

**NEW HAVEN CITY PLAN COMMISSION ADVISORY REPORT**

**RE:** **ORDER OF THE BOARD OF ALDERS** amending Article II of the New Haven Code of Ordinances to include Global Positioning System (GPS) regarding enforcement of the New Haven noise control ordinances as applicable to commercial waste collectors.  
(Submitted by: Alder Roth, Alder Sabin, Alder Douglass, and Alder Hurt)

**REPORT:** **1573-13**

**ADVICE:** **No Advice**

**BACKGROUND**

Alder Roth, Alder Sabin, Alder Douglass, and Alder Hurt have submitted a request to the Board of Alders to consider amending Article II of the New Haven Code of Ordinances to enable Global Positioning System (GPS) data to be used to help ensure that commercial waste collectors pick up trash and recycling in New Haven to do not conduct business before the time allowed by law (before 6:00 am in most parts of the City and before 5:00 am in Downtown and near Yale New Haven Hospital's two campuses). The Order is submitted in response to a significant number of complaints received regarding commercial waste collectors violating these regulations.

**ADVICE**

Amending the code complies with the Comprehensive Plan but the Commission does not have sufficient information to make a recommendation.

**ADOPTED:** September 16, 2020  
Ed Mattison  
Chair
