AG The New Haven PD, in particular Lieutenant Sean Maher, has taken trainings with the International Association for Crime Prevention Through Environmental Design and in my conversations with him on this issue, I think he understands the critical distinction between more lighting and better lighting

I How is the tree ordinance? Wish it could have been passed years ago.

Christopher Cane 01:43:16

CC My wife is horrendous right now, but the CT Outdoor and Environmental Education Association (COEEA) is organizing a listening session bring people together to understand how to better support EE orgs and educators in New Haven. Have links for a survey to coordinate if folks are interested.

I There is a public hearing for two Maples on Everit st. Tuesday 4/16 at 8:30

Laura Cahn 01:43:58

LC Save the Sound filed an appeal in the D.C. Circuit U.S. Court of Appeals challenging the FAA's Finding of No Significant Impact (FONSI) and Record of Decision (ROD) for the Tweed expansion. We filed our statement of issues on March 19, 2024, and that document can be found [here:2024.03.19_STSSStatementOfIssues.pdf](https://www.savethesound.org/2024.03.19_STSSStatementOfIssues.pdf) (savethesound.org)

I A second hearing for a plane tree on Nicoll st same day at 9:30

Laura Cahn 01:44:18

LC On March 13, 2024, both the Tweed New Haven Airport Authority and Avports LLC petitioned the Court to intervene in the matter on the side of the FAA. Save the Sound and East Haven did not oppose the intervention of Tweed New Haven Airport Authority, as they are an interested party and their petition would likely be granted. We did, however, file objections to Avports' motion, claiming that Avports' rights are entirely derivative of the Airport Authority's rights and Avports has no interest in the lawsuit that would not be adequately represented by Tweed. That document can be found here: [2024.03.25_STSOppositionToAvportsIntervention.pdf \(savethesound.org\)](#)
