July 1, 2016

Dear Citizens

In accordance with the City Charter, the following is the City budget for FY 2016-17 which was approved by the Board of Alders on June 6, 2016. The figures included reflect the commitments and priorities I believe we share in terms of providing for city programs, services, and investments.

The adopted budget also reflects sound budgeting strategies, keeping the city's long-term fiscal stability a priority with investments in pensions, other post employment benefits (OPEB) and the Rainy Day fund.

There is no mill rate increase in the adopted budget. In fact, city residents who own cars will realize a net property tax decrease next year because the rate on automobiles will be just 37 mills – the result of a new state law in effect.

State funding to hold New Haven harmless in that change, along with revised college and hospital PILOT reimbursements are among the revenue highlights for FY17, along with a projected increase in local building permit fees.

In terms of expenditures, the city's increased appropriation to its medical benefits account and continuing investment in public education and infrastructure are the primary features, coupled with a substantial appropriation to a salary reserve account, anticipating *eight* new labor contracts to be negotiated this year.

The proposed spending plan continues to capitalize on fire department overtime savings and once again benefits from refinancing city debt. Make no mistake: this proposal steadfastly maintains the city's commitment to essential public safety, public education, and economic development initiatives.

I wish to acknowledge the work of the Finance Committee and the Board of Alders along with the City's budget staff, our department directors and the entire City workforce who serve the community with such passion and dedication. Special recognition is also due to our State legislative delegation who has worked tirelessly on the City's behalf during these challenging times.

Finally, I must acknowledge the City's greatest strength – the quality of our people and families. United in purpose, compassionate in attitude, the people of New Haven are truly our greatest resource.

Thank you.

Very truly yours,

A handwritten signature in blue ink that reads 'Toni N. Harp'.

Guide to the Budget

The Fiscal Year 2016 / 2017 Budget includes the following sections of information:

Section 1 – Budget Summary

Contains the following items;

- Mayor’s budget letter
- Mayor’s Budget – Total Budget (all sources)
- Budget at a Glance
- Budget process Calendar
- City organizational chart
- Administrators Listing
- Appropriating Ordinance #1
- Tax Levy- Ordinance #2
- Expenditure and revenue schedules and charts

Section 2 – General Fund Line Item Summary & Personnel Listing:

This section of the budget includes summaries by department for the General, Special and Capital funds as well as the number of positions.

The 105: This section of the budget is the detailed backup for Appropriating Ordinance #1. Funds allocated at this level are the legal appropriations for departments. Any transfers in excess of \$1,500 must be approved by the transfer committee, which includes representatives from Management & Budget, the Controller’s Office and the Board of Alders. All transfers over \$15,000 must be approved by the Board of Alders.

The 102: This section of the budget is the detailed backup by department of the 50110 salary line item.

Section 3 - Departmental Narratives and Performance Indicators:

The narrative section of the budget provides a snapshot of each department including its mission/objective, current year highlights and goals for the next fiscal year.

Section 4 - Capital Budget:

The Capital Budget contains the project descriptions of the major projects that the City will issue Bonds (debt) to finance over the next fiscal year. This section also includes any additional funds from State and Federal resources that will contribute to each project. In addition the budget reflects anticipated future projects.

Section 5 - Special Funds Budget:

This section of the budget includes anticipated revenues and expenditures of federal, state and private grants. The Community Development Block Grant (CDBG), Home investment Partnership (HOME), Housing Opportunities for Persons with Aids (HOPWA) and the Emergency Solutions Grant (ESG) are statutory entitlement grants from the Federal Government.

Section 6 - Enterprise Fund Budget:

The City has four existing Enterprise Funds. These budgets are approved by the Board of Alders and reflect functional activities that are self sustaining. These funds include: The Alling Memorial Golf Course, Ralph Walker Skating Rink, East Rock Park Communications Tower and the Lighthouse Park Carousel Fund.

Section 7 - Licenses Permits and Fees:

The annual update to the License, Permits and Fee Schedules are included as a companion to the Budget document. This section enables the City to keep pace with rising costs associated with delivering these services that entitle recipients to either an exclusive use or a service that not everyone benefits from. If fees did not keep pace with rising costs this burden would be shifted toward the tax payer who may not benefit from these specialized services. Changes this year are recommended by the Fire, OBIE, Transportation, Traffic and Parking and the Parks Department.

Section 8 - Budget Summary & Financial Summary:

This section contains a summary of the City budget, City financial procedures and recent performance along with many supporting charts and graphs.

Historic Trends: Contains information including the mill rate, tax collection rate, position counts and bond ratings.

TAX LEVY AND REVENUE APPROPRIATING ORDINANCE #2 FOR FISCAL YEAR 2016-2017

WHEREAS: the Mayor of the City of New Haven has made estimates of the amount of money necessary to appropriate for the expenses of the City during the next fiscal year, beginning July 1, 2016 through June 30, 2017, and has classified such expenses under appropriate heads and departments, as more fully appears in “Appropriating Ordinance #1”, An Ordinance Making Appropriations for Operating Departments of the City of New Haven for the Fiscal Year July 1, 2016 through June 30, 2017, and

WHEREAS: said Appropriating Ordinance #1, after publication and due hearing and consideration thereof pursuant to the provisions of the Charter of the City, has been enacted by the New Haven Board of Alders; and

WHEREAS: by utilizing such authorization, the Net Taxable Grand List of October 1, 2015 of property in Wards 1-30, inclusive, is estimated at \$6,072,977,039 and it is estimated that 97.74% will be collected on real estate, 97.72% on personal property and 92.48% on motor vehicles.

NOW, THEREFORE, BE IT ORDAINED BY THE NEW HAVEN BOARD OF ALDERS THAT:

- 1) The taxes for said next fiscal year shall be based upon the rate of taxation as approved by the Board of Alders which for real estate and personal personal property shall be at a rate of **41.55** mills whereas the mill rate for motor vehicles shall be at **37** mills and whereas both are laid and levied to meet said expenses as enumerated in Appropriating Ordinance #1
- 2) Said taxes shall become due on July 1, 2016 and shall be payable in two semi-annual installments from that date: namely, July 1, 2016 and January 1, 2017. However, any tax of less than one hundred dollars shall be due and payable in a single installment on July 1, 2016. Further, the tax on any motor vehicles registered with the Commissioner of Motor Vehicles subsequent to October 1, 2015 shall be due and payable in a single installment on January 1, 2017 as provided in Section 12-71b of the General Statutes of Connecticut, Revision of 1958 as amended.
- 3) Pursuant 12-144c of the general Statutes of Connecticut, Revision of 1958 as amended; (a) any property tax due in an amount less than five dollars (\$5.00) is waived, and (b) any property tax that remains due on an account after the receipt of payment and that is less than two dollars (\$2.00) is waived.
- 4) The receipts from taxes levied to meet the expenses of the City for the next fiscal year beginning July 1, 2016 through June 30, 2017, and also such miscellaneous revenues received by the City in said year, and not designated by law or regulation to be appropriated to other purposes, shall be and the same hereby are appropriated to meet the estimated general expenses of the City as contained in said Appropriating Ordinance #1 as approved by this Board.
- 5) Revenues received by the City for the next fiscal year beginning July 1, 2016 through June 30, 2017 in excess of the total appropriations for the general expenses of the City as contained in said Appropriating Ordinance #1 shall not be expended or encumbered without approval by the Mayor and Board of Alders.

REVENUE EXPLANATION

CURRENT CITY TAXES

Real and personal property taxes are levied on real estate and personal property of businesses on July 1 of each fiscal year and is payable in semiannual installments on July 1 and January 1. Motor vehicle taxes are also levied and are payable in 2 installments on July 1 and January 1.

The Fiscal Year 2016-17 budget for **REAL AND PERSONAL PROPERTY TAXES** is based on the October 1, 2015 Net Taxable Grand List of \$6,072,977,039.

The City Charter requires budgeted revenues to reflect a tax collection rate of at least 1% below the actual collection rate of the last completed fiscal year. Actual tax collections were 98.74% in FY 2014-15 for real estate, 98.72% for personal property and 92.48% for motor vehicles. Based on this requirement and tax collections of the current year a collection rate of 1% less for each category has been used for budgeted tax revenue for FY 2016-17. **The mill rate for FY 16-17 is 41.55 which is the same mill rate as was used in the FY 15-16 budget. The Mill rate for motor vehicles is 37 mills a reduction from 41.55.**

SUPPLEMENTAL MOTOR VEHICLE TAXES are budgeted separately from the regular July 1 tax levy. These taxes will be levied on January 1, 2017 on motor vehicles acquired after the October 1, 2015 assessment date. For 2016-17, the budget assumes that the Supplemental Motor Vehicle Tax collections will be similar to those of the current year.

CURRENT INTEREST is budgeted for interest charged on current taxes not received within 30 days of the July 1 and January 1 due dates, at the rate of 1.5% per month.

DELINQUENT CITY TAXES

Pursuant to State Statutes, property taxes are subject to a fifteen-year statute of limitations. All taxes collected in this category are budgeted in **DELINQUENT REAL AND PERSONAL PROPERTY TAXES**. Collection of delinquent taxes is also enforced through foreclosure and tax warrants.

The interest rate on delinquent taxes 1.5% per month or 18% per annum.

RECEIVED FROM LICENSES, PERMITS, SERVICES AND FEES

This revenue category encompasses a broad range of user charges, most of which the City has the power to establish and the remainder of which are set by Connecticut General Statutes. These estimates are based upon increasing fees to reflect the rate of inflation and the rising cost of doing business.

BUILDING INSPECTIONS: Revenues are generated from the issuance of building permits and zoning fees. The FY 2016-17 estimate is based on the current level of permit applications for major projects as well as routine permits for alterations and repairs. The current building inspection fee was increased to \$30.

CITY/TOWN CLERK: These revenues include: recording or copying land records; dog licenses; ferret licenses; liquor permits; majority cards; purchasing copies of City ordinances and documents. All such fees are established by State statute.

FIRE SERVICE: Various permits and licenses including hydrant permits, explosive permits, cutting and welding permits and flammable liquid licenses, in addition to the new fee for medical services performed by our EMS personnel.

HEALTH SERVICES: Restaurant and other licenses including: pools, sand blasting permits and daycare inspections.

PARKS DEPARTMENT: Fees recover some of the costs of operating various recreational facilities and sponsoring programs.

POLICE SERVICE: Fees for copies of Police reports and various licenses and permits. Fees for the sale and reclaiming of stray animals.

PUBLIC WORKS: Various licenses and permits including excavation licenses and permits, sidewalk licenses and permits and obstruction permits. These permits are issued at the OBIE Licensing Center.

REGISTRAR OF VITAL STATISTICS: Purchasing copies of birth, marriage and death certificates. Fees for these services are established by State statute.

TRANSPORTATION, TRAFFIC AND PARKING - METER RECEIPTS: Parking meter receipts is revenue generated from parking, estimates are based upon the sunsetting of Saturday parking and the extension of hours of enforcement pending approval of the Traffic Authority as required by Sec. 29-64(a) of the New Haven Code of Ordinances.

RECEIVED FROM RENTS & FINES

PARKS EMPLOYEES RENT: Rental income from employees who utilize City owned houses on park property.

PARKING SPACE RENTAL: As a result of an agreement with the Federal Government Services Administration, the City receives revenue for nine spaces within the circulation easement under the Hall of Records.

SUPERIOR COURT: Revenue from fines collected by the court for parking and other motor vehicle violations.

PARKING TAGS: Represents the efforts of the Traffic & Parking Department in enforcing various parking ordinance. The increased projection is due to year to date trends from the expanded enforcement resulting from the addition of a part-time crew.

PUBLIC SPACE VIOLATIONS: Revenue collections are anticipated with the enforcement of numerous public space ordinances. A fine of \$100 per day has been established.

STATE GRANTS FOR EDUCATION

The **EDUCATION COST SHARING (ECS) GRANT** Program, authorized by State legislation in 1988, and effective beginning July 1, 1989, replaced the Guaranteed Tax Base (GTB) Grant and the Education Enhancement Aid (EEA) Grant programs (minimum salary aid, teacher salary aid, general education aid and teacher-pupil ratio aid). The ECS grant formula calculates State aid using a formula which considers a student poverty measure to determine student need and a State aid percentage based on the City's wealth as compared to the State guaranteed town wealth level.

STATE AID FOR CONSTRUCTION AND RECONSTRUCTION: The State reimburses local governments for debt payments for old school construction projects based upon the principal and interest debt schedules.

PUBLIC SCHOOL TRANSPORTATION and NON-PUBLIC SCHOOL TRANSPORTATION: The State reimburses the City for costs associated with the transportation of students to and from public and non-public schools. Reimbursements of eligible costs are made based on prior year expenditures according to a sliding scale ranging from 0% to 60% of costs, based on adjusted equalized net grand list per capita. This revenue although categorized as a school grant is not linked to increasing or decreasing of the Board of Education's budget.

EDUCATION LEGALLY BLIND pays the City up to \$6,400 per person per year for the costs of educating blind or visually impaired students requiring special education programs.

The **HEALTH SERVICES-NON PUBLIC SCHOOLS** program provides reimbursement according to a sliding scale ranging from 45% to 90%, for the costs of eligible health related services provided by the City to children who attend non-public schools.

STATE GRANTS: PAYMENTS-IN-LIEU-OF-TAXES

The City receives grants from the State of Connecticut as partial reimbursement for the tax loss of property exempt from the property tax levy. These grants are categorized as Payments-in-Lieu-of- Taxes (PILOTs).

PILOT: STATE PROPERTY and PILOT: COLLEGES AND HOSPITALS are grant programs which provide partial reimbursements for the property tax loss from the tax-exempt property of the State of Connecticut and non-profit, private colleges and hospitals. The revenues received depend on the values of such tax-exempt property in New Haven and in the State as a whole, the total amount of funds appropriated by the States.

The State enacted the **DISTRESSED CITIES EXEMPTION** program to allow manufacturing facilities in certain municipalities to receive an 80% exemption from their property taxes if they acquire, construct or substantially renovate their facilities after July 1, 1978. The State reimburses the City for 50%, and the City experiences a tax loss for the remaining 50%.

The State provides grants to the City for various State-mandated property tax relief programs for the elderly, disabled and veterans who meet certain income criteria. These programs include: **TAX RELIEF FOR THE ELDERLY-FREEZE; TAX RELIEF ELDERLY CIRCUIT BREAKER; REIMBURSEMENT FOR LOW INCOME VETERANS AND REIMBURSEMENT FOR TOTALLY DISABLED.**

The **PILOT: BOATS** program began in 1982 when the State removed the local property tax on boats and increased the State boat registration fees. The PILOT reimburses the City for partial tax loss, frozen at the 1978 Grand List Assessment. The Governor's budget does not continue the funding of this program.

OTHER STATE GRANTS

MASHANTUCKET PEQUOT FUND is based on a memorandum of understanding between the State and the Mashantucket Pequot Tribe. The allocation is based on the formulas of the State Property PILOT, the Colleges and Hospital PILOT and on the basis of a revision to the property tax relief formula as well as a portion as specifically designated by the General Assembly. Grants will be apportioned pro rata to the formula generated total in the event of an insufficient appropriation.

TOWN AID: ROADS is a State grant program that provides funds for local roads, including the construction and maintenance of highways, roads and bridges, the installation and maintenance of traffic control signals, and the planning and administration of traffic and parking programs. Funds are distributed based on the municipality's number of street miles and population and on the total State funds appropriated. This funding has been increased in the biennium budget by \$643,215.

TELECOMMUNICATION PROPERTY TAX: This program was enacted in 1989 to replace the Telephone Access Line Tax Share Grant which was repealed. Under this program, telecommunication companies are required to make payments directly to the municipality based on the companies' assessed personal property value located in each municipality based on a mill rate of 47. This payment is made by Sprint, Verizon and AT&T. The State reviews all assessment data and permits accelerated depreciation schedules that are not allowed under municipal assessment statutes.

MUNICIPAL REVENUE SHARING GRANT - New program replacing the program whereby funds for Machinery and Equipment PILOT were funded from an increase in the State sales tax and whereby residual funds were apportioned to towns through on a needs based formula.

INCOME FROM SHORT TERM INVESTMENTS

INTEREST INCOME is derived from the short-term investment of idle funds. These funds are invested in accordance with the City's investment policy which was adopted by the Board of Alders in August, 1995.

OTHER TAXES AND ASSESSMENTS

This revenue category includes assessments, other than the property tax levy, which are collected by the City, pursuant to Connecticut General Statutes and via contracts entered into at the local level.

The **REAL ESTATE CONVEYANCE TAX** is collected on real estate transactions at the rate of .5000 for each \$1,000 of the purchase price of any real property conveyed.

YALE PAYMENT-FIRE SERVICES: A 1990 Memorandum of Understanding between the City of New Haven and Yale University provides that Yale will make an annual voluntary contribution to the City in recognition of City fire services provided to university owned tax-exempt properties. The payment for 2016-17 is equal to 5.68% of the City's general operating budget allocation (including benefits) for Fire Services.

AIR RIGHTS GARAGE monthly payment pursuant to an agreement between the City, Yale-New Haven Hospital and the Parking Authority, related to the 1991 Air Rights Parking Facility Revenue Bonds.

PAYMENTS IN LIEU OF TAXES (NON-STATE)

The City collects several Payments-in-Lieu-of-Taxes directly from property owners. These are to be distinguished from P.I.L.O.T.(s) which are grants from the State.

SOUTH CENTRAL REGIONAL WATER AUTHORITY: The Water Authority P.I.L.O.T. is imposed pursuant to a Special Act of the Connecticut General Assembly. In 1977, the South Central Regional Water

Authority was created, replacing a private water company. To protect the area's 17 towns against property tax losses resulting from the change from a private taxable company to a tax-exempt Public Authority, the State required that the Authority to make a Payment-in-Lieu-of-Tax based on the assessed value of its properties and the current tax rate.

AIR RIGHTS GARAGE: Pursuant to a 1984 lease agreement between the New Haven Parking Authority and Air Rights Development Associates a P.I.L.O.T. is due the City of New Haven for commercial space at the Air Rights Garage, 60 York Street. Pursuant to Section 2 of the Special Act #575 payment is based on the assessed value at the rate of tax set by the Board of Alders for that year.

PARKING AUTHORITY PILOTS: Pursuant to Lease Agreements between the New Haven Parking Authority and their tenants, the PILOT is due the City of New Haven for commercial space under the Temple Street and Crown Street Garages. Pursuant to Section 2 of the Special Act #575 payment is based on the assessed value at the rate of tax set by the Board of Alders for that year.

TRINITY HOUSING PILOT: The City receives a PILOT payment from Trinity Housing on a per-unit basis for the newly constructed Quinnipiac Terrace.

EASTVIEW HOUSING PILOT: The City receives a PILOT payment from Trinity Housing on a per-unit basis for the newly constructed Eastview Terrace.

HOWE ST. LIMITED PARTNERSHIP: The City receives a PILOT payment from Howe St. Limited Partnership as a result of the redevelopment of the 52 Howe St. site.

MISCELLANEOUS

A variety of revenues not otherwise categorized are budgeted as "Miscellaneous."

Employees who are assigned City cars on a 24-hour basis are required to pay a **PERSONAL MOTOR VEHICLE REIMBURSEMENT** for personal use not related to their jobs.

The City collects repayments of loans made prior to July 1, 1984 for **NEIGHBORHOOD PRESERVATION** purposes. Loans made after July 1, 1984 are accounted for in an economic development revolving fund, pursuant to City ordinance. These payments stopped in FY 10/11 as the property transitioned to the taxable Grand List.

The State makes a grant to the City for **OFF-TRACK BETTING** facilities located here, at the rate of one percent of the total money wagered.

NHPA PILOT: Represents efforts that begun in FY 08-09 to secure funding from New Haven Parking Authority based upon payments made by other non profits.

GREATER NEW HAVEN WPCA PILOT: Upon the formation of the regional WPCA, the new entity will be required to make PILOT payments to the constituent towns based on comparable PILOT payments in the region, a schedule agreed to upon incorporation.

NON PROFITS – Represents efforts begun in FY 04-05 to secure funding from local Non-Profits and currently includes contributions from Yale University, Yale/New Haven Hospital, and several smaller organizations

BOARD OF ALDERS APPROVED BUDGET

June 6, 2016

BUDGET FY 2016-17 Summary

A. SUMMARY

- General Fund Budget - \$523,340,196 – Up \$15,464,945 from FY 16 a 3.05% increase
- Mill rate flat at 41.55. Motor vehicle tax rate reduced to 37 mills.
- 2015 Net Grand List essentially flat
- Significant changes in State revenue have positively impacted New Haven. The State has capped the motor vehicle mill rate to 37 mills thereby reducing the taxes paid by motor vehicle owners while holding the City harmless for lost revenue. 64	OBIE	17-201 (6) Building construction (per each additional \$1,000 or portion thereof)	27.26	30.26	increase	3
65	Public Works	17-201(10) Additional language	50	50	Additional Language	0

Rationale

66	Parks	Currently no penalty for being late in applying for a permit.
67	OBIE	OBIE proposes a new fee of \$100 which would be collected for the release of notice that had been placed on the New Haven land records for violation(s) of the building code. This is an administrative processing fee related to the City's time to research the violation(s), validate corrective actions and authorize release of the notice. OBIE typically administers five + requests per month and releases may take up to 6 months from start to finish.
68	Public Works	17-201(10) Bulk Trash Pickup - Adding language to include" Each one (1), two (2) and three (3) family dwelling get one (1) free bulk trash pickup per fiscal year. (non-construction material) "
69	OBIE	Permit fees have not been increased since Fy 10-11.

<p>\$150k moved from Assessor's Office for assessment appeal outside legal assistance to consolidate legal services in Corporation Counsel. Arbitration award for legal union resulted in salary increases for lawyers. Vacant Public Liability Supervisor position #520 re-titled to Legal Asst II for additional administrative support. A portion of savings added to contract reserve to fund increases for staff who will gain additional duties after union negotiation process stipulated by contract.</p>

Increased funding by \$5.9m for a general fund increase of 8.8%. FY 15-16 budget was inadequate to fund the growth in expenditures. Negative fund balance in self-insurance fund of (\$3.6m) eliminated in FY 15-16 by using cash flow savings arising from the re-funding of previously issued debt.					
Workers Comp – Claims costs reduced to \$7.0m based on FY 15-16 trend.					
Other Post employment benefits (retiree medical) - Increased funding to \$405k to begin long term process to fund unfunded liability.

152 NEW HAVEN FREE PUBLIC LIBRARY
MARTHA L. BROGAN, CITY LIBRARIAN & DIRECTOR
133 ELM STREET
203-946-8141

MISSION / OVERVIEW:

The mission of the Library is to ensure that all of New Haven’s citizens have full and unlimited access to information and knowledge so that they may meet the needs of daily living, have opportunities for self-education and participate successfully in self-government.

NHFPL has a 129+ year history as a resource for learning for the residents of New Haven regardless of age, background or means; it promotes social cohesion through community-centered programs and by fostering the integration of new immigrants into the community through services and programs.

The Library's mission-based goals are: to support informed citizens and lifelong learning; to connect users to the Internet and bridge the digital divide; to encourage young readers; to provide students with the resources they need to succeed in school; to teach information literacy; and to offer safe, respectful spaces welcoming to all.

The Library consists of five facilities: the Ives Main Library, the Fair Haven Branch, the Donald Mitchell Branch, the Willis K. Stetson Branch and the Courtland S. Wilson Branch. In addition NHFPL operates a Readmobile that travels to 16 early childhood learning centers, three elementary schools, and four Elm Cities Communities' locations. The constellation of NHFPL libraries is open 178 hours a week and its digital "Main Street" branch, consisting of e-books, online magazines, reference works and databases, is open 24/7. With more than 620,000 visitors annually, the NHFPL is a major destination for the community and contributes to keeping its residents safe, secure, healthy and mindfully engaged in respectful and educational spaces, physical and virtual.

FY 2015-2016 HIGHLIGHTS:

Providing Safe, Secure and Respectful Environments

- In summer 2015 a Stetson Building Advisory Task Force led by Library Director with Zared Architects, library staff, community stakeholders and City Engineering created the program and design proposal for a new Q-House-based Stetson branch that resulted in a successful \$1M State Library Construction grant awarded in November 2015.
- All four branches were open on Saturdays during the months of July and August to provide family literacy programs and a cool and safe destination for children and families.
- Liberty Community Services (LCS) provides counseling and referral for the homeless and other vulnerable individuals at the Ives main library. Over a 13-month period of 71 contact hours at Ives, from July 2014 to August 2015, LCS assisted 16 families and 207 individuals. Outcomes: 31 people applied for affordable housing; 29 were referred to LCS Day Program; 15 were referred for immediate shelter; 34 were referred to 2-1-1 services; 10 were referred to New Haven Works and 17 to CT Works; 10 were referred for clinical services and 10 accepted services with LCS's intensive case management programs. 40 people were given information on food pantries, soup kitchens, clothing banks and other immediate assistance. In December 2015, the Library Board provided supplemental funding through June 2016 to expand consultation hours to 15 per week.
- In January 2016 NHFPL will benefit from regular visits by Columbus House social workers who will assist patrons in the library, providing a new start a cohort of visitors identified in partnership with Community Services Administration, the New Haven Police Department, and other social service agencies.
- All staff received Mental Health First Aid training in 2014 and in 2015 four new librarians received this training, geared especially towards teens and young adults.
- Developed an in-depth building security evaluation plan and offered Active Shooter training for all staff in October in partnership with the Department of Homeland Security. More than 50 full- and part-time library staff added this half-day training session. The Libraries' Safety Committee along with the Facilities Team is creating an action plan to implement the recommendations from the building security evaluation, which included all 4 branches in addition to Ives Main Library.
- An additional part-time security guard was added at Ives Main Library from November 2014 through March 2015. With the opening of the Teen Center in summer 2015, the part-time security was re-instated year-round in September 2015.
- Continue to improve and refine safety and public access systems across the five facilities: adding surveillance cameras, upgrading addressable smoke detectors and the installation of a staff key card system.

- Major facility projects included the overhaul of the handicapped external elevator at Ives, the rehabilitation of the Fair Haven elevator and the replacement of the freight delivery elevator at Ives (January 2016); a new roof, parking lot and bioswale at the Mitchell branch; and the opening of a new teen center, two tech-enabled public meeting rooms and 100-seat capacity performance area at Ives.
- The Library is standardizing its equipment (e.g., cash registers and safes) and putting into place system-wide money management procedures and policies, particularly as they relate to receipt of fees and fines across NHFPL's five facilities.
- In spring 2016, NHFPL will develop a digital signage plan for Ives Main Library and launch discussions of a Master Plan.
- Expand bandwidth capacity and speed at the branches and Ives, taking full advantage of the e-rate available to public libraries through a favorable federal governmental reimbursement program. All staff workstations are now backed up via a cloud storage service.

Improving and Expanding Educational Opportunities

In April 2015, the Mayor, Superintendent of NHPS, and the City Librarian signed the White House ConnectED Library Challenge to bring universal access of public library resources to all NHPS youth. A joint NHPS/NHFPL Task Force will recommend the best strategy to achieve the goal of 100% public library card distribution and then aspires to deepen its collaboration in after-school programs, summer reading, family literacy, and educational success as outlined in the City Transformation Plan.

- In the summer the NHFPL opened a Reading Room on the Green with Town Green Special Services and brought the Readmobile to a host of summer festivals ranging from the Cherry Blossom Festival and the IFAI Pop-up Villages to the Cool Breeze summer jazz concerts and the December holiday tree lighting on the New Haven Green.
- Served on the Mayor's Blue Ribbon Commission on Reading and anticipate involvement across its sectors, especially positive youth development and adult literacy. Partnering with the Mayor's Office, the International Festival of Arts & Ideas and other local literacy nonprofits to apply for a National Endowment for the Arts (NEA) "Big Read" grant.
- Added four new full-time positions in FY16: 2 branch outreach librarians and 2 public technology assistants, with each branch adding one full-time staff member to offer more children's and adult programs, computer classes and better technology support for the public. The advent of these new staff was recognized in the "Festival of Branches" video released in December 2015.
- A new Teen Center 25x35ft space dedicated to youth, grades 7-12, opened in Ives in July 2015. In its first 5 months of operation it offered 91 programs, attracting more than 1,000 participants. Over this period, 200 new teen library cards have been issued, bringing the system total to 9,000 teen card registrants. In-house check-out of the Center's laptops and tablets stands at 340, utilized by the 130+ teens using the Center on a weekly basis.
- NHFPL installed AWE's Early Literacy computer stations at all five locations for young children to use with parents/caregivers over the summer of 2015. They provide engaging content that supports early literacy and is tied to Connecticut educational standards and curriculum.
- In partnership with Literacy Volunteers of Greater New Haven offered over 50 adult literacy sessions with 740 attendees. With IRIS, Ives Main Library hosted the Immigrant Job Club (~115 participants) and the Women's Wellness group (~61 participants).

- NHFPL launched a new partnership with WNHH's Book Talk Series, offering a regular bi-weekly segment that features library staff reviewing and recommending books, focusing on Young Adult literature.
- Theatre Haven, a drama workshop for teens, offers master classes and workshops led by Long Wharf guest artists. It expands on NHFPL's successful four-year partnership with the Long Wharf Theatre.

Economic Engagement and Workforce Readiness

- In FY15 NHFPL offered 118 instructional sessions and programs aimed at technology and job readiness for 428 adults. More than 130 library users took advantage of "One on One" job readiness and computer assistance sessions at Ives Main Library.
- Reference staff helped an additional 368 library users with employment and job search assistance: residents borrowed 1,616 job-related and business books.
- 27 Business and Entrepreneurial programs attracted 482 attendees to NHFPL in partnership with SCORE and SBA in FY15. NHFPL partnered with the Small Business Academy to provide orientation to its participants.
- Patrons seized the opportunity to improve their workforce related skills by accessing NHFPL's specialized databases including Learning Express, JobNow, and ReferenceUSA. With the acquisition of Plunkett (industry research) database and Lynda.com, an online library of 4,000 tutorials in technology tools and productivity, NHFPL will spearhead a series of workshops.
- NHFPL continues to build its resources for nonprofits, purchased a new database for researching prospective donors and offered training in its use as well as in grant-writing.
- NHFPL has launched the Urban Libraries Council's "Edge" public technology assessment tool. The Library's Strategic Teams are implementing its recommendations to improve our benchmarks in community engagement, value to the community and organizational management.
- In spring 2016, NHFPL will connect new library patrons with emerging technologies and build consensus for the design of an innovation corridor in Ives. This may take the form of a mobile Makerspace unit or other service design model based on customers' needs.

FY 2016-2017 GOALS / INITIATIVES:

Providing Safe, Secure and Respectful Environments

- NHFPL plans to expand hours of operation to the public at its four branches, pending receipt of additional staff positions. This will allow us to offer services Monday through Thursday for after school assistance as well as evening hours for working adults. All locations will be open on Saturday from September through June and pending successful negotiations with Labor Relations, NHFPL hopes to have all locations open in the summer months of July and August.
- Ives Main Library will overhaul its main passenger elevator; it has not been upgraded for 20 years and this facility welcomes ~350,000 library users annually.
- Pending State Bond Commission authorization for the Q House, NHFPL will finalize the new Stetson design, launch an external fund-raising campaign, and begin construction of the facility.
- NHFPL will continue to implement the recommendations of the facilities' security audit.
- NHFPL aspires to create designated Teen spaces at all its locations and to offer services that complement other city initiatives such as The Escape.
- Ives will build a Master Plan for the main library based on a community-driven design process.

Improving and Expanding Educational Opportunities

- By the end of 2017, NHFPL will have a system in place for all NHPS students to receive library cards. We expect our partnership with NHPS to extend to a more unified summer reading program, consistent after-school homework help, and involving parents and families in literacy.
- NHFPL will play a pivotal role in the “Big Read,” hosting community conversations across the city and contributing to an environment of social cohesion and collective action.
- NHFPL expects to continue to refine its successful partnership with the Long Wharf Theatre and take its programs (e.g., Pop-up Villages) to the next level with the International Festival of Arts & Ideas. It will launch a formal partnership with Music Haven, the Food Policy Council, Make Haven and Yale Public Humanities.
- The READy for the Grade program, designed to mitigate summer slide in reading, will move from Fair Haven to Wilson Library in summer 2016. Wilson Library also intends to institute bilingual computer classes for adults, targeting parents who need to go online to check the grades of their children or who are job-hunting or who need assistance with financial literacy.
- Fair Haven also hopes to offer more bilingual adult education classes and will expand its technology offerings with laptops, one-on-one help and small group instruction.
- Recognizing the need to improve literacy for children in its service district, Stetson will strive to build a regular reading and literacy program in collaboration with community agencies. Given the strength of its African American collection across all genres, Stetson wants to ensure its active use and promotion throughout the community.
- Mitchell wants to increase the number of class visits they make to neighborhood schools and also increase circulation of teen materials, making Mitchell an attractive reading site for teens. They would like to offer more workshops for adults about NHFPL’s databases. Finally, Mitchell needs to expand Stay & Play which is a hugely popular program.
- Implement outcome-based impact metrics to indicate benefits resulting for our programs and services. NHFPL intends to use a national toolkit to implement this measurement methodology. It will evaluate the effectiveness of its 2014-16 Strategic Plan and establish a process for the future strategic planning.

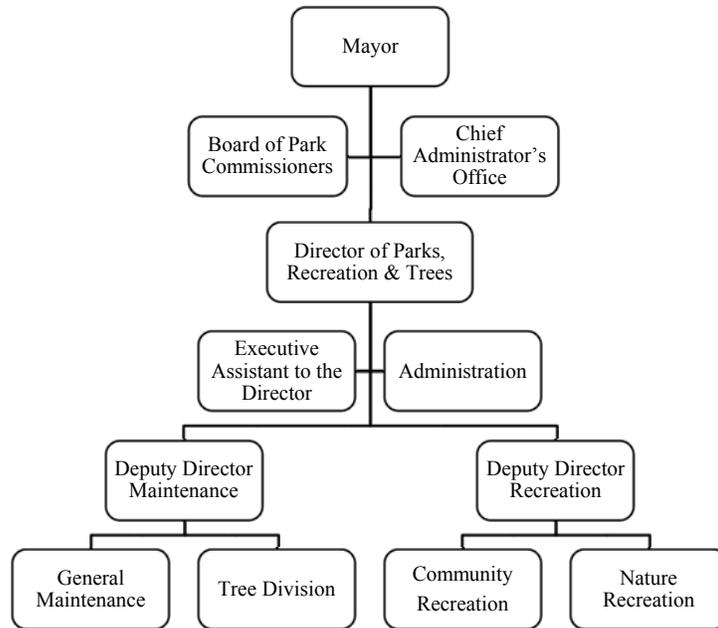

Economic Engagement and Workforce Readiness

- NHFPL will contribute to achieving the goals of the City Transformation Plan, with special attention to early childhood and positive youth development, adult literacy, and workforce readiness.
- NHFPL will offer training sessions for city employees in the new training room at 200 Orange Street to build awareness of its databases and resources relevant to entrepreneurship, job placement, small business development, financial literacy and economic activity. It will facilitate effective use of Lynda.com for training of New Haven job-seekers.
- NHFPL will survey its patrons (and non-users) about their public technology use and outcomes pertaining to workforce development; health & wellness; civic engagement and other priority areas. It will align library technology resources and services with community needs and seek feedback about patron satisfaction.

301 PUBLIC HEALTH DEPARTMENT
BYRON KENNEDY, DIRECTOR
54 MEADOW STREET, 9TH FLOOR
203- 946-6999

MISSION/VISION:

“To ensure and advocate for the health and well-being of all New Haven residents.”

The vision of the Health Department is healthy people, healthy communities and to achieve health equity in a prosperous city.

FY 2015-2016 HIGHLIGHTS:

Department Strategic Plan

In June, the Health Department began work in developing a strategic plan; this effort will guide priority setting and has a goal of establishing a culture of continuous quality improvement within the Department to better serve the community as well as prepare us for national accreditation as a local health department. Aligns with Health Department goals 1, 2, 3, 4, 5, and 6.

HUD Lead Poisoning Prevention Grant

In October, after a very competitive application process nationwide, we were awarded about \$3 million in federal funds to further reduce childhood lead poisoning levels in this community; this effort will involve education of families and mitigation of environmental exposures that pose the greatest risk to children.

Aligns with Health Department goals 1, 4, and 5.

Opioid Overdose Prevention Program

In June, the Health Department received Narcan kits to distribute in the community for those at risk of opioid overdose; this effort has already saved the lives of several injection drug users and we plan to expand this program, including distribution of Narcan kits to more of our partners who serve as first responders. To date, 45 overdose prevention trainings have been conducted and 151 Narcan kits have been distributed. Aligns with Health Department goals 2, 4, and 5.

Disease Intervention Specialist Plus Position

In May, the Health Department was selected by the state to receive funding support for a new position that will focus on identifying previously known HIV positive individuals who have fallen out of care with the goal of linking and retaining them in care; this effort will reduce the risk of complications for those affected with HIV as well as reduce the risk of HIV transmission to others in the community.

Aligns with Health Department goals 1, 3, 4, and 5.

TB Nurse Position

In May, the Health Department was selected by the state to receive funding support for an additional part-time nurse position to assist in TB control efforts, including case identification and management, but also to work collaboratively with other staff in areas such as contact tracing, outbreak investigations, and preparedness planning.

Aligns with Health Department goals 1, 2, 3, and 4.

Community Asthma Initiative

In September, The Health Department began strategic conversations with multiple partners about how best to address the burden of asthma in this community, especially among children; this effort will lead to a number of next steps including asset mapping of asthma-related resources as well as applications for federal funding. Aligns with Health Department goals 1, 2, 3, 4, and 5.

Tobacco Free New Haven Initiative

In May, the Board of Alders unanimously approved a City ordinance that further restricts the use of all tobacco products, including e-cigarettes and smokeless tobacco, in our community; subsequently, a logo was developed to brand our messaging, signage has been developed and placed in placed in schools, parks, and other locations; additional efforts will include developing and implementing an enforcement policy. Aligns with Health Department goals 1, 3, 4, 5, and 6.

Diabetes Self-Management for Seniors through Peer Navigators

In June, we partnered with the Housing Authority, Cornell Scott Health Center, and the American Diabetes Association to explore ways to better understand and address the burden of diabetes among seniors in our community; this effort will lead to the pursuit of grant funding to develop and implement a curriculum and pilot program. Aligns with Health Department goals 2, 4, 5, and 6.

Food Recovery Initiative

In June, we began conversations with multiple partners, including the Food Policy Council, about how best to address food waste in the context of existing food insecurity in this community; one solution was proposed that adapts a successful program implemented in California that redirects food that would otherwise be discarded to alternative locations where it could be more appropriately used such as food banks and urban composting for

community gardens; this effort will continue develop and implement a tailored model for New Haven. Aligns with Health Department goals 3, 4, 5, and 6.

Enhancing Public Awareness

We are developing ways to create and release communications such as online video pod casts and radio/TV PSA's to provide the public with important health messages regarding emergency preparedness, location of Health Department sponsored clinics, and other services. Aligns with Health Department goals 1, 2, 3, 4, and 5.

March of Dimes Recognition

In November, the City of New Haven received a grade of "B" from the March of Dimes for its reduction in prematurity rates for pregnant women. Working through a collaborative effort with the Partnership for a Healthier Greater New Haven, the Department provided leadership to institute policies to improve birth outcomes by reducing C-sections and inductions in pregnant women. This represents the highest score in all Connecticut cities of comparable size (populations over 100,000). Aligns with Health Department goals 2, 4, and 5.

MOMS Partnership

In September, the Health Department received funding from the Yale University Medical School, Dept. of Psychiatry to staff and manager family neighborhood drop-in sites to provide stress management and workforce development initiatives. Aligns with Health Department goals 2, 4, and 5.

FY 2016-2017 GOALS/INITIATIVES:

Goal 1: To monitor community health status to achieve health equity.

Goal 2: Connect people to needed personal health services and to assure the provision of health care.

Goal 3: Research, develop and enforce laws, policies and regulations that protect health and ensure safety.

Goal 4: To educate, inform and empower people about health issues and investigate health hazards.

Goal 5: To mobilize community partnerships to effectively identify, prepare for and solve health problems and emergencies.

Goal 6: Design innovative solutions to improve employee wellness, mental health and active lifestyles in the city.

302 FAIR RENT COMMISSION
OTIS E. JOHNSON JR, EXECUTIVE DIRECTOR
165 CHURCH STREET FIRST FLOOR
203-946-8156

MISSION / OVERVIEW:

A city commission, the City of New Haven Fair Rent Commission was enacted by the City of New Haven Board of Alders December 1970, Code of Ordinances 12 ¾-1, amended and adopted December 13, 1984, Chapter 12 ¾ Fair Rent Practices 12 ¾. The act enabling Connecticut Municipalities to create Fair Rent Commission’s was adopted by the Connecticut State Legislature and became effective October 1970, Public Act 274 SS I, for the purpose of ***controlling and eliminating excessive rental charges on residential property within the city of New Haven in recognition of the compelling need for rent stabilization for the duration of the severe housing shortage in New Haven.*** The primary responsibility of the Fair Rent Commission is to determine after an investigation and hearing, whether or not the rent for a housing accommodation is so excessive based on the standards and criteria set forth, as to be harsh and unconscionable. There are approximately 55,708 housing units in New Haven of which 33,119 are rental occupied units. This is the Fair Rent Commissions service population.

Recent reports indicate that the City of New Haven has the second lowest rental housing vacancy rate in the nation, and, is one of the fastest developing communities in New England. The low vacancy rate has precipitated a very competitive “fair market rate,” rental housing industry, which in most instances is not beneficial to the overall rental housing population. Particularly for “working class families,” families who are struggling to afford the rise in rental housing costs. This makes securing a safe, quality and affordable housing unit extremely difficult in New Haven.

Research released by the Hartford, CT. based Partnership for Strong Communities, a statewide, nonprofit policy and advocacy group, reports that “50 percent of the state’s renters ... are spending more than 30 percent of their income on rent’ payments; that \$24.29 an hour is needed to afford a two-bedroom apartment in the state – the eighth-highest in the nation’ – and ‘median monthly housing costs in Connecticut rose 2.5 percent to \$1,371 – the sixth-highest in the nation’ ... ‘26% percent of renters are making less than 50% median income and spending more than half on housing.” Moreover, during the last decade, wages have been flat, leaving working class families struggling to afford the rise in rental housing costs.

Coupled with the fact that the city and state has not kept pace with providing sufficient affordable housing, particularly affordable housing for “working families,” families that exceed subsidized housing standards, but given the economic conditions which exist are unable to adequately save to participate in homeownership. “Connecticut’s housing costs continue

to increase, remaining among the nation's highest." Housing that is considered affordable and available to working-class households is well short of the desired demand.

The Executive Director encourages the members of the Fair Rent Commission Board of Commissioners, the city administration, members of the Board of Alders and community at large to consider implementing, as proposed in Chapter 12 ¾ - "*rent stabilization*," This recommendation is not considered lightly and should be coupled with a moratorium on the burgeoning monopoly of multi-family home purchases, particularly homes under foreclosure, until required entities conduct an analysis of New Haven's rental housing market. This initiative is designed to make certain that affordable rental housing is available to New Haven residents, particularly "working families."

FY 2015-2016 HIGHLIGHTS:

- The Fair Rent Commission (Commission) continued to execute its' administrated responsibilities by providing an opportunity for New Haven residents who desire safe, healthy and affordable housing a venue to address the costs of rental housing and improve the quality and condition of rental housing.
- The Commission convened a group of rental housing professionals to discuss rental housing issues to determined future initiatives in the area.
- The Executive Director in coordination with the administration was successful in recruiting three new members to the Commission Board of Commissioners; two tenant vacancies exist.
- The Executive Director convened a meeting of statewide Commission Directors for an informal discussion on fair rent program policy, procedures and initiatives, with the intention of re-establishing a statewide working group.
- The Executive Director issued a memorandum of inquiry to the Office of the Corporation Counsel, to determine what role if any the Commission may have toward addressing proposed increases in rental expenditures and unsafe and unhealthy housing conditions on behalf of residents in subsidized and Housing Authority properties.

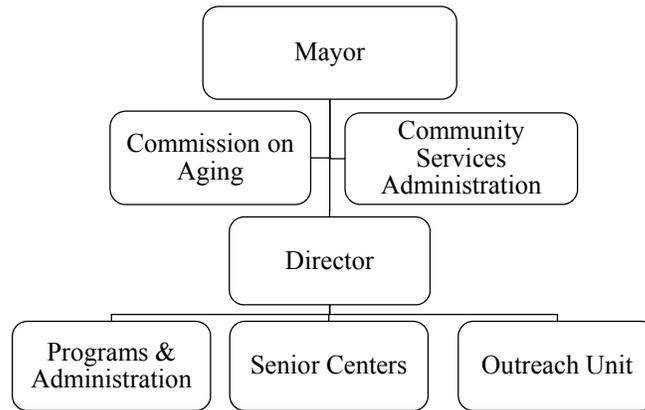

FY 2016-2017 GOALS / INITIATIVES:

- The Commission proposes that a comprehensive rental housing study be conducted for "New Haven."
- Given the low vacancy rate of rental housing units in New Haven, the Commission would support a working group to determine if rent stabilization is warranted.
- The Commission recommends a collaboration with the State of Connecticut Housing Session, the State of Connecticut Mediation Program and the City of New Haven Livable City Initiative on how to expedite housing code violation resolution.
- Acknowledging the increased subsidized housing population and the subsequent problems that arise, thought should be given to how the Commission may execute its authority in this area.

303 ELDERLY SERVICES
MIGDALIA CASTRO, DIRECTOR
165 CHURCH STREET, 1ST FLOOR
203-946-7854

MISSION / OVERVIEW:

Mission: To engage all seniors on productive, positive and healthy activities across all neighborhoods.

Vision: To assist all seniors aged 55 and older to live independently and with dignity, stay connected with family and community and to maintain health and wellness.

There are 21,902 people aged 55 and up in New Haven. Of those, 9,790 are 65 and up, with 1,579 aged 85 or more. There are 3,853 units of elderly housing in New Haven and 631 nursing home beds, some occupied by younger persons with disabilities. According to the State of Connecticut Plan on Aging, 2010-2014, the US Census Bureau anticipates that between 2010 and 2015 in Connecticut the number of residents aged 65 and older will increase by nearly twelve (11.9) percent.

Elderly Services administers the Renters Rebate Program in New Haven, serving over 5,129 (more extensions to be processed) seniors and persons with disabilities, bringing in more than \$2,671,652 to those who meet the income guidelines. We have recruited twelve (12) partner organizations to help us to take these applications. We operate from senior centers, senior housing complexes and all of the branch libraries. We also do home visits when needed.

The City of New Haven operates three (3) senior centers Monday through Friday from 8:30 am through 4:00 pm. These centers provide a hot, nutritious meal, as well as health and wellness activities, exercise programs, speakers, local trips, educational and recreational outings, arts and crafts, games, computer and internet access and training and volunteer opportunities. One staff person operates each center, takes applications for public benefit programs and assist people with information and referrals. Part-time contracted Instructors teach ceramics and sewing. We compensate exercise instructors using CDBG funds. FSW, a non-profit based in Bridgeport, CT, provides a site manager to run the lunch program. Yale New Haven Hospital/St. Raphael Campus provides wellness checks. Volunteers are essential, and interns help in a variety of ways as well. The City provides free wheelchair-accessible weekday transport to the senior centers from anywhere in New Haven, via the Greater New Haven Transit District.

We reach out to those in senior housing complexes. We offer a weekly ceramics class at Bella Vista Complex. We offer special trip opportunities to residents of senior housing several times a year. We publish a monthly newsletter in English and Spanish, distributed to all senior housing complexes, libraries and senior centers, written and edited

by volunteers. We distribute Farmers' Market coupons to all senior housing complexes from senior centers, and City Hall.

Outreach staff provides casework, assist homebound people, take rental rebate applications at branch libraries and various housing complexes and other sites. They also assist those facing foreclosures. Staff will begin to outreach to grandparents raising grandchildren, at the Family Resource Centers at City schools.

304 YOUTH SERVICES DEPARTMENT
JASON BARTLETT, DIRECTOR
 165 CHURCH ST., 1ST FLOOR
 203-946-8583

MISSION / OVERVIEW:

City’s Youth Services Department seeks to strengthen existing initiatives and to increase access for New Haven youth programs that address three key areas: Professional Development, Academic Success and youth initiatives that support youth in making Healthy Choices while living in a Healthy Community. The Youth Services Department aims to enhance the lives of New Haven Youth with skills and opportunities to improve our communities.

FY 2015-2016 HIGHLIGHTS:

- By October of 2015, the Street Outreach Workers Program (SOWP) held 575 face to face visits and interventions including successfully preventing retaliations or other violent acts through the development of truces that still remain intact. The program goal is to reduce youth gun violence in the City of New Haven among youth 13 to 21 years of age by 20% from 2007 baseline.
- The City of New Haven is working with 22 agencies that will implement 20 programs intended to build upon existing programs and partnerships through the Youth Violence Initiative Grant under Job Training and Readiness and Leadership, Mentorship, and Mediation Programing. These programs will focus on enhancing the capacity of existing prevention and intervention strategies.
- During the summer of 2015, Youth@Work through the City of New Haven facilitated paid work experiences for over 700 students in the public sector at over 80 community based agencies. Each youth worked a maximum of 25 hours per week for 5 weeks.

- During the school year program, Youth@Work served 75 participants at 51 sites. Each youth worked up to 10 hours per week for 20 weeks.
- In 2015, Youth@Work implemented a job-readiness training program to ensure the youth were prepared for summer job opportunities. This included financial literacy with Start Community Bank.
- Youth@Work expanded to provide certification and job training for stackable programs (i.e. Eli Whitney After-School Career Pathway Program, Jobs for Americas Graduates (JAG), and Public Safety Academy) Over 150 youth participated in these programs.
- Youth Services is seeking to continue to sustain the Youth Conservation Corps which provides youth exposure to green jobs and sustainability projects.
- Four undergraduate students from New Haven obtained valuable work experience by interning within our Municipal Government, supporting key functions in various departments as they received a minimum wage based on their current completed academic year through the New Haven Leaders program.
- Over 22,000 youth (ages 5-22) participated in the Open Schools Initiative; an evening recreational program operating at 12 schools during the school year for 20 weeks and in 8 schools during the summer of 2015 for 5 weeks with planning and implementation by Parks Recreation and Trees.
- 3,000 Summer Youth Guides were printed and distributed to New Haven children and their families and the City's youth-serving organizations/agencies.
- Creation of the Teen Center/Drop in Center's is designed to provide a safe and open place to act as an anchor for teen and young adults, where they can participate in activities that promote health, emotional intelligence, stimulate creativity, enhance self-esteem, develop social and educational skills that will encourage good citizenship and responsibility.
- The City's Department of Youth Services hosted *The Great Escape Charity Breakfast* to benefit The Escape Teen Center & the Situation Teen Homeless Shelter. The breakfast was held at The New Haven Lawn Club with approximately 200 Guests. The Department of Youth Services presented its Annual Report and guests were entertained by various youth performances. The Department of Youth Services honored Youth Stat schools, Youth Stat students, Community Partners and City Departments that have been instrumental in helping the department to activate and sustain its vision for the 2014-2015 year. The breakfast generated \$10,000 in funds towards The Escape Teen Center & the Situation Teen Homeless Shelter.
- The City of New Haven Department of Youth Services partnered with the New Haven Public School System to host the Newhallville Community Canvas on Literacy. 350 books were given to New Haven Public School students in the Newhallville Neighborhood. Families were also given a goody bag full of City and School resources to support their family. The City provided breakfast prepared by Christian Tabernacle Baptist Church and lunch sandwiches were purchased from Stop & Shop and distributed to the neighborhood residents as well.
- The City of New Haven Department of Youth Services expanded its Citywide Youth Stat Initiative. Youth Stat has served 500 students throughout the year. Through the Youth Stat Employment program 65 students have been employed for the summer and 50 for the academic school year. Youth Stat supplied basic needs support to 25 youth stat students.
- The Department of Youth Services hosted *The Youth Stat Milestone Celebration* where 50 students were celebrated for the accomplishments they made throughout the year. Each student was given a certificate and students and families were provided with a meal.
- The City of New Haven Department of Youth Services, in conjunction with the Shoreline Share group hosted the 2015 Leadership Develops Asset Development (L.E.A.D.) Conference. Approximately 75 students from the shoreline and New Haven area participated in various break-out sessions around the theme of Diversity. The students enjoyed classic New Haven pizza for lunch, and were treated to delicious cupcakes from Sweet Mary's. Each student received a t-shirt with the conference theme: "Thinking Outside of the Box."

- During the summer of 2015, the City's Department of Youth Services supported 50 Youth Serving Organizations with funding for summer busing. The summer programs were able to take students on a number of trips both in and out of state. The City contributed \$50,000 to this effort and enabled young people to experience fun, safe and engaging summertime field trips.
- Provided a Youth Stat Summer School

704 TRANSPORTATION, TRAFFIC AND PARKING
 DOUGLAS HAUSLADEN, DIRECTOR
 200 ORANGE STREET, GROUND FLOOR
 203 946-8067

MISSION / OVERVIEW:

The Transportation, Traffic and Parking Department is responsible for all aspects of traffic safety and control as well as all on-street parking in the City. This includes traffic planning and analysis; installation and maintenance of traffic control devices, signs, signals and markers; parking planning, meter distribution and operation; public transportation and planning; and new in FY17 is the Street Lighting Program. The department looks to grow into a more lean and responsive multimodal transportation department through its partnerships with the CAO departments.

Our mission is to deliver a safe, efficient and sustainable transportation system which supports the City’s quality of life and economic standing. As the City grows into a regional center of global significance, the depth of our transit and non-motorized systems become even more vital to our overall environmental performance and economic growth. The department therefore strives to develop an integrated transportation system which connects housing to jobs and people to their community; a system that is built for all users and made safe for ages 8 – 80. By division, some of the department’s specific responsibilities are noted below.

- The department works closely with the Economic Development and Public Service groups on major transportation initiatives including road/highway improvements, airport enhancements, bike/pedestrian initiatives, and transit programs. The department assists the New Haven Port Authority and the department head serves in an ex-officio capacity on the New Haven Parking Authority’s Board of Directors.
- Traffic Control responsibilities include sign/signal improvement and maintenance programs, pavement markings, regulation of activities within the public right-of-way, bus shelter maintenance/construction, construction staging, and new development reviews. The Traffic Control division also provides staff support to the New Haven Traffic Authority and interacts on a daily basis with the Connecticut Department of Transportation (ConnDOT), the Office of the State Traffic Administration (OSTA, formerly State Traffic Commission), the Greater New Haven Transit District (GNHTD), the South Central Regional Council of Governments (SCRCOG), Elm City Communities/Housing Authority of New Haven (HANH), and CT Transit on various partnerships and inter-agency transportation issues.

- Parking Operations responsibilities include the management/enhancement of the on-street parking program, which includes parking meters, prepaid vouchers, credit card transactions, coin transactions, mobile payment application, meter bag system payments and management, and design/management of neighborhood residential parking zones. Additionally, the parking operations group is responsible for the enforcement of on-street parking regulations (parking tags) and the adjudication and review of contested parking tags.
- In FY17 the City's Street Light division migrates from the Engineering Department into the department to bring more repair visits, maintenance of the newly upgraded system, and replacement of poles in house for higher performance and better cost savings.
- The Safety Guards provide traffic control assistance at many city schools during the morning and afternoon periods. In addition, safety guards are deployed at certain special events, such as the Labor Day Road Race, Farmer's Markets, Christmas Tree Lighting Ceremony and other city sponsored events to facilitate the safe movement of pedestrians.

FY 2015-2016 HIGHLIGHTS:

705 COMMISSION ON EQUAL OPPORTUNITIES
VACANT, EXECUTIVE DIRECTOR
200 ORANGE STREET, 4TH FLOOR
203-946-8165

MISSION / OVERVIEW:

The mission of the Commission on Equal Opportunities is to enforce Fair Employment Laws, Contract Compliance Regulations, resident training and employment opportunities. CEO is empowered through City ordinance Chapter 12½ Equal Opportunities to:

Promote mutual understanding, respect while providing equality of opportunity for all the people of New Haven without regard to race, color, religious creed, age, sex, marital status, sexual orientation, familial status, national origin, ancestry or handicap. Through local official action and strategies which prohibits the deprivation of rights or privileges protected under by the United States Constitution and laws of Connecticut. Contract Compliance Division, CEO enforces discrimination laws regarding services to persons with AIDS, and contract compliance under the City's Equal Employment Opportunities Policy / Affirmative Action Policy.

FY 2015-2016 HIGHLIGHTS:

Effective July 1, 2015 the Connecticut General Assembly approved electronic submittal of certified payrolls. The Commission on Equal Opportunities introduced operation of LCP tracker a web hosted software program that minimizes paperwork and intensive labor hours when enforcing a labor compliance program. LCP tracker flags any errors, omissions, or discrepancies the contractor may have on their report. The contractor has immediate feedback of any violations found to be reported and requires correction. The software provides a contractor database, tracking of certified payrolls, and project reporting.

721 OFFICE OF BUILDING INSPECTION AND ENFORCEMENT

JAMES TURCIO, DIRECTOR
200 ORANGE STREET, 5TH FLOOR
203-946-8046

MISSION / OVERVIEW:

The Building Department continues to provide a high level of services through the issuance of building, electrical and mechanical permits; zoning compliance, and inspections of all phases of construction and reconstruction by enforcing City ordinance and State statutes as they pertain to the public safety and welfare. Individuals cited for working without permits are issued “stop work” orders; abandoned structures open to trespassing are ordered to be secured and, when necessary, ordered to be demolished. Building and demolition permits are withheld on tax delinquent properties. An ordinance amendment requiring fines up to \$1,000 for projects that start without a valid permit has been successful in reducing the projects that are not permitted and has increased permit revenues.

- ViewPermit, the permit tracking system implemented in 2010 facilitates on-line permitting, and executes automated review and authorization of permit applications in coordination with Transportation, Traffic and Parking, Engineering, the Fire Marshal’s office, City Plan Department, Health Department, Public Works and Zoning. Inspectors can access Viewpoint data in the field utilizing Android-based tablets.
- The Permit & License Center, also based in the Building Department, continues to issue permits for rooming houses, street vendors, brokers, street and sidewalk excavations, obstruction, dumpster, neighborhood block parties, auctions, outdoor seating and future awnings.
- Inspectors and staff pursue professional development to increase the department’s goal of “customer friendly services”.

FY 2015-2016 HIGHLIGHTS: (July – December 2015)

- More than 1100 single family plans were returned to homeowners.
- Structures brought into compliance with the State Building Code, including Church Street South reached 90%.
- Building Permit fines (working without a permit) nearly doubled.

FY 2016-2017 GOALS / INITIATIVES:

- Complete 10,000 code compliance inspections.
- Fill all vacant positions.
- Consolidate building permit files/records into one repository including online records.
- Forecast of upcoming construction projects with estimated construction value and permit fees:

724 ECONOMIC DEVELOPMENT ADMINISTRATION
MATTHEW NEMERSON, ECONOMIC DEVELOPMENT ADMINISTRATOR
 165 CHURCH STREET, FLOORS 4R & 6
 203-946-2366

MISSION/OVERVIEW:

The mission of the Economic Development Administration, and the Department of Economic Development within it, is to advance New Haven’s status as a model, modern, world-class city, in which everyone who wants a good-paying, career-oriented job can find one, by (1) facilitating commercial development, (2) attracting quality businesses and investment, and (3) enhancing the breadth and quality of overall employment.

Economic Development pursues four specific objectives to address these three goals:

- **Attracting and retaining quality companies:** Securing public-sector investment and private-sector partners that will build on New Haven’s advanced manufacturing, high technology, food processing, and health care and life sciences clusters.
- **Developing local jobs and businesses:** Providing small businesses, particularly minority-, women-, and locally-owned small businesses, with access to resources to grow in New Haven, and preparing City residents of all backgrounds for sustainable employment opportunities.
- **Revitalizing New Haven’s neighborhoods:** Fostering mixed-use development that accelerates the formation of distinctive, welcoming communities throughout the city; partnering with community stakeholders and accomplished developers to offer residents of all circumstances diverse, high-quality housing options; and promoting the growth of diverse educational, artistic, and cultural amenities that enhance New Haven’s status as a leading recreational destination.
- **Improving New Haven’s regional competitiveness:** Expanding New Haven’s access to the world by increasing passenger use of Union Station, and raising Tweed-New Haven Airport’s appeal to major airlines without impinging on the East Shore’s quality of life.

FY 2015-2016 HIGHLIGHTS

A. Attracting and Retaining Quality Companies

Downtown Crossing: Continued work with City Plan, Transportation, Traffic & Parking, and Engineering to replace Route 34 between Union Avenue and York Street with two urban boulevards, construct new crossings at Orange, Church, Temple, and College Streets, and reconnect Orange Street across the current Route 34 corridor.

- Phase 1: 100 College Street Development Agreement
 - Development Partner: Winstanley Enterprises
 - Completed all traffic shifts, on- and off-site public infrastructure in 2015
 - Alexion to open at 100 College Street in early 2016
- Phase 2: Former Coliseum Site Development Agreement
 - Development Partner: LiveWorkLearnPlay
 - Submitted preliminary design for Phase 2 improvements for state approval; resolved major utility relocation corridors through advanced design activities
 - Continued work on environmental documentation, including programmatic agreement with SHPO for cultural resource assessment
 - Finalized state Assistance Agreement for a \$21.5 million infrastructure matching grant, which leverages City's \$12 million investment in road, utility, and infrastructure improvements in and around the former Coliseum site, to prepare the location for LiveWorkLearnPlay's redevelopment into a mixed-use neighborhood of residential units, stores, hotel rooms, offices, and public space

Mill River: Pursued ongoing implementation of the Mill River Planning Study, which promotes emerging growth opportunities in advanced manufacturing, food processing, and advanced coastal resource protection in the industrial district. Initiated work on a previously-awarded CDBG-DR grant (\$192,000) to plan coastal resiliency improvements in the district.

Long Wharf: Initiated numerous projects to enhance Long Wharf, including: (1) a weekend-long Food Truck Festival; (2) the selection, through an open RFP process, of a vendor to reopen the InfoCenter in 2016; and (3) a new partnership with Discovering Amistad to return the ship to New Haven for scheduled educational and cultural programming. In addition, Economic Development reconvened the Long Wharf Business Community luncheon program to discuss ongoing issues (e.g., boathouse, coastal resiliency, vending), and worked collaboratively with the state DOT on "leave-behind" infrastructure improvements (repaving, landscaping, etc.).

Coastal Resiliency: Worked with City departments and state agencies on a \$60 million CDBG-NDR grant application for coastal resiliency projects in the Long Wharf/Hill to Downtown District, and gained Board of Alders approval to partner with the state on it. Worked with the Grants/Policy office on a successful \$20,000 grant from UConn to develop a best-practices guide for commercial/industrial businesses.

River Street: Made progress in acquiring and remediating redevelopment parcels, improving infrastructure, and preserving the historic buildings in the 53-acre River Street Municipal Development Project area. Achieved several milestones on River Street, including: (1) the completion of soil cleanup at, and sale of, 34 Lloyd Street; (2) the partial demolition, abatement, and stabilization of the historic Bigelow Boiler buildings at 198 River Street; (3) the completion of the soil cleanup at 46 and 100 River Streets; and (4) the initiation of a shoreline stabilization study to determine the most effective means to protect the River Street shoreline.

10 Wall Street: Completed the partial environmental cleanup of a potential redevelopment site.

Private-Sector Development: In 2015, Economic Development worked with several privately-funded project developers to facilitate and coordinate their planned investment in major residential or mixed-use projects in the City, by guiding them through zoning, site plan approval, other regulatory processes, and community outreach:

Site	Developer	Location	Private Investment	Units
State Street Lofts	Goatville Development LLC	State & Mechanic Streets	\$60 million	235
Budget Car Site	MOD Equities	George & High Streets	TBD	115
Metro 301	Metro Star Properties	Crown & George Streets	TBD	78
Metro 280	Metro Star Properties	Crown & High Streets	TBD	24

Jordan's Furniture (Long Wharf): Helped Jordan's Furniture, a Massachusetts-based interactive furniture company, to occupy, renovate, and attract several new businesses to the 200,000-square-foot former New Haven Register building on Sargent Drive, creating hundreds of new jobs. Jordan's opened there on December 11, 2015.

Bender Plumbing Supplies, Inc. (Mill River): Completed work to help this long-time New Haven business to acquire and renovate the former Grand Light & Supply building, by providing Façade Improvement, Assessment Deferral, and other municipal fit-out incentive assistance consistent with the Mill River plan.

Arvinas Pharmaceuticals (Newhallville): Worked with Science Park and state DECD officials to keep a growing biomedical company here by facilitating its expansion in New Haven.

District #NHV (East Rock/Fair Haven): In 2015, the City issued an RFP and selected Digital Surgeons and Urbane New Haven to redevelop the environmentally-challenged, vacant property at 470 James Street (formerly known as the CT Transit garage). The redevelopment will keep more than 100 jobs here in New Haven and create an additional 200-300 new, permanent jobs, along with a substantial amount of construction jobs.

Caffe Bravo (East Rock): Worked with Transportation, Traffic & Parking to change the loading zone hours outside restaurant to better accommodate its parking needs, and with the restaurant to get approvals and façade funding for a new semi-enclosed (and heated) patio and some upgraded signage to be completed by Spring 2016.

Clock Factory (Mill River): Secured a \$200,000 state DECD grant for environmental assessment and redevelopment planning of the historic Clock Factory complex at 133 Hamilton Street.

Shubert Renovations (Downtown): Helped the theater implement its \$7.1 million phase I capital renovation plan and continued to work with CAPA to secure funding for phase II by pursuing New Market Tax Credits.

Wooster Street (Wooster Square): Collaborated with the Town Green Special Services District on facilitating a pilot cleanup of the district, and re-connected with the merchants association to explore remarketing the district.

Town Green Special Services District (Downtown): In 2015, TGSSD and Economic Development partnered to purchase a mini-sweeper for TGSSD for use on a regular basis and to support special events.

B. Developing Local Jobs and Businesses

1. Small Contractor Development

The Office of Small Contractor Development (SCD), which administers Section 12¼ of the City's ordinances, is responsible for building a broad base of emerging business enterprises that can perform high-quality construction at competitive prices. Businesses need information and know-how to succeed, and SCD aims to provide them with opportunities to grow from emerging startups into profitable, sustainable, and competitive companies.

The SCD focuses on these primary goals:

- Supporting the utilization of small, minority-, women-owned construction and construction-related firms, and expanding their capacity to undertake contracts of increasing size and complexity.
- Increasing the number, size, and range of contracts awarded to participating businesses.
- Strengthening the regional construction industry, by promoting policies and practices that improve the competitive positions of small, minority-, and women-owned construction businesses.
- Managing contract compliance provisions that promote the representation of minorities and women in the ownership and management of businesses and in the workforce.
- Conducting outreach initiatives and providing marketing, networking, and business development opportunities with private- and public-sector firms.

To address these goals, SCD performs several crucial functions to assist small construction contractors:

- Conducts networking events and information sessions to give small contractors face-to-face interactive opportunities to build relationships with prime contractors on projects in the City of New Haven.
- Holds workshops and seminars aimed at empowering small, minority-, and women-owned construction businesses to make the best decisions for their business on various topics (business accounting, bidding, marketing, taxes, man-hour calculation, and cash flow analysis).
- Assists small contractors by working directly with them, providing one-on-one technical assistance in a variety of fields (contracts, payments, safety programs, cash flow, insurance, labor, taxes, and bidding).
- Works with prime contractors to identify subcontractor opportunities and assist with scope review.

In FY 2015-2016, SCD:

- Provided in-person technical assistance to more than 391 small, women, and minority contractors, and to an additional 500 through phone calls and emails.
- Tracked the following results for small, minority-, and women-owned construction contracts:
 - New Haven resident construction businesses received \$18,825,000 in contracts
 - Minority-owned construction businesses received \$2,000,000 in contracts
 - Women-owned construction businesses received \$13,700,000 in contracts
- Designed, organized, and conducted the following workshops:
 - PCBs: what are they, how do you find them, and how do you dispose of them
 - School Construction: overview of the three school construction projects (ESUMS, Helene Grant, and New Haven Academy)
 - Renovation, Remodeling, and Painting: changes in the EPA law, new procedures and licensing
 - 100 College Street: hands-on drywall experience, roll-on roofing vs. singles, and how to estimate and work efficiently to make money
 - Wages: state prevailing wages, federal wages, and the New Haven Livable Wage

2. Small Business Academy

The mission of the Small Business Academy (formerly known as the Small Business Service Center) is to assist in the development and growth of aspiring small businesses and entrepreneurs, by providing them with access to capital along with technical assistance. The Small Business Academy's core initiatives are business development, business retention, business attraction, neighborhood business revitalization, and business advocacy.

The Small Business Academy opened in May 2014, and currently serves approximately 300 Greater New Haven small businesses. It has assisted in the opening of 70 small businesses, and currently facilitates a 16-week comprehensive small business program educating entrepreneurs on how to be effective business owners.

The Small Business Academy seeks ways to assist and encourage entrepreneurship and microenterprise development by focusing on "economic gardening," which grows our own jobs for the city and the region. The Small Business

Academy takes the lead role in encouraging the development of microenterprises by providing technical assistance, and promoting incentive programs coupled with financing programs, that assist in creating jobs that serve as an important catalyst for the future economic growth and prosperity of the City and the region.

3. Small Business Assistance

Economic Development staff routinely provide advice, counseling, and technical assistance to a variety of walk-in current or would-be entrepreneurs: in 2015, more than 200 of them received such assistance. Services include:

- Resource information on how to start a business (including registration, licensing and permit information)
- Local, state and federal business incentives, financing options, and credit counseling

Historically, approximately ten percent of these prospective business owners go on to establish businesses (typically home-based, with 1-2 employees) within the city.

Technical Assistance

Economic Development staff strive to enhance the City's tax base and support business, community, and resident employment by using public resources to leverage private sector investment. To this end, staff provide businesses and developers with help finding space to relocate or expand, as well as assistance in navigating local, state and federal incentive programs, such as:

- The City of New Haven Property Tax Assessment Deferral Program
- The State Enterprise Zone & Urban Jobs Tax Abatement Program
- State Urban Site Tax Credit Program
- State Research & Development (R & D) Tax Credits
- State Small Business Express Program
- State Job Creation Tax Credit Program
- Programs and Incentives related to the State's Public Utilities

Façade Improvement

Staff also uses the City's Façade Improvement Grant program to help small businesses throughout the city to address blighted conditions and rehabilitate existing business structures to stimulate economic activity. The program offers matching grants that typically leverage \$1 of public façade money into at least \$15.00 in private investment. In 2015, the department supported the following façade improvement projects:

4. Work/Business Connections

Bioscience Career Ladder: New Haven is home to the largest concentration of life science companies in Connecticut, and is the #2 bioscience cluster in New England by virtue of its proximity to the high-quality volume of research at the Yale School of Medicine.

In 2015, Economic Development collaborated with the Economic Development Corporation of New Haven, CURE (a statewide biotech organization), Southern Connecticut State University, and other workforce development partners to launch a Bioscience Career Ladder. The City signed a memorandum of agreement with SCSU to advance the career ladder through new four new academic pathways: BS/Biotechnology; BS/Chemistry (with Biotechnology concentration); BS/STEM (with Biotechnology concentration); and (4) Graduate level certificate programs. To further support SCSU in this effort, the City made available an initial start-up grant and provided support to a new industry advisory committee.

Tech Ladder: Given the growth of the IT/Tech sector in Downtown New Haven, Economic Development worked with the EDC and Gateway Community College to launch a new “learn to code” certificate course, with tuition scholarships made available for five New Haven residents.

Food Incubator: Economic Development secured suitable kitchen, classroom, and office space in the former Goffe Street Armory to create a food-based business incubator. The incubator will help entrepreneurs and small startup businesses to share much-needed workspace in which they can commercialize their products, test new recipes, and create and grow their operations. The department engaged in financing and build-out planning, and tentatively expects to open the facility in Spring 2017.

C. Revitalizing New Haven’s Neighborhoods

Project Storefronts: Negotiating with property owners for access to empty locations, Project Storefronts provides these spaces to budding entrepreneurs via a competitive application process. By gaining access to these spaces, these entrepreneurs then learn how to become successful businesspeople, even as they test the viability of new, innovative business and retail ideas. The community as a whole also benefits, by bringing community-oriented, cutting-edge arts-related businesses to life in formerly-vacant retail spaces.

In 2015, Project Storefronts:

- Assisted 207 entrepreneurs
- Supported in the launch of seven (7) new small businesses in New Haven
- Held 111 promotional events, including the introduction of CityLove, a new bike-propelled vending cart

Mayor’s Community Arts Grant Program: Provided financial, marketing, and technical assistance for arts and cultural programs, projects, and events that occur in New Haven neighborhoods that 1) encourage the education of emerging artists, 2) strengthen neighborhood cohesiveness through collaborative programs aimed at families and youth, and 3) promote and celebrate cultural awareness and diversity. In 2015, 29 projects produced by organizations and individuals received grants ranging from \$500 - \$1,500.

Summer Concert Series/Holiday Tree Lighting: Collaborated with New Haven Festivals, Inc. to promote summer events on the New Haven Green and the annual Holiday Tree Lighting, and partnered with the Small Business Service Center (now known as the Small Business Academy) to present a Food Truck Festival on Long Wharf. Expanded efforts around the holiday season, by piloting free Saturday afternoon amusements for families on the New Haven Green.

Neighborhood Commercial Revitalization: Identified, designed, and began implementing “Main Streets” improvements and activities in concert with stakeholder committees in the Whalley and Grand Avenue districts, and with Livable City Initiative on projects for Dixwell Avenue. For instance, in each corridor, Economic Development staff worked with community volunteers to conduct a street-level infrastructural “inventory”, then collaborated with Engineering to ensure that all streetlights worked properly with new LEDs, and with the Urban Resources Initiative to plant new trees. In addition, staff pursued the following avenue-specific initiatives:

- Whalley Avenue: Worked with Transportation, Traffic & Parking to re-signalize the Whalley/Winthrop intersection for pedestrian crossing, and with Parks, Recreation & Trees to prune tree limbs
- Grand Avenue: Worked with TTP to repaint crosswalks, worked with Grand Avenue Special Services District to improve street cleaning and trash pickup, supported the annual RiverFest, and began developing a revamped “Map & Guide” to Grand Avenue businesses
- Dixwell Avenue: Partnered with LCI on plan to improve Broadway “gateway” and Dixwell Plaza

In 2016, Economic Development will increase its efforts to recruit desired businesses to those corridors, will work with Engineering on relighting all of the decorative streetlamps on each avenue, and seek to reinstate, in collaboration with Youth Services, Parks, and Board of Education personnel, a planter/flower program.

D. Improving New Haven’s Regional Competitiveness

Tweed-New Haven Airport: Completed a peer review of Tweed’s air service development program, including Buzz and other commercial service opportunities, and collaborated with the Tweed-New Haven Airport Authority Board on other initiatives to promote air service improvements.

Union Station Transit-Oriented Development: Resolved a revised plan for Union Station with the state, which entails state construction of a second garage and an operating lease extension for Park New Haven. Continued negotiations over the lease extension.

Hill-to-Downtown: Worked with LCI, City Plan, and TTP to complete and submit the Hill-to-Downtown Plan for Board of Alders approval, and supported LCI on its proposed RMS Companies Phase 1 Development Agreement.

FY 2016-2017 GOALS/INITIATIVES

A. Attracting and Retaining Quality Companies

- Finalize design and initiate construction on Downtown Crossing Phase 2 (LiveWorkLearnPlay).
- Advance planning and design for, and secure funding for, Downtown Crossing Phase 3 (Temple Street).
- Continue remediation activities and facilitating funding resources for 201 Russell Street.

- Support move of Yale Surgical business relocation into mixed-use redevelopment at 915 Grand Avenue.
- Facilitate Class A office space renovation of the former New Haven Savings Bank building with a ground-floor retail/restaurant.

B. Developing Local Jobs and Businesses

- Small Contractor Development:
 - Launch a marketing campaign to increase program awareness and number of registered contractors
 - Create mentor-protégé relationships wherever possible
 - Conduct project specific workshops and seminars
 - Continue leveraging New Haven’s rich diversity
 - Improve the utilization reporting procedure
 - Continue to provide the latest information and training on safety management plans, certifications, job site meetings, tool box talks and project specific requirements.
- Partner with New Haven Works and Workforce Alliance to implement new federal workforce programs for New Haven residents, including Bioscience Career Ladder, Tech ladder, and retail and manufacturing jobs.
- Continue working with LCI and the Main Streets committees in three commercial corridors (Dixwell, Grand, and Whalley Avenues) to identify, design, and implement economic revitalization projects.
- Enhance the Façade Program by making its resources more accessible to business- and property-owners in the “Main Streets” neighborhoods of Whalley (from Broadway to Pendleton Street), Dixwell (from Broadway to Munson Street) and Grand Avenue (from the Mill River to the Quinnipiac River).
- Explore a new series of summer weekday concerts to complement weekend New Haven Green concerts.
- Secure funding and necessary approvals to begin implementation of a food-based business incubator at the Goffe Street Armory.

C. Revitalizing New Haven’s Neighborhoods

- Facilitate Metro 301 housing redevelopment of site between Crown and George Streets.
- Assist Everybody Plays, Inc. to construct a multi-sports velodrome facility on River Street.
- Revise and publish comprehensive guide to New Haven restaurants, shops, attractions, etc.
- Determine infill development viability on Crown Street parcels between Park and Howe Streets.
- Facilitate regulatory approvals for extended-stay hotel development at George and High Streets.
- Coordinate and participate in promotion of local events with Upper State Street merchants.

- Assist Wooster Square merchants with infrastructural and aesthetic business district improvements.
- Support mixed-use redevelopment of the Frontier parking lot on Orange Street.
- Continue working with Titus Kaphar to help acquire and site arts programs at 169 Henry Street.
- Complete the Wooster Square/Water Street Planning Study and begin implementation.
- Work with the owners of the former Comcast site to advance its mixed-use redevelopment.
- Work with the owners of the former Torrington Supply site to advance its mixed-use redevelopment.

D. Improving New Haven's Regional Competitiveness

- Develop and secure financing for garage for corner of State & Wall Streets.
- Revise Union Station TOD plan, as necessary, and secure long-term agreement with state DOT/OPM to provide for lease extension and renovation of Union Station.
- Support production and implementation of ongoing Mobility and FTA Alternatives studies (with Transportation, Traffic & Parking and Park New Haven).
- With PNH, develop work plan and initiate next-level transportation demand management activities with major employers in the Downtown Crossing area (project funded by OPM).
- Complete Wayfinding improvement project Phase 1 and secure funding for Phase 2 (with City Plan).
- Continue to monitor and provide comments on the Federal Railroad Administration's NEC Future program.

900 BOARD OF EDUCATION
GARTH HARRIES, SUPERINTENDENT
54 MEADOW STREET
MAIN OFFICE: 475-220-1000

MISSION / OVERVIEW:

New Haven Public Schools believes that all kids can learn, achieve and rise to a bright future. Our purpose is to provide an outstanding education that extends beyond graduation and prepares our students to be the next generation of leaders, innovators and problem-solvers.

Engagement is the foundation of learning and growth, for students, adults, and the school district as a whole. We will be successful when all students actively engage in their own learning, when adults engage in their professional community, and when the school district is consistently learning and growing to respond to the needs of children and schools. We must all engage and take collective responsibility for ensuring student success and wellbeing so that every child has a chance to rise.

To create this engagement, our vision is to build a portfolio of great schools that empower students to achieve success in college, career and life through purposeful, supportive and meaningful learning experiences. In crafting those learning experiences, we must strive to engage the whole child - the academic learning, the social-emotional growth, and health that enable students and schools to rise.

As we work, we hold tight to three values of collaboration, growth and innovation, and equity.

In order to deliver on our vision, we organize our work along six priority areas:

1. **Academic Learning** – The knowledge and skills to succeed in college and career.
2. **Talented Educators** – Educators engaged in purposeful, supportive, and meaningful teaching and learning.
3. **Portfolio of Schools** – Schools supported on their own unique paths to success.
4. **Social Emotional and Physical Learning** – The attitudes and behaviors to succeed in college, career and life.
5. **Youth, Family and Community** – Families, community members and partners engaged in the success of our students and schools
6. **Resource Stewardship** – Wise, equitable and transparent investments to support student learning.

FY 2015-2016 HIGHLIGHTS:

- Four-year graduation rate up 17 points in last five years to 75% for the class of 2014 and preliminary estimates project 77% for the class of 2015.
- Fall college enrollment up 8 points since last year and college persistence up 3 points to 78.5%.
- Consistent gains in literacy cohorts from student entry to grade 8, both on Smarter Balanced and internal assessments
- Balanced budget supported by significant grant and special fund resources.
- Nationally recognized teacher evaluation and development process, and efforts to strengthen educator and leadership impact.
- Sustained school transformation efforts, stabilizing and supporting the lowest-performing school environments.
- Largest pre-kindergarten program in Connecticut, serving 1,400+ students.
- More than 2,000 suburban students choose to attend schools in New Haven.
- Student population growing (up 1,700 students in the last five years) while most other CT districts are shrinking.
- New Haven Promise scholarships awarded for almost 1,000 students.
- Families have greater access to a diverse array of high-quality public schools, including neighborhood, magnet, and charter schools.
- Produced one of only four 2015 Blue Ribbon Schools in the state of CT and the only Blue Ribbon school in a CT city (Worthington Hooker).
- Launched Saturday Academy at four sites across the city to add instructional time for our highest need schools.
- Invested nearly \$1M in grant funds to upgrade technology infrastructure at schools.
- Proposed an equity-based funding model for schools that achieves financial equity over a three year period.
- Successfully pursued and won a \$2.5M competitive capital stewardship grant from the state of CT.

FY 2016-2017 GOALS / INITIATIVES:

- Ready to read by the end of Grade 1; increase internal BAS proficiency levels toward 85% goal.
- Reading by the end of Grade 3; improve on state Smarter Balance results toward 85% goal.
- Literate by the end of Grade 8; improve Math toward 50% goal, and Literacy toward 70% goal.
- Earned Grade 9 Promotion; increase from 70% level meeting sufficient credits for promotion.
- High school completion; increase 4 year cohort rate toward 85% goal.
- College readiness; improve toward SAT literacy 75% goal and SAT math 50% goal.
- College enrollment; improve percent of graduating class toward 80% goal.
- College persistence; improve on second-year college enrollment toward 90% goal.
- Workforce preparation; goals under development.

Capital Projects Budget

Capital Projects Budget Introduction

The Capital Improvement Plan (CIP) of the City begins with departmental requests to Management & Budget identifying individual Projects and providing an estimate of the cost and justification of the project. The departmental requests are transmitted to the Capital Projects Committee composed of the Controller, two members of the Board of Alders not from the same political party, a member of the City Plan Commission appointed by the Mayor, the City Planning Director and four citizen members appointed by the Mayor whose terms run concurrently with the Mayor's.

The Capital Projects Committee reviews and evaluates departmental requests and recommends a Capital Improvement Plan to the Mayor not later than February 15th of each year. The Mayor shall prepare and submit a Capital budget to the Board of Alders as part of the annual budget submission. After a public hearing, the Board of Alders adopts an ordinance appropriating funds for Capital Projects. The Capital Budget is primarily used to finance improvements with an average life of five years or more as well as large-scale permanent improvements. Regular Capital improvement programs for the maintenance of City streets, sewers, parks and for purchases of major equipment are also financed through the Capital budget. Capital Budget funding comes from the following four primary sources: the City's general obligation bonds/notes, State grants and Federal grants.

In compliance with the requirements listed in the City ordinances and charter, the Fiscal Year 2016-17 Capital Projects Budget consists of the following:

- 1) FY 2016-17 Capital Projects Narratives which provide a description of the approved projects to commence in FY 2016-17.
- 2) 2016-17 Capital Budget request and 2018-2021 Capital Improvement Program. The 2016-17 Capital Budget request is the first year of the 2017-2021 Capital Improvement Program. Years 17-18 through 20-21 of the Capital Improvement Program represent planned budgetary authorizations only. Annually the five-year improvement program is revised and the Board of Alders appropriates the first year of the program as the City's Capital Budget.
- 3) Appropriating Ordinance #3 comprised of Sections I, II, III, IV, V and VI. Section I is the issuance of twenty year debt, Section II is the issuance of ten year debt, Section III is the issuance of five year debt, Section IV is for funding sources other than City Bonds and Section V is for description changes and Section VI is for refunding bonds
- 4) Appropriating Ordinance #4 is an ordinance amending appropriations for certain school projects in various capital budgets and authorizing the issuance of General Obligation Bonds.
- 5) Appropriating Ordinance #5 is an ordinance authorizing the issuance of General Obligation Tax Anticipation notes and/or General Obligation Grant Anticipation notes.
- 6) Statement of Debt Limitation as of June 30, 2015 the City's annual audit prepared by McGladrey. The City is limited by State Statute Section 7-374(b) to incurring indebtedness in any of the following classes in amounts which will not cause the aggregate indebtedness in each class to exceed the factors stated below times total tax and tax equivalent revenues for the most recently completed fiscal year.

<u>Category</u>	<u>Factor</u>

FY 2016-2017 CAPITAL PROJECT NARRATIVES

137 Finance \ Information & Technology:

1701 Software Licensing Upgrades \$200,000 City

These funds will be used to purchase or upgrade of City software applications, and/or communication systems, which will improve the City's technology for various city agencies. Purchase and Upgrades include but not limited to Municipal Information System Tyler Technology (MUNIS), Adobe Licensing, Police software, Fire software, MS 365 city website, a new property management system, Network Traffic Analyzing software, community development database and other licensing / software applications. In addition, these funds will be used for the development and purchase of new systems for City departments. Examples include, but not limited to the modified or upgraded Police and Fire records, legislative services, electronic records/document management, and other systems developed for various agencies. In addition, as software usage grows there is often a need to purchase additional customer licenses. Projects include but are not limited to: hardware, software, planning/design, training, 1st year licensing, data conversion, project management, legal / consulting and any and other associated cost necessary for these project.

1702 Network Upgrades \$200,000 City

The upgrades are required for improved network performance, reliability and structure. This project plans, designs, and implements upgrades to the existing network to ensure that the City has a current and robust computer network. Improving the Network will improve software application performance, future connectivity needs from vendors, and improve connectivity for City residents. Services under these funds include but not limited to: Firehouse Rewire Project (Rewire and upgrade the network infrastructure of the fire houses), network maintenance which would encompass any new switching, any new network runs, installation of high-speed fiber optic cable or wireless connections to City facilities, firewall upgrades, server replacements and other necessary network connectivity upgrades/purchases. Capital funds also will be used for hardware, software, planning/design, training, 1st year licensing, data conversion, project management, legal / consulting and any and other associated cost necessary for this project.

1703 Information Technology Initiatives \$1,600,000 City

Funds in the IT Initiative account will be used to continue the City efforts in maintaining and upgrading the City information and technology infrastructure. The funds will be used, but not limited to: technology consulting services, technology equipment, Surface pro's, tablets, printers, desktops, laptops, disaster recovery, and other hardware, software, and equipment costs as needed. Projects for this account included but not limited to AS 400 replacements, upgrades to the Mayor's conference and other meeting rooms, updating canopy system, upgrades to police training academy, Firehouse printer upgrade/refresh (upgrade / replace network printers in the firehouses), Firehouse Rewire Project (Rewire and upgrade the network infrastructure of the fire houses), SANS replacement/upgrade and other projects related to technology upgrades. Capital funds will also be used for hardware, software, planning/design, training, 1st year licensing, data conversion, project management, legal / consulting and any other associated cost necessary for this project.

1704 Police Technology \$200,000 City

Capital funds will be used to update current technology and acquire new Information and Technology needs for police. Services and purchases include but not limited to: Wireless connectivity for Police Sub-Stations Smartboards for police training rooms and chief offices, tablets and surface pro's for the } Police Department, MDT's for police vehicles, and upgrade of Police communication systems. Capital funds will also be used for hardware, software, licensing, planning/design, training, data conversion, project management, legal / consulting and any and other associated cost necessary for this project.

1705 Fire Technology \$200,000 City

Upgrade of Fire communication systems and Firehouses. Capital funds will also be used for hardware, software, licensing, planning/design, training, data conversion, project management, legal / consulting and any and other associated cost necessary for this project.

152 Libraries:

1706 Library Improvements \$280,000 City

Funds will be used for the upgrade and replacement of flooring, plumbing, electrical, hvac, sidewalks, facades, painting, carpentry, heavy equipment, furniture upgrades, maintenance of security and life safety systems, permanent landscaping improvements, roofs, windows and other major infrastructure enhancements as deemed necessary throughout the grounds and buildings and for related engineering and architectural services where needed.

1707 Technology and Communications \$215,000 City

Funding to support the public and staff computer replacement program, to expand network infrastructure and broadband width at five locations, to improve wireless access at all locations, the purchase of new printers, to upgrade projection and AV equipment, for the purchase of a new server to improve pc performance of public access computers and for the planning and implementation of new technologies. Library IT comprises more than 300 public and private/staff internet and Wi-Fi access workstations. The library provides close to 190 public access computer stations for adults, teens and children throughout its five locations. They are used for job searches and applications, research and homework assignments, pre-literacy and adult literacy, language learning and communication. The replacement program ensures up-to-date, functioning equipment for customers and staff, who provide classes and instruction on computer and digital devices usage. Wireless access upgrades are needed to speed wired and wireless connectivity assuring optimal usage by customers. Funds will be used to purchase computers, printers, operator licenses, and data wiring to Cat 6, data switches, wireless equipment, and peripherals.

1708 Ives Phase III \$200,000 City

Funds to be used for repurposing areas on the main level and needed modifications to the Children's Room to enhance functionality and improve delivery of services. These funds may also be used for the development of a master space usage plan for the entire Ives building. Funds will help ensure the most efficient use of space at the main library and address space limitations for children's services as public demands and needs evolve over time.

1709 Ives Center Elevator \$110,000 City

Funds are to be used for the replacement of the center passenger elevator at Ives library, which services the whole building. This comprises 3 floors or 100K sq. ft. of public space and 1 floor of staff space plus basement (22K sq. ft.).

1710 Stetson Library \$1,450,000, \$450,000 City, \$1,000,000 State

Funds to be used for the planning and construction of a new Stetson Library at the proposed Dixwell Community Q-House facility. Funds are designated for design, fit-up, furniture, fixtures, equipment and technology. Funds include \$1M from the CT State Library category 1 public library construction grant, as approved in late November 2015.

160 Parks and Recreation:

1711 Infrastructure Improvements \$900,000 City

Funds will be used to repair and enhance park infrastructures. Parks facilities are nearing the end of useful life. Facilities that need upgrades and will have revenue generating potential include: Lighthouse Point Park, West Rock Nature Center and Ralph Walker Skating Rink. Funds from this program also support the salary of the Department's Landscape Architect that plans and implements these projects.

1712 General Park Improvements \$500,000 City

Funds will be used for renovation, repair and emergency upgrades to parks and facilities.

1713 Playground Initiative \$225,000 City

Funds will be used to for playground repairs, maintenance and installation.

1714 Field Upgrades \$250,000 City

Funds will be used to renovate and upgrade fields.

1715 East Rock Workshop \$300,000 City

Funds will be used to continue renovations to the buildings and grounds utilized by the department's maintenance division.

1716 Street Trees \$520,000 City

Funds will be used to plant, trim, remove trees through the city.

1717 Golf Course \$2,250,000 *City\ Enterprise Fund Golf Course

Funds will be used for Clubhouse and site improvements at Alling Memorial Golf Course.

*Note: The Golf Course will budget for its share of the debt service payment every year and reimburse the city for its share until the obligation is satisfied.

1718 New Haven Green \$2,300,000 State

Funds will be used for upgrades and structures for the New Haven Green.

1719 Rolling Stock \$200,000 City

Funds will be used for the replacement of vehicles.

201 Police:

1721 Rolling Stock \$450,000 City

Funds will be used to continue the purchasing of Police vehicles to replace older vehicles and for any other equipment/accessories needed to outfit the vehicles. The 24/7/365 operation places very heavy demand on all our Police vehicles.

1722 Radios \$275,000 City

Funding will continue to be used to replace all older type radios for the next academy class and for any other related communication equipment/supplies.

1723 Body Armor \$50,000 City

Funding will provide for the cyclical replacement of body armor vests for Police Officers and new cadets. Body armor only has a shelf life of 5 years and then it needs to be replaced.

1724 Elevators \$150,000 City

Funding will be used to continue to repair/continue the remainder of work remaining at the two center elevators at Police Headquarters.

1725 Police Technology (Body Camera's) \$250,000 City

Funds will be used for body cameras for all Police Officers and any other related costs.

1726 Substations \$35,000 City

Funds will be used for repairing/replacing roofs and HVAC units, as well as continue repairs and upgrades to all our aging substations.

202 Fire:

1727 Apparatus Replacement and Rehabilitation \$1,400,000 City

Funds will be used for the Replacement of Ladder Truck 4, acquisition of a heavy rescue apparatus, two (2) transport light duty rescue / ambulances and the continuation of apparatus replacement plan.

1728 Fire Fighter Protective Equipment \$250,000 City

Funds will be used to replace or repair personal protective equipment for the Fire Department staff. Firefighting personal protective equipment (PPE) is an essential part of the gear used by fire fighters. The gear should be replaced around every ten years unless damaged by hazardous materials. Additionally, the Fire Department must maintain an inventory of replacement gear to be issued immediately when a firefighter’s gear is damaged or contaminated. Hiring of new personnel to fill numerous vacancies has increased the inventory of PPE, thereby increasing the rate of repairs and replacement causing the request of addition funds to meet this need.

1729 Rescue and Safety Equipment \$150,000 City

Funds will be used to replace and purchase breathing apparatus, rescue ropes, rigging and hardware. Breathing apparatus will need to be replaced toward the end of this capital plan. Funding will also be used for the replacement of thermal imagers, hydraulic rescue tools and for other rescue equipment in the Fire Department as needed.

1730 Emergency Medical Equipment \$75,000 City

Acquire, replace and repair emergency medical equipment.

1731 Radio and Communications Equipment \$100,000 City

Funds needed to replace and refurbish radio equipment.

1732 Station Furniture \$25,000 City

Replacement of day room furniture for all stations.

308 Community Services Administration:

1733 Vehicles (Health Dept.) \$0 City – Board of Alder Elimination

The Health Department is requesting capital funds to replace vehicles in the department's aging fleet. The majority of the vehicles are used by the Bureau of Environmental Health to conduct lead and food establishment inspections, as required by state statute and regulations as well as local ordinances. Vehicles are also used by the Bureau of Maternal Child Health, Bureau of Health Programs, Bureau of Weights and Measures, the Asthma Program, and Tuberculosis Control Program.

1734 CSA Information Kiosk \$30,000 City

Purchase of a standing kiosk for the Social Service Center on Dixwell Avenue. The purchase of the kiosk includes: software, material and supplies, labor, and nominal miscellaneous expenses for initial start-up. After the first year, the cost of \$3,000 per year would be for software upgrades and standard service repairs as needed.

1735 Senior Center Upgrades \$150,000 City

Phase II renovations at Atwater Senior Center includes: improve accessibility and functionality, mechanical/electrical systems and for purchase of equipment and furnishings for all other senior centers.

1736 Community Development and Neighborhood Place \$50,000 City

Funds will be used for this project as follows:

1. Mobile Adult literacy van fitted with information technology and accelerated adult contextual learning experience which includes books and plans to leverage existing partnership with Microsoft which will provide an instructor/consultant with programming and other items as needed to enhance the adult experience.
2. Equipment in support of social cohesion, community engagement and mobilization efforts.
3. Community services case management and reporting database to be built on Veoci platform to foster non-profit collaboration and linkage of existing and emerging community resources with Youth Stat, Boost! nFocus and other databases.
4. Equipment for improving existing public and neighborhood sites as a shared prosperity or Transformation Center whereby non-for-profits and for profits entities can collaborate and work together with residents in the neighborhoods and management teams to process eligibility to screen low-income New Haven residents for eligible federal, state, and local benefits and services.

1737 Digitization \$50,000 City

This fund will be used to digitize records occupying both office and work spaces which will maximize the use of office spaces for staff and interns and save the cost of purchasing more office filing equipment.

1738 City Emergency Shelter Physical Improvements \$77,570 City

Funds to be used for physical improvements to city run emergency shelters which will include plumbing, electrical, carpentry upgrades and other related physical improvements to the buildings that will enhance the service delivery. Funds will also be used for the re-location and reassessment of the shelter facilities as needed.

17HH CSA Rolling Stock \$0 City – Board of Alder Elimination

Purchase of two vehicles for CSA. One auto will be for the Community Service Administrator and the other for CSA staff employees who need to be out in the community on a weekly basis.

501 Public Works:

1739 Rolling Stock \$800,000 City

Funds will be spent on the replacement of the aging fleet of vehicles based on need according to the current DPW fleet replacement plan.

1740 Bridge Upgrades & Rehabilitation \$350,000 City

These funds will be used to continue to upgrade and repair operating systems on the City's moveable and stationary Bridges. Funds will also be used to rehabilitate bridge houses, motors, and electrical systems. Mechanical and structural engineering services may be engaged. Continued aging of the City's movable and stationary bridges requires continuous and additional repairs and rehabilitation. DPW's goals will identify and develop a plan to include major and minor repairs to include cost estimates to be utilized in obtaining necessary funding.

1741 Facility Upgrades and Modifications \$300,000 City

Funds will be used in support of the rehabilitation of the Public Works Facility, 34 Middletown Ave. Funds will provide for a detailed structural review and preliminary design for rehabilitation.

1742 Sidewalk Construction and Rehabilitation \$250,000 City

Funds will be used to install, repair, or replace damaged and aging sidewalks and curbing in various neighborhoods as necessary. Public Works will contract for accelerated repairs and to mitigate trip and fall hazards. Requested funds support sidewalk repair programs, isolated locations (trip & fall) and continued maintenance of the City's 476 miles of sidewalks.

1743 Pavement Management and Infrastructure \$1,603,034 State (LOCIP)

Funds will be used to continue to manage a Citywide Pavement program including milling, curb replacement, resurfacing, crack sealing /reduction, manhole and catch basin adjustments and other paving related engineering and inspection services. This includes computerized technical support and street inventory for public building construction other than schools. This includes renovation, repairs, code compliance, energy conservation, flood control projects or renovation of solid waste facilities.

1744 Refuse & Recycling Waste Stream Collection Improvements \$150,000 City

Funds will be used to continue to improve waste and recycling streams by purchasing replacement of MSW equipment vehicles and collection equipment (TOTERS). Purchase and/or repair tipping machinery and containers for outlying areas. Lifters, roll off containers for containerization of recyclables, tarps and environmental consulting. Collection and disposal practices currently in review by the Department. Public Works is requesting finding funding support for a transition to an improved collection system.

1745 Environmental Mitigation \$75,000 City

Funds will be used for capital improvements to all DPW permitted sites to ensure environmental compliance with all Federal, State and Local Laws.

502 Engineering:

1746 Street Reconstruction/Complete Streets \$3,100,000; \$600,000 City, \$2,500,000 Federal

Highlighting efforts includes design work for STP approved projects, speed bumps and bump outs, crosswalk enhancements, roundabouts and bike lanes on roads identified within the complete streets requests. Work includes the design or construction of selected roads needing adjustments to its configuration to improve the safe function of the road for all users. Highlighting efforts include design work for STP approved projects, speed humps, and bump outs, crosswalk enhancements, roundabouts and bike lanes on roads identified within the complete streets requests.

1747 Sidewalk Reconstruction \$2,950,000; \$2,800,000 City, \$150,000 Federal

Work consists of designing, repairing or replacing sidewalks within the City. This work will be based on condition surveys and priorities established by the City's Resource Allocation Committee.

1748 Bridges \$4,200,000, \$1,200,000 City, \$3,000,000 State

Funding covers the design and construction of several bridges including repairs necessary to eliminated safety concerns. Work for FY16-17 includes additional funding for the Chapel St. Bridge, the Wilmot Road Bridge over Town Brook and a culvert on Wayfarer St, along with other contingencies.

1749 Street Lighting \$150,000 City

Street Lighting Capital Funds address the replacement and addition of street lighting, particularly in areas where lighting is on city-owned poles and fed underground. The funding requested will be directed to both replacing poles that are reaching the end of their useful life and completing the conversion of the decorative lighting to LED.

1750 Facility Rehabilitation \$975,000 City

The Engineering Dept. is responsible for technical support and execution of capital projects in non-BOE City buildings. This funding is requested to support capital projects in City facilities including: roof replacements, HVAC upgrades, preventative improvements and other physical improvements. A particular focus is on HVAC equipment in the Fire Houses.

1751 Government Center \$200,000 City

Improvements to the Government center structures are a continuous program. This fund will be used for major maintenance repairs required at 165 Church Street and 200 Orange Street. Future work is expected to be consistent with the building needs and repairs over time to ensure our government facilities operate efficiently and cost effectively including furniture replacements. The largest need for FY16-17 is elevator replacement.

1752 General Storm \$400,000 City

This work provides for repairs to the City's drainage system. It includes catch basin repairs, manhole adjustments, drainage pipe replacements and outlet controls. This work is to include updating of the City's aging catch basin systems, mainly consisting of old cast iron catch basins. These basins contain components that are often not stocked by contractors and are targets for thieves looking for scrap metal.

1753 Flood and Erosion \$250,000 City

Funding includes for the management of the following projects: Flood issues still remain in several areas of the City including Morris Causeway at Townsend Avenue, Middletown Avenue, Water St, Rte. 34, Union Avenue and several shoreline failures including Criscuolo Park, Brewery Square and West River. Funds will also be used to develop and resolve these issues. Proposed uses of these funds include design/possible implementation at Division St, living shoreline at East Shore Park, and various smaller flooding issues.

1754 Goffe Street Armory \$400,000 City

This funding stabilizes the continued deterioration of the building due to the Goffe St Armory providing an opportunity for the City to mitigate its warehousing expenses by eliminating the need to rent warehouse space. The major concern is the repair of the building envelope, specifically the repair of the roof above the drill hall. The building envelope and space conditioning issues will transition it into a valuable operational and community space.

1755 Dixwell Q House Demolition \$1,050,000 City

The City is pursuing a \$15.5 Million grant from the State of Connecticut to design and construct a new Q House community center. These funds requested cover the abatement and demolition of the existing Q House structure which includes some soil remediation costs that were not in the original environmental study.

1756 Citywide Energy Efficiency Initiatives \$50,000 City

This funding will be used to support energy efficiency upgrades in City facilities. Proposed projects include the continuing conversion of the 24-hour emergency lighting to LED and the improvement of HVAC controls. Estimated utility incentives (\$35,000) will match the City's investment.

1757 Wintergreen Army Reserve Center \$250,000 City,

The City acquired the Wintergreen Army Reserve Center from the Federal Government. A principal use of the site will be as a training academy for the police department, including a new firing range (supported with a \$1 million grant from the state). The funds requested will supplement the state funding in fitting out the center for the police training academy, including classroom space, firing range, computer training facilities, and other dedicated spaces for the Police Training Academy.

702 City Plan:**1758 Coastal Area Improvements \$650,000 City**

Planning, engineering and design, state and federal permits and construction related to infrastructure and facilities in the Coastal Management Zone. This is a currently un-quantified, but ongoing need to upgrade public infrastructure in public rights of way, in public parks and publicly accessible open space and trails in order to prevent flooding and erosion, as well as deterioration of the protecting bulk heads, seawalls, and the private land they protect. Beyond the basic and general assessment of natural hazard threats identified in the City's Hazard Mitigation Plan (HMP) additional and more detailed assessments of threats and vulnerabilities such as upland flooding, tidal inundation, storm surge and erosion are currently underway in several City Departments including City Plan and City Engineers. Once these studies point the way to the measures that need to be taken to protect the City, detailed design and construction of the protective or mitigated measures can proceed. Funds may be used to match grants such as additional rounds of CDBG-DR and for project management.

1759 On-Call Planning \$125,000 City

Funds are used to hire planning architecture, engineering and graphic design professional consultants to assist in review of complex projects, to revise regulations, to assist in creating presentation materials for plans prepared by the City, developers or other consultants in order to explain complex projects to the public. Funds are also being used to quickly explore planning or architectural and engineering design options, as well as for peer review of proposals to the City.

1760 Digitizing & GIS/View Permit \$50,000

Through the utilization of an experienced consultant and City staff group it will determine how best to revise the City's GIS layers to take into account changes in Rights-of-Way, buildings demolished, new buildings and major additions to buildings, utilizing as-built drawings from the City Plan Commission Site Plan Reviews which includes changes to State DOT ROW's such as the Quininiac Bridge, Route 63 (Whalley Avenue), Quininiac Avenue, etc. Parcel splits and combines, as well as address changes and zoning designations in the Assessors data base also need to be updated. City Plan has a growing archive of As-built drawings which will be included in the overall City map and also will be retained as a large library of paper archives that will be digitized and made available for reference by City departments and the public.

703 Airport:

1764 General Airport Improves \$563,000 City

Funds will be used for Airfield painting and crack sealing as required to meet requirements set forth in 14 CFR Part 139 for certified airports. Airfield improvements are needed to existing pavement. Under our Part 139 Operating Certificate, it is required that strict standards with pavement and associated grass areas immediately adjacent to pavement (Safety Areas) are met. The aging pavement has several areas that will need to be milled and paved to stay within those requirements. Obstruction removal is required on an annual basis for the safety of the airspace for aircraft arriving and departing Tweed-New Haven Airport. All obstructions are required to be maintained or removed per FAA requirements. Currently, the need to remove obstructions from the runway approaches is necessary. After the two years of full removal, it would be estimated that the cost will be decreased due to less work required. Terminal improvements are needed in the aging facilities including flooring, replacement of equipment such as HVAC units, elevator, and automated doors and upgraded energy efficient lighting. This will be completed in stages over the next five years. Terminal improvements are needed in the aging facilities including flooring, replacement of equipment such as HVAC units, elevator, and automated doors and upgraded energy efficient lighting. This will be completed in stages over the next five years. Maintenance equipment is required to complete required tasks for the requirements to maintain our operating certificate. This equipment varies from small tractors to large loaders and support equipment to service the equipment. The current year's request includes ARFF vehicle tires, a lift for vehicle servicing, fencing and other items equipment required to maintain the airfield. The addition of SRE attachments to the existing maintenance tractors would allow the tractors to be used for snow removal in smaller areas such as our new passenger walkway and parking lot. This will ensure better snow clearance and improve safety for the public and employees. Under CFR Part 1540, we are required to maintain security under specific guidance by TSA for the airport. Our current security system in aging and outdated for the current needs of the airport. The system will need to be replaced and then additional equipment added for the new fence that was installed around the perimeter of the airport. The first phase of the project would include the base system and replacing what currently exists. The next phases would move to add new services to the new fence and gates that were installed around the perimeter of the airport.

TOTAL SECTION I	25,291,676

*Note: The Golf Course will budget for its share of the debt service payment every year and reimburse the city for its share until the obligation is satisfied.

(b) The Bonds of each series shall mature not later than the twentieth year after their date, be executed in the name and on behalf of the City by the manual or facsimile signatures of the Mayor, City Treasurer and Controller, bear the City seal or a facsimile thereof, bear the Corporation Counsel's endorsement as to form and correctness, be certified by a bank or trust company designated by the Controller which bank or trust company may also be designated as the paying agent, registrar, and transfer agent, and be approved as to their legality by Robinson & Cole LLP as bond counsel. The Bonds shall bear such rate or rates of interest as shall be determined by the Bond Sale Committee. The Bonds shall be general obligations of the City and each of the Bonds shall recite that every requirement of law relating to its issue has been duly complied with, that such Bond is within every debt and other limit prescribed by law, and that the full faith and credit of the City are pledged to the payment of the principal thereof and the interest thereon. The aggregate principal amount of Bonds to be issued, the annual installments of principal, redemption provisions, if any, the date, time of issue and sale, and other terms, details, and particulars of such Bonds shall be determined by the Bond Sale Committee in accordance with the requirements of the General Statutes of Connecticut, Revision of 1958, as amended (the "Connecticut General Statutes"), provided that the aggregate principal amount shall, upon the recommendation of the Controller, be fixed in the amount necessary to meet the City's share of the cost of each public improvement project determined after considering the estimated amount of the State grants-in-aid of the project, or the actual amount thereof if this be ascertainable, and the anticipated times of the receipt of the proceeds thereof.

(c) Said Bonds shall be sold by the Mayor with the approval of the Bond Sale Committee in a competitive offering or by negotiation. If sold in a competitive offering, the Bonds shall be sold at not less than par and accrued interest on the basis of the lowest net or true interest cost to the City. A notice of sale or a summary thereof describing the Bonds and setting forth the terms and conditions of the sale shall be published at least five days in advance of the sale in a recognized publication carrying municipal bond notices and devoted primarily to financial news and the subject of state and municipal bonds.

(d) The Mayor and the Controller are authorized to make temporary borrowings in anticipation of the receipt of the proceeds of said Bonds. Notes evidencing such borrowings shall be in such denominations, bear interest at such rate or rates, and be payable at such time or times as shall be determined by the Bond Sale Committee, be executed in the name of the City by the manual or facsimile signatures of the Mayor, City Treasurer and Controller, have the City seal or a facsimile thereof affixed, bear the Corporation Counsel's endorsement as to form and correctness, be certified by a bank or trust company designated by the Controller pursuant to Section 7-373 of the Connecticut General Statutes, and be approved as to their legality by Robinson & Cole LLP as bond counsel. Such notes shall be issued with maturity dates, which comply with the provisions of the Connecticut General Statutes governing the issuance of such notes, as the same may be amended from time to time. The notes shall be general obligations of the City and each of the notes shall recite that every requirement of law relating to its issue has been duly complied with, that such note is within every debt and other limit prescribed by law, and that the full faith and credit of the City are pledged to the payment of the principal thereof and the interest thereon. The net interest cost on such notes, including renewals thereof, and the expense of preparing, issuing, and marketing them, to the extent paid from the proceeds of such renewals or said Bonds, shall be included as a cost of the improvements for the financing of which said notes were issued. Upon the sale of the Bonds, the proceeds thereof, to the extent required, shall be applied forthwith to the payment of the principal of and the interest on any such notes then outstanding or shall be deposited with a bank or trust company in trust for such purpose.

(e) The City hereby expresses its official intent pursuant to Section 1.150-2 of the Federal Income Tax Regulations, Title 26 (the "Regulations"), to reimburse expenditures paid 60 days prior to and any time after the date of passage of this ordinance in the maximum amount and for the capital projects described herein with the proceeds of bonds, notes, or other obligations authorized to be issued by the City which shall be issued to reimburse such expenditures not later than eighteen months after the later of the date of the expenditure or the substantial completion of the project, or such later date as the Regulations may authorize. The City hereby certifies that its intention to reimburse as expressed herein is based upon its reasonable expectations as of this date. The Controller or his designee is authorized to pay project expenses in accordance herewith pending the issuance of reimbursement bonds.

(f) The Mayor, the Controller and the Treasurer, or any two of them are hereby authorized on behalf of the City to enter into agreements or otherwise covenant for the benefit of bondholder's to provide information on an annual or other periodic basis to the Municipal Securities Rulemaking Board (the "MSRB") and to provide notices to the MSRB of certain events not in excess of ten (10) business days after the occurrence of the event as enumerated in Securities and Exchange Commission Exchange Act Rule 15c2-12, as amended, as may be necessary, appropriate or desirable to effect the sale of bonds and notes authorized by this ordinance. Any agreements or representations to provide information to the MSRB made prior hereto are hereby confirmed, ratified and approved.

(g) The Mayor, the Controller and the Treasurer, or any two of them, are hereby authorized on behalf of the City to enter into any other agreements, instruments, documents and certificates necessary or desirable with respect to the consummation of the transactions contemplated by this ordinance.

(b) The Bonds of each series shall mature not later than the tenth year after their date, be executed in the name and on behalf of the City by the manual or facsimile signatures of the Mayor, City Treasurer and Controller, bear the City seal or a facsimile thereof, bear the Corporation Counsel's endorsement as to form and correctness, be certified by a bank or trust company designated by the Controller which bank or trust company may also be designated as the paying agent, registrar, and transfer agent, and be approved as to their legality by Robinson & Cole LLP as bond counsel. The Bonds bear such rate or rates of interest as shall be determined by the Bond Sale Committee. The Bonds shall be general obligations of the City and each of the Bonds shall recite that every requirement of law relating to its issue has been duly complied with, that such Bond is within every debt and other limit prescribed by law, and that the full faith and credit of the City are pledged to the payment of the principal thereof and the interest thereon. The aggregate principal amount of Bonds to be issued, the annual installments of principal, redemption provisions, if any, the date, time of issue and sale, and other terms, details, and particulars of such Bonds shall be determined by the Bond Sale Committee in accordance with the requirements of the General Statutes of Connecticut,

Revision of 1958, as amended (the "Connecticut General Statutes"), provided that the aggregate principal amount shall, upon the recommendation of the Controller, be fixed in the amount necessary to meet the City's share of the cost of each public improvement project determined after considering the estimated amount of the State grants-in-aid of the project, or the actual amount thereof if this be ascertainable, and the anticipated times of the receipt of the proceeds thereof.

(c) Said Bonds shall be sold by the Mayor with the approval of the Bond Sale Committee in a competitive offering or by negotiation. If sold in a competitive offering, the Bonds shall be sold at not less than par and accrued interest on the basis of the lowest net or true interest cost to the City. A notice of sale or a summary thereof describing the Bonds and setting forth the terms and conditions of the sale shall be published at least five days in advance of the sale in a recognized publication carrying municipal bond notices and devoted primarily to financial news and the subject of state and municipal bonds.

(d) The Mayor and the Controller are authorized to make temporary borrowings in anticipation of the receipt of the proceeds of said Bonds. Notes evidencing such borrowings shall be in such denominations, bear interest at such rate or rates, and be payable at such time or times as shall be determined by the Bond Sale Committee, be executed in the name of the City by the manual or facsimile signatures of the Mayor, City Treasurer and Controller, have the City seal or a facsimile thereof affixed, bear the Corporation Counsel's endorsement as to form and correctness, be certified by a bank or trust company designated by the Controller pursuant to Section 7-373 of the Connecticut General Statutes, and be approved as to their legality by Robinson & Cole LLP as bond counsel. Such notes shall be issued with maturity dates, which comply with the provisions of the Connecticut General Statutes governing the issuance of such notes, as the same may be amended from time to time. The notes shall be general obligations of the City and each of the notes shall recite that every requirement of law relating to its issue has been duly complied with, that such note is within every debt and other limit prescribed by law, and that the full faith and credit of the City are pledged to the payment of the principal thereof and the interest thereon. The net interest cost on such notes, including renewals thereof, and the expense of preparing, issuing, and marketing them, to the extent paid from the proceeds of such renewals or said Bonds, shall be included as a cost of the improvements for the financing of which said notes were issued. Upon the sale of the Bonds, the proceeds thereof, to the extent required, shall be applied forthwith to the payment of the principal of and the interest on any such notes then outstanding or shall be deposited with a bank or trust company in trust for such purpose.

(e) The City hereby expresses its official intent pursuant to Section 1.150-2 of the Federal Income Tax Regulations, Title 26 (the "Regulations"), to reimburse expenditures paid 60 days prior to and any time after the date of passage of this ordinance in the maximum amount and for the capital projects described herein with the proceeds of bonds, notes, or other obligations authorized to be issued by the City which shall be issued to reimburse such expenditures not later than eighteen months after the later of the date of the expenditure or the substantial completion of the project, or such later date as the Regulations may authorize. The City hereby certifies that its intention to reimburse as expressed herein is based upon its reasonable expectations as of this date. The Controller or his designee is authorized to pay project expenses in accordance herewith pending the issuance of reimbursement bond.

(f) The Mayor, the Controller and the Treasurer, or any two of them are hereby authorized on behalf of the City to enter into agreements or otherwise covenant for the benefit of bondholders to provide information on an annual or other periodic basis the Municipal Securities Rulemaking Board (the "MSRB") and to provide notices to the MSRB of certain events not in excess of ten (10) business days after the occurrence of the event as enumerated in Securities and Exchange Commission Exchange Act Rule 15c2-12, as amended, as may be necessary, appropriate or desirable to effect the sale of bonds and notes authorized by this ordinance. Any agreements or representations to provide information to the MSRB made prior hereto are hereby confirmed, ratified and approved.

(g) The Mayor, the Controller and the Treasurer, or any two of them, are hereby authorized on behalf of the City to enter into any other agreements, instruments, documents and certificates necessary or desirable with respect to the consummation of the transactions contemplated by this ordinance.

3. Reviewing and using possible open balances in capital project lines to reduce the debt of the city share from both the Board of Education and City capital projects.

APPROPRIATING ORDINANCE #5
AN ORDINANCE AUTHORIZING ISSUANCE OF
GENERAL OBLIGATION TAX ANTICIPATION NOTES AND/OR
GENERAL OBLIGATION GRANT ANTICIPATION NOTES – FY 17

ORDAINED by the Board of Alders of the City of New Haven acting pursuant to the due authorization of the General Statutes and Special Acts of the State of Connecticut, that

(a) Not exceeding **\$50,000,000** General Obligation Tax Anticipation Notes or General Obligation Grant Anticipation Notes, or any combination thereof (collectively, the “Notes”), may be issued in one or more series in anticipation of the receipt of tax collections or state grant payments, as applicable, in an amount required to pay current expenses and obligations of the City pursuant to Section 7-405a of the General Statutes of Connecticut, Revision of 1958, as amended (the “Connecticut General Statutes”), and the proceeds thereof are hereby appropriated for said purpose.

(b) The Notes of each series shall mature and be payable not later than the end of the fiscal year during which such tax collections or state grants, as applicable, are payable, be executed in the name and on behalf of the City by the manual or facsimile signatures of the Mayor, City Treasurer and Controller, bear the City seal or a facsimile thereof, bear the Corporation Counsel's endorsement as to form and correctness, be certified by a bank or trust company designated by the Controller which bank or trust company may also be designated as the paying agent, registrar, and transfer agent, and be approved as to their legality by Robinson & Cole LLP as bond counsel. The Notes shall bear such rate or rates of interest (including taxable rates) as shall be determined by the Bond Sale Committee. The Notes shall be general obligations of the City and each of the Notes shall recite that every requirement of law relating to its issue has been duly complied with, that such Note is within every debt and other limit prescribed by law, and that the full faith and credit of the City are pledged to the payment of the principal thereof and the interest thereon. The aggregate principal amount of Notes to be issued, the maturity dates, redemption provisions, if any, the date, time of issue and sale, and other terms, details, and particulars of such Notes shall be determined by the Bond Sale Committee in accordance with the requirements of the Connecticut General Statutes. The issuance of taxable Notes bearing interest includable in gross income for federal income tax purposes is in the public interest.

(c) Said Notes shall be sold by the Mayor with the approval of the Bond Sale Committee in a competitive offering or by negotiation. If sold in a competitive offering, the Notes shall be sold at not less than par and accrued interest on the basis of the lowest net or true interest cost to the City. A notice of sale or a summary thereof describing the Notes and setting forth the terms and conditions of the sale shall be published at least five days in advance of the sale in a recognized publication carrying municipal bond notices and devoted primarily to financial news and the subject of state and municipal bonds.

(d) The City hereby expresses its official intent pursuant to Section 1.150-2 of the Federal Income Tax Regulations, Title 26 (the "Regulations"), to reimburse expenditures paid 60 days prior to and any time after the date of passage of this

ordinance in the maximum amount and for the financing described herein with the proceeds of notes or other obligations authorized to be issued by the City which shall be issued to reimburse such expenditures not later than eighteen months after the date of the expenditure or such later date as the Regulations may authorize. The City hereby certifies that its intention to reimburse as expressed herein is based upon its reasonable expectations as of this date. The Controller or his designee is authorized to pay expenses in accordance herewith pending the issuance of the Notes.

(e) The Mayor, the Controller and the Treasurer, or any two of them, are hereby authorized on behalf of the City to enter into agreements or otherwise covenant for the benefit of note holders to provide notices to the Municipal Securities Rulemaking Board (the "MSRB") of certain events not in excess of ten (10) business days after the occurrence of the event as enumerated in Securities and Exchange Commission Exchange Act Rule 15c2-12, as amended, as may be necessary, appropriate or desirable to effect the sale of notes authorized by this ordinance. Any agreements or representations to provide information to the MSRB made prior hereto are hereby confirmed, ratified and approved.

(f) The Mayor, the Controller and the Treasurer, or any two of them, are hereby authorized on behalf of the City to enter into any other agreements, instruments, documents and certificates necessary or desirable with respect to the consummation of the transactions contemplated by this ordinance.

Special Fund Summary

CITY OF NEW HAVEN SPECIAL FUND ACCOUNTING

The accounting of Special Funds differs from that of the General Fund in several ways;

- (1) General Fund accounting is performed according to the City's fiscal year which is July 1 through June 30. Grant periods for Special Funds vary according to the particular source of funding. Some of the grants are based upon a calendar year (January 1 - December 31), a Federal Fiscal Year (October 1 - September 30), the City's Fiscal year or a specific time for a project to be completed. In addition, some grants are awarded in a lump sum amount that will cover multi-year time frames. For budget purposes, the grant amount shown may reflect only the portion of the grant that will be available during the City's fiscal year.

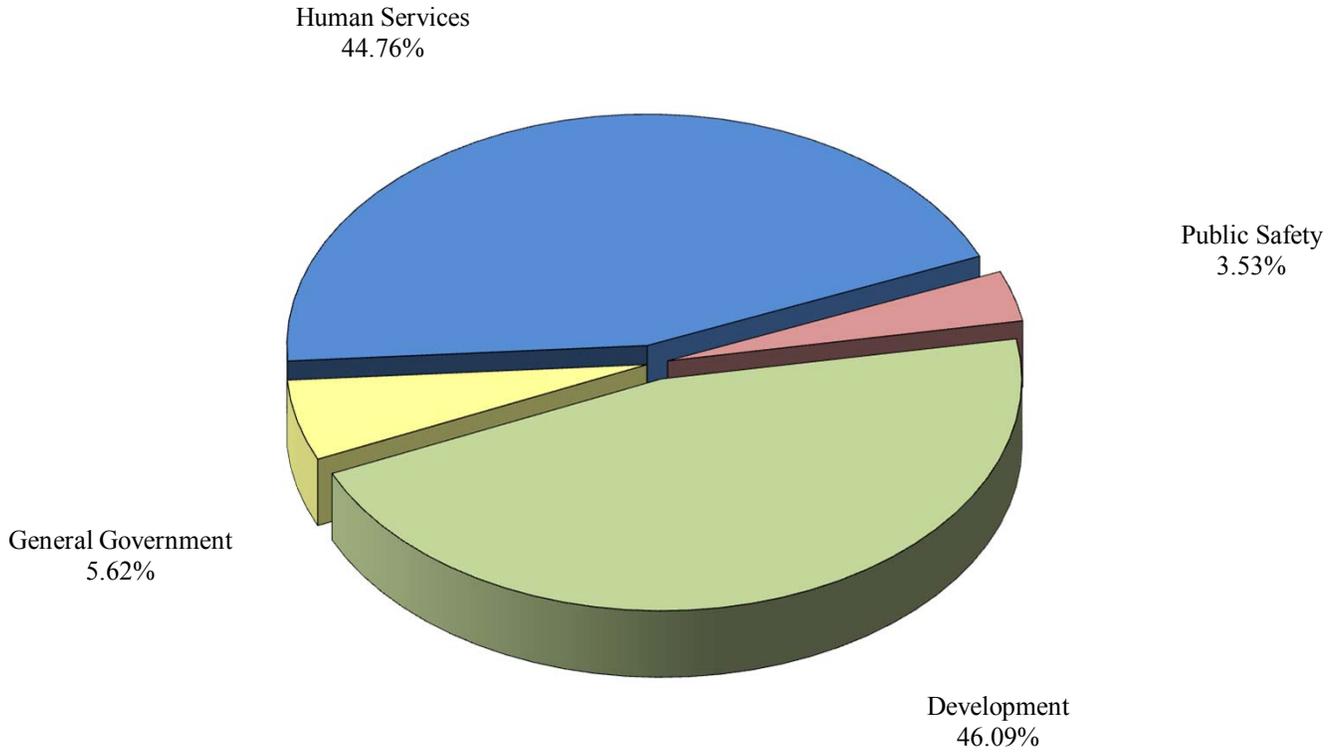

- (2) If a grant is awarded to the City each year, as is the case with the HOME program, the organization number will change to reflect the new allocation for the Fiscal Year. Any unused funds will be transferred to the new organization number.

The figures reported for Fiscal Year 2016-2017 only reflect anticipated new awards and estimated program income. This may cause large variances between the two Fiscal Years. Grants awarded in previous years that may be available in Fiscal 2016-2017 are not shown in the Mayor's Proposed Budget. At the close of Fiscal Year 2015-2016, any remaining balances will be added to and made available in the Fiscal Year 2016-2017 budget.

CITY FINANCIAL PROCEDURES

Independent Audit

The Board of Alders is required under State law to annually appoint an independent certified public accounting firm to audit the financial transactions of City funds. The City hired the accounting firm of McGladrey & Pullen, LLP to act as auditors for Fiscal Years 2014 through 2017.

Basis of Accounting

Governmental Funds (which include the General Fund, Redevelopment Bond Administration Fund, Improvement Fund, Human Resources Fund, Library Fund, Redevelopment Agency Fund, Community Development Fund, Education Grants Fund, Neighborhood Preservation and various bond series funds) and Expendable Trust and Agency Funds (Union Station Escrow Fund and others) are accounted for on the modified accrual basis. Under this method, revenues are recognized as they become both measurable and available. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except expenditures for debt service, prepaid expenditures, and other long-term obligations, which are recognized when paid.

Proprietary Funds (Golf Course and Transfer Station Enterprise Funds, Medical Self-Insurance Reserve Fund and Self-Insurance Fund) and Non-Expendable Trust Funds and Pension Trust Funds (Library Endowment Fund, City Employees' Retirement Fund, Policemen's and Firemen's Pension Fund and other funds) are accounted for on the accrual basis in which the revenues are recognized in the accounting period in which they are earned and expenses are recognized at the time they are incurred.

Pursuant to the Charter, encumbrances established in, and unliquidated at the end of any fiscal year, are considered in determining an operating surplus or deficit on a budgetary basis.

Budget Procedure

The Mayor is responsible for developing the General Fund budget of the City. During the months of January and February, the Mayor estimates both the amount of money necessary to be appropriated for the expenses of the City and the rate of taxation for the fiscal year which begins on the following July 1. The Mayor, in proposing the rate of taxation, is required to estimate the receipts from taxes for the next fiscal year at not more than one percent less than the actual rate of collection for the preceding fiscal year. The Mayor submits the recommended budget and tax rate to the Board of Alders by March 1.

The Board of Alders is required to hold two public hearings on the proposed budget, one in March following receipt and publication of the Mayor's proposal, and the second prior to final action on the budget proposal in May. During the intervening two months, the Finance Committee of the Board meets with City officials to review the budget proposal. The Finance Committee transmits the amended budget proposal on the third Monday of May to the Board of Alders.

The Board of Alders may increase or decrease individual appropriations and revenue estimates. The Board may increase the total budget, and it may increase the tax rate above the levels proposed by the Mayor, by a two-thirds vote of the entire Board. However, the Board of Alders may not reduce any amount proposed by the Mayor for the payment of principal of or interest on the municipal debt. The budget as adopted must be balanced. The Mayor, within ten days subsequent to the adoption of the budget by the Board of Alders, either may approve the budget as adopted or veto specific line items. If the Mayor does not act upon the budget within the ten day period, it becomes operative and effective without his or her signature. Any veto by the Mayor may be overridden by a two-thirds vote of the entire Board of Alders.

Financial Administration

The City's accounting system maintains expenditure control at the budgetary appropriation level. Proposed expenditures require a purchase requisition and purchase order. Funds are encumbered when the purchase order is issued or when contracts are executed. Proposed commitments in excess of appropriations are not processed until additional appropriations are made available. The Board of Alders may establish by ordinance, from time to time, an amount of appropriation under the approved budget which the Controller, with the approval of the Mayor, shall be authorized to transfer between line items within any department or from one department to another. No such transfer in excess of such authorized amount shall be implemented unless it shall be proposed by the Mayor and approved by the Board of Alders, provided that an increase in the total appropriation shall be approved only by the vote of two-thirds of the entire Board of Alders. Budgetary revenues and expenditures are monitored by the Office of Management and Budget.

After the close of the fiscal year the unencumbered balance of each appropriation shall lapse except for capital and non-recurring expenditures, and the excess of cash receipts over expenditures plus encumbrances shall be used only for capital and non-recurring expenditures for financing the succeeding year's appropriations.

No later than 28 days after the end of each month of the fiscal year, the Mayor, through the Office of Management and Budget, submits to the Board of Alders and the Commission a report showing (i) budgeted and actual revenues up to the last day of the preceding month and an estimate of such revenues for the fiscal year (ii) budgeted and actual expenditures for each budgeted agency of the City up to the last day of the preceding month and an estimate of such expenses for the fiscal year, and (iii) the projected budget surplus or deficit for the fiscal year. Each monthly report is filed in the Office of the City Clerk where it is available for public inspection.

The Commission meets monthly to review the financial condition of the City as outlined in the monthly financial reports and in the audited financial statements, and conduct such other business as may come before it.

Financial Projections

The City utilizes the "MUNIS" Financial System for the computerized monitoring of its budget and actual expenditures and revenues against the budget. The system employs rigorous encumbrance and posting requirements for all line items in the budget. A monthly distribution of the budget to actual performance status is made to all City departments and the Board of Alders.

Investment Practices

General Fund. In accordance with the City's investment policy, the City invests in certificates of deposits, repurchase agreements and money market instruments with qualified public depositories as defined in the Connecticut General Statutes Section 36-382. These qualified public depositories report to the City regularly about their capital ratios as well as the details of their posted collateral. City investment judgments are based on safety, liquidity and yield.

The City keeps a roster of qualified banks that meet the above listed criteria. The roster is periodically reviewed and analyzed for safety of the whole financial institution. In addition, the City establishes limits of deposit investments on smaller and relatively weaker financial institutions. Each account with a specific purpose has FDIC Insurance of \$250,000. Safety is a primary criterion of investment decisions of this Fund.

The City invests excess cash with the State of Connecticut Short Term Investment Fund (STIF). STIF is an investment pool of high-quality, short-term money market instruments for state and local governments managed by the State Treasurer's Cash Management Division. The General Fund and other disbursement accounts, such as the Payroll Account, are also "swept" at an overnight market rate. The City attempts to keep its funds as liquid as possible in order to meet its operational requirements for the General Fund.

Special Revenue Funds. The City maintains numerous Special Revenue funds from many grantor sources. Where program activity is funded in advance and is permitted by the grantor, the City invests consistent with the criteria listed in the General Fund section of this report.

Capital Project Funds. The unexpended proceeds from the issuance of General Obligation debt are invested in a U.S. Treasury Money Market Fund. This investment fund is segregated into various sub accounts associated with each debt issuance for arbitrage purposes. Where interest income activity is unrestricted, the City maintains the investment policy outlined for the General Fund.

Pension Trust Funds. The vast majority of City employees (excluding Department of Education teachers and administrators) are covered by two major Pension Funds. The City Charter gives the responsibility for administering these funds to two Boards of Trustees consisting of mayoral appointed citizens, the City Controller and elected union employees (the “Retirement Boards”). These funds are named the City Employees’ Retirement Fund and the Policemen’s and Firemen’s Pension Fund, respectively. The Retirement Boards independently retain professional fund managers, custodial banks, legal counsel and performance monitor professionals to assist them in performing their fiduciary responsibilities.

DISCUSSION OF SELECTED FINANCIAL OPERATIONS

General Fund Budget: Fiscal Year 2015-2016

- Capital Budget - \$41.6m – No new schools
 - Change in language regarding re-funding opportunities – Remove present value savings requirement of 2.5% - Added Appropriating Ordinance #5 to authorize short term borrowing for cash flow purposes if needed.

General Fund Budget: Fiscal Year 2013-2014. The FY 2013-2014 General Fund budget of \$497,454,609 was approved by the Board of Alders on June 3, 2013. The budget increased by 2.27% or \$11,054,255 over the previous year. The budget includes a 1.92 increase in the mill rate from 38.88 to 40.80. This is a 4.9% increase. Continued new growth in the net taxable Grand List of 1.5% resulted in \$2.6 million in additional property tax revenue.

The principles cited below were the basis upon which the FY 2013-2014 budget was developed:

- 1) Youth and academic success,
- 2) Public safety, and
- 3) Continuing economic development success.

The City also took several important steps to ensure structural balance of the budget going forward.

- No one time revenues budgeted.
- No projected labor savings or other expenditure savings plans included in budget.
- Board of Education General Fund budget increased by \$3 million.
- Fire overtime budget increased by \$1.1 million with a commitment to seat a class to fill the high number of current vacancies in the first half of FY 2013-2014.
- Police overtime budget can be increased by \$1.5 million but only with approval of the Board of Alders. Projected lapsed salary funds budgeted as a separate sequestration account. Committed to filling current vacancies through the seating of a class mid-year.
- Fully funded the Annual Required Contribution for the City Employees Retirement Fund (CERF) and Police and Fire Retirement Fund.
- Conservative revenue budgeting in areas such as licenses, permits and fees and fines saw reductions in budget.

The City has begun plans to replenish its general fund balance in Fiscal Year 2013-2014. The City closed the 2013 Series A Bonds on September 25, 2013. Savings of approximately \$4,100,000 in Fiscal Year 2013-2014 have been designated by the City as an appropriation to the “Rainy Day Reserve”. A budget appropriation for this amount was submitted to the Board of Alders in September 2013 and approved on 1-7-14.

- The City finished FY 14 with a General Fund (primary operating fund) budgetary operating surplus of \$4,743,602.
- As of the year-end, the General Fund had a fund surplus of \$22,047. This was an improvement from a negative fund balance of (\$4,721,555) at the close of FY 13.
- The FY 14 audit does not contain a designation of fund balance in the “Non Spendable” category. This is an improvement from the \$4,000,000 designated in the FY 13 Comprehensive Annual Financial Report (CAFR) to recognize a deficit in the City’s Self Insurance Fund.

General Fund Budget: Fiscal Year 2012-2013. The 2012-2013 General Fund budget of \$486,400,365 was approved by the Board of Alders on May 24, 2012. The budget increased by 2.32% or \$11,009,788 over the previous year. The budget included a decrease in the mill rate from 43.90 mills to 38.88 mills which was due to the State mandated property revaluation that the City must conduct every five years. The 2011 revaluation was fully implemented for FY 2012-2013. In addition, the Grand List experienced growth outside the revaluation which accounted for \$7.5 million in additional taxes available to the City.

The principles cited below were the basis upon which the FY 2012-2013 budget was developed and approved:

- 1) Advancing the academic success of public school children,
- 2) Assuring the safety and strength of the neighborhoods,
- 3) Transforming the City center into a strong job and tax generator, and
- 4) Connecting City residents to employment opportunities.

The budget also made significant strides in addressing several underlying issues that were problematic in FY 2011-2012. These are cited below:

- Increased General Fund budget for the Board of Education by \$1.2 million, in addition to \$3.8 million in additional State Educational Cost Sharing funds which means the Board of Education will have approximately \$5 million in additional resources for FY 2012-2013. Furthermore, the full impact of the arbitrated custodial contract will be realized in FY 2012-2013.
- Reduction in projected savings from union concessions from \$5.3 million to \$2.5 million. Clerical union scheduled to vote on new contract in late July 2012, which may be a precursor to settlement with other non-sworn bargaining units.
- Increased Police overtime budget by \$551,000 along with a commitment to seat two additional classes to achieve full staffing to alleviate personnel shortages requiring overtime.
- Increased Fire budget by over \$1.6 million with a commitment to seating a class to alleviate personnel shortages resulting in overtime.
- Reduced expected revenue from New Haven Parking Authority PILOT from \$5 million to \$2.5 million which is in alignment with actual receipts for FY 2011-2012.
- Increased medical benefits budget by \$3 million to keep pace with projected medical benefits increases notwithstanding on-going labor negotiations.
- Reduction in parking tag revenue by \$400,000 to meet FY 2011-2012 projected levels.

It should also be noted that the City increased its annual appropriation for both the City Employee Retirement Fund (\$650,349) and the Police & Fire Pension Fund (\$927,245) in order to meet the Annual Recommended

Contribution (ARC) as determined by the City's independent actuaries.

The FY 2012-2013 General Fund budget ended the year with a deficit of (\$4,505,102).

The budget deficit was attributable to revenue shortfalls of \$4.5 million. Of particular note, the State's error in not updating the second year of the biennium budget to reflect state wide re-valuations resulted in the City budgeting a State provided number that was inaccurate. The City budgeted \$37.6 million in this line item and actual receipts were \$35.1 million. Additionally, the projected re-calculation of the Yale/New Haven Hospital payment after the merger with St. Raphael's Hospital did not take place leading to a shortfall in revenue of \$1.6 million. Also, there was a shortfall of \$1.47 million in revenues from the State Revenue Sharing program. The City budgeted \$3.86 million in this line item, which was based on actual revenues receive in FY 2011-2012. On a positive note, the tax collection rate against the current levy remains above the FY 2011-2012 level and should approach 98%. Additionally, conveyance taxes, meter collections, parking tag collections and building permit fees all showed significant increases over FY 2011-2012. The expenditure budget faced pressure in FY 2011-2012 from expenses associated with the February blizzard which impacted the General Fund via overtime costs and through contractor costs for snow removal. This level of expenditure was unanticipated. The Board of Education also exceeded its appropriation as did the Police and Fire Departments. Expenditures in the employee medical benefits program were slightly reduced in FY 2012-2013 compared to FY 2011-2012 as were workers compensation claims expenses

Fiscal Year 2011-2012 General Fund Budget

The 2011-2012 General Fund Budget of \$475,390,577 was approved by the Board of Alders on May 23, 2011. The budget increased by 0.81% or \$3,807,482 million over the previous year. This budget maintains the current mill rate at 43.90 mills while freezing the 2006 property re-valuation at year 2 as is permitted by State Statute. Property tax revenue has increased by \$6.7 million due a 2.97% increase in the 2010 Grand List. The revenue budget reflects the Governor's Biennium budget (FY 2011-2012 and FY 2012-2013) which maintains core education funding while providing new sources of revenue that will provide structural tax relief to the City. The budget does not contain one time revenues from the sale of assets or similar types of transactions. Nearly every operating department incurred reductions in their budget while the Board of Education was flat funded at \$173 million for the 4th consecutive year. Non-Education staffing levels were reduced by 4% as 65 full time positions were eliminated. These included reductions in both Police and Fire staffing levels. The City plans to meet its actuarial recommended contribution (ARC) to both its pension funds although the increase in required funding is \$9.1 million over the previous year. The budget also contains anticipated expenditures savings from on-going labor negotiations with many of the City's bargaining units including Police and Fire. The emphasis in these negotiations is changes to the medical benefits and pension plans which are expected to provide budget relief over the long term. The budget ended with a deficit of (\$8m).

Fiscal Year 2010-2011 General Fund Budget

The 2010-2011 General Fund Budget of \$471,583,095 was approved by the Board of Alders on May 27, 2010. The budget increased by 1.64% or \$7,582,337 million over the previous year. This budget included a 1.69 mill rate increase to 43.90 mills. Residential tax increases were about 4% with the City recognizing about \$3.1 million in new taxes attributable to grand list growth. In addition, the City elected to continue to hold the phase in of property values from the 2006 property revaluation at the 2nd year level as allowed by the State Statute. The budget as approved contained \$8.0 million in revenues that were expected to be realized through a monetization agreement with a 3rd party based upon future parking meter revenues. This initiative was not approved by the Board of Alders, leading to an \$8.0 million shortfall in this line item. Other revenue shortfalls were experienced in Building Permit revenue (\$3.0 million), parking meter receipts (\$1.2 million) due in part to difficult winter conditions. These revenue shortfalls were partially mitigated by a number of actions taken by the City including a February reduction of 82 positions (including the Board of Education and sworn Police Officers), a stringent

non-personnel control program, an expansive review of previously approved capital project programs, and the sale of City assets. In addition the unforeseen late receipt of \$11.2m in past due school construction reimbursements from the State allowed the City to end the year in balance while addressing a long standing revenue reconciliation problem with State Property PILOT and to address a portion of the Food Service fund deficit. Another bright spot on the revenue side of the budget was local tax collection efforts. The diligent work of the Tax Collector's Office in conjunction with the Assessor's Office led to a successful year as collections were 98%. The City has completed the fiscal year with an operating surplus of \$649,903 resulting in a fund balance of \$16,827,620 of which \$7m has been designated as non spendable because of deficits in several internal service funds namely, self insurance, food service and day care.

Fiscal Year 2009-2010 General Fund Budget

The 2009-2010 General Fund Budget of \$464,000,758 was adopted on May 26, 2009. The budget increased by \$8,353,242 or 1.83% over the FY2008-2009 general fund budget. The mill rate remained constant at the previous level of 42.21 mills. In addition, the City elected to hold the phase in of property values from the 2006 property revaluation at the 2nd year level as allowed by the State of Connecticut legislation. As a result of a retirement incentive program and position reductions via employee layoffs, the City reduced the number of budgeted positions by 97 with additional reductions planned in the Board of Education Department. The budget enabled the City to continue its goal of violence control and public safety by hiring another new class of 45 officers to complement the class recently hired. This budget included a major personnel initiative in the Office of the Assessor increasing the size of its staff to enhance the capabilities of that department in the development of the City's annual Grand List. Also, the City had reached a new agreement with Yale University to increase their voluntary payment to the City by \$2.5 million. In order to assure the City's long term financial health, the budget earmarked funding for a new five-year financial plan to be conducted by the Finance, Review and Audit Commission. Its' mission was to identify savings in the three core areas of healthcare, pensions and agency reorganization with the intention of instituting and realizing savings starting in Fiscal Year 2010-2011. Throughout the fiscal year, the City has made adjustments through its Monthly Report to the Board of Alders to both the revenue and expense side of the budgets to meet projected over expenditures or revenue shortfalls. By doing so, the City has completed the fiscal year with an operating surplus of \$151,928 which would result in a fund balance in excess of \$16.17 million.

Fiscal Year 2008-2009 General Fund Budget

The 2008-09 General Fund Budget of \$455,647,516 was adopted on June 2, 2008. The budget increased by \$10,207,302 or 2.29% over the FY 2007-08 amended general fund budget. The budget's mill rate was maintained at 42.21 mills as the second year of the 2006 revaluation was phased in. The budget continued to address the programs and services valued by its residents. In 2007, the City launched a series of initiatives aimed at stopping violent crime. In FY 2008-09 the City continued these programs with the introduction of a new police class of 45 officers. These officers enabled the City to increase its foot and bicycle patrols. The 2008-09 budget incorporated a \$4.5 million increase to the operating budget for the Board of Education as the Board met its State mandated minimum budget requirement as well as meeting the contractual salary increases and providing funding for new school nurses. In addition, the City's Office of Technology embarked on a multi-year plan to reduce the City's overhead cost through the development of a paperless government environment made more efficient by the construction of a "green" platform for City departments to create and share documents including City permits, E-bills, contracts and purchase orders. This budget enabled the City to continue to fund its economic development initiatives making improvements in its downtown lighting and streets, demolition of abandoned housing and residential rehabilitation and investments into its commercial and medical developments. With the submission of the September 2008 monthly financial report to the Board of Alders, the City implemented an action plan to balance the budget to compensate for revised revenue projections being less than originally budgeted and for revised expenditure projections being higher than originally budgeted. The action plan was modified throughout the fiscal year. Major components to the plan included a retirement incentive, two rounds of staff reductions, the sale of some City assets (such as old, superfluous schools), lease of some City parcels, implementation of an expenditure control program and the initiation of a new voluntary PILOT program with the New Haven Parking Authority. In addition, the City continued its

energy procurement and conservation program which significantly reduced utility costs during the year and is expected to avoid significant utility costs in the future. As a result of these actions the City ended FY 2009 with a surplus of \$517,531 which was added to the fund balance bringing that total to \$16,025,789.

Fiscal Year 2007-2008 General Fund Budget

The 2007-08 General Fund Budget of \$442,983,888 was adopted on May 29, 2007 by the Board of Alders. The Budget increased by \$21,974,384 or 5.21% over the FY 2006-2007 amended General Fund Budget. The Budget included a mill rate reduction from 44.85 mills to 42.21 mills. However, the City also implemented the first year (of a planned five year) phase-in of the new property values resulting from the October 1, 2006 Revaluation. The Budget included 14 new police officer positions, bringing the sworn strength of the Police Department to 495 officers – the highest level ever. It also included the creation of a Youth Division to coordinate all Youth Services. A \$5 million dollar increase was approved for the Board of Education along with increases in medical benefits, debt service, pension, worker compensation and normal worker salary increases. The cost increases were covered through revenues derived from an increased tax levy, increased State Aid and increased fees resulting from a comprehensive review of all permit, license and fee revenue. On September 28, 2007, in accordance with City Ordinance, the Mayor notified the Board of Alders that certain revenue and expense items were not in balance. An action plan was submitted and subsequently approved by the Legislative Body to meet increased expenses and shortfalls in original revenue projections. The action plan included the implementation of City-wide expenditure controls and the enhancement of revenues from an increased property tax program, personal property tax audit program, sale of certain City owned property, creation of a Municipal Solid Waste Authority, increased parking tag collection program and increased enforcement of building permit revenue. The 2007-08 General Fund Budget was amended to \$445,440,214 and was balanced at June 30, 2008 and the City ended the year with a \$785,708 surplus bringing the fund balance to \$15,508,258.

Employee Relations

Understanding that work force costs and performance are essential to the fiscal soundness and effectiveness of local government, New Haven has focused on collective bargaining as a means to contain costs and increase productivity. At the same time, New Haven has sought a partnership with each of its thirteen bargaining units to develop an appropriate methodology and to balance the City’s ability to provide benefits to its employees to a level commensurate with its ability to pay. Key to the success in reducing benefit costs was introducing a three tiered premium cost sharing program in its self insured medical benefit program, and then further negotiating reduced costs through less expensive medical benefit programs aimed at shifting from expensive indemnity plans to a managed care plan negotiated with a single Preferred Provider Organization. In continuing its success with this strategy, most unions have worked with the City to further reduce the number of available medical plans to only two of the less expensive plans. In addition, the City has successfully negotiated the three tiered co-pay program in its pharmaceutical program. The City has been successfully in recent negotiations in its pursuit of more cost effective health and benefit packages with its labor unions.

Risk and Benefits Management

The City has maintained a Risk Management program aimed at controlling expenditures in Workers' Compensation, Employee Benefits, Pensions, and overall General Liability, which includes auto, public official liability, and other general litigation.

City employees still receive a diverse range of benefits, including: inpatient care, outpatient care, home health and hospice services, emergency care, specialty provider services, maternity benefits, mental health/substance abuse services, prosthetic devices/medical equipment, and other outpatient services. The next step will be to move employees to a Health Maintenance Organization. Concurrently, the City has developed an on-line medical benefits database for all present and former employees who are covered by the City's health benefits program. This resulted in greater internal control over expenditures for health benefits and improved administration of the program. The City also implemented on-line access to the major medical carrier's database. This enhanced service to employees concerning reimbursement inquiries and further increased accuracy and efficiency.

Protective Self Insurance Program: New Haven established its Protective Self Insurance Program (PSIP) to serve as a master insurance policy for umbrella coverage for claims incurred after July 1, 1998. The PSIP has a self insured retention of \$1.0 million and a total limit of \$20.0 million for auto, law enforcement and general liability. The policy also provides property damage coverage for City-owned property and automobiles. Previously, all claims were paid out of a Public Liability account funded through the City's General Fund budget, placing the City without a cap on its exposure. In addition, the City has Public Officials liability with a total limit of \$5.0 million.

Motor Vehicle Policy and Training: To reduce costs associated with automobile-related claims, New Haven instituted a comprehensive policy to regulate who may operate a City vehicle and under what conditions. All employees will be required to attest that they understand the policy prior to operating the vehicle. Police, Fire, Parks, and Public Works employees also take part in a six-point defensive driver training program, with refresher courses given as scheduled.

Occupational Health and Safety Administration Program (OSHA): The City has been aggressively organizing and implementing the core programs required by OSHA. This is being done to be in compliance with Federal program mandates and creating a safe work environment. The safer work environment will reduce job-related injuries and save the City on workers' compensation claims.

Workers' Compensation: The City has completed two workers' compensation portfolio transfers. These portfolio transfers involved selling retired and terminated open workers' compensation and heart & hypertension claim files to a private insurance company.

Employee Benefits: The City has moved all active employees to a Preferred Provider Organization from an Indemnity Plan, and has required premium cost sharing for all bargaining units. Retirees also pay a portion of the retirement benefit costs.

Employee Retirement System

The City of New Haven is the administrator of two single employer public retirement systems established by the City to provide pension benefits for its employees. The public employee retirement systems are considered part of the City of New Haven’s financial reporting entity and are included in the City’s financial reports as pension trust funds. The City provides benefits through a single employer, contributory, defined benefit plan in which practically all full time employees of the general fund, including non-certified Board of Education employees are eligible under the City Employees Retirement Fund (CERF) while all policeman and firemen are eligible in the Policemen and Firemen’s Relief Fund (P&F). CERF was established in 1938. The Policemen and Firemen’s Fund was created in 1958 as a replacement for separate police and fire pension funds. The former Policemen’s relief Fund and the Firemen’s Relief Fund were merged into the combined fund in 1990. Retirements benefits for certified teachers are provided by the Connecticut State Teacher’s Retirement System. The City does not contribute to this plan.

Since the approval of the FY1995 budget, the City has contributed 100% of the actuarial recommendations to its two employee retirement funds.

The table below summarizes the City’s General Fund contributions to the pension program. Fund contributions are made as determined by actuarial recommendation. Since FY1995, the City has contributed the actuarially determined contribution for both pension funds.

Board of Education

The New Haven public school district is coterminous with City boundaries. The Department of Education is a department of the City and is governed by an eight member Board of Education. The Board consists of the Mayor and seven mayoral appointees who serve staggered four year terms. The Department is administered by a Superintendent of Schools who is appointed by the Board of Education. The Department is financed through the General Fund of the City and the State principally through the Education Cost Sharing Grant and its budget is prepared in the same manner as that of other City departments. Expenditures of the Department are audited by the City’s auditor. Financial transactions vary from those of other City departments in that subsequent to adoption of the General Fund budget, the Board of Education has control over its budget.

The City issues debt on behalf of the Department of Education, and with the exception of certain categorical State and Federal grants, all revenues and reimbursements are accounted for in the General Fund. The State reimburses the City for certain debt service costs associated with debt for eligible Board of Education projects.

Based on audited figures for Fiscal Years 2001 through 2014, the City has continued to meet the Minimum Expenditure Requirement of Section 10-262(j) of the Connecticut General Statutes.

DEBT OF THE CITY

Procedure for Debt Authorization: City bonds are customarily authorized concurrent with the City's capital budget appropriations. The Charter provides that the authorization of bonds be specific as to the purpose of such issue and in no case shall the term of any bond issue be greater than the life of the public improvements therein provided for, as determined by the Board of Alders. In addition, State law authorizes the City to issue revenue bonds and to borrow in anticipation of the sale of bonds or the receipt of grants. The Code of Ordinances delegates responsibility with respect to the issuance and sale of bonds and notes to the Bond Sale Committee.

The Bond Sale Committee, consisting of the Mayor, the Controller, and the President, Majority Leader, and Minority Leader of the Board of Alders, supervise and approve all issuances and sales of bonds, notes, or other obligations of the City authorized by the Board of Alders pursuant to the statutes, Charter or ordinances. The Bond Sale Committee determines the rates of interest, maturity schedules, and all other terms, details, and particulars pertaining to the issuance and sale of City bonds, notes, or other obligations.

Debt Limitation: The City is limited by State law to incurring indebtedness, in certain classes, in amounts which will not cause the aggregate indebtedness in each class to exceed the factors multiplied by total tax collections for the most recent audited fiscal year preceding the date of issuance. The computation of total tax collections includes current and back taxes, interest, penalties, and certain payments made by the State to the City in lieu of taxes as authorized under State law. Certain indebtedness is excluded in computing aggregate indebtedness as follows:

- a. Each bond, note and other evidence of indebtedness issued in anticipation of taxes or issued for the supply of water, for the supply of gas, for the supply of electricity, for the construction of subways for cables, wire and pipes, for the construction of conduits for cables, wires and pipes and for two or more of such purposes;
- b. Each bond, note or other evidence of indebtedness issued in anticipation of the receipt of proceeds from assessments which have been levied upon property benefited by a public improvement; and
- c. Each bond, note or other evidence of indebtedness issued in anticipation of the receipt of proceeds from any State or Federal grant.

City Debt Service: The following table outlines general obligation debt payments as a percentage of general fund expenditures.

Debt Management: Over the past ten years, the City authorizations reflected the need to improve and maintain the City’s infrastructure and the quality of public services. Funding was authorized for new school facilities as well as improvements to existing schools. The City replaced aging or obsolete public safety equipment, improved City parks, and provided funding for economic and neighborhood development projects. Funds were also authorized for the renovations and replacement of bridges, solid waste management and sewer separation projects. For some of the projects, local funds supplemented grants from the State and Federal governments.

The \$149.2 million FY2005 Capital Budget focused on education, economic and neighborhood development, public works, and parks and recreation. City bonding and notes accounted for \$38.6 million, State and Federal financing provided \$103.3 million, the WPCA \$7.3 million and \$34,183 came from redesignations.

The \$116.1 million FY2006 Capital Budget focused on education, police services, fire services, and public works. City bonding and notes accounted for \$36.5 million, State and Federal financing provided \$74.0 million and \$5.5 million came from the WPCA.

The \$128.1 million FY2007 Capital Budget focused on education, public works, Tweed New Haven Airport, and economic development. City bonding accounted for \$36.2 million, and State and Federal financing provided \$91.8 million.

The \$137.7 million FY2008 Capital Budget focused on education, development, engineering, and public works. City bonding accounted for \$36.5 million, and State and Federal financing provided \$101.2 million.

The \$82.4 million FY2009 Capital Budget focused on education, public works, development, and engineering. City bonding accounted for \$38.0 million, and State and Federal financing provided \$44.4 million, and \$826,723 came from redesignations and other sources.

The \$23.3 million FY2010 Capital Budget focused on education, public works, development, and engineering. Certain capital appropriations originally budgeted as state share and re-appropriated as city share (\$41.8 million), and two discontinued school projects (\$64.0 million) account for this credit balance. However, of the \$82.5 million newly financed, City bonding accounted for \$50.7 million, State and Federal financing provided \$29.5 million, and \$2.3 million came from redesignations and other sources.

The \$41.2 million FY 2011 Capital Budget focused on police and fire services, education, public works, development, and engineering. City bonding accounted for \$28.57 million, and State and Federal financing provided \$12.7 million.

The \$44.4 million FY 2012 Capital Budget focused on police and fire services, education, public works, development, and engineering. City bonding for education school construction accounted for \$17.9 million and State and Federal financing provided \$26.5m

The \$124.2 million FY 2013 Capital Budget focused on police and fire services, education, public works, development, and engineering. City bonding accounted for \$61.4 million, and State and Federal financing provided \$62.8 million.

As described in the Capital Improvement Program, herein, the FY2017 Capital Budget and Five Year plan focuses on economic development, engineering, education, rolling stock and information technology.

Short Term Indebtedness: Whenever any town or city in the State has authorized the issuance of general obligation bonds under the provisions of any public or special act, it may authorize the issuance of temporary notes in anticipation of the receipt of the proceeds from the sale of such bonds. The amount of such notes may equal but not exceed the amount of such bonds and can be renewed from time to time. Should the period between the date of the original notes and the maturity of the notes exceed two years, a payment of principal is required during the third and each subsequent year during which such temporary notes remain outstanding. Notes may not be renewed beyond ten years from the date of original issue. In addition, the General Statutes of Connecticut authorizes the City to borrow in anticipation of the receipt of State grants in aid.

School Construction Projects: For school construction projects approved by the State Legislature prior to July 1, 1996, the State of Connecticut will reimburse the City for principal and interest on bonds issued for eligible school construction costs over the life of outstanding school bonds.

For projects approved on or after July 1, 1996, Section 10-287(i) of the Connecticut General Statutes provides for proportional progress payments for eligible school construction costs. The City will only be required to issue bonds for costs net of such progress payments. The City is currently reimbursed at the rate of approximately 79 percent. This percentage is recalculated by the State annually. For certain Charter and Magnet Schools the reimbursement rate is 90 percent. All of the current school projects under construction were approved after July 1, 1996 and are subject to progress payments.

School construction projects that were approved by the State on or after July 1, 1996 are subject to progress payments which reimburse the City for costs during construction. In order to facilitate cash flow, the City has issued a general obligation note in anticipation of the State grants under a tax-exempt revolving loan agreement (the "Agreement"). This general obligation note can accommodate the issuance of up to \$80,000,000 of grant anticipation notes under the Agreement which expires on June 1, 2013. As of June 30, 2012, the City has \$49,181,244 of notes outstanding under the Agreement.

Authorized But Unissued Debt: As of June 30, 2015 the City had approximately \$217,000,000 in bonds authorized but unissued. This amount has been authorized solely for school construction bonds as of June 30, 2015.

Contingent liabilities of the City consist of New Haven Parking Authority revenue bonds and the Shubert Performing Arts Center management lease agreement which do not constitute a pledge of the full faith and credit of the City.

The Greater New Haven Water Pollution Control Authority: Pursuant to Section 22a-500 to 22a-519, inclusive, of the Connecticut General Statutes, as amended (the "Act"), and following the enactment of concurrent ordinances by the legislative bodies of the constituent municipalities of New Haven, East Haven, Hamden and Woodbridge (the "Constituent Municipalities") and the approval of a preliminary plan of operation by the Commissioner of Environmental Protection and the State Treasurer on July 28, 2005, the Greater New Haven Water Pollution Control Authority (the "Authority") was created as a public body politic and corporate of the State, and a political subdivision of the State established and created for the performance of an essential public and governmental function. The Authority was created to purchase the assets of the New Haven WPCA, including the East Shore Treatment Plant (the "Treatment Plant") which serves the Constituent Municipalities and to operate the Treatment Plant and to use, equip, re-equip, repair, maintain, supervise, manage, operate and perform any act pertinent to the collection, transportation, treatment and disposal of sewage with respect to the Constituent Municipalities.

Prior to the sale, operation and maintenance of the Treatment Plant had been performed under contract by Operations Management International, Inc. ("OMI") since 1997. This contract was assigned to the Authority and OMI has continued with its current responsibilities. OMI is also responsible for the operation and maintenance of the regional wastewater collection system, a role it performed previously with respect to the New Haven wastewater system. Similarly, the Authority assumed the contract with Synagro-CT, Inc.

("Synagro") to dispose of the sludge accumulated in the wastewater treatment process. Synagro has provided that service at the Treatment Plant since 1995.

The Authority issued \$91,290,000 Greater New Haven Water Pollution Control Authority Regional Wastewater System Revenue Bonds, 2005 Series A Bonds (the "2005 Series A Bonds") under and pursuant to the Act and an Indenture of Trust, dated as of August 1, 2005 between the Authority and U.S. Bank, National Association, as Trustee (the "Indenture"), to finance (i) the acquisition from the Constituent Municipalities of their wastewater systems pursuant to an Asset Purchase Agreement, (ii) payments to the Constituent Municipalities for the purpose of providing funds to each such municipality sufficient to defease its outstanding general obligation debt issued for its wastewater system, (iii) deposits into a debt service reserve for the 2005 Series A Bonds and other reserves, and (iv) financing costs related to the issuance of the 2005 Series A Bonds. Simultaneously with the issuance of the 2005 Series A Bonds on August 29, 2005, the Authority received from the four Constituent Municipalities quitclaim deeds and other instruments of conveyance of their real property and personal tangible wastewater assets that comprise the regional wastewater system.

Upon the delivery of the 2005 Series A Bonds the City received \$34,332,000 from the Authority for its wastewater system, and \$28,433,383.93 to defease \$26,600,489.64 of its outstanding general obligation debt issued for its wastewater system. In addition, the Authority assumed \$33,306,979 of the City's outstanding general obligation debt issued to the State of Connecticut under the State's Clean Water Fund program ("Assumed Clean Water Fund Obligations"). The Assumed Clean Water Fund Obligations were replaced with Clean Water Fund Obligations of the Authority on June 14, 2007.

The Authority has assumed and continued the City's original comprehensive program to separate storm and sanitary sewers in the City ("CSO Program"). CSO projects will be financed by loans and grants under the State's Clean Water Fund which are eligible for 50% grants. The balance will be financed by loans bearing interest at a rate of 2% per annum. As specified in the CSO Agreement between the City and the Authority, the City will be responsible for payment to the Authority of 40% of the costs associated with Clean Water Fund Obligations issued pursuant to the CSO plan.

CAPITAL IMPROVEMENT PROGRAM

The Capital Improvement Program of the City begins with departmental requests identifying the projects and providing an estimate of the cost and justification of the project. The departmental requests are transmitted to the Capital Projects Committee composed of the Controller, two members of the Board of Alders (not from the same political party) a member of the City Plan Commission appointed by the Mayor, the Planning Director, and four citizen members appointed by the Mayor, whose terms run concurrently with the Mayor's.

The Capital Projects Committee reviews and evaluates departmental requests and recommends a Capital Improvement Program to the Mayor not later than February 15th of each year. The Mayor shall prepare and submit a capital budget to the Board of Alders as part of the annual budget submission. After a public hearing, the Board of Alders adopts an ordinance appropriating funds for capital projects. The capital budget is primarily used to finance improvements with an average life of five years or more as well as large scale permanent improvements. Regular capital improvement programs for the maintenance of City streets, sewers, parks and for purchases of major equipment are also financed through the capital budget. Capital budget funding comes from the following three primary sources: the City's general obligation bonds, State resources and Federal resources.

The New Haven Parking Authority was created and established in 1951 by the General Assembly of the State. The Parking Authority consists of the Traffic Engineer for the City and a Board of Commissioners with five members appointed by the Mayor, not more than three of whom may be members of the same political party. The term of the appointed members of the Parking Authority is five years and one member's term expires on August 15 in each year. The term of the Traffic Engineer is indefinite. The daily operations of the Parking Authority are administered by its Executive Director.

The Parking Authority is authorized in the name of the City to acquire, construct, reconstruct, improve, operate and maintain parking facilities at such locations as shall be approved by the Board of Alders. Subject to authorization and approval by the Board of Alders, the Parking Authority has the power to acquire real property or any interest therein for parking facilities by purchase, gift, devise, lease or by exercise of the power of eminent domain. The Parking Authority owns and operates or leases (as lessor) six major multi-level, drive-in parking garages primarily serving the downtown areas of the City. In addition, the Parking Authority owns or leases (as lessee) and operates sixteen surface parking lots serving the downtown and other areas of the City. The Parking Authority is also authorized, subject to authorization and approval of the Board of Alders, to finance its various projects through the issuance of general obligation bonds of the City, revenue bonds or bond anticipation notes, which may be secured using revenues from the following sources: ad valorem tax levies; parking fees and special charges from the use of parking facilities; appropriations duly authorized from the General Fund of the City; assessment of benefits against owners of real estate specifically benefited by any parking facility; gifts; bequests; devises; grants in aid or otherwise; and on-street parking revenues. The Board of Alders, in authorizing the issuance of revenue bonds, also fixes the initial schedule of rates, rentals, fees and other charges for the use of the parking facilities to be financed.

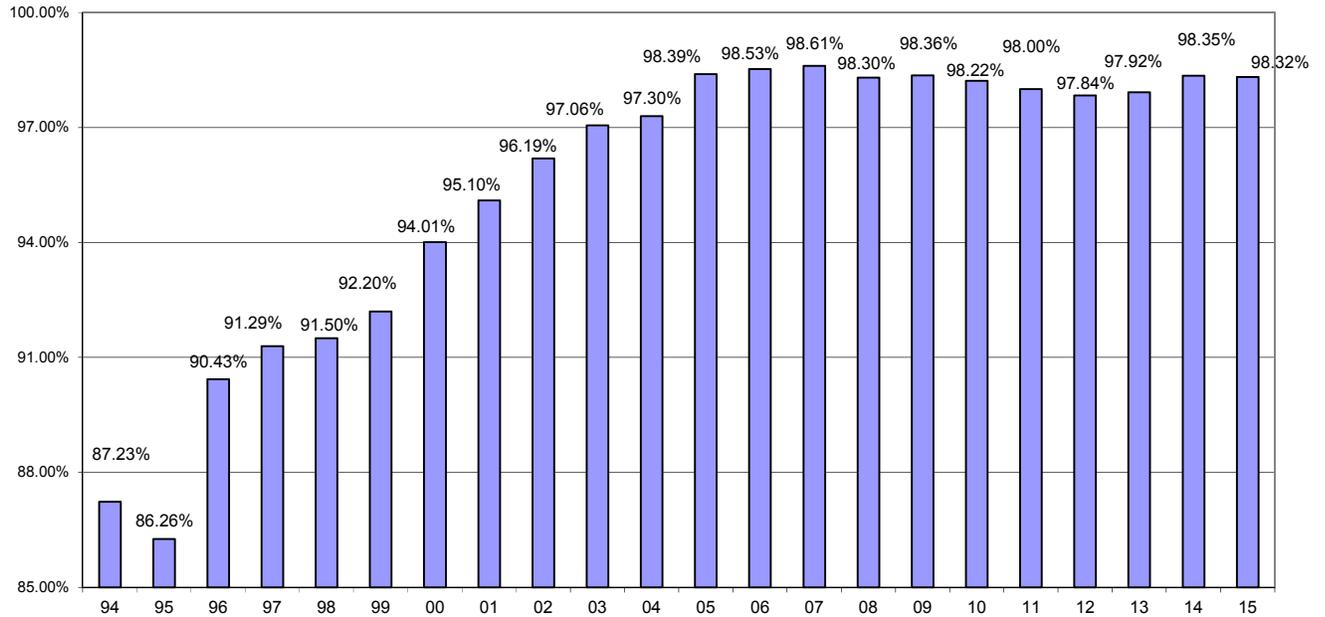

The Parking Authority is accounted for as a component unit in accordance with generally accepted accounting principles. By ordinance, annual audits must be conducted by an independent certified public accountant chosen by the Parking Authority.

The New Haven Solid Waste and Recycling Authority (NHSWRA) was created by Board of Alders vote on March 31, 2008. The NHSWRA is a municipal resource recovery authority whose responsibility is to provide the essential public and government function of furthering the health, safety and welfare of its residents. The NHSWRA is specifically responsible for the operations and management of the City's transfer station for solid waste
