Blocked Catch Basins ▶ Open
(/issues/4947060-blocked-catch-basins)

Share!

1159 Quinnipiac Avenue New Haven, CT

Caller reports that the catch basins in front, and across the street from, 1159 Quinnipiac Avenue are blocked from within. Caller believes that the main sewer lines are experiencing the blockage, and flooding results during inclement weather. Please investigate and address as soon as possible.

Jeanette gallucci (Registered User)

On the one-way street of eastern st the drains are all so covered over with black top tar

09/25/2018 Flag

Jeanette gallucci (Registered User)

Illegal dumping in the wooded area on Eastern Street going into Quinnipiac Ave that nothing ever gets done this is the forgettable end of Eastern Street the little one way street

 934 State St New Haven, CT 06511, USA

Short-term flooding at intersection of State Street and Bishop Street. The capacity of the curb inlet catch basin could not keep up with the recent storm. The grate-style structure across the street did not have any issues.

Post-storm, water is draining, but not all of it. The low point appears to... [read more](#)

Caller reports that storm drains are blocked at this location.

04/19/2018 · Reported by [CityOfNewHavenCollaborativeNeighbor](#) [Flag](#)

 **Iva Long** (Registered User)
 That may be why the parking area of Rockcreek Rd court 2 could have flooded if it were a flat land. Please look into this!
 04/20/2018 [Flag](#)

 **Engineering Dept** (Registered User)
 All catch basins in city streets were inspected today, and found to be clean and functioning. They have green spots on them indicating they were cleaned recently. All catch basins within the property and its parking lots are the responsibility of the Housing Authority

 Opposite 284 Stevenson Road New Haven Connecticut

During the rain fall on Monday we were inundated with leaves and debris requiring us to frequently clean the catch basins near our house. Since the City recently swept the street (and did a very good job) we went to look for the source of the debris. As has happened before, the swale across from 2... [read more](#)
