and the Board of Alders appropriates the first year of the program as the City’s Capital Budget.
- II. Appropriating Ordinance #3 is comprised of Sections I, II, III, IV, and V. Section I is the issuance of up to thirty-year debt, Section II is the issuance of ten-year debt, Section III is the issuance of five-year debt, Section IV is for funding sources other than City Bonds, and Section V is for refunding bonds.
- III. Appropriating Ordinance #4 is an ordinance authorizing the issuance of General Obligation Tax Anticipation notes and/or General Obligation Grant Anticipation notes.
- IV. The Mayor’s Proposed reallocation of previously approved American Rescue Plan funding to supplement capital spending for fiscal year 2023-2024 is included.
- V. The Statement of Debt Limitation as of June 30, 2022 of the City’s annual audit is prepared by RSM US LLP. The City is limited by State Statute Section 7-374(b) to incurring indebtedness in any of the following classes in amounts which will not cause the aggregate indebtedness in each class to exceed the factors stated below times total tax and tax equivalent revenues for the most recently completed fiscal year.

<u>Category</u>	<u>Factor</u>
General Purpose	2-1/4 times base
Schools	4-1/2 times base
Sewers	3-3/4 times base
Urban Renewal	3-1/4 times base
Pension Bonding	3 times base
Total	7 times base

**APPROPRIATING ORDINANCE #3**

AN ORDINANCE AUTHORIZING THE ISSUANCE OF  
GENERAL OBLIGATION BONDS, FISCAL YEAR 2023-2024

**SECTION I: UP TO THIRTY-YEAR BONDS**

BE IT ORDAINED by the New Haven Board of Alders, acting pursuant to the due authorization of the General Statutes and Special Acts of the State of Connecticut, that:

(a) \$27,325,000.00 General Obligation Bonds No. 19 (the “Bonds”) shall be issued in one or more series for the following public improvements, and the proceeds thereof are hereby appropriated for said purposes, as explained in the project narratives stated separately hereinafter, in the following amounts:

	<b><i>Grand Total</i></b>	<b><i>27,325,000.00</i></b>

(b) The Bonds of each series shall mature not later than the maximum maturity permitted by the General Statutes of Connecticut, Revision of 1958, as amended from time to time (the “Connecticut General Statutes”), be executed in the name and on behalf of the City by the manual or facsimile signatures of the Mayor, City Treasurer and Controller, bear the City seal or a facsimile thereof, bear the Corporation Counsel’s endorsement as to form and correctness, be certified by a bank or trust company designated by the Controller which bank or trust company may also be designated as the paying agent, registrar, and transfer agent, and be approved as to their legality by Robinson & Cole LLP as bond counsel. The Bonds shall bear such rate or rates of interest as shall be determined by the Bond Sale Committee. The Bonds shall be general obligations of the City and each of the Bonds shall recite that every requirement of law relating to its issue has been duly complied with, that such Bond is within every debt and other limit prescribed by law, and that the full faith and credit of the City are pledged to the payment of the principal thereof and the interest thereon. The aggregate principal amount of Bonds to be issued, the annual installments of principal, redemption provisions, if any, the date, time of issue and sale, and other terms, details, and particulars of such Bonds shall be determined by the Bond Sale Committee in accordance with the requirements of the Connecticut General Statutes, provided that the aggregate principal amount shall, upon the recommendation of the Controller, be fixed in the amount necessary to meet the City’s share of the cost of each public improvement project determined after considering the estimated amount of the State grants-in-aid of the project, or the actual amount thereof if this be ascertainable, and the anticipated times of the receipt of the proceeds thereof.

(c) Said Bonds shall be sold by the Mayor with the approval of the Bond Sale Committee in a competitive offering or by negotiation. If sold in a competitive offering, the Bonds shall be sold at not less than par and accrued interest based on the lowest net or true interest cost to the City. A notice of sale or a summary thereof describing the Bonds and setting forth the terms and conditions of the sale shall be published at least five days in advance of the sale in a recognized publication carrying municipal bond notices and devoted primarily to financial news and the subject of state and municipal bonds.

(d) The Mayor and the Controller are authorized to make temporary borrowings in anticipation of the receipt of the proceeds of said Bonds. Notes evidencing such borrowings shall be in such denominations, bear interest at such rate or rates, and be

payable at such time or times as shall be determined by the Bond Sale Committee, be executed in the name of the City by the manual or facsimile signatures of the Mayor, City Treasurer and Controller, have the City seal or a facsimile thereof affixed, bear the Corporation Counsel's endorsement as to form and correctness, be certified by a bank or trust company designated by the Controller pursuant to Section 7-373 of the Connecticut General Statutes, and be approved as to their legality by Robinson & Cole LLP as bond counsel. Such notes shall be issued with maturity dates, which comply with the provisions of the Connecticut General Statutes governing the issuance of such notes, as the same may be amended from time to time. The notes shall be general obligations of the City and each of the notes shall recite that every requirement of law relating to its issue has been duly complied with, that such note is within every debt and other limit prescribed by law, and that the full faith and credit of the City are pledged to the payment of the principal thereof and the interest thereon. The net interest cost on such notes, including renewals thereof, and the expense of preparing, issuing, and marketing them, to the extent paid from the proceeds of such renewals or said Bonds, shall be included as a cost of the improvements for the financing of which said notes were issued. Upon the sale of the Bonds, the proceeds thereof, to the extent required, shall be applied forthwith to the payment of the principal of and the interest on any such notes then outstanding or shall be deposited with a bank or trust company in trust for such purpose.

(e) The City hereby expresses its official intent pursuant to Section 1.150-2 of the Federal Income Tax Regulations, Title 26 (the "Regulations"), to reimburse expenditures paid 60 days prior to and any time after the date of passage of this ordinance in the maximum amount and for the capital projects described herein with the proceeds of bonds, notes, or other obligations authorized to be issued by the City which shall be issued to reimburse such expenditures not later than eighteen months after the later of the date of the expenditure or the substantial completion of the project, or such later date as the Regulations may authorize. The City hereby certifies that its intention to reimburse as expressed herein is based upon its reasonable expectations as of this date. The Controller or his designee is authorized to pay project expenses in accordance herewith pending the issuance of reimbursement bonds.

(f) The Mayor, the Controller and the Treasurer, or any two of them are hereby authorized on behalf of the City to enter into agreements or otherwise covenant for the benefit of bondholder's to provide information on an annual or other periodic basis to

the Municipal Securities Rulemaking Board (the “MSRB”) and to provide notices to the MSRB of certain events not in excess of ten (10) business days after the occurrence of the event as enumerated in Securities and Exchange Commission Exchange Act Rule 15c2-12, as amended, as may be necessary, appropriate or desirable to effect the sale of bonds and notes authorized by this ordinance. Any agreements or representations to provide information to the MSRB made prior hereto are hereby confirmed, ratified, and approved.

(g) The Mayor, the Controller, and the Treasurer, or any two of them, are hereby authorized on behalf of the City to enter into any other agreements, instruments, documents, and certificates necessary or desirable with respect to the consummation of the transactions contemplated by this ordinance.

2403	Local Capital Improvement (LOCIP)	CT OPM	3,362,596

## **SECTION V: REFUNDING BONDS**

BE IT FURTHER ORDAINED by the New Haven Board of Alders, acting pursuant to the due authorization of the General Statutes and Special Acts of the State of Connecticut, that General Obligation Refunding Bonds of the City (the “Refunding Bonds”) are hereby authorized to be issued from time to time and in such principal amounts as shall be as determined by the Mayor and Controller to be in the best interests of the City for the purpose of refunding all or any portion of the City’s general obligation bonds outstanding (the “Refunded Bonds”) to achieve net present value savings or to restructure debt service payments. The Refunding Bonds shall be sold by the Mayor, with the approval of the Bond Sale Committee, in a competitive offering or by negotiation. The Refunding Bonds shall mature in such amounts and at such time or times and bear interest payable at such rate or rates, including taxable rates, as shall be determined by the Bond Sale Committee. The issuance of any Refunding Bonds the interest on which is included in gross income for federal income tax purposes is determined to be in the public interest. The Refunding Bonds shall be executed in the name and on behalf of the City by the manual or facsimile signatures of the Mayor, the City Treasurer, and the Controller, bear the City seal or a facsimile thereof, bear the Corporation Counsel’s endorsement as to form and correctness, and be approved as to their legality by Robinson & Cole LLP Bond Counsel. The Refunding Bonds shall be general obligations of the City and each of the Refunding Bonds shall recite that every requirement of law relating to its issue has been duly complied with, that such bond is within every debt and other limit prescribed by law, and that the full faith and credit of the City are pledged to the payment of the principal thereof and the interest thereon. The denominations, form, details, and other particulars thereof, including the terms of any rights of redemption and redemption prices, the certifying, paying, registrar and transfer agent, shall be determined by the Controller. The net proceeds of the sale of the Refunding Bonds, after payment of underwriter’s discount and other costs of issuance, shall be deposited in an irrevocable escrow account in an amount sufficient to pay the principal of, interest and redemption premium, if any, due on the Refunded Bonds to maturity or earlier redemption pursuant to the plan of refunding. The Controller is authorized to appoint an escrow agent and other professionals to execute and deliver all escrow and related agreements necessary to provide for such payments when due on the Refunded Bonds and to provide for the transactions contemplated hereby.

The Mayor and the Controller are authorized to prepare and distribute a preliminary Official Statement and an Official Statement of the City of New Haven for use in connection with the offering and sale of the Refunding Bonds and are authorized on behalf of the City to execute and deliver a Bond Purchase Agreement, a Continuing Disclosure Agreement, and a Tax Regulatory Agreement for the Refunding Bonds in such form as they shall deem necessary and appropriate. The Controller will advise the Board of Alders in his monthly financial report of any refunding bonds issued pursuant to this authorization.

The Mayor, Controller, and the Treasurer, or any two of them are hereby authorized on behalf of the City to enter into any other agreements, instruments, documents, and certificates necessary or desirable with respect to the consummation of the transactions contemplated by this ordinance.

**APPROPRIATING ORDINANCE #4**  
AN ORDINANCE AUTHORIZING ISSUANCE OF  
GENERAL OBLIGATION TAX ANTICIPATION NOTES AND/OR  
GENERAL OBLIGATION GRANT ANTICIPATION NOTES  
FISCAL YEAR 2024

BE IT FURTHER ORDAINED by the New Haven Board of Alders, acting pursuant to the due authorization of the General Statutes and Special Acts of the State of Connecticut, that:

(a) Not exceeding **\$80,000,000** General Obligation Tax Anticipation Notes or General Obligation Grant Anticipation Notes, or any combination thereof (collectively, the “Notes”), may be issued in one or more series in anticipation of the receipt of tax collections or state grant payments, as applicable, in an amount required to pay current expenses and obligations of the City pursuant to Section 7-405a of the General Statutes of Connecticut, Revision of 1958, as amended (the “Connecticut General Statutes”), and the proceeds thereof are hereby appropriated for said purpose.

(b) The Notes of each series shall mature and be payable not later than the end of the fiscal year during which such tax collections or state grants, as applicable, are payable, be executed in the name and on behalf of the City by the manual or facsimile signatures of the Mayor, City Treasurer and Controller, bear the City seal or a facsimile thereof, bear the Corporation Counsel’s endorsement as to form and correctness, be certified by a bank or trust company designated by the Controller which bank or trust company may also be designated as the paying agent, registrar, and transfer agent, and be approved as to their legality by Robinson & Cole LLP as bond counsel. The Notes shall bear such rate or rates of interest (including taxable rates) as shall be determined by the Bond Sale Committee. The Notes shall be general obligations of the City and each of the Notes shall recite that every requirement of law relating to its issue has been duly complied with, that such Note is within every debt and other limit prescribed by law, and that the full faith and credit of the City are pledged to the payment of the principal thereof and the interest thereon. The aggregate principal amount of Notes to be issued, the maturity dates, redemption provisions, if any, the date, time of issue and sale, and other terms, details, and particulars of such Notes shall be determined by the Bond Sale Committee in accordance with the requirements of the Connecticut General Statutes. The issuance of taxable Notes bearing interest includable in gross income for federal income tax purposes is in the public interest.

(c) Said Notes shall be sold by the Mayor with the approval of the Bond Sale Committee in a competitive offering or by negotiation. If sold in a competitive offering, the Notes shall be sold at not less than par and accrued interest based on the lowest net or true interest cost to the City. A notice of sale or a summary thereof describing the Notes and setting forth the terms and conditions of the sale shall be published at least five days in advance of the sale in a recognized publication carrying municipal bond notices and devoted primarily to financial news and the subject of state and municipal bonds.

(d) The City hereby expresses its official intent pursuant to Section 1.150-2 of the Federal Income Tax Regulations, Title 26 (the “Regulations”), to reimburse expenditures paid 60 days prior to and any time after the date of passage of this ordinance in the maximum amount and for the financing described herein with the proceeds of notes or other obligations authorized to be issued by the City which shall be issued to reimburse such expenditures not later than eighteen months after the date of the expenditure or such later date as the Regulations may authorize. The City hereby certifies that its intention to reimburse as expressed herein is based upon its reasonable expectations as of this date. The Controller or his designee is authorized to pay expenses in accordance herewith pending the issuance of the Notes.

(e) The Mayor, the Controller and the Treasurer, or any two of them, are hereby authorized on behalf of the City to enter into agreements or otherwise covenant for the benefit of note holders to provide notices to the Municipal Securities Rulemaking Board (the “MSRB”) of certain events not in excess of ten (10) business days after the occurrence of the event as enumerated in Securities and Exchange Commission Exchange Act Rule 15c2-12, as amended, as may be necessary, appropriate or desirable to effect the sale of notes authorized by this ordinance. Any agreements or representations to provide information to the MSRB made prior hereto are hereby confirmed, ratified, and approved.

(f) The Mayor, the Controller, and the Treasurer, or any two of them, are hereby authorized on behalf of the City to enter into any other agreements, instruments, documents, and certificates necessary or desirable with respect to the consummation of the transactions contemplated by this ordinance.

ORDER OF THE NEW HAVEN BOARD OF ALDERS, REALLOCATING \$6.3 MILLION FROM PREVIOUSLY APPROVED AMERICAN RESCUE PLAN PROJECTS FOR THE PURPOSE OF SUPPLEMENTING FUNDING FOR ELIGIBLE CAPITAL PROJECTS FOR FISCAL YEAR 2023-2024

**WHEREAS** the COVID-19 global pandemic has created severe social and economic disruption across the world resulting to date the loss of over 820,000 lives in the United States of America and 9,100 lives in the State of Connecticut alone; and

**WHEREAS**, on March 11, 2021, President Biden signed into law the American Rescue Plan Act of 2021 (the “Act”) which includes approximately \$1.9 trillion in investments designed to address the public health emergency and the direct and adverse impacts to the economy, to people and to community wellbeing; and

**WHEREAS** the Act also makes provision for Coronavirus State and Local Fiscal Recovery Funds (SLFRF) program, a part of the American Rescue Plan, delivers \$350 billion to state, local, and Tribal governments across the country to support their response to and recovery from the COVID-19 public health emergency; and

**WHEREAS** the City of New Haven (City) is a qualifying local jurisdiction for receipt of funding pursuant to parameters of the local fiscal recovery fund and other provisions of the Act; and

**WHEREAS** on June 7, 2021, the Board of Alders authorized acceptance of the local fiscal recovery fund pursuant to the Act; and

**WHEREAS** the City proposes to reallocate previously approved project funding as listed below in the amount of \$6.3 million for the use of capital projects for fiscal year 2023-2024 as displayed in exhibit A of this order.

**NOW, THEREFORE, BE IT ORDERED** by the New Haven Board of Alders that:

**Section 1.** That Justin Elicker, Mayor of the City of New Haven, is hereby authorized to reallocate previously approved project funding in the amount of \$6.3M for the use of capital projects in fiscal year 2023-2024 and directed to execute such documentation as may be required for funding local recovery funds and other funding as may be made available to the City under the American Rescue Plan Act process (which documentation may include (inter alia) an indemnification of the appropriate federal agency or other public or quasi-public organization involved with respect to the provision of such funding) or vendor and to

execute any agreements, amendments, rescissions, and revisions or other documents thereto, and to act as the authorized representative of the City with respect to all other matters pertaining to such application; and

**Section 2.** The Board of Alders shall determine the program and method for appropriation of remaining funding following receipt and consideration of a request from the Mayor in a manner consistent with the Act.

## 137 Management and Budget / CAO/ Rolling Stock (City/BOE)

**Rolling Stock: 2401**

**City Bonding: \$4,500,000**

**Maturity Year: 5YR**

Funds will be used for the purchase of rolling stock, equipment, technology equipment and accessories related to the purchase of rolling stock. These funds will also be made available for capital eligible repairs to rolling stock due to wear and tear, accidents, or other damage. The City will also use a preferred but not required approach of looking at available electric vehicles as a priority purchase for non-public safety fleet. Purchases for rolling stock include, but are not limited to:

**Police Department:** The Police Department will continue the replacement plan of replenishing the Police vehicle fleet and any necessary equipment/accessories. The 24/7/365 operation places a very heavy demand on all our Police vehicles and our officers need to be able to respond to calls in a safe vehicle. There is existing and continual wear and tear on Police vehicles; maintaining a reasonable schedule of vehicle replacement will increase both officer and public safety. The Police fleet includes patrol cars, tow trucks, command vehicles, and other necessary vehicles for the Police Department.

**Fire Department:** Funds will be used for the purchase of replacement vehicles/apparatus for the Fire Department. The Fire Department will also look at replacing some of the EMS and administrative fleet.

**Health Department:** The Health Department is requesting new vehicles and replacement vehicles. The new vehicles will be utilized by the Department's inspectors, which include community health workers, immunization workers, lead inspectors and shared vehicle pool.

**Parks and Public Works:** Continued replacement plan to replace older parks and public works rolling stock. The Department has a five-year plan to begin to replace vehicles including, but not limited to, 550 Plow Truck, Street Sweeper, Pick-Up W/Plow, Utility Van, Tanker Trucks, Bobcat w/Attachment, Paving hot box, stump grinder, Mason Dump, etc. Public Work's ability to provide services in an effective and efficient manner is dependent on a fleet of vehicles and other equipment.

**Transportation, Traffic, and Parking:** TTP is responsible for enforcement and traffic signal repairs. The Department would begin to replace older repair bucket trucks.

**Commission on Equal Opportunity:** Funds will be used for the purchase of vehicles for the Commission on Equal Opportunity Director, Compliance, and Monitoring unit, to perform worksite audits and inspections.

**Office of Building Inspection and Enforcement (OBIE):** OBIE will be looking to replace older inspector vehicles. The Department conducts inspections year-round and will need to carry equipment and supplies.

**Education:** These funds will be used to upgrade and replace vehicles for various departments as they become antiquated or unsafe and beyond their useful life. The following is the list from our 10-year vehicle replacement program of current vehicle needs:

- Food Service truck
- Security vehicles
- Tradesman vans
- Snow plowing vehicles
- Information and Technology vehicles
- General BOE shared vehicles

The Facilities Department has a 10-year vehicle replacement plan that rotates old, end of life, antiquated or unsafe vehicles out of use.

**Grants for Municipal Projects: 2402**

**State Bonding: \$4,429,286**

**Maturity Year: 20YR**

PA 21-111 Section 55 continues the Municipal Grants-in-Aid to provide grants to municipalities and special taxing districts for the fiscal year ending June 30, 2022, and June 30, 2023.

Funds may be used as specified in CT General Statutes (CGS) Section 13a-175a(a) “..to be used by the towns for construction, reconstruction, improvement or maintenance of highways, sections of highways, bridges or structures incidental to highways and bridges or the improvement thereof, including the plowing of snow , the sanding of icy pavements, the trimming and removal of trees, the installation, replacement and maintenance of traffic signs, signals and markings, and for traffic control and vehicular safety programs, traffic and parking planning and administration, and other purposes and programs related to highways, traffic and parking, and for the purposes of providing and operating essential public transportation services and related facilities.”

## **Local Capital Improvement (LoCIP): 2403**

**State Bonding: \$3,362,596**

**Maturity Year: 20YR**

Funds Pursuant to C.G.S. § 7-535 through 7-538 the Local Capital Improvement Program (LoCIP) distributes formula-based entitlement funds to municipalities to reimburse the cost of eligible local capital improvement projects such as road, bridge or public building construction activities. Descriptions of eligible projects and examples of allowable project costs can be found in the LoCIP Guidelines. A municipality must request and be granted project authorization by OPM in order to be eligible for reimbursement for allowable project costs. A municipality must request LoCIP reimbursement for eligible costs associated with an OPM approved LoCIP project in order to receive funds.

LoCIP funds can only be used for municipal capital expenditure projects which are specifically categorized below (pursuant to C.G.S. §7-535 through 7-538). Please note that the use of LoCIP funds for school-related projects is strictly limited. School related project information is specifically addressed on page 5 of this document. Eligible LoCIP projects are defined in the following major categories:

- Roads - construction, renovation, repair, or resurfacing
- Sidewalk and Pavement – improvements
- Sewage treatment plants, sanitary or storm, water, or sewer lines - construction, renovation, enlargement, or repair, including separation of lines
- Public buildings other than schools - construction, renovation, code compliance, energy conservation and fire safety
- Dams/bridges/flood control - construction, renovation, enlargement, or repair
- Water treatment or filtration facilities/mains - construction, renovation, enlargement, or repair
- Solid waste facilities - construction, renovation, or enlargement
- Public parks – improvements
- Capital improvement plans – costs associated with preparation or revision (only 1X/ten-year period)
- Emergency communications systems, building security systems, including schools -improvements
- Public housing - renovation/improvements, including energy conservation projects and development of additional public housing
- Veterans’ memorials - renovations or construction

- Thermal imaging systems – acquisition
- Bulky waste/landfill projects
- Conservation & development plans - preparation and revision (reimbursed not more than 1x/10-year period)
- Auto external defibrillators- acquisition
- Floodplain management and hazard mitigation activities
- On-board oil refining systems\*
- The planning of a municipal broadband network
- \*Bikeway and Greenway – establishment
- Land acquisition – including for open space, and costs involved in making land available for public uses
- Technology (for schools) - acquisition related to the implementation of SDE’s Common Core State Standards
- Technology upgrades (not schools) - including for improvements to expand public access to government information through electronic portals and kiosks
- Hazardous tree removal or trimming for nonutility-related hazardous branches, limbs, and trees on municipal property or within a municipal right-of-way

A LoCIP project may include repairs incidental to reconstruction and renovation but does not include ordinary repairs and maintenance of a routine, ongoing nature.

## 137/138-Finance /Information Technology:

**Software: 2404**

**City Bonding: \$100,000**

**Maturity Year: 5YR**

The City relies on its software systems to help manage its core responsibilities to provide data and applications for City agencies to function. As with most software upgrades, the objective is to reduce time and cost.

As software continues to evolve, streamline, and improve every aspect of operations, the City must keep up with new purchases, upgrades, and development of the City's current software applications, and/or communication systems. This capital funding helps the City take advantage of software that will improve departmental practices, save time, and save money as new options are introduced.

Projects include, but are not limited to:

- Reporting Tools
- Camera Analytics and Management
- ESRI – deploying additional features / sites

Capital funding includes hardware, software, planning/design, training, 1st year licensing, data conversion, project management, legal, consulting and any and other associated cost necessary for this project.

**Network: 2405**

**City Bonding: \$100,000**

**Maturity Year: 5YR**

Upgrades are required for improved network performance, reliability, and improved infrastructure. This project plans, designs, and implements upgrades to the existing network to ensure that the City has a current and robust computer network.

Improving the network will improve software application performance, future connectivity needs from vendors, and improve connectivity for City residents.

Upgrades include, but are not limited to:

- Switch Upgrades / Replacements
- UPS Upgrades / Replacements
- Network Wiring
- Server Expansions / Upgrades
- Firewalls at remote facilities

Capital funding includes hardware, software, planning/design, training, 1st year licensing, data conversion, project management, legal, consulting and any and other associated cost necessary for this project.

## **Information and Technology Initiatives: 2406**

**City Bonding: \$2,975,000**

**Maturity Year: 5YR**

This Information Technology capital budget focuses on planning for long-term technology infrastructure by utilizing cost-effective and modern technological solutions. By outlining effective management of the technological infrastructure, a strong emphasis can be placed on both external and internal customer services and departmental efficiencies. The City relies on its information and technology systems and infrastructure to help manage the City's core responsibilities. The technology infrastructure builds and operates the City's communications and computing assets, which include the City's equipment (computers, tablets, laptops, etc.), telephone system, network, servers, software, e-mail systems, and other IT areas.

The requested funds will be used for the continuation of the City's effort in maintaining and upgrading the City information and technology infrastructure.

The funds will be used for, but are not limited to:

- Expansion of the City's data, voice, and storage network infrastructure - servers, network routers and switches, enterprise storage, network operating systems, network management software
- Equipment - (including, but not limited to) surface pro's, tablets, printers, desktops, scanners, office software suites and development software
- Capital technology consulting services, technology equipment, disaster recovery, and other hardware, software, and equipment costs as needed

Projects for this account include, but are not limited to:

- Additional rollout of Microsoft Teams phone system and evaluation of handsets
- IT Infrastructure Security assessments and improvements
- Continue to build out S2 Door Access to IT data closets and remote locations  
Expand GIS ESRI capabilities to provide more visual data to employees and public
- Expansion and build out of Virtual Desktop environment
- E-Ticket implementation for Public Safety
- Expansion and build out of Virtual Desktop environment
- Network Upgrades at PD and FD locations

Capital funding includes hardware, software, planning/design, training, 1st year licensing, data conversion, project management, legal, consulting and any and other associated cost necessary for this project.

**Police Technology: 2407**

**City Bonding: \$100,000**

**Maturity Year: 5YR**

Police technology is important to keep pace with the expanding technology requirements for public safety. Funds will be used to update current, acquire new or replace aging information and technology needs of Police Department. In order to maintaining technological standards and keep up with the pace of ongoing system software upgrades and enhancements, the City must purchase technology needs for the Police Department. This technology refresh for critical systems ensures the safety of its officers and the delivery of police services to the community.

As the City continues to upgrade One Union Avenue, the firing range, sub-stations, and Police vehicles, new capital needs are required. Police capital technology needs include, but are not limited to:

- Computer Replacements / Upgrades
- UPS, Wireless and Network Upgrades

**Fire Technology: 2408**

**City Bonding: \$100,000**

**Maturity Year: 5YR**

Funds will be used to update current and acquire new information and technology needs for the Fire Department. Capital funds will be used for hardware, software, licensing, planning/design, training, data conversion, project management, legal/consulting and any and other associated costs necessary for this project.

Services and purchases include, but are not limited to:

- Computer Replacements / Upgrades
- UPS, Wireless and Network Upgrades
- Review Connectivity and implement redundant connections.

**City-wide Digitization: 2409**

**City Bonding: \$500,000**

**Maturity Year: 5YR**

Funds will be used for the continuation of the City-wide digitization and indexing of City records. Digitization is the process of converting information into a digital format. Projects for FY 2023-24 will include, but are not limited to:

- Fire Services-Digitization of Fire Marshal office records
- City Plan & Economic Development- focusing in on the City Plan records to help with GIS services
- Finance Department- working to streamline older payroll/pension records
- Human Resources- consolidate HR personnel and other records

Capital funds will be used for hardware, software, planning/design, training, 1st year licensing, data conversion, project management, legal/consulting and any and other associated costs necessary for this project.

**Library Technology & Communications: 2410**

**City Bonding: \$400,000**

**Maturity Year: 5YR**

The Integrated Library System (ILS) is a major piece of infrastructure that connects library patrons to collection and information resources. New and improved resources are acquired as the vendor improves functionality and the library system adds new resources for the public.

Capital improvement funds will be used for, but are not limited to:

- Continued improvement of City Library Network Infrastructure
  - Upgrade and replacement of Wi-Fi to ensure that the public has consistent and reliable access to computers, digital resources, the Internet, and physical collections.
  - Replacement of network switches and other hardware to maintain Federal and State e-rate compliance.
- Replacement of computers as part of a life cycle plan to maintain efficient and productive usage for both public and staff

Funds will be used for hardware, software, planning/design, training, 1st year licensing, data conversion, project management, legal/ consulting, and any other associated costs necessary.

## **Traffic and Parking Communications & IT Equipment: 2411**

**City Bonding: \$50,000**

**Maturity Year: 5YR**

Funds will be used to improve the Department's current IT infrastructure. These upgrades include, but are not limited to:

- Traffic control technology - the City has taken on the task of improving the way to find parking, walking, and biking in New Haven. In addition to the flat, static signs for direction of public parking, the City has created an API of available parking through its parking contract and intends to display this parking availability at entrances to downtown to reduce circling and congestion.
- The Department intends to improve online data management systems through integration of various systems. Included in this upgrade will be a resident communication system to update residents of Complete Streets project requests (i.e., speed humps).
- Computer and hardware replacement – replacement of computers and other hardware associated with Transportation, Traffic, and Parking Administration
- Network upgrades-Any network upgrades associated Transportation, Traffic, and Parking including but not limited to network hardware, fiber replacement, switchers.

## 152 Public Library

**Library Improvements: 2412**

**City Bonding: \$300,000**

**Maturity Year: 10YR**

Funds will be used for capital improvements as needed which include, but are not limited to:

- Replacing and upgrading signage, including the installation of digital displays in each location
- Redesigning the space in Ives Squared to accommodate a vendor who would provide a concession to sell food and drinks to generate revenue for the Library
- Creation of a revised plan for Ives Squared that would include a fire protection provision, adequate ventilation, and the construction of a separate entrance
- Design of replacement of the rooftop HVAC units at Ives
- Replacing the existing solar panel converter at Fair Haven

Capital funds include any hardware, software, planning/design, training, 1st year licensing, data conversion, project management, legal/consulting and any and other associated costs necessary for this project.

## 200 Public Safety Communications

**Communications System/Equipment: 2413**

**ARPA Funding: \$400,000 (EC 3.3)**

### **Maturity Year:**

Funds will be used to improve Public Safety/Communications current network infrastructure and communication/IT equipment. This project will be implemented over a three to six-year period.

The current NHFD/NHPD radio communications equipment system were installed in 2006, and the microwaves, which facilitate connectivity between satellite sites, were installed in 2007. The current system is five to six years past its life expectancy.

- Microwaves -
  - The City's public safety microwave system transports (backhauls) the communications connectivity to all its radio system sites. The system has been in place since late 2006. Due to the critical nature of this system, it should be upgraded and replaced with new equipment.
  - The equipment would be replaced with current state-of-the-art equipment with redundant links in two stages: four primary sites (East Rock, West Rock, Police HQ & K of C) and for the five secondary sites (Hard St, Yale Smilow, Payne Whitney, Lighthouse and Bella Vista).
  
- PSAP and Police Department Connection -
  - Funds would be used to upgrade the main three channels of radio equipment that have been in place since approximately 2007. This upgrade would provide better system coverage, encryption, and future ability of texting and GPS.
  - The Police Department has recently replaced all its aging portables and mobiles to the P25 digital platform. The Police Department recently added a channel for ESU, surveillance and Special Units utilizing the Traffic Departments UHF channel located at East Rock. The channel was modified to be a digital channel with encryption abilities for the Specialized Units.
  
- PSAP and Fire Department Connection -
  - The two main channels of radio equipment have been in place since approximately 2005. There have been additional receiver sites added to the system since then (Hard St, Bella Vista, and Lighthouse). The infrastructure for channel one and channel two is due to be replaced.

- The basic infrastructure for channel three and four were recently completed. These funds will be used to match all the receiver sites of the first two channels and for the comparable devices that are required.

Capital funds include any hardware, software, planning/design, training, 1st year licensing, data conversion, project management, legal/consulting and any and other associated costs necessary for this project.

## 201 Police

**Radios: 2414**

**ARPA Funding: \$600,000 (EC 3.4)**

**Maturity Year:**

Funds will be used to replace damaged and end of life radios, and for other related communication equipment supplies and infrastructure upgrades as needed but are not limited to:

Maintaining the current level of radio equipment by repairing and replacing equipment as needed and finding ways to improve overall coverage and transmission reliability for the area serviced.

**Equipment:2415**

**City Bonding: \$1,400,000**

**Maturity Year: 5YR**

Funds will be used to purchase and replace necessary police equipment, including but not limited to, body armor vests, ballistic shields, equipment needed for the department's specialized units, and other type of officer safety equipment. Funding will also be used for equipment needed at the Police Academy, Indoor Firing Range and Police Headquarters.

Capital funds include any hardware, software, planning/design, training, 1st year licensing, data conversion, project management, legal/consulting and any and other associated costs necessary for this project.

**Police Facility Renovations: 2416**

**City Bonding: \$500,000**

**Maturity Year: 10YR**

Funds will be used for security and safety upgrades to the New Haven Police Department Detention Facility. The Detention Center is outdated and in need of significant renovation to comply with safety standards set for officer safety.

Renovations will include, but are not limited to:

- Convert the current cell doors which have bars to steel door walls which do not have any access points for tying.
- The Detention Facility currently does not have an ADA compliant cell. Funding would be used to construct at least 1 ADA compliant cell
- Other equipment such as bars around the toilet would also be installed.
- A remodel of the Detention Lobby is also needed for safety and to improve service to the public.
- The lobby upgrade would include a camera, intercom and electronic lock which would allow the Detention Center personnel to tend to persons coming to the facility quicker and more securely to provide a better experience.

Capital funds include any hardware, software, planning/design, training, 1st year licensing, data conversion, project management, legal/consulting and any and other associated costs necessary for this project.

## 202 Fire

### **Rescue and Safety Equipment: 2417**

**City Bonding: \$950,000**

**Maturity Year: 5YR**

Funds will be used to repair and replace emergency medical equipment such as, but not limited to, LifePak heart monitor, AEDs, LUCAS machines, medicine, EMS supplies, and service contracts.

Funds would also be used to update mass casualty equipment for all advanced and basic life support vehicles. This equipment would be used for any large-scale incident with numerous victims. All funds would be used to support emergency medical responses through equipment and services.

All use of these funds can be tied to requirements set forth by state and local directives and statutes. Funds are required to maintain service level of basic and advanced life support functions.

Capital funds include any hardware, software, planning/design, training, 1st year licensing, data conversion, project management, legal/consulting and any and other associated costs necessary for this project.

### **Emergency Medical Equipment: 2418**

**City Bonding: \$500,000**

**Maturity Year: 5YR**

Funds will be used to repair or replace safety equipment, including but not limited to, personal protective equipment (PPE), self-contained breathing apparatus, rescue rope equipment, extrication equipment, hose and water supply appliances, thermal imager updates, air monitoring units and other rescue equipment.

Capital funds include any hardware, software, planning/design, training, 1st year licensing, data conversion, project management, legal/consulting and any and other associated costs necessary for this project.

## 301 Health Department

**Clinic Equipment and Software: 2419**

**City Bonding: \$200,000**

**Maturity Year: 5YR**

Funds will be used for clinic equipment and software. This includes, but not limited to:

- Infrastructure to ensure Brennan-Rogers School Based Health Center and Health Department Clinic have adequate ADA compliant supplies to conduct well-child visits per State statutes for school entry and mandated grades.
- Signage for Vital Stats office (165 Church St), Brennan-Rogers School Based Health Center (200 Wilmot Rd) and Health Department (424 Chapel St) to meet requirements of public health accreditation standards and OSHA standards.
- Electronic Health Records and digitization of vital records (CAREWare, EPIC, Docutap) to assist with medical billing, service delivery, health data extraction, maintaining of vital records information and reporting in alignment with federal records requirements.
- Infrastructure upgrades including paint and equipment are needed to ensure ADA compliance in clinic settings and to abide by CT state statutes.
- Digitizing of records ensures continued compliance with record retention schedules set by the State of CT. Digitizing records is a secure way to track records, reduce storage and office supply costs, and save time in retrieval. The department will be able to provide services to the public in a more efficient and accurate manner with the use of digital records.

Capital funds include any hardware, software, planning/design, training, 1st year licensing, data conversion, project management, legal/consulting and any and other associated costs necessary for this project.

## 502 Engineering

**Street Reconstruction/Complete Streets: 2420**

**City Bonding: \$1,600,000**

**Maturity Year: 20YR**

Funds will be used for the design and/or construction of selected roads needing adjustments to configuration or to improve the safe function of the roads for all users. Highlighting efforts include design work for LOCIP projects (state reconstruction), speed humps, bump outs, crosswalk enhancements, roundabouts and bike lanes on roads identified within the complete street's requests. Funds may also be used to purchase all necessary equipment, including but not limited to, computer hardware or licensing software (AutoCAD, Auto Turn), or other Engineering supplies, services and goods as needed.

Capital funds include any hardware, software, planning/design, training, 1st year licensing, data conversion, project management, legal/consulting and any and other associated costs necessary for this project.

**Sidewalk Reconstruction: 2421**

**ARPA Funding: \$2,000,000 (EC 2.2)**

**Maturity Year:**

Funds will be used for designing, repairing and/or replacing sidewalks within the City. This work is based on condition surveys and priorities established by the City's Resource Allocation Committee. Funds may also be used to purchase all necessary equipment, including but not limited to, computer hardware or licensing software (AutoCAD, Auto Turn), or other Engineering supplies, services and goods as needed.

**Bridges: 2422**

**City Bonding: \$1,000,000**

**Maturity Year: 20YR**

Funding will be used for planning/design, project management, legal/consulting and any and other associated costs necessary for City bridges. The City anticipates an upcoming rehabilitation project for the Ferry Street Bridge over Quinnipiac River. Funds may also be used to purchase all necessary equipment, computer hardware or licensing software, or other supplies and goods as needed.

**Facility Rehabilitation/Repairs: 2423**

**City Bonding: \$1,700,000**

**Maturity Year: 10YR**

The Engineering Department is responsible for technical support and execution of capital projects in non-BOE city buildings, including the Government Center Complex, One Union Avenue, Firehouses, Q-House, and other City facilities.

This funding will be used to support capital projects within City facilities, which include but are not limited to HVAC, flooring, roofing, preventative maintenance, preventative improvements, furniture, IT Infrastructure (including, but not limited to, cameras, computers, security equipment, software, etc.) and other physical improvements as needed.

Capital funds include any hardware, software, planning/design, training, 1st year licensing, data conversion, project management, legal/consulting and any and other associated costs necessary for this project.

**General Storm: 2424**

**ARPA Funding: \$650,000 (EC 5.6)**

**Maturity Year:**

Structural maintenance of the City's drainage infrastructure is vital to its continued performance and lifespan. Funding will be used for repairs to the City's drainage system, which includes but is not limited to catch basin repairs, bioswale repairs and maintenance, manhole adjustments, drainage pipe replacements and outlet controls.

Capital funds include any hardware, software, planning/design, training, 1st year licensing, data conversion, project management, legal/consulting and any and other associated costs necessary for this project.

**Flood and Erosion: 2425**

**City Bonding: \$500,000**

**Maturity Year: 10YR**

Flood mitigation is a central duty of the Engineering Department. Flood control measures are key to protecting the City's infrastructure and the assets of its residents and businesses. Funding usage includes, but is not limited to, the City's financial commitment to the design efforts being undertaken by the Army Corp of Engineers under the BRIC Grant for flood mitigation efforts, flood and erosion mitigation for smaller areas of the City, seawall preventative maintenance program and repairing and addressing various flooding issues.

Capital funds include any hardware, software, planning/design, training, 1st year licensing, data conversion, project management, legal/consulting and any and other associated costs necessary for this project.

**Long Wharf Park Expansion: 2426**

**City Bonding: \$1,000,000**

**State Bonding: \$10,000,000**

**ARPA Funding: \$1,000,000 (EC 2.22)**

**Total Cost: \$12,000,000**

**Maturity Year: 10YR**

Funding will support capital improvements to Long Wharf Park, including but not limited to, closure of Long Wharf Drive, construction of structures and amenities for the park, walking/biking infrastructure, play structures, and other improvements for the transformation of Long Wharf Park. The funding will seek to leverage other state and/or federal funding sources.

Capital funds include any hardware, software, planning/design, training, 1st year licensing, data conversion, project management, legal/consulting and any and other associated costs necessary for this project.

## 504 Parks and Public Works

### **Parks Infrastructure Improvements: 2427**

**City Bonding: \$1,400,000**

**Maturity Year: 20YR**

Funds will be used to repair and enhance park infrastructure. All projects are to protect existing infrastructure and improve user convenience, reduce current maintenance/operating costs. Funding necessary to support the park's infrastructure includes but is not limited to, community centers, athletic fields and courts, outdoor lighting, and a variety of assets. Improvements are community driven.

Capital funds include any hardware, software, planning/design, training, 1st year licensing, data conversion, project management, legal/consulting and any and other associated costs necessary for this project.

### **General Park Improvements: 2428**

**ARPA Funding: \$500,000 (EC 2.22)**

**Maturity Year:**

Funds will be used for renovation, repair and emergency upgrades to parks and park facilities. Annual work necessary to mitigate hazard and ensure quality neighborhoods include but are not limited to:

- Fence repairs
- Metal sign replacements
- Park furniture
- Trail work
- Vault repairs
- Masonry repairs
- Court upgrades
- Security cameras and associated technology

Funds are necessary to support parks properties and amenities. Post pandemic use (surge) within the city's parks warrants an investment to improve and make safe park amenities

Capital funds include any hardware, software, planning/design, training, 1st year licensing, data conversion, project management, legal/consulting and any and other associated costs necessary for this project.

**Street Trees: 2429**

**City Bonding: \$1,750,000**

**Maturity Year: 20YR**

Funds will be used to plant, trim, and remove trees and renovate tree pits throughout the City. This includes, but is not limited to, tree work on New Haven green, aldermanic trimming, planting & tree pits, structural pruning, contract trimming and ash removals. Funds will also cover all associated costs with creating and maintaining a tree inventory and preventative maintenance plan.

Funding for this project is essential to maintain the City's trees as a significant asset to the community. The Department recently instituted a city-wide tree inventory to assist with tree management and planning. Funding will support the required periodic care and maintenance.

Funds will be utilized for contractual assistance routine maintenance (pruning), tree removal & replanting, emergency response & support.

**Bridge Upgrades and Rehabilitation: 2430**

**City Bonding: \$200,000**

**Maturity Year: 20YR**

Funding will be used to support annual maintenance to the three movable bridges (Chapel, Ferry & Grand), addressing unpredicted failures to bridge components and operational systems. Marginal repairs to the city's stationary bridges are integrated within these capital fund requests. Funding supports short- and long-term maintenance activities for the stationary and movable bridges. Goals remain for the provision of safe travel and safe operations of all city bridges.

Public Works, in conjunction with the City Engineers' office, continues to modify a short- and long-term maintenance program for the stationary and movable bridges. Departmental goals are to provide and maintain a safe and dependable bridge infrastructure.

Capital funds include any hardware, software, planning/design, training, 1st year licensing, data conversion, project management, legal/consulting and any and other associated costs necessary for this project.

**Sidewalk Construction and Rehabilitation:2431****City Bonding: \$350,000****Maturity Year: 20YR**

Public Works continues its partnership with the City's Engineers office for the repair of isolated sidewalks (476 +/- miles). The program concentrates on scheduled repairs completed through a City standardized grinding process alleviating sidewalk differential. Funding addresses scheduled repairs and reduces the potential of trip and fall hazards and claims against the City.

Capital funds include any hardware, software, planning/design, training, 1st year licensing, data conversion, project management, legal/consulting and any and other associated costs necessary for this project.

**Pavement Management and Infrastructure: 2432****City Bonding: \$2,000,000****Maturity Year: 20YR**

Funding is required for the maintenance of the City's 232 miles of roadway through a well-designed pavement preservation program. Program supports the department's 5-year road repair program improving or sustaining pavement surfaces.

New Haven's infrastructure is critical to the operation of the City. The Department of Public Work's pavement maintenance plan proactively addresses road pavement deterioration systematically. The plan is built upon the principles of preservation and rehabilitation. Required funding supports a methodical program reevaluation yearly to accommodate changing conditions and support other infrastructure projects. The existing pavement infrastructure maintained by Public Works persists as one of the most valuable assets within the City.

Capital funds include any hardware, software, planning/design, training, 1st year licensing, data conversion, project management, legal/consulting and any and other associated costs necessary for this project.

**Refuse and Recycling: 2433**

**City Bonding: \$300,000**

**Maturity Year: 10YR**

Funding will support the modification/replacement of the current refuse/recycling collection system and includes the continued purchase of toter supplies to qualifying residents. Funds are used for toter replacement (damaged, missing) and supports the City's bulk trash program in which large containers (20-30yd) are purchased.

Capital funds include any hardware, software, planning/design, training, 1st year licensing, data conversion, project management, legal/consulting and any and other associated costs necessary for this project.

**Environmental Mitigation: 2434**

**City Bonding: \$150,000**

**Maturity Year: 10YR**

Environmental compliance requires funding in support of contractors, services, permits, testing and reporting as mandated by state and federal regulatory agencies. It is necessary to monitor and maintain compliance with federal, state, and local agencies.

The incorporation of hazard mitigation goals and priorities into capital improvement plans is an emerging best practice for achieving community resilience. Public improvements that are vital to community functioning and warrant careful assessment of hazard risk through the hazard identification and risk assessment process. Funds will be used include but are not limited to permitting, testing, maintenance, consultants, hardware/software, and any other cost associated with environmental mitigation efforts.

## 702 City Plan

**Coastal Area Improvements: 2435**

**City Bonding: \$400,000**

**Maturity Year: 10YR**

Funding will be used for:

- Canal Dock Boathouse Infrastructure and Kayak and Transient Docks: Costs associated with additional project work at Canal Dock Boathouse / platform area. This includes any residual close out of the Boathouse and elements that are not yet constructed or require repair work, including transient/floating docks, site and lot work, remediation of known issues with concrete slabs, parking lot buildout, concrete floors for the boat bay to improve use of underutilized and mezzanine office space, and associated design and engineering expenses.
- Comprehensive resiliency and coastal land use planning. Match for grants for detail and construction design of Long Wharf Plan elements including improving connectivity to adjacent neighborhoods and Union Station, Long Wharf linear Stormwater Park and multi modal greenway; funding to implement Long Wharf rezoning; match for grants for detail and construction design Public Access amenities along Mill River, Quinnipiac River and West River and funds to develop a comprehensive Coastal Resilience and Land Use Plan.

The proposed work builds on the City's substantial investments on Long Wharf and demonstrates a commitment to Coastal Management Areas throughout the City including Mill River, Quinnipiac River and West River areas which are subject to coastal impacts such as sea level rise and soil erosion.

Capital funds include any hardware, software, planning/design, training, 1st year licensing, data conversion, project management, legal/consulting and any and other associated costs necessary for this project.

**On Call Planning: 2436**

**City Bonding: \$100,000**

**Maturity Year: 10YR**

These services are needed to augment the City Plan Department staff as the workload exceeds staff capacity and technical capabilities to perform the work in tight time-frames and support existing, often concurrent projects. These projects build on current efforts to update the City's 2025 Plan of Conservation and Development, including but not limited to:

- **Neighborhood / Strategic Plan:** Funds to be used for annual effort to develop one or more neighborhood and/or strategic plans with a focus on implementation following the initial comprehensive planning visioning and to support the zoning overhaul. These will focus initially on neighborhoods experiencing significant growth and change and will expand on current efforts such as the Hill to Downtown Plan and River Street revitalization plans. Funds will be used to hire two neighborhood residents to assist in engagement and plan development.
- **City Wide Comprehensive Zoning Code Overhaul:** (over 2 years). Funds to be used for outside planning and legal services to update the New Haven Zoning Code. Research and code amendments to include affordable housing as well as furthering updates to BA for commercial corridors, village districts and coastal management zone. This Zoning update will include and consolidate various Green Ordinances in accordance with Climate framework. The overhaul will focus on equity and address health and racial inequity as well as climate justice.

Capital funds include any hardware, software, planning/design, training, 1st year licensing, data conversion, project management, legal/consulting and any and other associated costs necessary for this project.

**Route 34 East: 2437**

**City Bonding: \$2,400,000**

**Maturity Year: 20YR**

Funds are required to match state and federal funds and for non-participating, non-reimbursable costs as well as project management for a multi-phase multi-year project to convert portions of the former Route 34 highway stub to City streets and access roads. Phase II constructed an Orange Street crossing, and Phase 3 enables the 101 College St development and Temple Street crossing. Phase 4 completes the Temple Street bridge and other traffic improvements.

Funds are being requested to cover associated costs of additional project and construction management associated with Design-Build project delivery method employed for Phase 4 and final close out of the project overall. The City is pursuing over \$20M in federal and state funds to complete Phase 4 in parallel with efforts to move forward with a multi-modal trail and park adjacent to Coliseum site and enabling work for Parcel B - both forecast to generate significant job/tax revenue.

These funds may be used for predevelopment, design, design services during construction and inspections as well as the actual construction scope inclusive of roadway and traffic signal work, service drives, streetscape greenway and/or stormwater improvements.

**Farmington Canal Greenway: 2438**

**City Bonding: \$400,000**

**Maturity Year: 20YR**

Phase IV represents final completion of a 30+ year effort to build the New Haven section that is the terminus of this 84-mile regional greenway system. Up to \$8 million in federal funds have been secured over time to complete the New Haven section.

Funds will be used for but not limited to:

- Matching available grants or for covering non-participating costs related to design, permitting, rights of way or construction.
- Further design completion including but not limited to revisions for value engineering and expedited project completion.

**Preservation and Planning: 2439**

**City Bonding: \$25,000**

**Maturity Year: 5YR**

The City Planning Department is the designated coordinator of the Certified Local Government program, which enables the City to apply for preservation funding from the State Historic Preservation Office. Increased development in the City has also put historic structures at risk as evidenced by the demolition of 80 Elm Street. This is a new funding line that would enable the City to seek alternates to demolition through feasibility and adaptive reuse studies. It would also provide funding for temporary stabilization measures in advance of restoration and redevelopment and as well as match funding for preservation grants.

These funds would also be towards a comprehensive preservation plan, design guidelines and ordinance updates to support preservation of architectural and cultural resources.

## 704 Transportation, Traffic and Parking

**Traffic Control Signals: 2440**

**City Bonding: \$500,000**

**Maturity Year: 10YR**

Funding will be used for the upkeep, maintenance and upgrading of traffic signals throughout the City. The City of New Haven has over 300 signal systems, each of which have vehicle detection and communication systems to maintain. The Department is continuing several upgrade projects, including replacement of LED bulbs in traffic signals, replacement of cabinet controller boxes, blue light snow emergency notification and vehicle detection systems. Funds will also include other improvements and maintenance to the system as they become necessary, as well as additional safety systems.

Capital funds include any hardware, software, planning/design, training, 1st year licensing, data conversion, project management, legal/consulting and any and other associated costs necessary for this project.

**Meters: 2441**

**City Bonding: \$800,000**

**APRA Funding: \$300,000 (EC 6.1)**

**Total Cost: \$1,100,000**

**Maturity Year: 10YR**

The Department is looking to drastically enhance on-street parking payment options in FY24. The goal is to introduce more of the multi-space pay stations. Coin only meters are becoming obsolete, and the Department is looking to improve and give customers more options of payment.

Funding will be used for repair and replacement of parking meters and meter collection equipment citywide. The department is also looking to purchase 300 credit card accepting "smart" meters. These meters will be phasing out classic coin-only accepting meters as well as be installed in several new locations. New radar sensing meters and meters including cameras will be tested and possibly implemented. Funds will also be used to ensure all meters meet ADA height regulations, as well as any other issues that arise.

Capital funds include any hardware, software, planning/design, training, 1st year licensing, data conversion, project management, legal/consulting and any and other associated costs necessary for this project.

**Signs and Pavement Markings: 2442**

**City Bonding: \$275,000**

**Maturity Year: 10YR**

Funding will be used for the installation, repair, maintenance, and replacement of traffic control signs. The first phase of the citywide replacement of all streets sweeping signs will be started, along with a refresh of all posted time limit signs through-out the downtown metered area. Funds will also be allocated to non-annual pavement markings. This includes, but is not limited to crosswalks, sharrows and additional bike lines. Bike lanes will be both traditional and green.

Funds will be used for the installation, repair, maintenance and replacement of traffic control signs, pavement markings and related traffic safety programs.

**Transportation Enhancements: 2443**

**City Bonding: \$125,000**

**Maturity Year: 10YR**

Funding will be used for ongoing transportation investments, including but not limited to, new construction of alternative transportation infrastructure. The Department will look to install several new bus shelters, as well as improving the condition of the current shelters. Bike racks in various areas citywide will also be a focus of the Department.

The Safe Routes to School program will begin this year as well. Funds will be used to invest in the infrastructure necessary to promote the move toward alternative forms of transportation, including pedestrian safety improvements such as enhanced markings and improved crosswalk infrastructure, enhanced markings for safety in pedestrian-bicycle-vehicle conflict zones, and construction of protected bicycle lanes, as well as installation of bike racks for improved bicycle parking.

Funds will be used for ongoing transportation investments, including but not limited to new construction, renovation of bus shelters, and improvements to transit, bicycle, pedestrian and streetscape / signal systems. Complete Streets and Safe Routes to School will both be major focus of the Department this year.

**Planning and Engineering Services: 2444**

**City Bonding: \$200,000**

**Maturity Year: 5YR**

Funds will be used for planning and engineering services, including but not limited to, traffic signals, traffic control, design services and surveys. Planning and engineering services support the public safety and parking management.

**Street Lighting: 2445**  
**City Bonding: \$200,000**  
**Maturity Year: 10YR**

Funding will be used to purchase new poles and major repairs required by the recent takeover of the street lighting maintenance program. Included in this work is the evaluation of the present condition of pole structures in the field and to continue the identification numbering system.

The City has more than 10,000 streetlights. There are an unknown number of missing streetlight poles in the field that need to be identified and evaluated by TT&P, and then coordinated with Engineering to replace foundations as needed. This is functionally the second year of the department taking over responsibility of the maintenance of the street lighting program and the first budget submission after operations are running.

**Safe Routes to School: 2446**  
**City Bonding: \$100,000**  
**Maturity Year: 5YR**

The funding will be used for implementation of various projects recommended in the “Safe Routes for All” Active Transportation Plan. This includes, but is not limited to, projects implemented city-wide with a focus on the seven (7) equity neighborhoods identified in the plan. Improvements include using various traffic calming tools to not only improve safety but also pedestrian and bicycle mobility improvement with upgraded signals. Example list of initial proposed corridors within these neighborhoods include Bassett Street, Blatchley Avenue, Kimberley Avenue, Winthrop/Sherman Avenue and Wintergreen Avenue. The funding will also be used to plan, design, and implement safety improvements in the vicinity of 40+ New Haven schools by improving signalization, pavement markings, signage and installing traffic calming measures.

## 721-Office of Building Inspection and Enforcement

**Demolition: 2447**

**City Bonding: \$500,000**

**Maturity Year: 10YR**

Funds will be used for the demolition of structurally and physically unsafe structures and any related costs. These funds are also used for emergency demolitions and will support LCI as needed for demolition related activities associated with the property management portfolio.

The Demolition account addresses public safety and welfare requirements by providing necessary funding when a property owner is either unwilling or unable to address a critical building code issue.

## 724-Economic Development Administration

**Land and Building Bank: 2448**

**City Bonding: \$900,000**

**Maturity Year: 20YR**

Funds will be used for site acquisition, evaluation, planning, relocation, property management, and physical (re)development activities of primarily City-owned commercial and industrial properties, including but not limited to, feasibility studies, title searches, appraisals, legal fees, engineering, marketing, architectural services, environmental assessment and remediation, site preparation, administrative costs, and support agreements and partnerships with the Economic Development Corporation of New Haven.

Individual implementation projects include, but are not limited to:

- Long Wharf
- Mill River
  - The focus is the Clock Factory, and the vacant land uses along the Mill River. Funding will also be used to leverage potential federal/state opportunities.
- River Street
- Neighborhood Commercial
- Hill to Downtown.

Funding will also be used to leverage potential federal/state opportunities.

**Commercial Industrial Site Development: 2449**

**City Bonding: \$400,000**

**APRA Funding: \$750,000 (EC 2.31)**

**Total Cost: \$1,150,000**

**Maturity Year: 20YR**

Funds will be used for commercial and industrial site development to assist with the productive rehabilitation, renovation, adaptive reuse, and expansion of privately-owned industrial and commercial properties throughout the city, including, but not limited to, engineering and architectural services, environmental assessment, and remediation, and building and infrastructural site improvements. In addition, funds may be used in support of physical improvements and all other related costs, and to support agreements as well as partnerships with the Economic Development Corporation of New Haven.

Anticipated projects include, but are not limited to:

- Long Wharf
  - The focus is the Gateway District including revitalization of former Gateway Community College.
- Mill River
- River Street
- Neighborhood Commercial
- Hill to Downtown.
  - There will be specific focus on the implementation of the DECD Challenge grant for the State Street project.

**Façades: 2450**  
**ARPA Funding: \$100,000 (EC 2.22)**  
**Maturity Year:**

The Façade Improvement Grant Program is one of the tools that the Office of Economic Development uses to fight blight in New Haven neighborhoods as well as stimulate economic growth, promote the welfare of the city's citizens, and strengthen local communities through a combination of redevelopment and rehabilitation.

Funds will be used to provide funding for eligible façade improvements, which include, but are not limited to, doors, signage, lighting, landscaping, and security items at eligible properties within the City's neighborhoods and commercial districts.

**Pre-Capital Feasibility: 2451**  
**City Bonding: \$250,000**  
**Maturity Year: 5YR**

Funds will be used to determine the feasibility of potential economic and community development projects and initiatives throughout the City using feasibility studies, market positioning, plans, economic strategies/analyses, pre-development studies and similar activities which support the comprehensive economic development strategy of the city and region. Design and pre-development work are essential to this process for projects ranging from Clock Factory, State Street, Church Street South, and Long Wharf.

**Downtown Crossing: 2452**

**City Bonding: \$2,200,000**

**Maturity Year: 20YR**

In 2020, the City entered a Development and Land Disposition Agreement for the development of 101 College Street, also known as Parcel C of Downtown Crossing.

This project has an extensive interface with the public roadway improvements associated with the tear down of Route 34 including construction of tunnels and drives, maintenance and protection of traffic systems and so-called temporary improvements until the full-build of Downtown Crossing is completed through Phase 4.

## 747- Livable City Initiative

### **Neighborhood Commercial Public Improvement: 2453**

**City Bonding: \$200,000**

**Maturity Year: 10YR**

Funds will be used for planning and implementing activities for public improvements in neighborhood commercial revitalization areas, neighborhood improvement areas including but not limited to, sidewalks, curbs, parking facilities, street trees, lighting and other improvements designed to enhance public space, including repair and replacement of older improvements and for administrative, legal services and consulting services necessary to implement this program. Additionally, funds will be used to acquire blighted commercial properties for redevelopment consistent with goals for revitalization of commercial corridors and/or costs for construction.

Funds will also be used for The Main Street (street space enhancements) along with a pilot project will enhance the physical condition of storefronts in the target district. This activity/project will be to leverage foundation, state and federal grant funding to provide an impact in our neighborhoods and commercial districts. This investment creates an overall benefit to the community and provide opportunity to increase City's tax base.

LCI has committed funds to assist in providing capital for leasehold improvements to local businesses in Dixwell, Whalley, Fair Haven and the Hill. This program complements EDA's façade program. The program utilizes a comprehensive approach to business development and expansion for small neighborhood businesses.

### **Property Management: 2454**

**City Bonding: \$150,000**

**Maturity Year: 10YR**

Funds will be used for maintenance of privately owned and City owned properties to ameliorate the blighting trend of illegal dumping of trash and debris, properties open to trespass, graffiti and litter, vehicle abandonment removal, and neighborhood cleanup efforts throughout the City including but not limited to, fencing, repairs to equipment, purchase of property maintenance equipment and other costs to administer the program activity.

**Residential Rehabilitation: 2455**

**City Bonding: \$500,000**

**Maturity Year: 20YR**

Funds will be used for the preservation and stabilization of existing structures to support working families through the rehabilitation of existing structures including but not limited to, hard and soft rehabilitation costs, compliance monitoring and hardware and software to administer the program activity, and any related project development soft costs including but not limited to inspections, market feasibility, parking and traffic impacts, financial modeling, and historic compliance.

**Housing Development: 2456**

**City Bonding: \$1,250,000**

**Maturity Year: 20YR**

Funds will be used to support the development of working families Homeownership units with or without a rental unit through new construction and/or rehabilitation of residential structures and any related costs to accomplish this activity, including but not limited to, hard and soft construction costs, site work, infrastructure, compliance monitoring, and any related project development soft costs including but not limited to inspections, market feasibility, parking and traffic impacts, financial modeling, and historic compliance.

Funds will be used to leverage state and federal grant funding to create an impact in our neighborhoods through block investment and increase the homeownership rates in New Haven. This investment creates an overall benefit to the community. LCI will undertake several housing projects in key disinvested neighborhoods. Dixwell, Newhallville, Dwight, Fair Haven and Hill will benefit from new investment in housing to stabilize targeted areas in those neighborhoods. Homeownership Development is the primary use of these funds.

**Neighborhood Public Improvement: 2457**

**City Bonding: \$150,000**

**Maturity Year: 20YR**

Funds will be used for public improvements and anti-blight programs, including but not limited to, any hardware or software costs to administer the project activity, administration, inspection services, fencing, lighting, trees, public art, bike racks, hardware costs for neighborhood projects and hardware costs to enhance public safety and facility improvements.

LCI uses public improvements funding on permanent improvements. This funding provides necessary repairs to public facilities (non-City owned), shelters, health care centers, and any other public use structure or land such as neighborhood gardens which provides a community spirit. The applicant must be the legal owner of the structure or be able to provide proof of a long-term lease agreement. The activity must be located in an income-eligible census tract, or the facility must provide services for predominately low/moderate income clients (at least 51% of the beneficiaries).

**Acquisition: 2458**

**City Bonding: \$125,000**

**Maturity Year: 20YR**

Funds will be used to acquire vacant and blighted buildings or vacant land through eminent domain, tax foreclosure, anti-blight, or other means available to the City. Funds will also be used for any costs related to this activity, including but not limited to, architectural services, site remediation, site preparation, administrative costs, environmental testing, title searches, appraisals, engineering, and inspection services. These funds will also be used to leverage state and federal funds.

**Housing and Tenant Services: 2459**

**City Bonding: \$1,225,000**

**Maturity Year: 10YR**

Funds will be used to support the preservation and stabilization of existing structures to support working families through the rehabilitation of existing structures, Code enforcement, promote healthy / safe housing conditions, emergency repairs, energy efficient, relocation services, eligible homeowner repairs, public improvements, and anti-blight programs. Funds include, but are not limited to:

- Any hardware or software costs to administer the project activity.
- Administration including but not limited to third party inspection services and for repair vehicles to facilitate the project activity.
- Ability to correct to correct imminent danger issues and unsafe housing conditions which pose an imminent danger to the health and safety of its occupants (no heat / lack of oil, leaking roofs, broken windows).
- Relocation costs in accordance with URA.
- Compliance monitoring.

## **Homeowner Capital Investment Program: 2459**

**City Bonding: \$400,000**

**Maturity Year: 20YR**

Funds will be used to provide down payment and closing cost assistance, financial assistance for the energy efficiency Rehabilitation Assistance program and Emergency Elderly/Disabled Repair Program. Home improvements may include, but are not limited to:

- Repairing / replacement / updating / insulating windows
- doors
- Furnaces
- Roofs
- Stairs
- Façade

These programs serve households whose income are between 80%-120%. This program is necessary for the working family owner occupants in New Haven, who need a cost savings in energy costs or assistance in purchasing a home or have an emergency repair.

This funding will complement the already existing down payment program, Energy Efficient and Emergency Elderly programs that is strictly funded by HOME, which provides the same repairs for the low to moderate income households whose AMI is below 80%.

## 900- Education

**General Improvements: 2461**

**City Bonding: \$9,300,000**

**Maturity Year: 20YR**

The New Haven Public Schools (NHPS) is comprised of fifty-eight facilities totaling 4.4 million square feet. Since 1998, we have seen the New Haven Public Schools and the City of New Haven rebuild or renovate 36 of our schools. Now in 2022, NHPS finds 27%, or sixteen of its properties have aged beyond twenty-one years while an additional 41.4%, or 24 properties have aged to between fifteen-to-twenty years. Both the International Facilities Management Association as well as American Society of Heating, Refrigerating and Air-Conditioning Engineers have placed end of life for most well-maintained building systems between fifteen to twenty years.

While these projects have provided the students and staff of New Haven Public Schools with some of the best facilities in the state, they also added sophisticated equipment and systems that have manufacture recommended preventive maintenance. Preventative maintenance is vital to maintaining systems operating at their most efficient and to maintain manufacture warranties as well as ensure that the useful life of the equipment is extended to the longest extent possible. The operational budget for NHPS has not been able to accommodate for the increased financial need of a full preventative maintenance program of all building systems. Therefore, as the general funds budget for building preventative maintenance remains flat, NHPS has held a reactive maintenance position on major building systems repairs, and replacement are in a run to fail cycle. The district is not capable of a planned building systems capital replacement schedule with the current funding. In 2008, Sightlines conducted an independent third-party building conditions assessment and indicated that the district requires a total of \$40 million in total funding to make all the necessary repairs throughout the district. The survey also indicates that continued support at the current level will result in reducing the life cycle of the schools from 50 years to 30 years or the need to spend another \$1.4 billion to rebuild new facilities.

The school district also has a need to perform major renovations/replacements to its gymnasium equipment including motorized baskets, bleacher systems and gym floors district wide. Including replacement of the athletic surface and bleacher system at the field house as well as replacement of the removable basketball court as well.

These funds will be used for all repairs /renovation upgrades district wide as part of our ten-year deferred maintenance plan. General repair services include, but are not limited to:

- Roof Repairs
  - Any School that may be identified to need extensive repairs or replacement of roof or roofing systems. District roofing conditions and needs will change as buildings age.
  - The following list of schools have been identified as requiring complete roof replacement. This list is not exhaustive of all roofs that may need to be replaced or have significant repair only those that have been prioritized with the greatest current need.
    - James Hillhouse
    - Elm City Montessori
    - Wilber Cross
    - Betsy Ross
    - Clinton Avenue
    - Truman
    - Wexler Grant
    - High School in the Community
- HVAC Repairs
  - All HVAC related issues district wide including the repair and or replacement of any HVAC related system, component or Building Management System controls related to HVAC systems operations.
- Fire and Life Safety Systems
  - Deficiencies throughout the district; upgrade and replacements of smoke and fire detection systems, automatic external defibrillators, emergency lighting, exit lighting, surveillance systems, interior and exterior doors, card access control.
- Interior and exterior painting
  - The stewardship plan for the appearance of the buildings is extremely important in providing the best possible learning and playing environments for the students, staff and public that use our schools. We have a constant need to paint hallways, railings and classrooms.
  - The renovations throughout the district needed when curriculum programs change or adjust also result in the need to paint. We have the need to paint exterior railings, siding, light poles, as well as graffiti removal.
  - Timely graffiti removal is important as failure to remove the graffiti promotes additional vandalism issues.

- Asbestos abatement
  - AHERA program is a 3-year State Unfunded Mandate program for reporting on Asbestos in our schools
  - This will also include in all NHPs Environmental testing and abatement including but not limited to:
    - PCB caulk removal and testing
    - Lead Paint Abatement and testing
    - Mold remediation and IAQ testing
    - Pipe and HVAC duct insulation replacement
    - Boiler reinsulating as necessary
    - Roof insulation repairs and replacement as necessary
    - Mercury testing and cleanup
    - Any other unidentified hazardous chemical cleanup that may be required
    - Floor tile mastic abatement
    - Testing and removal of any other unidentified PCB's and environmental hazards.
- School Accreditation
  - Building repairs and renovations necessary to obtain certification and accreditation of the school's curriculum and programs.
- Floor tile
  - Replacement of worn or damaged VCT and ceramic floor tiles, base molding, stair treads, carpets and hardwood and refinishing and replacement of gym floors throughout the district.

- Professional services
  - The creation of technical specifications and plans, prepared by architects, engineers or other specialized professionals for the design and replacement of building systems including but not limited to:
    - Boiler replacements
    - Fire Alarm System Design
    - Fire Sprinkler System Design
    - Clock and Bell Systems
    - Security access control and video systems
    - Roof repairs/replacement Design
    - HVAC System replacements
    - Lighting systems installations.
    - A chemical hygiene and OSHA consultant for the district
- Paving and fencing
  - Necessary to enhance the surrounding school property as it relates to walkways, sidewalks, roadways, curbing, fences, lawns, playground areas and parking lots for safety and to eliminate liability

## **Information Technology Initiatives: 2463**

**City Bonding: \$4,700,000**

**Maturity Year: 5YR**

Funding will be used to complete numerous Information Technology objectives and support life cycle and stewardship support of the current technology and network services throughout the New Haven Public Schools environment including, but not limited to:

- Microsoft Office 365 subscription.
- Replace un-supported Windows XP computers with Windows 7 computers throughout the District.
- Upgrades (soon to be un-supported)
  - James Hillhouse & Wilbur Cross High Schools computer technology improvements (based on Accreditation Plan needs: 200 Computers each).
  - New computers to replace end of life at various schools, as needed
  - Replacement of end-of-life network routers and switches & network hardware warranty extensions, as needed.
  - Managed wi-fi, and Network Hardware Refresh Upgrades for: various schools this will replace aging end of life network systems.
  - General Software procurement and licensing.
  - Server replacements for end-of-life servers needed for infrastructure upgrades.

Computers: Microsoft has discontinued support for the Windows XP operating system. The School Construction Program has been very successful with providing working technology into the new schools. However, technology moves very fast and financial support for older system grows as time goes on. This has caused an issue when purchasing software products for students of all ages because these programs will not work on older operating systems like Windows XP. Working with our partners and also leveraging state Contracts, we are able to provide both refurbished and new computers. The refurbished desktop option has been very successful at deploying the greatest number of computers for the same amount of funding. However, this is only a quick fix. Some schools would rather leverage their available funds on new computer equipment. We are proud to offer both options. Capital support is a critical backbone of funding that will support these computer upgrades and replacements.

Network Servers and Routers: Microsoft has announced that support for Windows 2003 Server operating systems has ended 7/14/2015. We have about 25 servers across the district that need to be either replaced with a new server (high-demand),

replaced with a refurb server (low-demand and half the cost), be decommissioned, or converted into a Virtual Server and Integrated into our Virtual Server Farm we have built. Decommissioning and converting to virtual servers are of no cost. However, just like the computers, we have a refurb cost (\$2,500) and a new cost (\$4,500). Depending on the workload of each server that needs replacing, the IT Department can save money by leveraging refurbished servers in a fault tolerant design that will maximize up-time and minimize up-front costs.

**Custodial Equipment: 2464****City Bonding: \$300,000****Maturity Year: 5YR**

Funding will be used to upgrade and replace custodial equipment throughout the district. Upgrading antiquated equipment with new energy efficient low water use equipment provides our custodial staff with the tools necessary to be able to perform their duties most effectively resulting in more square footage cleaned while being most environmentally friendly. Equipment needs include, but are not limited to:

- Square Pad Cleaning Machines are used for prepping floors without the use of water or strip the floors the machine works on different types of floors utilizing different pads. (Vinyl composition tile, rubber stair treads, wood floors, ceramic tile). The process reduces chemical use, conserves water, and saves time and money by making cleaning efforts more efficient.
- Auto Scrubbers, burnishers, side by side floor buffing machines, wet and dry vacuums, power washers, backpack vacuums, upright vacuums, floor machines, man lifts, snow blowers, snowplows, backpack blowers and other such custodial equipment.

It is imperative to provide the custodial staff with the best available equipment in order to maintain the state mandated unfunded Green Cleaning Program. The use of high-quality equipment results in energy savings, reduced environmental impacts, and allows our staff to work efficiently resulting in performance of cleaning standards that are consistent with national cleaning metrics of approximately 30,000 square feet cleaned per custodian. Our stewardship of the equipment includes regular inspections of every piece of equipment throughout the district, making of any necessary repairs through our general funds budget, and identification equipment that has come to the end of its useful life and in need of replacement. Because the machines are used daily, this program has a ten-year life cycle plan as we replace old equipment each year.

### **Cafeteria Program and Equipment: 2465**

**City Bonding: \$300,000**

**Maturity Year: 5YR**

These funds will be used to complete numerous food service objectives throughout the NHPS environment including, but not limited to the following:

- Maintain, upgrade & replace deficient equipment including but not limited to walk in freezers, walk in refrigerators, ovens, warming ovens, steam tables mixers and stainless-steel tables and sinks.
- Establishment of a PM program for kitchen equipment
- Purchase and/or upgrade of existing technology equipment including but not limited to POS System (including Licenses), additional software/hardware to enhance Horizon with regard to food safety, student identification and monetary transactions, computers, monitors, and any other additional technology needed.
- Replacement and/or repair of Food Service rolling stock; and allow for leasing to avoid depreciation and escalating repair costs of aging assets.
- Purchase of school cafeteria furniture such as tables, chairs; desk, as well as for central kitchen facility/office.
- Purchase of additional equipment, hardware, software to enhance core mission of Food program.
- Renovations/repairs to central kitchen facility

Capital funds will be used for hardware, software, planning/design, training, 1st year licensing, data conversion, project management, legal / consulting and any and other associated cost necessary for this project

### **LT Maintenance Stewardship:2466**

**City Bonding: \$2,000,000**

**Maturity Year: 10YR**

The funds will be used to perform life cycle upgrades and replacements to major equipment and infrastructure throughout the district. The Clinton Avenue School facade, Edgewood playground, Conte millwork, HVAC and auditoriums throughout the district all need complete replacement.

The ongoing stewardship 10-year plan to replace major equipment and infrastructure that have been extended beyond their useful life cycle of operation. This includes, but is not limited to, roofing, windows, doors, hardware, facades, structural issues, major equipment including boilers, roof top units, cooling towers, hot water tanks, backflow preventors, and furniture.

## SECTION V-SPECIAL FUNDS

# CITY OF NEW HAVEN

## SPECIAL FUND BUDGETING

Special Fund Budgeting differs from that of the General Fund Budgeting in several ways:

1. Grant periods for Special Funds may vary based on the regulations associated to a funding source. Some grants are based upon a calendar year (January 1 - December 31), a Federal Fiscal Year (October 1 - September 30), the City's Fiscal Year (July 1 – June 30) or on a multi-year term that allow the term to cross fiscal years to allow a project to be completed over a longer time period. In addition, some grants are awarded in a lump sum amounts that will cover multi-year time frames, while others are awarded on a reimbursement basis. For budget purposes, the grant amount shown may reflect only the portion of the grant that will be available during the City's Fiscal Year.
2. If a grant is awarded to the City each year, as is the case with the HOME program, the MUNIS organization number may change to reflect the new allocation for the new Fiscal Year. Any unused funds from previous years will be transferred to the new organization number and made available for use in Fiscal Year 2023-2024.
3. The Special Fund Budgets reported in Fiscal Year 2023-2024 reflect anticipated receipt of new awards and estimated program income during the fiscal year. Funds will not be available for use until an agreement has been executed with the funding agency or until revenue is received by the City. This may cause large budget variances between Fiscal Year 2022-2023 and Fiscal Year 2023-2024.
4. The City applies for grants on a continuous basis throughout the fiscal year. Grant opportunities that are made available after approval of the Fiscal Year 2023-2024 Special Fund Budget will not be included in this document. All new grants awarded to the City require Board of Alders approval before funds can be acceptance.
5. Multi-year grants that have been awarded in a previous year, and extend into Fiscal Year 2023-2024, are not shown in the Fiscal Year 2023-2024 Budget column. They are included in the Fiscal Year 2022-2023 Budget column. At the close of Fiscal Year 2022-2023, any remaining balances will be added to and made available for use in the Fiscal Year 2023-2024 Budget.
6. Position titles shown in the Special Fund Personnel section are subject to change based upon final approval from the granting agency. This may be due to modifications to the final grant agreement or changes to the scope of services of a grant.
7. The filling of Special Fund Positions is contingent upon receipt of a fully executed grant agreement from the respective funding agency. Continued employment is contingent upon renewal of grant funds. If a grant is not renewed or if the grant term expires, any positions funded from that grant will be eliminated through workforce reduction. Special fund positions may be added after the Fiscal Year 2023-2024 Special Fund Budget has been approved by the Board of Alders for grant awards received by the City but not included in the original submission.
