Changes from the previous report

Salaries

- 1. Based on current spending certified salary lines have been supported by reimbursement sources as well as savings with vacancies.
- 2. Overtime budget for custodians and security due to staff shortages. ESSER funds are being used to support overtime costs for security and custodial needs as we await vacancies to be filled.
- 3. Revenue sources are being shown this period to support payroll costs as appropriate.

Non Personnel

- 1. Schools have received ESSER funds to cover instructional supply needs including technology and enrichment activities/field trips.
- 2. We continue to monitor and collect tuition fees and reimbursements to support the needs of tuition and transportation.
- 3. We will continue to look at anticipated rate increases for utilities (anticipated up to 50% increase) although warmer climate has reduced that need for this period. We will monitor each month to compare projection with actual costs and adjust our projections accordingly.

- We continue to monitor and request that all new grant applications that allow Indirect Costs to be included in the application
- We have surveyed comparable districts to determine if our tuition reimbursement rates are in line and review need for rate increase for the upcoming year
- We continue to use ARP ESSER funds to cover costs
 - Para's working as substitutes
 - Bus Monitors
 - Extra cleaning costs due to Covid (Buses & Buildings)

How to read grant revenue report

- How to read the new grant revenue exhibit (letters refer to column letters on the prior page):
- AThe total amount we were awarded for the grant in 2021-22

Special Fund Expenditure and Revenue Projection Explanation

Please note that the Special Fund expenditure and revenue projections contained in this report are estimates based upon preliminary information received by City Departments from potential Granting Agencies. Budgets reported for Fiscal Year 2022-2023 may reflect anticipated new awards that have not yet been approved by the funding agency or Board of Alders. Funding will become available for use only after awards have been approved for acceptance by the Board of Alders and after grant agreements have been executed. Once all approvals are in place, the budgets will be entered on the City's financial accounting system, MUNIS.

Deficit Explanation

The Agencies listed below have significant budget variances that we feel warrant an explanation.

• No deficits are currently projected.

Surplus Explanation

 If a large surplus exists in a special fund, it is usually the result of a multi-year award that is partially complete. Multi year awards are based on the completion of a project or for the operation of a particular program that extends beyond the City's fiscal year. Any remaining balances for multi-year awards will be made available in the following fiscal year or until the grant period has ended.
